### What happens in Arkansas Wraparound?

Although every Wraparound is different, every Arkansas Wraparound must have four separate and unique phases:

**Engagement:** The family and the Wraparound facilitator get to know one another and the family chooses the members of their Wraparound team.

**Planning:** The Wraparound facilitator, family and a team create a Wraparound plan. The plan is based on the strengths and needs of the family. The Wraparound plan uses services and supports that are traditional along with those that are creative and non-traditional such as respite, mentoring, tutoring, community activities, parent training, and more.

**Implementation:** The Wraparound team follows the Wraparound plan and meets regularly to review the progress and to update the Wraparound plan.

**Transition:** The family is empowered and is able to get the services and supports they need in their community, school, and home.
