Transition Activities	Children Enjoyed	Teacher Felt Success	Would Use Again
What Do you say?			

Do you think the children grasped the concepts of the math standards and the benchmarks. Give examples of how you know this. (Through observation, comment, discussion or completion of activities for example).

The children's favorite activities:

My favorite activities:

Things I would do differently the next time:

Suggestions for the developers:

Please complete and return within 2 weeks of implementing the Curriculum with your children to
