Re: Notification of Complaint Against a Foster Family

The Division of Children and Family Services must notify you that someone has made a complaint against your foster home. **No** allegations of child maltreatment have been made. An assigned DCFS worker will conduct a review of the complaint and report the findings to me. You will also be notified of the results of the review. The nature of the complaint is that:

We apologize for any stress this may cause but appreciate your understanding and cooperation as the Division strives to ensure the safety and well-being of children in foster care. If you have any questions, please do not hesitate to contact me.

Thank you,

DCFS Resource Supervisor
