

Educational Assessment

CFS-397

Completion

1. Form shall be completed on each school age child entering care.
2. Form shall be completed by the school teacher or other school official in the school district where child entered care, or last school that child attended.
3. It shall be the responsibility of the Family Service Worker or foster care provider to obtain this information from the school teacher or other school official.
4. This assessment shall be completed within twenty (20) days of child entering care and added to the Comprehensive Health Assessment for review.
5. If child entered care when school was not in session, this should be documented on the CFS-359 and the child's Educational Assessment Form should be sent to the child's school within ten (10) days of the opening of the next school session.

Routing

File in the medical section of the child's case record.

c: Foster Care Provider
