

## CHRIS Release 18.0 on December 17, 2008

### **Placement/Place/Enter /Exit**

#### Enter/Exit Placement Screen

- If a child has funds in a DHS Trust Account or has been referred to OCSE and leaves DHS custody from a placement, a current mailing address must be confirmed/entered in a new response window following selection of the custodian's name in Since child not in DHS Custody, Please indicate to whom custody awarded/released to:
  - If a new mailing address is entered in the response window for the custodian, it will automatically update the Mailing Address on the Client Addresses Screen or the address on the Collateral Information Screen.
- If the child has funds in a DHS Trust Account:
  - It will no longer be necessary to send the Left Care notification to the Eligibility Unit; the change will be sent automatically.
  - It will no longer be necessary to complete the Trust Form A; the name and address of the custodian will populate to the form.

### **Placement/Trial Visit**

#### Trial Home Visit Screen

- If a child has funds in a DHS Trust Account or has been referred to OCSE, and leaves DHS custody as the outcome of a Trial Home Visit, a current mailing address must be confirmed/entered in a new response window following selection of the custodian's name in Since child not in DHS Custody, Please indicate to whom custody awarded/released to.
  - If a new mailing address is entered in the response window for the custodian, it will automatically update the Mailing Address on the Client Addresses Screen or the address on the Collateral Information Screen.
- If the child has funds in a DHS Trust Account:
  - It will no longer be necessary to send the Left Care notification to the Eligibility Unit; the change will be sent automatically.
  - It will no longer be necessary to complete the Trust Form A; the name and address of the custodian will populate to the form.

### **Court/Status/Status**

#### Status Screen

- If a child has funds in a DHS Trust Account or has been referred to OCSE and leaves DHS custody other than as the outcome of a Trial Home Visit or from a placement, a current mailing address must be confirmed/entered in a new response window following selection of the custodian's name in the Exit Reasons response window.
  - If a new mailing address is entered in the response window for the custodian, it will automatically update the Client's Mailing Address on the Client Addresses Screen or the address on the Collateral Information Screen.
- If the child has funds in a DHS Trust Account:
  - It will no longer be necessary to send the Left Care notification to the Eligibility Unit; the change will be sent automatically.
  - It will no longer be necessary to complete the Trust Form A; the name and address of the custodian will populate to the form.

### Org/Staff /Info

#### Information screen

- The title of the field **NetWare user id** located in the worker identification grouping on the staff information screen has been changed to **Network User id**.
- When staff attempts to add a new user or make an inactive user active again on the staff information screen and the network id entered is not in the active directory the following message will come up.
  - Information 1021-Invalid Network User ID entered. Active Directory does not have this User in the DHS Network.
- When staff adds an existing network user id to the staff information screen for a new staff person, or makes an inactive staff person active again and the network id entered on the information screen belongs to some one else in the active directory the following message will come up when add or change is done.
  - Information 1024-Existing Network User ID entered. Active Directory has another User assigned to the entered ID in the DHS Network.
