

CHRIS Release – 18.2 – April 29, 2009

This release involves Caseworkers, Investigators, Supervisors and Managers.

The enhancements are:

- **Investigation or Case:**
 - **Workload For Investigations and Case:**
 - **Referral/Investigation or Case** radio button:
 - **'Quick Pick' function** to quickly review or access your last ten Referrals/Investigations or Cases that you viewed or entered data:
 - Click Workload and click **'Referral/Investigation' or 'Case'** ;
 - **'Existing'** Field – right click on mouse, your last ten Referrals/Investigations or Cases (id and name) will appear:
 - ❖ **Highlight an investigation or case**, CHRIS will immediately take you into the investigation or case.
 - **Collateral Information Screen:**
 - **Relationship to Family** picklist – two new selections:
 - **'Children's Advocacy Staff'**
 - **'Principal'**
 - **Client Merge History Response Window:**
 - **Print** button to print history of all client's merges.

General Fixes:

- Corrected Overdue Days logic based on Investigation Closure Approval Date;
- Date of Death can now be entered in the Client General Information screen without receiving an Error;
- Vertical scroll bar on Comments on Unpaid Board Payment Vouchers Screen;
- Removed 'hang ups' when Select Client on Edit Court Report;
- Corrected printing problem on Referral/Investigation Notes screen; and,
- Corrected formats and misspelled words on several screens and reports
