

Version Notes
CHRIS Release 19.6 – March 16, 2011

NYTD:

NYTD Screen

Path: NYTD button on main toolbar

- The following **Population Type** Filters were renamed by adding **Only**:
 - **Only** Baseline
 - **Only** Served
 - **Only** Follow-up
 - **Only** Baseline and Served
 - **Only** Baseline and Follow-Up
 - **Only** Served and Follow-Up
- The following New **Population Type** filters were added:
 - **All Baseline**-results will include Baseline AND Baseline and Served AND Baseline and Follow-Up
 - **All Served**-results will include Served AND Baseline and Served AND Served and Follow-Up
 - **All Follow-Up**-results will include Follow-Up AND Baseline and Follow-Up AND Served and Follow-Up
- When the user selects a Reporting Period that has already been submitted, the NYTD screen will only show the data for those clients' details that were there in the submission as it was submitted.
- If a Baseline client's 17 and 45 days crosses 2 Reporting Periods (2011A and 2011B), then if the client Submits the Survey in 2011A, they will **not** show as a Baseline Client in 2011B. If the client does not Submit in 2011A, then they will show in 2011B as a Baseline Client as they still have time to Submit the Survey by the Survey Due Date. The email logic will not send a new 'Initial Survey Email' in 2011B as the email logic will continue as is (such as follow-up and thank you emails).
- A correction was made to where Yes will show when there is a placement for the client with an 'ILP Sponsor' or 'ILP (Residential)' placement during the Reporting Period for **30-Supervised Independent living** on the Services Provided-Served Youth #21-33 tab (under Show NYTD Info... button).
- '**Unable to Locate/Invite**' was added as a value for #34-Outcomes Reporting Status on the Youth Outcomes (#34-36) tab (under Show NYTD Info... button). This value can be selected if the Client has a **Date Child Left Care** value on the Child's Removal from PRFC screen during the required timeframe to submit the NYTD Survey. Comments text box is available but not mandatory if this value is selected. Definition: The State agency could not locate a youth who is not in foster care or otherwise invite such a youth's participation.

Provider:

Members Household Information Required Checks tab

Path: Provider/Directory/Provider/Members/Required Checks Tab

- Adult Maltreatment Central Registry Check – A new Required Check for Provider Household members 18 years of age or older required for approval of the placement services of Adoptive Home and Pre-Adoptive Home, ASAP – Therapeutic Foster Care, Foster Family Home, Provisional (Relative), and Therapeutic Foster Care.
