ICD-10. COMPLIANCE DATE OCTOBER 1, 2015

The Centers for Medicare & Medicaid Services (CMS) has released three new resources to help small physician practices prepare for ICD-10. These resources also provide continuing medical education (CME) and continuing education (CE) credits to health care professionals who complete the learning modules, and anyone who takes them will earn a certificate of completion. If you are a first-time visitor to Medscape, you will need to create a free account to access these resources.

- [ICD-10: Getting From Here to There -- Navigating the Road Ahead](#) – A video lecture giving providers an overview of ICD-10 and its benefits, the differences between ICD-9 and ICD-10, and the CMS “Road to 10” Tool.
- [ICD-10 and Clinical Documentation](#) – A video discussing the role of documentation and coding in health care and examining why documentation is important for ICD-10.
- [Preparing for ICD-10: Now Is the Time](#) – An expert column exploring the effect ICD-10 will have on systems, the coding process, documentation, and quality reporting. It also provides steps to prepare for ICD-10 implementation.
