Quarterly Performance Report

In Compliance with Act 1222 of 1995

Report Period October – December 2010

# **Executive Summary**

## **October – December 2010**

In the second quarter of FY 2011 the number of juvenile offenders in state custody increased from 724 in the previous quarter to 761. This is attributed to the increased number of juveniles receiving aftercare.

Basic demographic characteristics remain unchanged. The population of youth committed to custody is predominately male (83%). Under half (44%) were committed on misdemeanor or violation offenses. Over half (68%) are sixteen years of age or older.

In the second quarter, twelve (12) incidents of suspected abuse or neglect were referred to the Arkansas State Police. Of the twelve (12) incidents, the Arkansas State Police determined seven (7) merited an investigation. The status of the investigation of four (4) is unfounded and three (3) remain pending. If the incident reported by a youth in DYS custody for alleged abuse occurred prior to placement with DYS, DYS is not privy to the outcome of those investigations.

\* Since the Hotline and the Investigation units are two separate sections within the Arkansas State Police, the Hotline may accept an incident called in, then later the incident will not be investigated by the Investigations Unit after review of the circumstances. The DYS IAU never receives a follow-up on these reports to know whether they were ever investigated. Some of these incidents occurred prior to the juvenile being committed to DYS. The IAU does not receive notification of the findings in these incidents. Some incidents that are reported in one quarter may not be finalized by the State Police until sometime within the next quarter.
