DYS IAU ensures that all appropriate incidents have been reported to the Child Abuse Hotline Unit of the Arkansas State Police (ASP). Upon reporting, the Hotline Unit determines whether the incident will be accepted for investigation. If accepted, the incident is then referred to the Investigation Unit of the ASP. The Investigation Unit of the (ASP) will then review the report and make a determination as to whether or not the information provided warrants a full investigation. If accepted for investigation by the Investigation Unit of the ASP, DYS IAU will be able to access the results of the investigation. If the incidents are not accepted for investigation by the Investigation Unit of the ASP, then DYS IAU still completes an internal investigation.

Additionally, delays in the receipt of information and lack of access to such information by the DYS IAU unit often occur. For instance, since DYS and its contractors are mandatory reporters, some of the incidents referred to the hotline may have occurred prior to DYS involvement in the youth's life. If so, given the confidentiality restrictions, DYS is not entitled to the final results of the investigation as they were not a party to the incident. Further, due to the length of the investigation period, it is likely that incidents reported by DYS and accepted by the Investigation Unit of ASP will not be finalized nor their results shared during the current quarter.
