2. **Lawful SNAP Household** - A household is normally composed of individuals who live together and purchase food and prepare meals together. The following individuals may not participate in the Program: boarders, ineligible students, disqualified persons, and residents of certain institutions.
3. **Work Registration** - All able-bodied individuals age 16 to 59 who are not otherwise exempt must register for work. Exemptions are granted for school attendance, full-time employment, disability, care of a dependent under the age of six, and care of a disabled dependent of any age. People who quit their jobs or who intentionally reduce their working hours to less than 30 hours per week without good cause are subject to sanction.
4. **Requirement to Work** - All able-bodied adults between the ages of 18 and 49 who are not pregnant or the parent of a minor dependent child must work at least twenty hours per week or participate in a work program. Any individual who fails to comply with this requirement for at least three months out of a designated 36-month period will be ineligible to receive SNAP benefits for the remainder of the 36-month period. The disqualification applies to the individual, not the entire household, and may be lifted if the individual complies with the requirement or becomes exempt from the requirement. *(The State waives this requirement in certain areas and applies the personal exemptions granted by Food and Nutrition Service in other areas.)*
5. **Resources** - The value of non-exempt resources cannot exceed \$3,500* for households with at least one member age 60 or older or disabled. The resource limit is \$2,250 for all other households.
6. **Social Security Number (SSN)** - Each household member who wishes to participate in the Program is required to provide a SSN or to apply for one before they are allowed to participate. Household members who do not comply with this requirement are disqualified from participation in the Program.
7. **Income** - Households containing an individual with disability member or a member age 60 or older must have a net income at or below 100% of the federal poverty guidelines. All other households must have both a gross income at or below 130% of the federal poverty guidelines and a net income at or below 100% of the federal poverty guidelines.

SNAP ELIGIBILITY REQUIREMENTS

1. **Residency / Citizenship** - Participation in the Supplemental Nutrition Assistance Program is limited to U.S. Citizens and certain legally admitted non-citizens.
2. **Lawful SNAP Household** - A household is normally composed of individuals who live together and purchase food and prepare meals together. The following individuals may not participate in the Program: boarders, ineligible students, disqualified persons, and residents of certain institutions.
3. **Work Registration** - All able-bodied individuals age 16 to 59 who are not otherwise exempt must register for work. Exemptions are granted for school attendance, full-time employment, disability, care of a dependent under the age of six, and care of a disabled dependent of any age. People who quit their jobs or who intentionally reduce their working hours to less than 30 hours per week without good cause are subject to sanction.
4. **Requirement to Work** - All able-bodied adults between the ages of 18 and 49 who are not pregnant or the parent of a minor dependent child must work at least twenty hours per week or participate in a work program. Any individual who fails to comply with this requirement for at least three months out of a designated 36-month period will be ineligible to receive SNAP benefits for the remainder of the 36-month period. The disqualification applies to the individual, not the entire household, and may be lifted if the individual complies with the requirement or becomes exempt from the requirement. *(The State waives this requirement in certain areas and applies the personal exemptions granted by Food and Nutrition Service in other areas.)*
5. **Resources** - The value of non-exempt resources cannot exceed \$3,000 for households with at least one member age 60 or older or disabled. The resource limit is \$2,000 for all other households.
6. **Social Security Number (SSN)** - Each household member who wishes to participate in the Program is required to provide a SSN or to apply for one before they are allowed to participate. Household members who do not comply with this requirement are disqualified from participation in the Program.
7. **Income** - Households containing a disabled member or a member age 60 or older must have a net income at or below 100% of the federal poverty guidelines. All other households must have both a gross income at or below 130% of the federal poverty guidelines and a net income at or below 100% of the federal poverty guidelines.

Example 1:

A household consisting of a mother and two school-age children submits a SNAP application. The mother works 40 hours each week and makes \$7.00 per hour. Her rent is \$250 per month and she pays the following utility bills - electricity, natural gas, and telephone.
