SECTION 1 – REGULATORY AUTHORITY

REGULATION 1.01:

These rules are enacted pursuant to the authority of the State Board of Education under Ark. Code Ann. § 6-11-105 and 6-45-101 et seq. as amended.

CLARIFICATION:

The Arkansas Better Chance program is funded through an appropriation in the Arkansas Department of Education (ADE) Public School Fund budget. ADE contracts with the DHS Division of Child Care and Early Childhood Education to administer the program. The Division is responsible for all operational duties associated with ABC. The State Board of Education is the final authority for approval of rules and grants. The Division gives regular reports and updates to the State Board of Education, as well as an annual report to the Joint Legislative Committee on Education.

REGULATION 1.02:

The Division of Child Care and Early Childhood Education (DCCECE), Arkansas Department of Human Services, shall coordinate and administer the Arkansas Better Chance Program, providing all appropriate technical assistance and program monitoring necessary to fulfill the requirements of Ark. Code Ann. § 6-45-101 et seq., 20-78-206 and 6-11-105. DCCECE will annually provide the State Board of Education a list of grants, which are recommended for funding for the next year.

CLARIFICATION:

Refer to Appendix A for listing of current ABC contacts.

REGULATION 1.03:

The State Board of Education will approve all rules developed pursuant to Act 212 of 1991 and Act 49 of 2003 as amended and will approve all programs funded under the Arkansas Better Chance Program.

SECTION 2 – PURPOSE

REGULATION 2.01:

It is the purpose of these rules to set the general guidelines for the operation of early childhood programs funded under the Arkansas Better Chance Program and the Arkansas Better Chance for School Success Program.

CLARIFICATION:

The Arkansas Better Chance (ABC) program was created in 1991 to offer high quality early education services to children birth to five exhibiting developmental and socioeconomic risk factors. In 2003, the
Arkansas Legislature made a commitment to expand early childhood education to serve low-income three and four-year old children in areas at high risk for academic failure with high quality pre-K services. This expansion, known as Arkansas Better Chance for School Success, has become the state prekindergarten program. There are three different ABC program models: Center-based programs, Home-Visiting programs (HIPPY and PAT) and Family Child Care Homes.

SECTION 4 – CHILD ELIGIBILITY

REGULATION 4.01:

The ABC Program serves educationally deprived children, ages birth through 5 years, excluding a kindergarten program. The Arkansas Better Chance for School Success Program serves children ages 3 and 4 years from families with gross income not exceeding 200% of the FPL. Programs wishing to enroll a kindergarten-eligible child must obtain a written waiver from DCCECE before enrolling the child in ABC. Parents must also complete a kindergarten waiver process through the local school district.

CLARIFICATION:

Both Arkansas Better Chance and Arkansas Better Chance for School Success utilize the same regulations for the exceptions of eligibility. Kindergarten waivers will be considered on a case by case basis and will be approved only in situations where significant multiple at risk factors exist that prevent the child from being able to be placed in a kindergarten classroom.

REGULATION 4.02:

To be eligible, children shall reside within the boundaries of an Arkansas school district. Programs may accept children outside of their local area if they have exhausted local recruiting efforts and have unfilled ABC slots.

CLARIFICATION:

Programs must abide by the boundaries of local school districts as approved in the grant agreement. A written request must be submitted and approved by the ABC Program prior to any changes in the current boundaries/services. Staff who are employed in a district but reside in another district may enroll their child ONLY IF the child meets the ABC/ABCSS eligibility requirements.

REGULATION 4.03:

- Has a demonstrable developmental delay as identified through screening
- Eligible for services under IDEA
- Income eligible for Title I programs

CLARIFICATION:

Refer to Appendix B for a list of acceptable forms of documentation.
It is the responsibility of each agency to ensure that all families and children participating in ABC and ABCSS Programs meet eligibility guidelines. Documentation of eligibility must be present in each child’s record prior to the first day of attendance. Failure to maintain documentation will constitute a program violation of enrolling ineligible children and may result in termination from ABC participation.

Children of staff may enroll ONLY IF they meet the eligibility requirements of the ABC Program.

Three-year old children enrolled in ABC and ABCSS during the program year do NOT require re-qualification to continue enrollment for the program as a four-year old.

However, each child in a family must establish eligibility and provide current documentation of family income. Siblings DO NOT automatically qualify for the ABC Program.

REGULATION 4.04:

Eligible children for the ABC for School Success program must meet the following qualifications:

- Must be three or four years old by ADE cutoff date
- Gross family income < 200% of FPL
- A program is available in the area where the child resides and there is available space for the child to attend

To receive special education services a child must reside within certain district/co-op boundary lines.

CLARIFICATION:

Refer to Appendix C for a list of acceptable forms of documentation.

Children of staff may enroll ONLY IF they meet the eligibility requirements of the ABC Program.

It is the responsibility of each agency to ensure that all families and children participating in ABC and ABCSS Programs meet eligibility guidelines. **Documentation of eligibility must be present in each child’s record.** Failure to maintain documentation will constitute a program violation of enrolling ineligible children and may result in termination from ABC participation.

Three-year old children enrolled in ABC and ABCSS during the program year do NOT require re-qualification to continue enrollment for the program as a four-year old.

However, each child in a family must establish eligibility and provide current documentation of family income. Siblings DO NOT automatically qualify for the ABC Program.

REGULATION 4.05:

To enroll an eligible child, the child’s parent or guardian shall furnish documentation of eligibility and other required information, including household income and household member information. A list of all acceptable documentation will be published annually by DCCECE. Children of parents or guardians
refusing to furnish required information shall be deemed ineligible for participation. Programs are responsible for verifying eligibility before the child attends and shall maintain copies of eligibility documentation in the child’s record.

CLARIFICATION:

Refer to Appendices B and C for a list of acceptable forms of documentation (Additional clarification added).
Eligibility documentation MUST be on file prior to first day of attendance.

REGULATION 4.06:

A copy of the child’s birth certificate or hospital record listing a date of birth is required. If official documentation of date of birth is unavailable, the ABC program shall follow the guidelines of the local district in such instances.

CLARIFICATION:

Refer to Appendices B and C for a list of acceptable forms of documentation. Program shall maintain a copy of the school district’s alternate policy regarding birth documentation on site.

REGULATION 4.07:

In determining income eligibility, programs shall use a family’s gross income from employment plus any unemployment compensation. Documentation of income eligibility must be present in each child's record. If pay stubs are used to document eligibility, recent documents (dated within 30 days) shall be used.
DCCECE shall publish a list of acceptable documentation annually. If a three-year old child has been qualified for ABCSS, that child shall remain eligible for two years.

CLARIFICATION:

Refer to Appendix D for Income Eligibility Chart and Appendices B and C for a list of acceptable forms of documentation. Additional clarification has been added to the Appendices. If income tax is used, the “adjusted” gross income may be used to determine income. If pay stubs are used, eligibility must be determined using the full 30 days of paystubs.

REGULATION 4.08:

Families claiming no earned income (full-time students or unemployed) shall produce a signed and notarized statement to that effect, which shall be maintained in the child record.

CLARIFICATION:

Each parent must sign statement to document “no earned income”. One parent MAY NOT sign for both.
REGULATION 4.09:

Parents or guardians shown to have submitted a falsified document shall be subject to repayment of funds to DCCECE and referral for prosecution.

CLARIFICATION:

Parents or guardians shown to have committed fraud for the purpose of obtaining ABC services shall immediately forfeit their participation in the ABC program for all immediate family members and may be referred for criminal prosecution.

REGULATION 4.10:

Agencies shown to have enrolled ineligible children or children with no documentation of eligibility shall be required to repay the funds expended on behalf of the child to DHS.

CLARIFICATION:

The DCCECE Compliance Unit and/or DHS Fraud Unit shall investigate any suspected abuse of eligibility criteria and financial procedures.

Fraud is defined as the willful violation of ABC program rules, regulations or procedures for the purpose of obtaining ABC services and/or funding.

Agencies shown to have committed fraud shall be recommended for termination from the ABC program to the State Board of Education and be subject to permanent exclusion from all DHS programs (See DHS Policy 1088). Program may be required for repay ABC funding. Depending on the severity of the violation, agencies may be referred for prosecution.

REGULATION 4.11:

An age-eligible child who falls into one of the following categories shall be exempt from family income requirements:

- Foster child
- Child with an incarcerated parent
- Child in the custody/living with a family member other than mother or father

A legal parent must be deployed out of state or overseas, for military duty for a minimum of 30 days.

The following must be during the lifetime of the child: incarcerated parent; arrested for or convicted of a drug related offense.

The following must be at time of enrollment: activation for military duty; in custody of or living with a family member; and foster child.

REGULATION 4.12:

The ADE and DCCECE may develop a fee schedule and establish eligibility based on family income for children who are not eligible under Section 4.4, but priority enrollment shall be provided to children eligible under Section 4.4. Families who are qualified for enrollment under a sliding fee scale should pay fees directly to the program. The amount of any parent co-pay as determined by DCCECE shall be deducted from the reimbursement to programs accepting children on a sliding fee scale.

CLARIFICATION:

Refer to Appendix F for Sliding Fee Scale.

REGULATION 4.13:

DCCECE, with approval from ADE, may grant waivers to children not meeting the eligibility criteria under Sections 4.3 or 4.4 but possessing multiple risk factors for learning and developmental impairment. Requests for such waivers must be submitted to DCCECE in writing and will be considered on a case by case basis.

CLARIFICATION:

Programs wishing to enroll a child not meeting the ABC eligibility criteria must petition the Division using a Waiver Request Form. These requests shall be considered on a case-by-case basis. Generally, a child must have multiple documented delays or the family must have an extenuating circumstance before a waiver will be considered. Due to limited resources and the large numbers of eligible children needing pre-K services, waivers will be granted only in instances of critical need and must be well documented.

Children who are eligible for kindergarten services (and the parent elects to “waive” such services) are NOT eligible for the ABC/ABCSS Program. Kindergarten waivers will be considered on a case by case basis and may be approved only in situations where significant multiple at risk factors exist that prevent the child
from being able to be placed in a kindergarten classroom. Programs are responsible for the submission of specific documentation which fully substantiates the need for alternate services.

All forms may be found on the Arkansas Better Chance website:

http://humanservices.arkansas.gov/dccece/Pages/ArkansasBetterChance.aspx

REGULATION 4.14:

Children having certain risk factors may be eligible for home-visiting services, in addition to attending a center-based ABC program. See Section 19.06 for eligibility requirements.

CLARIFICATION:

Refer to Appendix G for a list of acceptable forms of documentation for dual eligibility.

REGULATION 4.15:

Eligible children shall not be denied enrollment into an available ABC program or dismissed from an ABC program due to non-payment of any fees associated with another child care program.

CLARIFICATION:

This may include other services such as before/after school care offered by the same agency providing ABC care.

SECTION 5 – PROGRAM/ AGENCY ELIGIBILITY

REGULATION 5.01:

Any early childhood agency within the boundaries of Arkansas meeting the following criteria is eligible to apply for an ABC grant:

a. Agency site is licensed by DCCECE as a center or child care family home. Facility must be and remain in substantial compliance with licensing regulations and have no history of formal corrective action or founded complaints within 12 months of application date.

b. Agencies applying for home-visiting services (HIPPY or PAT) must demonstrate support of the corresponding state and national organization.

c. Agency has no outstanding debt to DCCECE or ADE (This requirement shall be suspended if an appeal is pending.)

d. Agency site has obtained State Quality Approval accreditation OR is eligible for such accreditation in the space to be used for the ABC program.

e. Agency has ability to provide matching funds in accordance with mandated local to state 40:60 funding ratio.
The local-to-state match may be waived by DCCECE if the program is in a school district that has been designated by ADE as being in academic distress and DCCECE determines that the school is unable to provide the local-to-state match requirement. This determination may be made only after DCCECE has assisted the school in identifying potential funding sources to provide local-to-state match requirements.

REGULATION 5.02:

Any provider wishing to be considered for funding must fully complete a grant application supplied by DCCECE. Grant applications will be evaluated and scored on the following factors:

- Status of child care license and quality approval accreditation
- The degree to which the program can provide a developmentally appropriate preschool program as outlined in the grant application
- A strategy of collaboration with the local business and education community
- A fiscally responsible budget which correlates to core quality models
- A plan of action for parent involvement

CLARIFICATION:

Arkansas Better Chance funding is awarded through a grant selection process. Interested agencies must complete an annual application for funding. The Division of Child Care and Early Childhood Education will notify early childhood providers and school districts of the availability of the application and deadlines for submission.

REGULATION 5.03:

DCCECE will determine an acceptable cutoff score for approved applications. Questions and concerns regarding grant scoring should be referred to the Program Administrator. The ABC Administrator shall make the final determination of all grant scores. Grant scores are final.

CLARIFICATION:

The Division of Child Care and Early Childhood Education will oversee the process by which programs are selected for the Arkansas Better Chance grant.

The Division recommends grant awards to the State Board of Education for final approval. Approval is contingent upon a favorable vote by this Board. Notice of Grant Award and Grant Agreement shall be sent to the applicant with an established due date for authorized signature and return. The Division must have all returned documents on file BEFORE an applicant may begin serving children under the ABC program.

A. New and Expansion Programs
Grant awards for new and expansion programs will be made using a competitive scoring process. An expansion program is defined as one in which an existing ABC agency applies for additional slots. Applications will be reviewed and scored using an established rubric.

According to Act 49 of 2003, programs from the following school district areas must receive priority consideration for ABC funding:

a. The local elementary school is in school improvement status. The longer a school has been in school improvement, the higher the funding priority.

b. The local district is designated as being in academic distress. The longer a district has had this designation, the higher the funding priority.

c. ≥ 75% of 4th graders score below proficient on benchmark exams in preceding 2 years. Districts in this category shall be funded in order of descending percentage of students scoring below proficient on literacy and then on mathematics benchmark.

B. Renewal Applications

Renewal of an existing ABC program is NOT automatic. DCCECE and ADE have sole discretion in whether an ABC program grant is renewed. Programs applying for renewal shall be reviewed for performance and compliance.

Failure to follow any conditions of renewal may result in either immediate termination from ABC program or non-renewal the following program year.

REGULATION 5.04:

All applications shall include a budget which corresponds to the ABC core quality components, details program costs and demonstrates fiscal responsibility. Allowable costs include:

- salaries/fringe
- instructional materials
- staff development
- developmental screenings
- parent/community engagement activities
- financial assistance for staff working towards a degree or credential, including but not limited to books, tuition and travel.

CLARIFICATION:

Refer to ABC Financial Manual for further clarification.
SECTION 6 - FUNDING

FOR ADDITIONAL CLARIFICATION ON THE REGULATIONS IN THIS SECTION, PLEASE REFER TO THE ABC FINANCIAL MANUAL.

REGULATION 6.01:

Upon approval of an ABC application, the order of funding shall be based on criteria stated in Act 49 of 2003, which includes areas of the state containing:

- Schools that have 75% or more students scoring below proficiency level on the primary benchmark exams (math and literacy) in the preceding two (2) school years
- Schools designated by ADE as being in school improvement status
- Schools located in a school district in academic distress.

Other factors determining areas to be funded may include socio-economic status of the service area and the availability of existing quality preschool services in an area.

REGULATION 6.02:

Any program funded through ABC shall work in collaboration with DCCECE, ADE, local businesses and other early childhood providers (school districts, educational cooperatives, Head Start, HIPPY, private and non-profit providers, etc.) to ensure that all eligible children are served in the most suitable environment. This collaboration shall include, but is not limited to, participation in and/or facilitation of local early childhood meetings and referring families to other programs when appropriate.

CLARIFICATION:

Refer to Section 16 for further information regarding collaboration.

REGULATION 6.03:

The required local 40% match may include only the cost of providing necessary services for ABC children. Matching funds may be cash or in-kind.

REGULATION 6.04:

State ABC Funding (60%) for the core components of the program may include salaries and fringe for staff giving direct services to ABC children, professional development, child assessment, developmental screening, meaningful parent and community engagement activities, proven curricula and learning processes, transportation and administration.
REGULATION 6.05:

The maximum amount of funding is based upon projected child enrollment. Programs will be paid monthly. Payment shall be pro-rated for agencies not in operation a full program year. During the year, programs shall be audited to ensure compliance with child enrollment and attendance policies. An ABC program found to be enrolling ineligible children shall be required to repay applicable funds to DHS and be subject to all collection proceedings allowed by law. Funds may be withheld from future payments to satisfy repayment. Overpayments or the amount of any end of year carry-forward funds shall be deducted from future payments.

REGULATION 6.06:

DCCECE shall not be responsible for sending out additional or late payments due to failure of Agency to enter data in COPA. DCCECE will assume any payments not disputed within 30 days of receipt shall be correct. DCCECE cannot retroactively pay any Agency for previous year services.

REGULATION 6.07:

Payment shall be withheld if a program does not comply with reporting requirements.

REGULATION 6.08:

ABC is intended to supplement, not supplant, existing early childhood funding sources.

CLARIFICATION:

Current legislation allows any licensed early childhood provider in the state willing to meet quality guidelines to apply for funding. The ABC cost model has NO net income built in.

Given the ABC cost model and the required 40% match, private entities should seriously consider whether their current business structure would financially support an ABC classroom before applying for funding.

For providers who have children funded by a variety of sources, it is expected that these agencies will allocate only the portion used for ABC children to the ABC budget. Program agencies should use a percentage method to determine how to cost allocate administrative items such as utilities, rent/mortgage and clerical support.

Allocating a greater percentage than allowed by the number of ABC children is subject to corrective action.
REGULATION 6.09:

Funding, not to exceed 2% of the total ABC funding pool, shall be available from the ABC monies for the additional support services required of DCCECE in administering the ABC program.

SECTION 7 - REPORTING

REGULATION 7.01:

All child, family and staff information shall be maintained in COPA by the program. Attendance shall be taken daily and recorded in COPA at least monthly. Initial data must be entered by the due date set and published by DCC-ECE. Agencies shall update COPA data within ten (10) days of any change to family, child or staff data.

CLARIFICATION:

Refer to Appendix H for a list of deadlines. While required monthly, it is highly recommended that attendance be recorded in COPA weekly at a minimum.

REGULATION 7.02:

Each ABC program shall submit to DCCECE two (2) financial expenditure reports—due on January 30 and July 30 of each year—which detail operating expenses and enrollment data. Programs shall receive guidance from DCCECE on the specific format of each report.

CLARIFICATION:

Refer to Appendix H for a list of deadlines.

Refer to the ABC Financial Manual for guidance on the format of each report.

Late or incomplete reports may result in withholding of program payments. It is the provider’s responsibility to ensure all reports are submitted completely and within established timeframes.

REGULATION 7.03:

An Agency shall operate its ABC program according to the financial guidelines outlined in the grant application instructions.
CLARIFICATION:

Refer to the ABC Financial Manual for additional information.

REGULATION 7.04:

A complete and final disclosure audit of each ABC program is required and must be submitted annually for review to DCCECE. Any ABC program that is annually reviewed by Legislative Audit may submit the summary completed by that agency. All final audits shall be submitted within 120 days of the program’s fiscal year completion.

CLARIFICATION:

Refer to Appendix H for a list of deadlines.

Failure to submit the program’s audit timely will result in the delay of funding or termination from the ABC Program. The audit shall be performed in accordance with Government Auditing Standards. The audit period shall be the agency’s fiscal year during any part of which the ABC program was in operation.

When submitting financial reports, a cash disbursements journal is required for programs not operated by a school district or educational cooperative. School districts and educational cooperatives are not required to submit documentation; however, all expense documentation must be kept by the program and produced upon request. Expenditure reports shall be audited on both a scheduled and random basis and documentation will have to be produced at that time.

DCCECE funded Contractors abide by the confidentiality requirements and have the responsibility to maintain the security and integrity of program information.
ABC Program Specialists will visit program agencies during the year. During the visit, Program Specialists will review the program’s compliance with the current ABC Regulations. Any issues that require immediate attention or correction shall be submitted to the ABC Coordinator as a Program Compliance Plan. The PCP shall outline what steps need to be taken for the program to be in compliance with accompanying deadlines by which corrections must be made.

REGULATION 13.14:

Provision should be made through program design and networking efforts to ease the transition of children moving from one program or age grouping to another or to public school kindergartens. This provision must include individual needs assessments on each child, lesson plans and specific activities written into the program design. CLARIFICATION:

Electronic mail is the primary means of communication between DCCECE staff and ABC programs. A working email address must be maintained and checked on a daily basis, even when the program is not in operation (holidays and summer months).

SECTION 14 – CLASSROOM MANAGEMENT/ SPECIAL EDUCATION

REGULATION 14.01:

No child in ABC shall be dismissed or expelled from the program for behavior without approval from DCCECE.

CLARIFICATION:

Refer to Appendix K for policy clarification regarding dismissal or expulsion of children.

Children cannot be suspended or dismissed from the ABC program for challenging behavior unless prior approval is granted from the Division ABC Administrator or Program Specialist.

Strategies that were utilized to intervene or alter the child’s behavior must be documented along with referrals for special services and/or training/technical assistance. A behavioral plan should be developed with the assistance of the parent and the other individuals who will be interacting with the child. In rare instances when a child’s behavior causes severe imminent danger to him/herself or others (this greatly exceeds typical aggressive behaviors seen in a child), with authorization from the ABC Program Specialist, a program may ask the parent to pick the child up and keep him/her at home. This can only be for a brief period of time (24 hours), and ONLY while awaiting a parent-teacher conference to address behavior concerns, which constitute immediate physical harm to the child or others. This timeframe may be extended, only at the request of the parent, until such time when the parent can attend the meeting. If the parent refuses to attend the conference or participate in developing a behavior plan, the program has made
every effort to accommodate and meet the needs of the child. The program may then contact the Division regarding the appropriateness of the placement for the child, due to the parent's decision not to participate. For further clarification, please refer to Appendix N "The ABC Behavior Process" which must be utilized when requesting assistance from the Program Specialist.

REGULATION 14.02:

Discipline shall reflect positive guidance, be consistent and individualized for each child. Such discipline shall be appropriate to the child’s level of understanding. Corporal punishment is an unacceptable method of discipline and shall not be used. Programs shall specifically define their approach to handling inappropriate behavior in the ABC parent handbook.

CLARIFICATION:

Properly addressing challenging behavior is one of the most critical parts of the ABC staff responsibilities and may require a referral for training/technical assistance for the staff. By utilizing appropriate techniques, staff will help ensure a more positive outlook and self-esteem for the children exhibiting inappropriate behavior patterns.

The use of corporal punishment is prohibited by DCCECE. Other unacceptable methods of discipline include, but are not limited to, suspension, expulsion, isolation, inappropriate verbal comments, yelling and withholding of food or activities.

REGULATION 14.03:

When a child presents with challenging behavior, teaching staff shall follow the standards of NAEYC Accreditation:

- Observe the children, then identify events, activities, interactions and other factors that predict and may contribute to challenging behavior.
- Rather than focus only on eliminating the behavior, teaching staff shall focus on teaching the child social, communication, and emotional regulation skills and using environmental modifications, activity modifications, adult or peer support and other teaching strategies to support the child’s appropriate behavior.
- Teaching staff shall respond to challenging behavior, including physical aggression, in a manner that:
  - provides safety of the child
  - provides for the safety of others in the classroom
  - is calm
- is respectful to the child
- and provides the child with information on acceptable behavior. (From Accreditation Standards, National Association for the Education of Young Children)

CLARIFICATION:

Most importantly, staff shall respond to challenging behavior, including physical aggression, in a manner that provides safety for the child and others in the classroom, is calm and respectful and provides the child information on acceptable behavior.

In addressing parents about behavior concerns, staff should be careful to present facts only, not opinions or diagnoses. Allow the parent to be part of the solution. If programs find parents to be uncooperative in the process, the program should consult the Division about available options.

For further clarification, please refer to Appendix N “The ABC Behavior Process” which must be utilized when requesting assistance from the Program Specialist.

REGULATION 14.04:

Teacher-parent discussions regarding a child’s behavior shall be held in private and shall focus on working as a team to develop and implement an individualized plan that supports the child’s inclusion and success. (Adapted from NAEYC) Teachers should request technical assistance from DCCECE on any discipline issues on which they have questions.

CLARIFICATION:

Confidentiality of each child/family should be maintained at all times.

REGULATION 14.05:

If necessary, intervention shall ensure each child has access to professional services, such as referrals to the educational cooperative behavioral specialist, the ADE-funded regional support network for early autism identification, community mental health center and a private therapist. If a child in question has a disability and is in the process or has been identified under IDEA, the ABC program shall follow state special education rules and regulations governing suspension/expulsion.

CLARIFICATION:

Programs should develop a list of contact information for state and local resources, accessible when needed. This area is an integral part of an effective local collaboration plan. Referral to the legally responsible special education entity (school district or early childhood special education cooperative) is required.

REGULATION 14.06:
If children demonstrate inappropriate behavior, as indicated by the results of the DECA given by ABC staff, the ABC program shall consult with the Early Childhood Special Education program regarding classroom modifications and interventions.

REGULATION 14.07:

For any ABC child also receiving special education services, appropriate staff from the Education Cooperative or school district shall have access to the child at mutually agreeable times during the program day in order to provide services outlined in the child’s IEP.

CLARIFICATION:

The Special Education Program for children ages 3 to 5 years, is administered through Early Childhood Special Education at the Arkansas Department of Education. For children, birth to three years, special education is administered through DHS- Division of Disabilities Services, First Connection. These Early Childhood Special Education Programs are active partners with ABC to assist children with special needs. These professionals work through a network of education cooperatives, school districts and approved First Connection service providers to deliver services to preschool children/infants-toddlers.

Services are provided as a result of a referral made to Special Education by early childhood programs. Once developmental screenings are administered to ABC children, ABC programs must refer any child with a suspected delay to Special Education or First Connections depending on the age of the child. Following a referral, the Special Education Coordinator or representative of First Connections will meet with the parent and explain their parental rights under the Individuals with Disabilities Education Act. The parent may then decide if they wish follow-up services to be provided. A parent cannot “refuse” special education services before a referral is made and parental rights are explained by the Special Education representative. Programs may not refer to private providers in lieu of referral to the legally responsible special education entity.

An ABC program may NOT waive Special Education services through the cooperative/school district on behalf of a parent, nor can a parent be required to select private therapeutic service providers.

The ABC program must make appropriate space available for service providers employed or contracted with the legally responsible special education entity. If space is limited, priority must be given to the service provider who represents the legally responsible special education entity (school district/education coop). The program should also collaborate with independent entities providing services to the child at the request of the parent.

The ABC program should verify all individuals serving children have the proper rights of access and documentation as required via Minimum Licensing Requirements are met.
REGULATION 14.08:

For any ABC child requiring the intervention services of special education, the ABC program shall collaborate with special education professionals to ensure each party has access to necessary information to provide the appropriate services. Early Education Special Education teachers shall have access to any information pertaining to a child receiving special education that is in the possession of the ABC program that would be necessary for reviewing and evaluating the child’s progress in the general education setting. Access to proprietary information on the child shall be on a need-to-know basis.

CLARIFICATION:

The ABC program is required to work collaboratively with the team to ensure that the IEP/IFSP is implemented in the natural /least restrictive environment for all eligible children having an IEP/IFSP/health plan/medical plan developed by the appropriate professional / team. The ABC Program is required to allow the special services identified on the plan to be implemented in the program setting. The program is not required to make accommodations for children without one of the aforementioned treatment plans.

For any child placed on an IEP/ IFSP, the ABC teacher should play an active role in the planning and follow-up care. The classroom teacher is a critical member of the IEP/ IFSP team and must attend the meeting. If the classroom teacher is unable to attend, the Special Education provider must request permission from the parent to arrange for input by written or telephone participation. IEP/ IFSP objectives worked on by the special services provider shall be reinforced as a part of the daily classroom routine. The service provider should provide activities to be reinforced by the teacher. A copy of the IEP/ IFSP or goals and objective page shall be placed in the child’s ABC record. Records shall be housed in a locked file cabinet and maintained in a strictly confidential manner.

REGULATION 14.09:

A child shall not be dismissed from the ABC program due to a lack of toilet training skills. Nor may a program refuse to admit a child because of toilet training issues if the child meets all other age and income eligibility requirements.

CLARIFICATION:

Funds from ABC may be used to purchase resources such as diapers, pull-ups, wipes and private changing location.

REGULATION 14.10:

ABC programs shall assist children not yet toilet-trained with cooperation and enthusiasm. Programs shall not employ toilet-training techniques which could be construed as punishment or shaming the child. Programs are encouraged to include the parent or guardian in any plan so it may be reinforced at home. Funds from ABC may be used to purchase resources necessary to support toilet training.
CLARIFICATION:

Teachers and paraprofessionals must understand assisting children with toilet training is part of their job as early childhood educators. If a child has an accident, staff shall work together to immediately assist the child in a sensitive manner. A child shall not be left in soiled clothes as punishment nor because classroom staff are waiting on custodial staff or parents to clean.

In assisting children, programs shall use techniques, which are non-punitive and non-shaming to the child. Programs are encouraged to include the parent or guardian in any plan or intervention to encourage reinforcement at home.

SECTION 15 – ASSESSMENT AND SCREENINGS

REGULATION 15.01:

DCCECE and ADE shall work cooperatively to ensure that the assessments are conducted as required by Act 49 of 2003.

CLARIFICATION:

Refer to Appendix H for a list of deadlines.

REGULATION 15.02:

Children in the ABC program shall be assessed annually to provide an indication of each child’s progress towards school readiness.

CLARIFICATION:

The current assessment instrument is Work Sampling or Ounce for the center-based programs. The HIPPY and PAT programs are using the Brigance Screening.

REGULATION 15.03:

The assessment shall address a child's strengths, progress, and needs and shall serve as a central part of an effective early childhood program. The assessment instrument selected by DCCECE and ADE shall be used for children enrolled in an ABC program.

REGULATION 15.04:

A comprehensive longitudinal study shall be implemented to evaluate the ABC program to ensure that the program goals are achieved. The study will be designed to use sound research-based evidence to determine whether the programs meet the expected standards. This research shall include children
entering the program at ages three (3) and four (4) years and follow the children through completion of the fourth grade benchmark exams. Research results will be provided annually to the Governor and the Senate Interim Committee on Education and the House Interim Committee on Education.

CLARIFICATION:

All ABC agencies are expected to fully cooperate and participate in the longitudinal study and any other research designated by the Legislature.

REGULATION 15.05:

Within forty-five (45) days of entering an ABC program, a child shall receive a routine annual developmental screening to determine individual needs. The program agency shall be responsible for completing the developmental screening. The purpose of screening is to identify developmental delays and/or educational deficiencies. Children so identified shall be referred to Special Education within seven (7) calendar days of the date of screening. Programs shall comply with state and federal laws for Special Needs students.

CLARIFICATION:

The program may either use qualified ABC staff who are trained to administer the screening or may contract the screenings to a local cooperative or other qualified assessor. The individual administering the instrument must meet the qualification requirements as specified in the instrument manual as well as be able to demonstrate experience in administering the instrument. The screening is a three part process consisting of observation, interview and administration of the instrument resulting in a decision. Documentation of the decision (pass, fail, refer, rescreen within 30 days), including referral when appropriate, must be maintained in the individual child’s record.

REGULATION 15.06:

The developmental screening must include, at a minimum, the following areas: vocabulary, visual-motor integration, language and speech development, fine and gross motor skills, social skills and developmental milestones.

REGULATION 15.07:

DCCECE will provide a list to programs of all acceptable developmental screening instruments on an annual basis.

CLARIFICATION:

Refer to Appendix L for a list of approved developmental screening tools.
REGULATION 15.08:

Within 45 days of the first day of attendance, every child shall receive an age-appropriate health screening, which includes a hearing and vision test, performed by a licensed physician or physician assistant. Programs should contact DCCECE for information on seeking a waiver under Ark. Code Ann. § 6-18-701. Programs shall work in partnership with parents to obtain health screening information.

CLARIFICATION:

Health/well child screenings should be completed every 2 years while the child is in the ABC program. However, parents should be encouraged to obtain the screening annually. This well child exam must include all of the elements defined in the age-appropriate screening such as the state sponsored (ARKids) Early Periodic Screening, Diagnosis, and Treatment (EPSDT) screening. A licensed physician or registered nurse practitioner must administer the screening. Hearing and vision screening are an integral part of the health screening and must be completed using an alternate source if not completed on the health screening.

The Agency shall pay for the well child screening if the family does not have any form of insurance. If the family’s insurance is used, the Agency shall pay the co-pay if applicable.

This screening should be used as a diagnostic tool to determine if any follow-up care is needed and to provide ABC programs with information concerning the child’s health, which might impact overall development of kindergarten readiness skills.

Programs should distribute copies of the ABC Health Screening form to parents for completion. This form must be completed by both the parent and health care provider then returned to the program for placement in the child’s record within 45 days of the first day of attendance. An alternate form may be accepted if it includes all required information as specified in 15.08 of the ABC Rules and Regulations. It is the responsibility of the parent or guardian to ensure this screening is completed within the 45 day time frame.

REGULATION 15.09:

On or before the first day of attendance, parents or guardians shall provide proof that their child is current on all required immunizations or is on an acceptable “catch up” schedule. A waiver from this requirement may be granted from the Arkansas Department of Health under Ark. Code Ann. § 6-18-702.

CLARIFICATION:

If the parents obtain a waiver from the AR Department of Health, this documentation must be a part of the child's record.

REGULATION 15.10:
Every classroom shall be equipped with a computer with high-speed internet access (where available in the state). Each home-based educator shall also have such access to a computer. This equipment is necessary for the timely completion of enrollment data in COPA and assessment data in the Work Sampling System.

**CLARIFICATION:**

In order to utilize these systems, ABC teachers, home visitors and parent educators must have reasonable access to a computer with high-speed Internet access. Funds from the ABC budget may be used to purchase a computer, tablets, cameras, printer/scanner for each classroom, family home, home visitor and parent educator. Technology equipment may be replaced every three years. The DCCECE will be requiring electronically scanned documents as more items will be transmitted via the data management system such as COPA.

**SECTION 16 – PARENT AND COMMUNITY INVOLVEMENT**

**REGULATION 16.01:**

Each program shall have a plan for parent involvement which includes opportunities for parental input into program operation and design. Parent involvement plans shall include a mechanism for parental advice and review of programmatic plans, parent conferences and a method to involve the parent in the child’s educational experience.

**CLARIFICATION:**

The ABC program places great emphasis on the role of parents in the educational process of children. While we understand the schedule of working families often prevents a high level of involvement in a child’s education, we expect parents of enrolled children to take a role in supporting program activities, classroom volunteering, fatherhood events and classroom lesson plans. Documentation of parent involvement activities specifying date, time and names of parents will be maintained for review.

---

**REGULATION 16.02:**

The program shall have an "open door" policy for parents which encourages visiting and participation in classroom activities. Opportunities for at least two parent-teacher conferences shall be given to parents.

**CLARIFICATION:**

ABC programs must provide two (2) parent-teacher conferences each program year. During this conference, we expect programs to have dialogue with parents regarding their child’s development.

In accordance with Minimum Licensing Requirements, parents must have open access to their children at any time during the day. In addition, we encourage programs to offer opportunities for parents to interact during program hours, such as mealtime.
REGULATION 16.03:

The program shall publish and utilize a parent handbook specifically for ABC program.

CLARIFICATION:

The following policies are required to be included in the parent handbook:

Each program shall have a plan for community/school district/educational services cooperative/agency involvement, which includes a description of how cooperation with other service providers who are concerned with the education, welfare, health and safety needs of young children, will be established and maintained. Programs should consider providing opportunities for community representatives to participate in the educational activities of the classroom.

CLARIFICATION:

ABC programs must also implement strategies to improve community involvement in the program by developing a Collaboration Plan in conjunction with local community partners invested in the future of their children. The written plan must be maintained on file in the program and updated periodically. Documentation of community involvement activities specifying date and time will be maintained for review. At a minimum, the following partners should include:

- Public School District

Program agencies shall be responsible for the actions of their drivers. Drivers are subject to all background checks and exclusionary violations applicable to school district employees having contact with children.

Programs shall never release an ABC child from the vehicle alone. After exiting the vehicle, an ABC child shall not cross a street unless accompanied by the authorized adult.

**CLARIFICATION:**
Programs must ensure that any person who picks a child up from the program is an adult authorized by the parent or guardian to take the child. Documentation of the adult authorized to either pickup or meet the child must be present in the child’s record.

If a grant agreement is terminated for cause, agency or authorized representatives may not reapply for the ABC grant for 12 months from the date of termination.
If a program agency is excluded from DHS programs under DHS Policy 1088, any ABC grant agreement in effect is automatically rendered invalid on the date of exclusion. An agency excluded under 1088 is also prohibited from applying for the ABC grant. If agency or its representative(s) is barred from participation in DHS programs through DHS Policy 1088, that agency and its representatives are also barred from participation in the ABC program.

Corrective action or exclusion by any other state or federal agency may result in compliance action under ABC guidelines, up to and including termination from the ABC program.

Appendix K - Clarification Regarding Dismissal/Expulsion

Arkansas Better Chance/Arkansas Better Chance for School Success
Program Update: November 8, 2011

Purpose:

This clarification is provided to ensure intervention strategies, for a child who is an imminent danger to himself or others are timely and effective.

It is the intent of the Division to enable programs to address situations in which an imminent danger exists in a timely manner, while meeting administrative responsibilities.

This clarification does not pertain to those instances when a child is “non-compliant” or exhibiting behaviors that are age appropriate, and for which appropriate classroom interventions can be effective.

Definitions:

- The terms “dismissed” and “expelled” are defined as a permanent discharge of the child and as such require prior approval from the State Pre-K/ABC Program Administrator within the Division of Child Care & Early Childhood Education.
- The term “imminent danger” refers to an immediate serious risk of harm.

Procedures:

Steps to be completed when a child must be removed temporarily for challenging behaviors that constitute an imminent danger to the child or others follow:

- Document challenging behaviors and interventions attempted using a behavior tracking log and maintain log on premises.

- Notify the Division within 24 hours after the temporary removal via an email to the ABC Program Specialist. Include notice of the action taken (removal to home) and the specific reasons for removal as an imminent danger to the child or others.

- Make a referral to the agency responsible for early childhood special education services in local area. If a child’s behavior is such that it necessitates temporary removal on a repeated basis, there should be sufficient documentation for consideration of special education services.

- Maintain documentation on file of the outcomes of the incident, subsequent parent conference, and plan developed that includes appropriate intervention strategies. The purpose of the parent conference is to develop a plan jointly with the family and available resources, to address the specific behaviors which constitute an imminent danger (recurring violence, behavior, or aggression).
The following screening tools have been approved for use within the ABC Program:

- Ages and Stages Questionnaires (ASQ-3), Third Edition
- Battelle
- Brigance
- Carolina
- Denver II
- Dial
- Early Screening Inventory (ESI)
- LAP-D
Arkansas Better Chance/Arkansas Better Chance for School Success
Program Update: January 23, 2012

Subject: Separation of Church and State

You may be aware of recent complaints that some Arkansas Better Chance/Arkansas Better Chance for School Success (ABC) Programs include religious activities. The Establishment Clause in the First Amendment to the U.S. Constitution prohibits public aid for religious worship or instruction. Court decisions interpreting the Establishment Clause make it clear that ABC materials must be neutral with respect to religion, and that no religious activity may occur during the ABC day. As a result, the Division of Child Care and Early Childhood Education must:

1) Monitor First Amendment compliance during regular licensing visits to providers receiving public funds; and
2) Respond to complaints of First Amendment violations.

Providers found to be out of compliance with the Establishment Clause will be given 30 days to correct all Constitutional violations or lose public funding, subject to appeal.

The Department of Education and the Department of Human Services have developed a proposed rule to provide guidance about the Constitutional prohibitions. Compliance with the proposed rule will assure that public funds are not to be used for any religious activity.

The proposed rule will take effect after notice and public comment as required by the Arkansas Administrative Procedure Act.
