Targeted Courses
Research-based classes to address the needs of your staff and the child. Courses are registry-accredited.

Technical Assistance
A qualified child care expert will visit your program. They observe the child and can help you optimize the classroom environment to make life easier for you and the child.

Child Mental Health Consultation
A mental health consultant will observe the child in your program, and help staff and parents develop routines to settle the child. A consultant may refer the child for developmental testing or connect the family with community resources.

Still have a child-specific concern?
Beginning July 1, 2016 if a child has problems you’re not sure how to handle, email us quickly!

PREVENT
EXPULSION
IN EARLY EDUCATION & CHILD CARE

TAKE ACTION STEPS TO
AND SUSPENSION

Children expelled in early years are more likely to fail in school later. Research identifies two things that help prevent expulsion:

TEACHER TRAINING & CHILD MENTAL HEALTH CONSULTATION
The Division of Child Care and Early Childhood Education actively funds these supports on your behalf.
By working together we can have lifelong positive effects on the children we serve!
Teacher training can reduce behavioral challenges and stress.
