

HOT CAR DANGERS

Hot Cars & Kids: Licensing Requirements to Keep Kids Safe

Your child care center transportation is required to take these steps:

- 1 At least one staff per 18 children, not including the driver.
 - * If transporting **infants and toddlers** - at least one staff per 3 children, counting driver.
- 2 Driver can be counted but cannot be only adult if more than 12 children 3 years old and up are riding.
- 3 Rosters maintained listing date, names, and ages of all children in the vehicle
- 4 Children checked against roster when they get on and off the vehicle (to, from, and between locations)
 - * Driver or staff member **MUST** conduct walk through and inspect **EACH SEAT** before leaving vehicle.
 - * Driver or staff who conducts walk through **MUST** sign roster to verify all children have left vehicle.
 - * Transportation roster reviewed by Director and compared to classroom attendance record.
 - * Director **MUST** sign-off on transportation roster to verify safe transition from vehicle to classroom.
- 5 Child safety alarm installed that requires staff walk through, to rear of vehicle, to disarm
- 6 Vehicle in working condition, including air conditioning

Interior Heat Rises
15 Degrees
Every **9 Minutes**

Major Organs Shut Down
When Child's Temperature Is
104 Degrees

Child Dies At **107 Degrees**

In 2016,
39 Children
Died of **Heatstroke**
across the United States
