STANDARDS
INTRODUCTION

The DDS Quality Assurance Unit produces this document to report on progress according to the Performance Measures established to measure how the State complies with the Subassurances contained in the Alternative Community Services Home and Community Based Waiver. The report is presented to the DDS Quality Assurance Committee in order to determine areas of significance and whether any areas indicated a need for intervention at a systems level.

The Quarterly Performance Measure Report (QPMR) for the second quarter of State Fiscal Year (SFY) 2015, specifically January through March 2015, consists of four parts: Level of Care, Qualified Providers, Service Plans, and Health and Welfare.

DATA

Level of Care

Subassurance A:
Waiver applicants for whom there is reasonable indication that services may be needed in the future are provided an individual level of care (LOC) evaluation.

The state developed the following to measure compliance with Subassurance A:

LOC A1: Number and percentage of applicants for whom an application packet is completed and submitted timely to the DDS psychology team for an LOC initial determination.

Of the 9 application packets due for completion in January, 9 (100%) were completed within timeframes. Of the 9 application packets due for completion in February, 9 (100%) were completed timely. Of the 15 application packets due for completion in March, 15 (100%) were completed timely. This resulted in an overall percentage of 100% for the quarter.
LOC A2: Number and percentage of applicants who had an initial LOC determination completed before receipt of services.

![Chart 2: LOC Before Receipt of Services](chart2)

Of the 75 persons whose LOCs were due for completion in January, 61 (81%) were completed within timeframes. Of the 71 persons whose LOCs were due for completion in February, 45 (63%) were completed timely. Of the 88 persons whose LOCs were due for completion in March, 59 (67%) were completed timely. This resulted in an overall percentage of 71% for the quarter.

Subassurance B:

LOC B1: Number and percentage of participants who received an annual redetermination of LOC eligibility within 12 months of their initial or last LOC evaluation.

DISCONTINUED APRIL 2014
Subassurance C:
The processes and instruments described in the approved waiver are applied to LOC determinations.

The state developed the following to measure compliance with Subassurance C:

LOC C1: Number and percentage of participants for whom the appropriate process and instruments were used to determine initial eligibility.

Chart 4: Appropriate Process and Instruments

Of the 12 files reviewed for compliance with this requirement in January, 12 (100%) were in compliance. Of the 16 files reviewed in February, 16 (100%) were in compliance. Twelve of the 12 (100%) files reviewed in March were in compliance. This resulted in an overall percentage of 100% for the quarter.
**Qualified Providers**

**Subassurance A:**
The state verifies that providers initially and continually meet required licensure and certification standards and adhere to other standards prior to their furnishing waiver services.

The state developed the following to measure compliance with Subassurance A:

**QP A1:** Number and percentage of providers who obtained initial certification in accordance with promulgated state Standards.

![Chart 5: Timely Certification](image)

No providers obtained initial certification in this quarter.

**QP A2:** Number and percentage of providers who met promulgated state Standards and obtained annual re-certification.

![Chart 6: Timely Recertification](image)

Of the four providers due for recertification in January, DDS recertified four (100%) within timeframes. Of the two providers due in February, two (100%) were recertified timely. Of the five providers due in March, five (100%) were recertified timely. This resulted in an overall percentage of 100% for the quarter.
**Subassurance C:**
The State implements its policies and procedures for verifying that training is provided in accordance with State requirements and the approved waiver.

The state developed the following to measure compliance with Subassurance C:

**QP C1:** Number and percentage of provider agencies that meet DDS requirements for abuse and neglect report training for staff. (Standard 301.1.E.h & i)

![Chart 7: Abuse & Neglect Report Training for Staff](chart.png)

Of the four providers reviewed for compliance with or investigated due to a complaint regarding this Standard in January, four (100%) were found to be in compliance. Of the two providers reviewed or investigated in February, two (100%) were in compliance. Five of five (100%) of those reviewed or investigated in March were in compliance with the Standard. This resulted in an overall percentage of 100% for the quarter.

**QP C2:** Number and percentage of provider agencies that meet requirements for training staff on the specific needs of the persons they serve. (Standard 301.5.4)

![Chart 8: Training on Specific Needs](chart.png)

Of the four providers reviewed for compliance with or investigated due to a complaint regarding this Standard in January, three (75%) were found to be in compliance. Of the two providers reviewed or investigated in February, two (100%) were in compliance. Four of five (80%) of those reviewed or investigated in March were in compliance with the Standard. This resulted in an overall percentage of 82% for the quarter.
Service Plan

Subassurance A:
Service plans address all participant’s assessed needs (including health and safety risk factors) and personal goals, either by the provision of waiver services or through other means.

The state developed the following to measure compliance with Subassurance A:

SP A1: Number and percentage of providers who developed service plans that were adequate and appropriate to the needs of individuals as indicated by their assessments. (Standard 507)

![Chart 9: Appropriate to Needs]

Of the four providers reviewed for compliance with or investigated due to a complaint regarding this Standard in January, four (100%) were found to be in compliance. Of the two providers reviewed or investigated in February, two (100%) were in compliance. Five of five (100%) of those reviewed or investigated in March were in compliance with the Standard. This resulted in an overall percentage of 100% for the quarter.
SP A2: Number and percentage of providers who developed service plans that addressed the individual’s personal goals. (Standard 508.1B.3.a.1-6)

![Chart 10: Personal Goals]

Of the four providers reviewed for compliance with or investigated due to a complaint regarding this Standard in January, three (75%) were found to be in compliance. Of the two providers reviewed or investigated in February, one (50%) was in compliance. Four of five (80%) of those reviewed or investigated in March were in compliance with the Standard. This resulted in an overall percentage of 73% for the quarter.

SP A3: Number and percentage of providers who developed service plans that address the individuals’ risk factors. (Standard 507.A)

![Chart 11: Risk Factors]

Of the four providers reviewed for compliance with or investigated due to a complaint regarding this Standard in January, four (100%) were found to be in compliance. Of the two providers reviewed or investigated in February, two (100%) were in compliance. Five of five (100%) of those reviewed or investigated in March were in compliance with the Standard. This resulted in an overall percentage of 100% for the quarter.
Subassurance B:

**SP B1:** Number and percentage of providers who developed service plans in accordance with Standard 508-508.2.D (excluding 508.1.B.3-5).

*DISCONTINUED APRIL 2014*

Subassurance C:

Service plans are updated or revised at least annually or when warranted by changes in the individuals' needs.

The State developed the following to measure compliance with Subassurance C:

**SP C1:** Number and percentage of providers who updated service plans at least annually. (Standard 509.B)

![Chart 13: Updated Service Plans](chart.png)

Of the four providers reviewed for compliance with or investigated due to a complaint regarding this Standard in January, four (100%) were found to be in compliance. Of the two providers reviewed or investigated in February, two (100%) were in compliance. Five of five (100%) of those reviewed or investigated in March were in compliance with the Standard. This resulted in an overall percentage of 100% for the quarter.
**SP C2:** Number and percentage of providers who reviewed and revised service plans as warranted by changes in individual needs. (Standard 509.A or 510)

![Chart 14: Individual Needs](chart14)

Of the four providers reviewed for compliance with or investigated due to a complaint regarding this Standard in January, three (75%) were found to be in compliance. Of the two providers reviewed or investigated in February, one (50%) was in compliance. Five of five (100%) of those reviewed or investigated in March were in compliance with the Standard. This resulted in an overall percentage of 82% for the quarter.

**Subassurance D:**

Services are delivered in accordance with the service plan, including the type, scope, amount, duration and frequency specified in the service plan.

The State developed the following to measure compliance with Subassurance D:

**SP D1:** Number and percentage of providers who delivered services in the type, scope, amount, duration and frequency specified in the service plan. (Standard 508.1.B. 4 & 5 and 508.2.D&E.1-3)

![Chart 15: Type, Frequency & Duration](chart15)

Of the four providers reviewed for compliance with or investigated due to a complaint regarding this Standard in January, two (50%) were found to be in compliance. Of the two providers reviewed or investigated in February, one (50%) was in compliance. Zero of five (0%) of those reviewed or investigated in March were in compliance with the Standard. This resulted in an overall percentage of 27% for the quarter.
Subassurance E:

SP E1: Number and percentage of participants who were offered choice as indicated by an appropriately completed and signed freedom of choice form that specified choice of institutional care or waiver services.

DISCONTINUED APRIL 2014

SP E2: Number and percentage of participants who were offered choice as indicated by an appropriately completed and signed freedom of choice form that specified choice of providers.

**Chart 17: Choice of Provider**

Of the 395 files reviewed for compliance with this requirement in January, 247 (63%) were found to be in compliance. Of the 359 files reviewed for compliance in February, 211 (59%) were in compliance. Two hundred and forty eight of 394 (63%) of those reviewed in March were in compliance. This resulted in an overall percentage of 61% for the quarter.
Health and Welfare

Health and Welfare Subassurance:
On an ongoing basis the State identifies, addresses and seeks to prevent instances of abuse, neglect and exploitation.

The State developed the following to measure compliance with the Health and Welfare Subassurance.

**HW 1:** Number and percentage of participants or legal guardians who received information about how to report abuse, neglect and exploitation as documented on the applicable form.

![Chart 18: Information on Reporting](image)

Of the 395 files reviewed for compliance with this requirement in January, 247 (63%) were found to be in compliance. Of the 359 files reviewed for compliance in February, 211 (59%) were in compliance. Two hundred and forty eight of 394 (63%) of those reviewed in March were in compliance. This resulted in an overall percentage of 61% for the quarter.
HW 2: Number and percentage of critical incidents that were reported by the provider to DDS within required time frames.

Chart 19: Reporting Critical Incidents to DDS

To be considered timely, the provider must report an incident within 2 business days of the incident. A critical incident is defined as death, suicidal behavior, suspected abuse and neglect by a staff person, a consumer whose location is unknown for 2 hours, use of a restrictive intervention and arrest of a consumer.

Of the 57 reports of critical incidents submitted in January, 40 (70%) were submitted timely. Of the 52 reports submitted in February, 39 (75%) were timely. Fifty three of 68 (78%) of those submitted in March were submitted timely. This resulted in an overall percentage of 75% for the quarter.

HW 3: Number and percentage of critical incidents that were reported to Adult Protective Services (APS) or Child Protective Services (CPS).

A critical incident is defined for this measure as suicidal behavior, suspected abuse and neglect by a staff person, a consumer whose location is unknown for 2 hours, use of a restrictive intervention and arrest of a consumer.

Chart 20: Reporting Critical Incidents to APS or CPS

Of the seven reports of critical incidents submitted in January, six (86%) were submitted to APS or CPS. Of the eleven reports submitted in February, nine (82%) were reported. Twenty one of 24 (88%) submitted March were submitted to APS or CPS. This resulted in an overall percentage of 86% for the quarter.
HW 4: Number and percentage of critical incidents where the provider took corrective actions to protect the health and welfare of the individual.

A critical incident is defined for this measure as suicidal behavior, suspected abuse and neglect by a staff person, a consumer whose location is unknown for 2 hours, use of a restrictive intervention and arrest of a consumer.

Data not available at the time of the meeting on April 21, 2015.

HW 5: Number and percentage of criminal background checks completed by DDS on a timely basis.

To be considered timely, the Background Check Unit must complete the check within 14 days of the date they receive the request. Of the 126 received in January, 126 (100%) were completed timely. Of the 53 received in February, 53 (100%) were completed timely. One hundred twenty two of 122 (100%) received in March were completed timely. This resulted in an overall percentage of 100% for the quarter.
HW 6: Number and percentage of complaint investigations that were completed on a timely basis.

To be considered timely, the Investigation Unit must complete an investigation within 30 calendar days. Of the two complaints received in January, two (100%) were completed timely. Of the five received in February, four (80%) were completed timely. Seven of eight (88%) of those received in March were completed timely. This resulted in an overall percentage of 87% for the quarter.

HW 7: Number and percentage of reported deaths that were reviewed by the Pre-Mortality Review Committee on a timely basis.

To be considered timely, the Committee must review the circumstances of a death within 9 months of the date the death occurred. The Pre-Mortality Review Committee did not meet in January or February. Of the 10 deaths reviewed in March, 10 (100%) were completed timely. This resulted in an overall percentage of 100% for this quarter.
HW 8: Number and percentage of individuals for whom the provider adhered to DDS requirements for the use of restrictive interventions.

Of the 18 Incident Reports describing the use of a restrictive intervention reviewed for compliance with requirements in January, 18 (100%) were found to be in compliance. Of the 13 Incident Reports reviewed in February, 13 (100%) were in compliance. Nine of the nine (100%) of those reviewed in March were in compliance with the requirement. This resulted in an overall percentage of 100% for the quarter.

HW 9: Number and percentage of providers who demonstrate responsibility for maintaining overall health care standards. (Standard 704.B)

Of the four providers reviewed for compliance with or investigated due to a complaint regarding this Standard in January, four (100%) were found to be in compliance. Of the two providers reviewed or investigated in February, two (100%) were in compliance. Five of six (83%) of those reviewed or investigated in March were in compliance with the Standard. This resulted in an overall percentage of 92% for the quarter.
Standards

Standard 301.1.E. h & i (QP C1)

301.1 All personnel shall receive initial and annual competency-based training to include, but not limited to:
E. Legal

Standard 301.5.4 (QP C2)

301.5. Training Requirements for direct care staff
   4. Prior to beginning service delivery, direct care staff must receive a minimum of six of the required 12 training hours in the individual’s plan of care and specific health and safety needs (medication, positive behavior programming, etc.).
   Documentation of the training shall be maintained in the staff’s personnel file and shall be evidenced by the signatures of the trainer and the direct care staff, the date the training was provided and the specific information covered.

Standard 507 (SP A1)

507. A service needs assessment must be completed on every individual seeking services. A copy of the assessment must be maintained on file in the individual’s file.

Standard 508.1B.3.a. 1-6 (SP A2)

508.1 The Individualized Plan of care:
B. Shall Identify:
3. Long-range goals (addressing a period of 3-5 years) and annual goals
   a. Individuals shall have a person-centered plan of care. The planning process shall support the individual in decision making and choosing options by:
      1. Actively involving the individual in the person-centered plan development and implementation
      2. Reflect the individual’s choice of services which are relevant to the individual’s age, abilities, life goals/outcomes
      3. Address areas such as the individual’s health, safety and challenging behaviors which may put the individual at risk
      4. Demonstrates the rights and dignity of individual/ family
      5. Incorporates the culture and value system of the individual
      6. Ensures the individual’s orientation and integration to the community, its services and resources.
Standard 507.A (SP A3)

507. A service needs assessment must be completed on every individual seeking services. A copy of the assessment must be maintained on file in the individual’s file.
A. A Health and Safety Assurances Assessment shall be included as a component of the needs assessment in order to safeguard the individual against physical, mental and behavioral risks.

Standard 509 B (SP C1)

509 Continued Stay Review Service Objectives
B. The organization shall develop and implement a new plan annually and submit to DDS for approval.
