

**Abbreviated Public Notice**  
**For Proposed Amendment to Medicaid Section 1115 Demonstration Project,**  
**Arkansas Health and Opportunity for Me (ARHOME)**

**The Arkansas Department of Human Services (DHS), Division of Medical Services (DMS) is providing public notice of its intent to submit to the Centers for Medicare & Medicaid Services (CMS) a written request to amend the Medicaid Arkansas Health and Opportunity for Me (ARHOME) Demonstration Project (Waiver) and to hold public hearings to receive comments on the amendments to the Demonstration.**

In accordance with 42 §CFR 431.408, this notice provides a summary of the waiver amendment request and serves to formally open the 30-day public comment period, which will begin February 2, 2025 and conclude on March 3, 2025.

Specifically, DHS seeks public comment on its Pathway to Prosperity amendment request to include the following enhancements to the current ARHOME demonstration:

- 1) The proposed amendment will provide focused care coordination services from a Success Coaching resource to Medicaid beneficiaries who are not progressing toward improved health goals and economic independence. Pathway to Prosperity applies to all individuals ages 19-64 who are eligible through the new adult expansion group, who have income ranging from 0% FPL to 138% FPL, and who are enrolled in a Qualified Health Plan (QHP).
- 2) DHS will utilize data matching to the extent possible to identify individuals who may benefit from extra support to reach their health and economic goals. If DHS confirms that an individual is not on track through direct contact with the individual, it will leverage resources through QHPs, state agencies such as Arkansas Workforce Centers, and Arkansas Career and Technical Education, as well as local community partners, to provide focused care coordination services to eligible individuals. Success Coaching will be delivered by entities that have experience of working with individuals who face the challenges of poverty and will include training to provide focused care coordination services. Focused care coordination services include the establishment and monitoring of a Personal Development Plan (PDP).
- 3) Employment is vital to a person's long-term health as poverty is directly linked to poor health outcomes. If a person is not employed, or is at risk of long-term dependency, he or she must be engaged in qualifying advancement described in the PDP to be considered "on track." Advancement can come from a variety of activities including training, workforce development, apprenticeships, and internships. Learning includes formal education, vocational education, and activities that enhance a person's skills such as mentoring programs or life skills development. Service in one's community may be demonstrated in a variety of ways, including caring for a dependent child, an elderly parent, or a person with a disability.
- 4) Individuals who decline to participate in Pathway to Prosperity workforce development for three months will have QHP benefits and Medicaid eligibility suspended through the remainder of the calendar year.
- 5) To become "on track" and have QHP benefits restored, they will notify their Success Coaching entity of their intention to cooperate with their PDP. As Pathway to Prosperity does not make compliance a condition of eligibility, individuals will not be required to complete a new Medicaid application unless they have passed their date for their annual redetermination of eligibility.
- 6) During the suspension period, DHS will not make monthly premium payments nor related

payments to the QHP on behalf of the individual.

- 7) DHS assumes 50% of individuals assigned to Success Coaching will cooperate with DHS and be “on track” with no change in their QHP benefits; 25% of individuals will be “early movers” off Medicaid due to change in household income and move to other coverage; and 25% will fail to cooperate and have benefits suspended. However, DHS assumes 50% of those who were suspended will subsequently inform DHS of their willingness to cooperate and thereby have benefits restored.

The Pathway to Prosperity amendment has an anticipated start date of January 1, 2026.
