1	page 11, section 2.4, A, 1,2	Scope of Work, Phlebotomy	AEL currently holds this contract. Our question is around the "Scope of Work" # 1, 2. AEL currently holds this contract and does not provide phlebotomy, although we provide all transport. This was due to previous problems with our staff being injured while trying to provide phlebotomy at ASH. Since the word "Shall" is in the top of the section, is on-site phlebotomy considered a minimum requirement?	Yes. However, phlebotomy services will not be routine/daily. Vendor must provide phlebotomy services upon request when other resources are unavailable.
