## Arkansas Medicaid 2023 Ambulatory Surgical Center Fee Schedule

This fee schedule does not address the various coverage limitations routinely applied by Arkansas Medicaid before final payment is determined (e.g., beneficiary and provider eligibility, benefit limits, billing instructions, frequency of services, third party liability, age restrictions, prior authorization, co-payments/coinsurance where applicable). Procedure codes and/or fee schedule amounts listed do not guarantee payment, coverage or amount allowed.

Although every effort is made to ensure the accuracy of this information, discrepancies may occur. This fee schedule may be changed or updated at any time to correct such discrepancies. The reimbursement rates reflected in this fee schedule are in effect in calendar year 2023. The reimbursement rate applied to a claim depends on the claim's date of service because Arkansas Medicaid's reimbursement rates are date-of-service effective. This fee schedule reflects only procedure codes that are currently payable. Rates that are listed at \$0 represent a requirement of manual pricing or a packaged service/item that allows no separate reimbursement.

The payment made to an Ambulatory Surgical Center (ASC) for surgical procedures is calculated as the claim is processed for payment. Each county is assigned a County Code based on the regional location. The procedure codes reimbursed each have a base rate used in the calculation. This base rate is reflected in the Arkansas Medicaid ASC Fee Schedule. The base rate is equal to 95% of the Medicare rate. The wage index is only applied to half of the base rate. See example below:
