DIVISION OF AGING AND ADULT SERVICES
INTRODUCTION
SFY 2010**

HISTORY

A growing nationwide awareness of the problems of the elderly and the needs for services and assistance on their behalf led to the passage of the Older Americans Act in 1965. This legislation, which created the Administration on Aging at the federal level, also mandated the establishment of a state unit on aging in each state to administer programs under the Act. Accordingly, the Arkansas Office on Aging was established in 1966 by proclamation of Governor Orville Faubus under the auspices of the Governor's Office.

Since 1965, the Older Americans Act has been amended several times, each time expanding the roles of state units on aging. Arkansas legislation has also changed the name of the state unit on aging, the organizational location, and its authority and funding responsibilities. In 1971, the State Unit was placed within the Department of Social and Rehabilitative Services. The responsibility for Adult Services was assumed in 1972.

The agency achieved divisional status through Act 228 of 1977, and the responsibility for adult protective services was transferred by the General Assembly in 1979. As a result of Act 348 of 1985, the Division of Aging and Adult Services (DAAS) was created within the reorganized Arkansas Department of Human Services. In 1997 the Division began providing services to adults with physical disabilities.

MISSION AND OBJECTIVES

The Division's mission is to promote the health, safety and independence of older Arkansans and adults with physical disabilities by working toward two primary goals: (1) to provide administrative support services for aging Arkansans and adults with physical disabilities; and (2) to enhance the quality of life for aging Arkansans and adults with physical disabilities. The Division is responsible for planning coordinating, funding, and evaluating programs for older adults and adults with physical disabilities that are authorized by both state and federal governments.

THE ADMINISTRATIVE AGING NETWORK

The federal organization that makes the Older Americans Act a reality is the Administration on Aging (AoA). AoA is directly under the U.S. Department of Health and Human Services (HHS). The administrative network reaches through the 10 regional offices of HHS to the 56 State Units on Aging (SUAs) and some 655 Area Agencies on Aging (AAAs).

ARKANSAS DHS STATISTICAL REPORT DAAS SERVICES PROVIDED SFY 2010

Senior Citizens Centers provide a wide range of services for aging adults, typically including recreational activities for adults, socialization, educational programs, and other services. **Arkansas has 223 such centers.**

Chore Services is for individuals without adequate help to perform services for them. This is a household service which may include running errands, preparing food, simple household tasks, heavy cleaning or yard and walk maintenance which the client is unable to perform alone and which do not require the services of a trained homemaker or other specialist. **There were 389 clients served in SFY 2010.**

Homemaker provides household management tasks such as menu planning, bill paying, and checking account management. Individuals must be without significant social support systems able to perform services for them. **Homemaker served 500 clients in SFY 2010.**

Legal Assistance clients must be age 60+ needing legal advice that does not involve criminal charges. **Legal Assistance provided 724 hours of service to 177 clients in SFY 2010.**

Congregate Meals are available for individuals over 60 years of age. The meals are served in a group setting such as a senior center or elderly housing facility and are usually associated with activities to promote social interaction and reduce social isolation. **This service provided 1,541,248 meals to 24,792 clients in SFY 2010.**

Home Delivered Meals provides meals to clients who are age 60+ (or spouse or disabled dependent of person age 60+), homebound, and unable to prepare nutritionally adequate meals, and living in an area where the meal can be delivered. **Home Delivered Meals served 1,927,441 meals to 13,967 clients in SFY 2010.**

Client Representation is provided by a knowledgeable worker who assists individuals in receiving services and benefits for which they are eligible. **Assistance was provided to 8,430 unduplicated clients in SFY 2010.**

Personal Care assists Medicaid clients in meeting daily living tasks to enable the client to remain in the community. Traditionally, personal care is provided by an agency but is available to some as a monthly cash allowance through the Independent Choices program. **Service was provided to 1,350 clients in SFY 2010.**

Pace is a comprehensive health and social services delivery system that provides and coordinates primary, preventive, acute and long-term care services to the frail elderly as a means for keeping them in their homes and communities for as long as possible.

IndependentChoices began as a consumer-directed Medicaid waiver for Medicaid eligible persons age 18 and above who have a medical need for personal care service. On April 1, 2008 the IndependentChoices Program was approved by CMS to be an option in the Medicaid Personal Care Program with the approval of the State Plan Amendment. CMS also approved two home and community based waiver services, Adult Companion Services and Homemaker, as eligible services offered through the IndependentChoices Program. This consumer directed service offers a person a monthly cash allowance in place of traditional personal care. Each participant works with his/her counselor to establish a budget based on his/her individual assessed needs for personal assistance. Eligible persons are able to choose, supervise and pay their own personal care aide and use some of the allowance to purchase goods and services related to personal care needs. The IndependentChoices participant (or his/her designated decision-making partner) will be assisted by a counselor who will coordinate enrollment and provide information as questions arise. The participant receives counseling and fiscal support at no additional cost to the participant's budget.

Alternatives for Adults with Physical Disabilities (AAPD) provides attendant care and environmental modification services to individuals ages 21 through 64 who are determined physically disabled by either Social Security or the DHS Medical Review Team and who meet the criteria for intermediate nursing home care. The individual's income should be under 300% of the SSI Federal Benefit Rate and meet the resource limits for Medicaid. Persons who qualify will also receive regular Medicaid benefits such as doctor and hospital services. Clients choose their attendants and are responsible for training, hiring, firing, and supervising activities.

Adult Day Care services are community-based group programs designed to meet the needs of functionally and/or cognitively impaired adults through an individual case plan. These structured programs provide a variety of health, social and support services. Adult day centers operate programs during normal business hours with some programs offering evening and weekend services. **These programs served 54 clients in SFY 2010.**

Transportation Service transports a client from one location to another so that the client has access to needed services, care, or assistance, such as medical services, shopping, bill paying, etc. The service may include escort assistance. **This service provided 477,088 one way trips to 6,761 clients in SFY 2010.**

Federal Senior Community Service Employment Programs serves persons with low incomes who are 55 years old or over and have poor employment prospects. The program has two purposes: 1) to provide useful community services through part-time, temporary employment where program participants are engaged in community services and 2) to foster individual economic self-sufficiency where participants receive work experience and job skills that can lead to unsubsidized employment. For Program year July 01, 2009 - June 30, 2010, 464 participants were served in the Federal Senior Community Service Employment Program and 36 participants were placed in unsubsidized employment. **For this same time period, 162 participants were served in the State Older Worker Community Service Program.**

Information and Assistance is available to all older persons, their families, and friends. The service includes concrete information about services and benefits and where to obtain them. It may include assistance with referral to an agency providing the service or benefit and follow-up to see if the service was satisfactory. **There were 91,888 state referrals given to 72,375 clients during SFY 2010.**

Ombudsman Program is a statewide program that advocates for the rights of long-term care residents. It is a program of community advocates that addresses the complaints of nursing home and residential care facility residents. Its representatives provide information on facilities, work for systematic change, and monitor the activities of the regulatory system.

Program Statistics:

Facility complaints	1,597
Facility visits	1,511
Resident and family council meetings attended	96
Community education sessions	330
Telephone inquiries	3,982

Aging Arkansas Newspaper

Participated monthly by submitting articles for statewide newspaper with circulation of nearly 40,000.

Special Events

- Arkansas Aging Conference had a record 600 participants.
- The Governor's Advisory Council on Aging (GACA) is a 24-member Advisory Council, and meets quarterly.

DIVISION OF BEHAVIORAL HEALTH SERVICES
INTRODUCTION
SFY 2010**

Division Overview

The Division of Behavioral Health Services (DBHS), within the Department of Human Services, is responsible for ensuring the provision of public mental health and substance abuse treatment/prevention services throughout the state of Arkansas.

Mental Health Services

The Division of Behavioral Health Services discharges its responsibility for the provision of public mental health services by operating the 236 bed Arkansas State Hospital and the 310 bed Arkansas Health Center (a skilled long-term nursing home facility), by contracting with fourteen local, private non-profit Community Mental Health Centers (CMHCs), and certifying three private non-profit specialty Community Mental Health Clinics. Priority populations for DBHS mental health services are individuals found not guilty by reason of mental disease or defect, individuals assessed as potentially violent, other forensic clients, adults with a serious mental illness, and children and adolescents with a serious emotional disturbance. The Arkansas State Hospital includes 90 adult acute care beds, 92 forensic beds, and 54 adolescent beds. Admission to acute care beds is through a referral from the state's CMHCs. Admission to forensic beds, for either evaluation and/or treatment, is by a circuit court order. The Arkansas Health Center provides skilled nursing home services for individuals with mental health problems that cannot be effectively managed in other nursing homes. The Center also provides some other specialized nursing home care.

Each of the state's 14 CMHCs provides services in one of 14 designated geographic catchment areas that encompass the entire state. All CMHCs are nationally accredited by either Commission on Accreditation of Rehabilitation Facilities (CARF) or the Joint Commission on the Accreditation of Healthcare Organizations (JCAHO). CMHCs operate out of 144 sites located in 67 of the state's 75 counties. Services are provided in all counties of the state through off-site outreach. CMHCs provide screenings for all persons referred for publicly supported inpatient care, including at the Arkansas State Hospital and in local psychiatric hospital beds paid for through funds provided to the CMHCs.

Additionally CMHCs provide a comprehensive array of clinical and rehabilitative mental health services including: crisis intervention and stabilization; mental health, psychiatric, psychological and forensic assessment; treatment planning; individual, family, and group therapy; medication management; case management; day treatment/partial hospitalization programs; psychiatric rehabilitation day programs; specialized services for children with serious emotional disturbance, including interagency service coordination and wrap-around; prevention, consultation, and education; and other supportive services such as housing, vocational, and foster care services. The state's three certified Community Mental Health Clinics (Birch, GAIN, and Small Group Therapy) provide specialized services for adults with severe and persistent mental illness.

Substance Abuse Services

The Office of Alcohol and Drug Abuse Prevention (ADAP) within the Division of Behavioral Health Services is the single state agency responsible for funding of alcohol and drug prevention and treatment services, providing court ordered treatment, licensing of alcohol and drug treatment programs, the State Methadone Authority, administering the Drug and Alcohol Safety Educational Programs and providing training to the field of substance abuse.

ADAP distributes federal funds from the Substance Abuse Prevention and Treatment Block Grant to provide alcohol and drug prevention and treatment services in the state.

Prevention services are funded through 38 grants to and contracts with local programs, communities and other organizations to provide an array of prevention services. In addition to these local grants and contracts, ADAP funds 13 Prevention Resource Centers (PRC) in the state that are designed to respond to the needs of a particular geographical area to support its prevention initiatives. PRCs also work with businesses to provide prevention activities in the workplace to help businesses deal with substance abuse.

ADAP licenses 52 alcohol and drug treatment programs in the state and approves Opioid Treatment Programs. The office is responsible for overseeing the provision that persons court ordered to treatment meet the requirements of the Substance Abuse Commitment Law. Alcohol and drug treatment services are provided through various funding sources. ADAP funds the following treatment services:

- Thirteen Regional Alcohol and Drug Detoxification Centers that provide detoxification services to persons needing supervised withdrawal from some type of substance abuse;
- Fifteen residential/outpatient treatment centers that provide alcohol and drug counseling service coupled with room and board when necessary;
- Court Ordered Referral and Treatment Program providing court ordered treatment for clients committed to treatment under the Substance Abuse Commitment Law from Central Arkansas;
- Five secure treatment beds that provide secure treatment for court committed clients from outside of the Central Arkansas Area;
- Nine outpatient programs that provide alcohol and drug counseling service;
- Seven Special Women's Services programs which allows a parent to bring up to two children into treatment with her. Other services include alcohol and drug counseling, parenting skills, room and board, transportation, referral for medical services, job readiness and child care;
- Three residential adolescent treatment programs that provide residential alcohol and drug treatment;
- One Opioid Treatment Program (methadone maintenance treatment) providing medication and outpatient drug counseling to opiate abusing clients.

ADAP administers and funds 14 Drug and Alcohol Safety Educational Programs (DASEP). DASEP is responsible for providing the court with a Pre-sentence Screening Report on all persons adjudicated for Driving While Intoxicated/Driving Under the Influence of alcohol or other drugs. Educational services are also provided by the DASEP for those offenders required to take an educational course to get their drivers license reinstated.

Substance Abuse Services (Continued)

ADAP funds the Arkansas Prevention Certification Board and the Arkansas Substance Abuse Counselor Certification Board. Both boards oversee the quality of persons providing alcohol and drug counseling and prevention services. ADAP also administers two major data collection efforts that include the Arkansas Prevention Needs Assessment Student Survey conducted and published annually, and the Risk Factors for Adolescent Drug and Alcohol Abuse in Arkansas, an archival data report compiled from various state data sources.

Training services for the field of alcohol and drug services are funded by ADAP through contract and grants with Mid-South Addiction Training Network, Mid-South Summer School, and the Prevention Institute. These organizations provide training throughout the state for persons working in the field of substance abuse.

Number of Clients Served

During SFY 2010, 74,277 persons received mental health services through DBHS mental health programs, 12,260 received substance abuse treatment services, and 303,153 received drug abuse prevention services. Tables 7 through 10 show the unduplicated number of mental health clients served by each provider. The total served in these tables (76,212) represents the duplication across providers in the system. Thus, there were 1,935 instances (76,212- 74,277) during the year of a person who had received mental services from one provider, also receiving mental health services from another provider. Likewise, tables 21 through 24 show the unduplicated number of substance abuse treatment clients served by each provider. The total served in these tables (12,273) represents the duplication across providers in the system. Thus, there were 13 instances (12,273 - 12,260) during the year of a person who had received substance abuse treatment services from one provider, also receiving substance abuse treatment services from another provider.

DIVISION OF CHILD CARE AND EARLY CHILDHOOD EDUCATION
INTRODUCTION
SFY 2010**

Highlights and Accomplishments During the Past Year Include:

- The USDA program expenditures grew from \$42.8 million to \$45 million to meet the increasing demand to serve nutritious meals to children in Arkansas. The program expenditures increase was due to the growth in the Child and Adult Care Food Program (CACFP). The Special Nutrition Programs are continuing to identify and target counties with low or no participation to provide healthy, nutritious meals to eligible children.
- The licensed capacity for all centers and homes in Arkansas has been expanded from 117,507 in 2001 to 175,712 in 2010. This represents a growth of 33.1% over the past nine years. The number of Quality Approved facilities in Arkansas has increased from 425 in 2004 to 684 in 2010, an increase of 37.8% during this six-year period. Currently, approximately 24.7% of all licensed child care centers and child care family homes are Quality Approved.
- The Arkansas Better Chance (ABC) program served 24,880 preschool children in high quality early childhood settings in 2009-2010. The state pre-k program, Arkansas Better Chance for School Success (ABCSS), received a score of 9 out of 10 by the National Institute of Early Education Research Annual State of Preschool Yearbook. Arkansas ranked 8th in the nation for access to services for 3 year olds, and 8th in access for 4 year olds. The yearbook evaluation addressed three areas of programming: access, quality standards, and resources. The total funding for ABC and ABCSS is \$111 million annually.
- As a result of the American Recovery and Reinvestment Act, the state of Arkansas was awarded \$25.1 million dollars for childcare assistance. Six percent of this funding is dedicated to support state efforts to continue to strengthen and improve quality of early care and education including an emphasis on infants, toddlers and school age children in programs. With the ARRA funds, the Division of Child Care and Early Childhood Education was able to eliminate a waiting list of more than 8,000 low-income families. The Division is pleased to report that with ARRA funding, an additional 6,000 low-income children were served.
- The Division partnered with Maternal and Child Health in the Department of Health to apply for a new round of grant funds to support the Early Childhood Comprehensive Systems Initiative. The grant was funded for up to 3 years at \$132,000 each year. This grant will provide continuing support to assist the state with coordination and integration of statewide systems that support families and communities in the development of all children in order that they are healthy and ready to learn.

CHILD CARE ASSISTANCE PROGRAMS
SFY 2010**

The Child Care Assistance Program began in 1989. The initial purpose of this program was to provide subsidized childcare services to low-income families utilizing child care voucher services. The families must be working, enrolled in an educational program, or attending training. Child care voucher services are also provided to families and children needing Protective Services and Foster Care. In 1997 with the authorization of welfare reform, the process was expanded to include families receiving Transitional Employment Assistance (TEA) and families transitioning from TEA to Extended Support Services (ESS).

THE QUALITY PERSPECTIVE

The Program Development Unit within the Division is in a unique position of providing supportive services to child care providers, families and division staff. The Unit provides development services to child care programs, staff and parents through several methods. Developing and implementing new programs for young children include expanding current programs and improving all early care and education child care programs. Professional development activities include training and technical assistance services that encourage and ensure quality child care services for young children. The professional and program development activities are inherent to supporting expansion of quality child care for Arkansas children. Specific program activities include:

ENHANCEMENT/IMPROVEMENT GRANTS

Grants are made available to providers for the purchase of equipment, materials, and supplies to enhance program quality and assist with maintaining licensing standards. Providers must demonstrate age-appropriate immunizations for all children in care to qualify for grants.

In 2009-2010, total grants awarded of \$234,750 affected the care of 14,798 children in licensed child care settings.

TRAINING GRANTS *

Training grants are available to assist providers in accessing training for CPR and Red Cross Health and Safety training. CPR training is required for licensure and this grant assists providers in paying for this required training. There were four hundred forty-five (445) programs with six hundred eighteen (618) staff participants who accessed CPR/Red Cross training through support from the DCC&ECE.

* Training grants for fiscal year '08 - '09 were limited to two (2) participants per licensed program and stopped March 31, 2010 to transition to Better Beginnings.

CHILD DEVELOPMENT ASSOCIATE (CDA) SCHOLARSHIPS

Scholarships are made available to individuals working in child care programs to assist with the cost of training pursuant to certification under the Child Development Associate Credential. This nationally recognized credential provides a practicum for child care workers. The goal is to improve the learning environment for children in care.

In 2000, Arkansas implemented an approval procedure for institutions and instructors of CDA coursework. Institutions submit verification of specific criteria to ensure that CDA courses offer high quality instruction for students. Currently, there are 28 approved institutions and 87 approved instructors. The approved CDA institutions have adopted three CDA common courses for consistency and to encourage articulation agreements throughout the higher education system.

Arkansas currently has a total of 3,503 persons with the Child Development Associate Credential. This total includes all persons in Arkansas that hold the CDA Credential and not just those in receipt of scholarship assistance. Previous years have not reflected the entire count.

PROFESSIONAL DEVELOPMENT

The Arkansas Early Childhood Professional Development System (AECPPDS) was developed and guidelines were promulgated in 2004. The purpose of the system is to create a coordinated system of professional development for early care and education providers in Arkansas. The implementation of the system was made possible through five working committees with the oversight of a steering committee. An evaluation of the system was completed September 2007 with recommendations for improving the competency areas, the three registries, the career lattice and to include on-going work with higher education. During 2008-2009, the system was rebranded and renamed TAPP (Traveling Arkansas Professional Pathways). The Practitioner Register now has 23,196 participants and the Trainer Registry has 1,221 verified trainers. (Website: <http://professionalregistry.astate.edu/>)

The Arkansas Early Childhood Professional Development Registry tracks practitioners and trainers in an effort to increase training and education levels and to ensure quality educational opportunities.

ARKANSAS CHILDREN'S PROGRAM ADMINISTRATOR ORIENTATION (NEW DIRECTOR'S ORIENTATION)

The Orientation is a licensure requirement and provides a comprehensive eighteen (18) hour training for all new directors of child care centers. The topics in this series of trainings assist center directors in fulfilling his/her administrative duties. Topics (which are divided into three (3) days of training) include: effective organizational management; effective supervision; family and community relations; basics of legal and financial management; staffing for success; program development; professional development; and effective communication. During the past year, eighteen classes were held with 360 directors attending.

TECHNICAL ASSISTANCE FOR PROGRAM DEVELOPMENT

Technical assistance is available by self-referral or referral from the licensing office to all child care programs in the state. Childhood Services, affiliated with Arkansas State University, has established a group of early childhood professionals to offer this assistance at no charge to providers.

COMMUNITY DEVELOPMENT BLOCK GRANT PARTNERSHIP WITH ARKANSAS ECONOMIC DEVELOPMENT COMMISSION

DCC&ECE and Arkansas Economic Development Commission (AEDC) have a working partnership to assist in the development of quality child care programs in Arkansas. DCC&ECE provides the pre-application review for AEDC to determine the viability of potential child care projects. AEDC provides grant funding for construction or renovation of child care facilities which will serve a majority of low to moderate-income children. These grants are available only to city or county governments. Funding available to support these construction/renovation grants was decreased during the 07-08 SFY to \$720,000 and with increased construction costs, the number of projects recommended has decreased.

ARKANSAS BETTER CHANCE PROGRAMS

DCC&ECE, in cooperation with the Arkansas Department of Education and the Arkansas State Board of Education, Services may be home-based, such as the Home Instruction Program for Preschool Youngsters (HIPPY) or Parents as Teachers (PAT), center-based programs, or licensed family home programs. In 2004, the Arkansas General Assembly expanded this program by \$40 million for the Arkansas Better Chance for School Success program. This component of ABC targeted three and four-year old children from families with gross income of less than 200% of the Federal Poverty Level. This program has essentially become the state funded Pre-K program in Arkansas, giving funding priority to school districts in academic distress, districts with schools listed as being in school improvement status for two years and districts with elementary schools where more than 75% of fourth-grade students score below proficient on math and literacy benchmark exams. In 2007, the 86th General Assembly appropriated an additional \$40 million which brings total funding to \$111 million. This fulfills the commitment made to state Pre-K.

INITIATIVES

SCHOOL AGE & SUMMER PROGRAMS/BEST PRACTICES

The Arkansas Out of School Network (AOSN) continues to expand and increase collaboration and partnerships agreements with programs and agencies involved in school age care and youth development activities. Grant funding from the Mott Foundation continues and the network has received an Innovations Grant to support local community development work using the Study Circle model in two Arkansas communities - Lake Village/Eudora and mid-town Little Rock. An Arkansas team comprised of representatives from AOSN, DCCECE, ADE, State Board of Education and the General Assembly (one Senator and two Representatives) formed the team to participate in Ready by 21, sponsored by the National Council of State Legislators. Planning from this conference established the Youth Policy Summit held in June of 2010. The Division actively supports the work of the AOSN and has implemented many recommendations of the Governor's Task Force on best practices for school-age and summer programs including work conditions to establish stand-alone school age licensing requirements for school-age/youth development programs. These recommendations placed an increased focus on ensuring high quality programs for children and youth during out of school hours.

SCHOOL READINESS INDICATORS

The University of Arkansas at Little Rock (UALR) Children's Data Center/Institute for Economic Advancement continues to gather and track school readiness indicators and provides data for policy planning. The ability to establish trend data that informs our policy decisions occurs through use of the trending reports. Additional child health indicators are incorporated each year and the "Getting Ready For School" report is released each Fall at the Early Care and Education Economic Summit. The Division is working with UALR/Institute for Economic Advancement on an economic study of the long-term impact of early care and education programs in Arkansas.

A Request for Application was issued and two projects were funded: Save the Children in West Helena and In His Image Youth Development Center in Little Rock. Both provided high quality care for school age children, participated in the Youth Program Quality Assessment and met the Quality Standards as designed by the Governor's Task Force on Best Practices for School Age and Summer Programs. Funding for these pilot projects was for an eight month period.

Better Beginnings Implementation

The Better Beginnings Website was officially opened on June 1, 2010. Providers and parents can access information on-line about Better Beginnings. Work continues to keep the site updated and with information that is interactive and current.

The Better Beginnings Incentive Grants replacing all other enhancement, quality and Child Development Scholarship and CPR grants became operational on July 1, 2010.

Child Care Resource and Referral Regional Agencies

The six regional Child Care Resource and Referral Agencies offer the following new projects/training opportunities to early care programs in their catchment areas:

NAP-SACC--(Nutrition and Physical Activity-Self Assessment for Child Care) The NAP-SACC program offers a series of 4 training topics and concludes with a self-assessment and action plan for improving nutrition and physical activities for children and adults in the programs. The program has been in existence in Arkansas for 4 years and has grown from 4 sites during year one to 66 sites.

Family Child Care Business Training -----Training for family child care providers in business, management and fiscal recordkeeping is provided to all newly licensed family child care providers on an individual basis and group sessions are offered and open to all licensed family child care providers. The training is based on the Tom Copeland Business or Family Child Care publications.

Ages and Stages Questionnaire (ASQ), a parent completed developmental screening is being piloted in over 50 child care programs. The CCR&R staff have trained child care providers with high-voucher usage, in the use of the developmental screening tools based on a child's age. The scoring is completed and information is shared on all children screened with the local medical home for the child. A DHS fellow has worked on the evaluation component of this project, a final report will be available in Fall of 2010. The ASQ project will continue with additional child care programs being trained to expand this service.

LICENSING & ACCREDITATION

ARKANSAS DHS STATISTICAL REPORT LICENSING AND ACCREDITATION SFY 2010

The Child Care Licensing Unit was placed with the Division of Child Care and Early Childhood Education following passage of Act 1132 in 1997. Accreditation became part of the unit in 2005 when the Division began work on a Quality Rating System (QRS) for licensed center and home child care providers. In July of 2009, Placement and Residential Licensing was combined with Child Care Licensing. With this growth, the unit was renamed the Licensing and Accreditation Unit, which consists of three parts: Child Care Licensing, Better Beginnings, and Placement and Residential Licensing.

The Child Care Licensing and Accreditation Unit is responsible for licensing all child care situations where more than five (5) children are cared for, maintaining the Voluntary Registry for persons providing care to five (5) or fewer children who choose to be registered, administering the Quality Accreditation System, and licensing all child placement and residential agencies. The Unit inspects most licensed centers and all licensed and registered homes a minimum of three (3) times per year. Some licensed centers or homes that are a quality accreditation level 2 or higher and have high levels of compliance may be placed on a reduced monitoring schedule. Technical assistance and consultative services are provided to licensed and registered programs, applicants, and parents and to programs that have applied for Quality Accreditation or are already Quality Accredited sites.

The Child Care Licensing Unit investigates complaints of non-compliance on licensed and registered child care facilities. The Unit also assists the Crimes Against Children Division, of the Arkansas State Police and the Division of Children and Family Services, in the investigation of child maltreatment complaints in these facilities. The Child Care Licensing Unit is responsible for processing and tracking background checks on all child care owners/operators and employees through the FBI, the State Police, and the Arkansas Child Maltreatment Central Registry. Child Care Licensing staff members insure that appropriate corrective action is taken on any persons found to have a record of child maltreatment and that persons who have a conviction of a prohibited offense are removed from child care.

The Child Care Licensing Unit has converted to the collection of all field data by hand-held "tablet" computers to further streamline the data collection process. The Licensing Unit has been working closely with Northrop Grumman to redesign the central licensing computer system (CLEAN). The new system (CCLAS) will be an "occasionally connected" system that will increase the efficiency of the staff, and increase communication with provider. It should be in full operation by the end of September 2010.

The Better Beginnings Unit is responsible for maintaining the Quality Rating Improvement System (QRiS), which initially consists of three tiers above the current level of the minimum licensing requirements. Providers qualifying for the levels above minimum licensing will be entitled to grants based on their level of participation. Implementation of QRiS began in July 2010. The Better Beginnings Unit continues to strive in efforts to improve the quality of care for children in child care settings, and to increase the number of programs participating in Better Beginnings.

The Placement and Residential Licensing Unit is responsible for licensing all child placement and residential agencies. This includes state and private agencies that have one or more program that could include placement, foster care, therapeutic foster care, residential facilities, psychiatric facilities, sex offender facilities, emergency shelters, or adoption agency services. The Placement and Residential Licensing Unit investigates complaints of non-compliance on licensed agencies. The Unit also assists the Crimes Against Children Division, of the Arkansas State Police and the Division of Children and Family Services, in the investigation of child maltreatment complaints in these facilities. The Licensing staff members also insure that appropriate corrective action is taken on any persons found to have a record of child maltreatment and that persons who have a conviction of a prohibited offense are removed from caring for children.

The Placement and Residential Unit is in the planning stages for a computer program that will be developed in stages. The first stage will include the piece for monitoring DCFS foster homes. The second stage will bring in the private agencies and the ability to track all licenses for the unit, as well as all monitoring being completed on the tablet computer.

THE DIVISION OF CHILDREN AND FAMILY SERVICES
INTRODUCTION
SFY 2010**

The Division of Children and Family Services (DCFS)

DCFS is committed to protecting children and preserving families. Every child deserves to grow up in a permanent family. The primary and preferred way of achieving this goal is to provide families experiencing turmoil with services to prevent the need to place children outside their home. When a child must be separated from his/her family, DCFS will provide a safe environment and will make efforts to provide services to reunite the family or to find the child a permanent home.

In State Fiscal Year (SFY) 2010, 32,915 reports of abuse and neglect were investigated. Of these reports of abuse and neglect, 7,831 (24%) were determined to be true, 25,084 (76%) were unsubstantiated. Of the reports accepted for investigation, 26,215 (80%) were assigned to DCFS.

Arkansas State Police (Crimes Against Children Division)

In 1997, DHS and the Arkansas State Police entered into a contractual agreement that formed the Family Protection Unit now known as the Crimes Against Children Division (CACD). The CACD is composed of two sections: 1) the Child Abuse Hotline, and 2) civilian employees who assess child maltreatment reports. The CACD maintains an around-the-clock statewide intake process (The Child Abuse Hotline) for accepting reports of alleged child maltreatment. The CACD's civilian employees are responsible for assessing Priority I allegations of severe maltreatment, involving severe physical and sexual abuse. They also conduct investigations of maltreatment in DCFS foster homes and pre-adoptive homes. CACD completed 6,700 (20%) investigations in SFY 2010.

DCFS County Staff

DCFS staff housed in DHS county offices assesses allegations of child maltreatment in which the perpetrator is in the home and not the specific responsibility of CACD. DCFS staff in the county office has primary responsibility for assessing an allegation of child maltreatment and seeks to ascertain the existence, cause, nature and extent of child maltreatment, the existence of previous injuries, and the names and conditions of other children in the home. DCFS remains primarily responsible for ensuring the health and safety of the children, even if the primary responsibility for the investigation belongs to the CACD. DCFS has the responsibility for the assessment of Priority II reports.

In addition, DCFS investigates Priority I reports of abandonment, failure to protect, medical neglect of disabled infants, failure to thrive, malnutrition, and substantial possibility of severe maltreatment.

The Child Maltreatment Assessment Protocol (PUB-357) is used for screening and prioritizing all allegations of child maltreatment. This protocol is used when a DCFS Family Service Worker (FSW) or the CACD conducts a Child Maltreatment Assessment. It identifies and defines the various types of child maltreatment a FSW/CACD worker may encounter during an assessment. The protocol also identifies when and from whom an allegation of child maltreatment may be taken. Finally, it identifies those conditions, which must be met before an allegation of abuse or neglect can be founded (determined to be true).

Protective Services

When an investigation is determined to be true, DCFS opens a protective service case and works with the child(ren) and family in the home or, if the abuse is severe, DCFS places the child in a safe and home-like setting. In SFY 2010, DCFS served 26,407 children in 11,804 families in this capacity. The purpose of the services is to provide the child with a continuous, safe and stable living environment, promote family autonomy, strengthen family life where possible, and promote the reunification of the child with the parent, guardian or custodian, when applicable.

THE DIVISION OF CHILDREN AND FAMILY SERVICES
INTRODUCTION
SFY 2010**

Preventive and Support Services

The Family Resource Centers (FRC) are community-based and family focused and offer services directed toward prevention, intervention, and alleviation of community identified problems. Each facility provides educational and support services to assist parents and is open to all families in its targeted community. The centers are designed to work with the Division of Children and Family Services county offices to address the needs of DCFS clients.

The school based Human Services Worker program was not funded in SFY 2010.

When there is no abuse or neglect present, but a family requests services, DCFS opens a Supportive Services case. In SFY 2010, DCFS served 2,380 children in 1,086 families.

Central Registry

This unit serves as the repository of all child maltreatment reports. The Child Maltreatment Reporting Act requires that a statewide central registry be established within the Department of Human Services (DHS) for the collection of information relative to the child maltreatment reports. The registry contains identifying data, dates and circumstances of any persons requesting or receiving information from the registry. There were 85,659 registry checks made in SFY 2010.

Foster Care Services

There are a limited number of situations when children cannot safely remain at home and must be separated from their family. When a child must be separated from the family, DCFS will provide a healthy and safe environment and will make appropriate and timely efforts to provide services to reunite the family. In SFY 2010, DCFS placed 7,491 in substitute care settings: Kinship Care, Foster Care, Therapeutic Foster Care, Residential Care, Shelters, etc.

Adoption Services

All children deserve a permanent home. One option is to terminate parental rights to free a child for adoptive placement when it has been determined to be in the best interest of the child. In SFY 2010, there were 342 children placed in adoptive homes.

Foster Homes

When a child has been removed and needs a foster home placement, DCFS places the child in an approved foster home. The approval process ensures that a potential foster parent attends training and meets health, safety, and physical requirements and satisfies other standards outlined in the Standards for Approval of Foster Family Homes. In SFY 2010, there were 458 new foster homes approved, resulting in a total of 1,150 foster homes in Arkansas.

The Children's Reporting System used the following methodology to identify a foster child:

- Open Case at any time during the SFY 2010 period
- Open Removal at any time during the SFY 2010 period
- Open Removal later than adoption legalized date (this captures a child, when he/she goes back into Foster Care after the adoption has been dissolved).

Children's Reporting and Information System (CHRIS)

CHRIS was implemented in December 1997 as DCFS' worker-based information system and source of data for state, federal and management reports. Data described in this report was pulled from the CHRIS system.

CHILD MALTREATMENT ASSESSMENT SERVICES
SFY 2010**

The Division of Children and Family Services maintains, via an interagency agreement with the Arkansas State Police, an around-the-clock statewide intake process for accepting reports of alleged child maltreatment. During state fiscal year 2010, a total of 32,915 maltreatment reports were received, assessed and completed. Of these abuse and neglect reports, 25,084 were unsubstantiated.

ABUSE

Any of the following acts or omissions by a parent, guardian, custodian, foster parent, person eighteen (18) years of age or older living in the home with a child whether related or unrelated to the child, or any person who is entrusted with the juvenile's care by a parent, guardian, custodian, or foster parent, including, but not limited to, an agent or employee of a public or private residential home, child care facility, public or private school, or any person legally responsible for the juvenile's welfare, but excluding the spouse of a minor:

- Extreme or repeated cruelty to a juvenile.
- Engaging in conduct creating a realistic and serious threat of death, permanent or temporary disfigurement, or impairment of any bodily organ.
- Injury to a juvenile's intellectual, emotional or psychological development as evidenced by observable and substantial impairment of the juvenile's ability to function within the juvenile's normal range of performance and behavior.
- Any history that is at variance with the history given.
- Any non-accidental physical injury.
- Any of the following intentional or knowing acts, with physical injury and without justifiable cause:
 1. Throwing, kicking, burning, biting or cutting a child.
 2. Striking a child with a closed fist.
 3. Shaking a child.
 4. Striking a child age seven or older on the face or head.
- Any of the following intentional or knowing acts, with or without injury:
 1. Striking a child age six or younger on the face or head.
 2. Shaking a child age three or younger.
 3. Interfering with a child's breathing.
 4. Pinching or striking a child in the genital area.

NOTE: The prior list of unreasonable actions is considered illustrative and not exclusive.

- No unreasonable action shall be construed to permit a finding of abuse without having established the elements of abuse.
- Abuse shall not include physical discipline of a child when it is reasonable and moderate and is inflicted by a parent or guardian for purposes of restraining or correcting the child.
- Abuse shall not include when a child suffers transient pain or minor temporary marks as the result of a reasonable restraint if:
 1. The person exercising the restraint is an employee of an agency licensed or exempted from licensure under the Child Welfare Agency Licensing Act;
 2. The agency has policy and procedures regarding restraints;
 3. No other alternative exists to control the child except for a restraint;
 4. The child is in danger of hurting himself or others;
 5. The person exercising the restraint has been trained in properly restraining children, de-escalation, and conflict resolution techniques; and
 6. The restraint is for a reasonable period of time.

- Reasonable and moderate physical discipline inflicted by a parent or guardian shall not include any act that is likely to cause and which does cause injury more serious than transient pain or minor temporary marks.
- The age, size and condition of the child and the location of the injury and the frequency of recurrence of injuries shall be considered when determining whether the physical discipline is reasonable or moderate.

SEXUAL ABUSE

- By a person ten (10) years of age or older to a person younger than eighteen (18) years of age:
 1. Actual or attempted sexual intercourse, deviate sexual activity, or sexual contact by forcible compulsion;
 2. Indecent exposure, or forcing, the watching of pornography or live sexual activity;
- By a person eighteen (18) years of age or older to a person not his or her spouse who is younger than sixteen (16) years of age:
 1. Actual or attempted sexual intercourse, deviate sexual activity, or sexual contact or solicitation;
- By a sibling or caretaker to a person younger than eighteen (18) years of age:
 1. Actual or attempted sexual intercourse, deviate sexual activity, or sexual contact or solicitation;
- By a caretaker to a person younger than eighteen (18) years of age:
 1. Forcing or encouraging the watching of pornography;
 2. Forcing, permitting, or encouraging the watching of live sexual activity;
- By a person younger than ten (10) years of age to a person younger than eighteen (18) years of age:
 1. Actual or attempted sexual intercourse, deviate sexual activity, or sexual contact by forcible compulsion.

NEGLECT

Acts or omissions of a parent, guardian, custodian, foster parent, or any person who is entrusted with the juvenile's care by a parent, custodian, guardian, or foster parent, including, but not limited to, an agent or employee of a public or private residential home, child care facility, public or private school, or any person legally responsible under state law for the juvenile's welfare, but excluding the spouse of a minor and the parents of a married minor, which constitute:

- Failure or refusal to prevent the abuse of the juvenile when the person knows or has reasonable cause to know the juvenile is or has been abused;
- Failure to take reasonable action to protect the juvenile from abandonment, abuse, sexual abuse, sexual exploitation, neglect, or parental unfitness where the existence of such condition was known or should have been known;
- Failure or irremediable inability to provide for the essential and necessary physical, mental, or emotional, needs of the juvenile;
- Failure to provide for the juvenile's care and maintenance, proper or necessary support, or medical, surgical, or other necessary care;
- Failure, although able, to assume responsibility for the care and custody of the juvenile or participate in a plan to assume such responsibility;
- Failure to appropriately supervise the juvenile that results in the juvenile's being left alone at an inappropriate age or in inappropriate circumstances that put the juvenile in danger; or
- Failure or refusal to provide the necessary food, clothing, or shelter, and education required by law, or medical treatment necessary for the juvenile's well-being, except when the failure or refusal is caused primarily by the financial inability of the person legally responsible and no services for relief have been offered or rejected.

EXEMPTED FROM TRUE DUE TO RELIGIOUS EXEMPTION

Determination will be entered when the parent's decision to withhold medical treatment is based solely upon a religious belief, and the child is treated by spiritual means alone, through prayer, in accordance with a recognized religious method of healing by an accredited practitioner. Such prohibition shall not limit the administrative or judicial authority of the State to ensure that medical services are provided to the child when the child's health requires it.

PREPONDERANCE OF THE EVIDENCE

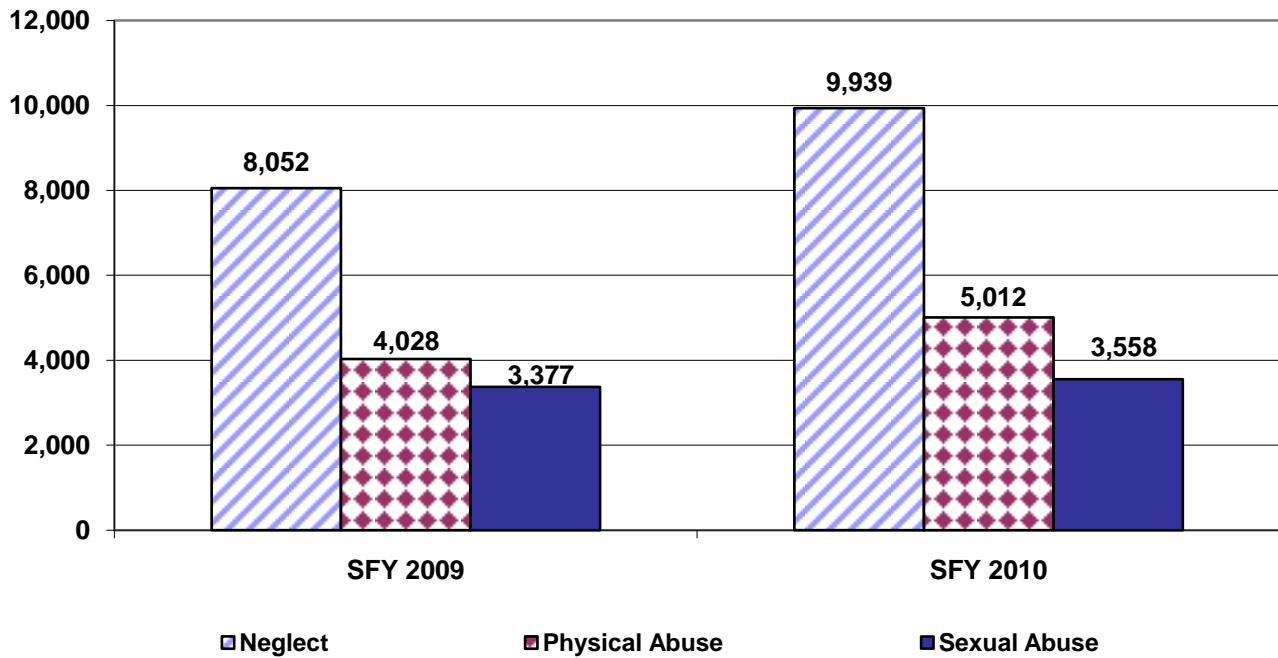

Evidence which is of greater weight or more convincing than the evidence which is offered in opposition to it; that is, evidence which, as a whole, shows that the fact to be proved is more probable than not.

A protocol is used when a DCFS Family Service Worker (FSW) or the Arkansas State Police conducts a Child Maltreatment Assessment. It identifies and defines the various types of child maltreatment a FSW/CACD may encounter during an assessment. The protocol also identifies when and from whom an allegation of child maltreatment may be taken. Finally it identifies those conditions, which must be met before an allegation of abuse or neglect can be founded (determined to be true).

When it has been determined that a child is at risk and cannot remain in the home of parents/caregivers, the Division of Children and Family Services provides substitute care services for the child. Foster care provides selective placement in a foster and therapeutic foster home or residential facility for a planned period of time for a child who has been separated from his birth or legal parents.

ADOPTION SERVICES
SFY 2010**

Services are provided to birth parents, children, and adoptive families to establish and maintain permanent homes for children. This unit is also responsible for the adoption subsidy program, the Arkansas Mutual Consent Voluntary Adoption Registry, and the Interstate Compact on Adoptions and Medical Assistance (ICAMA) program.

Characteristics of Children Placed in Adoptive Homes

There were 342 children placed in adoptive homes during SFY 2010, down from 368 in SFY 2009. The following tables show the breakdowns of these children by age, gender and race.

Subsidized Adoptions

There were 514 new subsidized adoptions approved in SFY 2010, with 436 federally funded and 78 state funded.

Disruptions

A disruption of an adoptive placement occurs when a family who had accepted a child for adoption decides not to proceed with finalization and the child is removed from the home. Twenty disruptions occurred in SFY 2010, with the same number of disruptions in the previous fiscal year.

SPECIALIZED PLACEMENT SERVICES
SFY 2010**

The Specialized Placement Unit provides technical and financial assistance to local county offices requiring help in locating and/or funding out-of-home placements for children with emotional and/or behavioral problems. The Division of Children and Family Services provides these placements through contracts with private providers or Medicaid providers. Services purchased are as follows: therapeutic foster care, residential treatment, comprehensive residential treatment, emergency shelter, case management and specialized foster care placements for developmentally delayed children and sexual offender treatment programs.

The following services were provided through contracts during SFY 2010:

Type of Contract Service	Number of Programs
Therapeutic Foster Care	14
Comprehensive Residential Treatment (Inpatient Psychiatric Treatment/Hospital)	10
Emergency Shelter	15
Specialized Foster Care Services for Developmentally Delayed Children	3
Residential Treatment	14
Sexual Offenders Treatment Programs	5

INTENSIVE FAMILY SERVICES

**ARKANSAS DHS STATISTICAL REPORT
INTENSIVE FAMILY SERVICES
SFY 2010**

The Division of Children and Family Services seeks to ensure the health and safety of children and to preserve families through the provision of Intensive Family Services (IFS). The goals are to prevent unnecessary out-of-home placements of children and to promote reunification of families with children in placement. IFS is a combination of counseling and support services aimed at ensuring the health and safety of all family members while helping the family learn how to stay together successfully. Services are immediate, time-limited, and home-based. The IFS practitioner concentrates on the most serious issues affecting the family and provides tailored services to meet the unique needs of the family. **IFS was provided through contractors and DCFS staff. There were 204 families with 497 children who received these services in SFY 2010.**

Programs:

- Medicaid – The Division of County Operations enrolls eligible individuals in the Medicaid Program to assist with payment of medical services, prescription drugs, long-term care and other related services. Approximately **791,478** Arkansas children and adults were eligible for medical care through the Medicaid program during State Fiscal Year 2010. Clients counted as receiving this service may have also received additional services shown on this page.
- Transitional Employment Assistance (TEA) – This program provides time-limited cash assistance each month to low-income families with dependent children. Approximately **34,701** people were provided this service during State Fiscal Year 2010. Clients counted as receiving this service may have also received additional services shown on this page.
- Work Pays - The Work Pays Program is an incentive program designed to encourage working TEA clients to remain employed after closure of the TEA case while increasing their hours of work and/or hourly wage. Families participating in Arkansas Work Pays will receive a monthly cash assistance payment in the amount of \$204 for up to 24 months, provided they meet the Work Pays eligibility requirements. This work incentive program may be limited to 3,000 families being enrolled per month. In State Fiscal Year 2010, **7,340** individuals participated in this program. Clients counted as receiving this service may have also received additional services shown on this page.
- Supplemental Nutrition Assistance Program SNAP (Formerly known as the Food Stamp Program) – This program provides a nutrition safety net for low-income children, families and adults. Over **\$672.8 million** in benefits were provided to **643,420** people during State Fiscal Year 2010. This figure includes **\$43.5 million** in food assistance provided as a result of the American Recovery and Reinvestment Act of 2009 (ARRA*). Clients counted as receiving this service may have also received additional services shown on this page.

WORK PAYS

Arkansas Act 1705 established the Work Pays Program. Work Pays is an incentive program designed to encourage working TEA clients to remain employed after closure of the TEA case while increasing their hours of work and/or hourly wage. Families participating in Arkansas Work Pays will receive a monthly cash assistance payment in the amount of \$204 for up to 24 months, provided they meet the Work Pays eligibility requirements. The twenty-four months will count toward the federal 60 month time limit but not the state's TEA 24 month limit. This work incentive program may be limited to 3,000 families. This program was implemented in July 2006.

SHELTER PLUS CARE PROGRAM
SFY 2010**

The Department of Human Services is the grantee for four (4) Shelter Plus Care grants that are managed through the Division of County Operations, Office of Community Services. The grants are for one or five-year periods and each grant has a different grant cycle.

The program funded under DHS is Tenant-Based Rental Assistance (TRA). Under the TRA, an applicant may request funds to provide rental assistance on behalf of program participants who choose their own housing units. The Department has one project sponsor: Little Rock Community Mental Health Center, Inc.

TENANT-BASED RENTAL ASSISTANCE*

Three Hundred ninety five (**395**) people were provided rental assistance.

HOMELESS PREVENTION and RAPID REHOUSING PROGRAM
SFY 2010**

The Homelessness prevention and Rapid Re-Housing Program (HPRP) provides homelessness prevention assistance to households that would otherwise become homeless, and provides rapid re-housing assistance to persons who are homeless.

Financial assistance includes a wide array of activities such as payment for back rent, security deposits, short and medium term rental assistance, current and prior utility assistance and moving costs. The funds can also be used to provide services that help families connect with housing, including landlord outreach, landlord-tenant mediation, and housing based case management.

The grant is administered through 13 lead agencies selected by the Continuum of Care organizations throughout the state. The Arkansas Department of Human Services is the Grantee for this program.

DIVISION OF DEVELOPMENTAL DISABILITIES SERVICES
INTRODUCTION
SFY 2010

Background, Services and Mission

In 1955, the Arkansas General Assembly created the Arkansas Children's Colony with the passage of Act 6. This act has been revised and extended by numerous statutes, the latest being Act 1165 of 1975. Act 265 of 1969 created the Arkansas Department of Mental Retardation. It also expanded the authority of the Children's Colony Board to include certain responsibilities for the individuals who, because of other disabilities, show characteristics of mental retardation.

In 1971, the Governor designated Mental Retardation/Developmental Disabilities Services to administer the provisions of the Developmental Disabilities Services (DDS) and the Facilities Construction Act, or Public Law 91-517, (as amended). This legislation expanded the responsibility of the agency to serve individuals with cerebral palsy, epilepsy, and autism.

In 1971, Act 38 transferred the Arkansas Department of Mental Retardation and its functions, powers, and duties to the Department of Social and Rehabilitative Services, which is now the Department of Human Services (DHS).

In 1981, Act 513 was passed and changed the name and official title of the agency and Board to the Division and the Board of Developmental Disabilities Services. Under this Act, the Arkansas Children's Colonies became the Human Development Centers (HDCs). There are six HDCs across the state; the first opened in 1959 at Conway, and the last opened in 1978 in Warren. The HDCs are located in Conway, Alexander, Arkadelphia, Jonesboro, Booneville, and Warren. These programs provide services to **1,063 individuals (as of 06/30/10)** with developmental disabilities who are in need of 24-hour residential, medical, and habilitative services.

Act 348 of 1985 authorized the reorganization of the Department of Human Services, and under this change DDS became one of 13 divisions/offices comprising an integrated services system. This Act designated control and administration of the HDCs under the management and direction of the DDS Board with daily operation authority extended to the DDS Director, in coordination with the Director of DHS.

DDS also provides an extensive range of services to individuals in community settings. These services are provided through private, not-for-profit programs whose service areas include all 75 counties of the state. There are **92 DDS Licensed Providers, 77 Medicaid Waiver Providers, and 78 Early Intervention Voucher Providers**. Additionally, DDS offers wrap-around services, individual/family supports and adaptive equipment.

To accomplish its mission, DDS, the DDS Board, and its providers are committed to the principles and practices of normalization; least restrictive alternatives; affirmation of individuals' constitutional rights; provision of quality services; the interdisciplinary service delivery model; and the positive management of challenging behaviors.

GOALS AND SERVICES

SFY 2010

DDS, the DDS Board, and its providers are dedicated to the pursuit of the following goals:

Advocating for adequate funding, staffing, and services to address the needs of persons with developmental disabilities;

Encouraging an interdisciplinary service system to be utilized in the delivery of appropriate individualized and quality services;

Protecting the constitutional rights of individuals with disabilities and their rights to personal dignity, respect and freedom from harm;

Assuring that individuals with developmental disabilities who receive services from DDS are provided uninterrupted essential services until such time a person no longer needs to depend on these services;

Encouraging family, parent/guardian, individual, and public/community involvement in program development, delivery, and evaluation;

Engaging in statewide planning that ensures optimal and innovative growth of the Arkansas service system to meet the needs of persons with developmental disabilities and to assist such persons to achieve independence, productivity, and integration into the community.

Below are brief descriptions of our service areas:

Children's Services

This is the entry point for children ages birth to 21 and their families seeking services from DDS. Service specialists are located in county offices across the state. They conduct intake interviews, perform eligibility determinations, and make referrals for services based on individual needs. They also complete intake and referral for children/families seeking Home and Community Based Waiver services.

Early Intervention/First Connections and Early Childhood Services:

The Children's Services Section provides developmental disability services to children birth to five years of age. By networking with local community providers, DDS ensures that services comply with Parts B and C of the Individuals with Disabilities Education Act (IDEA).

Title V Children with Special Health Care Needs:

Title V provides specialized medical care and rehabilitation for chronically ill and physically disabled children whose families are partially or wholly unable to provide for such services and who meet the program's criteria. Title V staff determines financial and medical eligibility. A chronically ill/disabled child is defined as a child under 18 years of age (under age 21 if funding allows) who has a disabling physical impairment (either congenital or acquired) or who has other conditions known to produce such physical impairments. Services are provided in a community setting by nurses, social workers, service specialists, and support staff.

Title V provides medical and surgical treatment, therapies, appliances, medications, and care coordination. All medical specialty services for children must be prior approved by Title V service teams.

Any person or organization may refer a child to Title V for diagnosis and recommendations for treatment. Steps are then taken to secure an application for assistance through the DHS county office, designated hospitals or DDS Children's Services community based staff. A case record is then opened and a plan of care for treatment is made and coordinated by the Title V staff.

GOALS AND SERVICES

SFY 2010

Home and Community Based (Waiver) Services

This section administers the Alternative Community Services (ACS) program under the 1915(c) Medicaid Waiver, analyzes and develops policy, researches and develops remediations, and oversees a Waiver quality management system as required by the Centers for Medicare and Medicaid Services. Administration of this program includes approval of a Person-Centered Plan, oversight, case review, and prior service authorization. People of any age may make application for services under this program. Service specialists who assist individuals, families, and providers are located in various county offices across the state.

Quality Assurance

This section is the regulatory body for the licensure and certification of all DDS Providers - licensure of Center-based Services and certification of Waiver Providers, Early Intervention providers, and Targeted Case Managers who serve individuals with developmental disabilities. The Quality Assurance section also conducts monitoring activities for all three DDS services: Developmental Day Treatment Clinic Services (DDTCS), ACS Waiver, and Early Intervention. The unit also conducts interviews with persons served by the ACS Waiver, using the National Core Indicators (NCI) survey tool, to determine satisfaction with their services. The DDS Adult Intake and Referral unit in QA is responsible for intake and referral for all adults seeking DDS services and assists individuals and families with respite and other service needs. The QA Medicaid Income Eligibility Unit reviews thousands of files for financial eligibility each year. Additional quality assurance activities include psychological services, Foster Grandparent program, Ombudsman program, investigation of service concerns, incident reporting, and technical assistance for provider organizations.

Fiscal Management

This section administers contracts, personnel, finance, and various aspects of provider and staff development.

Compliance

This section addresses compliance with state and federal regulations for the division.

Residential Services

Six state-operated residential facilities, known as Human Development Centers, are located across the state.

DIVISION OF

MEDICAL SERVICES

**ARKANSAS DHS STATISTICAL REPORT
DIVISION OF MEDICAL SERVICES
INTRODUCTION
SFY 2010**

The Division of Medical Services houses two major programs under one administration:

• **Medicaid**

Medicaid is a joint federal-state program that provides medical assistance for eligible individuals based on financial need and/or health status. Medicaid furnishes medical assistance to those who have insufficient incomes and resources to meet the costs of necessary medical services. It also provides rehabilitative and other services to help families and individuals become or remain independent and able to care for themselves.

The Department of Human Services (DHS) is the single state agency authorized and responsible for regulating and administering the program. DHS administers the Medicaid Program through the Division of Medical Services (DMS). The Centers for Medicare and Medicaid Services (CMS) administers the Medicaid Program for the U.S. Department of Health and Human Services. CMS authorizes federal funding levels and approves each state's State Plan, ensuring compliance with federal regulations. Individuals are certified as eligible for Medicaid services by DHS Field Staff located in DHS County Offices or by District Social Security Offices.

A list of covered services can be found on page DMS-13 of this publication. Mandatory services are required by the federal government. Optional services are those which the state has elected to provide. Many of these optional services enable recipients to receive care in less costly home or community-based settings. Optional services are approved in advance by CMS and are funded at the same level as mandatory services.

• **Long-Term Care**

Each year, more than 23,000 Arkansans who have chronic, long-term medical needs require services in long-term care facilities. These individuals live in the approximately 227 nursing facilities and 41 intermediate care facilities for the mentally retarded that are licensed to provide long-term care services in Arkansas.

Improving the quality of life for residents and protecting their health and safety through enforcing state and federal standards are primary goals of Arkansas Medicaid's Office of Long Term Care (OLTC). Using qualified health care professionals, OLTC inspects all facilities to ensure residents receive the care they need in a clean, safe environment and that they are treated with dignity and respect.

The Office of Long Term Care (OLTC) also surveys Adult Day Care, Adult Day Health Care, Post Acute Head Injury Facility, Residential Care Facilities, and Assisted Living Facilities. In addition to surveying facilities, OLTC administers the Nursing Home Administrator Licensure program, Criminal Background program, Certified Nursing Assistant registry and training program, processes Medical Needs Determinations for Nursing Home and Waivers and operates a Complaints Unit.

These programs are designed to serve Arkansans throughout the state. The following pages highlight the State Fiscal Year 2010 performance of these programs through financial, utilization data, and narrative.

- Women's Health (Family Planning)

Major Benefit Limitations on Services:

Twelve visits to hospital outpatient departments allowed per state fiscal year.

A total of twelve office visits allowed per state fiscal year for any combination of the following: certified nurse midwife, physician, medical services provided by a dentist, medical services furnished by an optometrist, and Rural Health Clinics.

One basic family planning visit and three (3) periodic family planning visits per state fiscal year. Family planning visits are not counted toward other service limitations.

Three pharmaceutical prescriptions are allowed per month; family planning and tobacco cessation prescriptions are not counted against benefit limit; there are unlimited prescriptions for nursing facility beneficiaries and EPSDT (Early Periodic Screening, Diagnosis, and Treatment) beneficiaries (Under age 21) and beneficiaries with MEDICARE Part D will receive their drugs through that program rather than Medicaid. Extensions will be considered for up to three additional prescriptions for a maximum of six (6) prescriptions per month for beneficiaries. Beneficiaries receiving services through the Assisted Living waiver may receive up to nine (9) medically necessary prescriptions per month.

Inpatient hospital days are limited to 24 per state fiscal year, except for EPSDT beneficiaries and some organ transplant patients.

Co-insurance: Some beneficiaries must pay 10% of the first Medicaid covered day of hospital stay. Certain beneficiaries who have gross income at or above 100% of the Federal Poverty Level, in the Working Disabled aid category, without regard to age, must pay a co-insurance of 25% of the first Medicaid covered day of hospital stay and must also pay co-insurance for some additional services.

Co-Pay: Some beneficiaries must pay \$0.50 to \$3 of every prescription, and \$2 on the dispensing fee for prescription services for eyeglasses. Certain beneficiaries who have gross income at or above 100% of the Federal Poverty Level, in the Working Disabled aid category, without regard to age, must pay a higher co-payment for these services and also must pay co-payments for some additional services.

Note - Any and all exceptions to benefit limits are based on medical necessity.

Additional Information for ARKids-B and TEFRA:

Co-Insurance: ARKids B beneficiaries must pay 20% of the charges for the first Medicaid covered day of inpatient hospital services and must also pay co-insurance for some outpatient services.

Co-Pay: ARKids B beneficiaries must pay a co-payment for most services; for example \$10.00 for most office visits and \$5.00 for most prescription drugs (and must use generic drugs and rebate manufacturer, if available). ARKids B beneficiary annual cost-sharing is capped at 5% of the family's gross annual income.

Premiums: Based on family income certain TEFRA beneficiaries must pay a premium.

MEDICAID PROGRAM DEVELOPMENT UNIT (FORMERLY PROGRAM PLANNING AND DEVELOPMENT AND WAIVER QUALITY ASSURANCE)

Formerly two separate units, the Program Planning and Development (PPD) Section and the Waiver Quality Assurance units have been combined. The new MPD Unit will develop and maintain the Medicaid State Plan and the State's Child Health Insurance Program Plan, lead the development and research of new programs, oversee contractor technical writing of provider policy manuals for each one of the different Medicaid programs, coordinate the approval process through both State and Federal requirements, and coordinate efforts in finalizing covered program services, benefit extension procedures and claims processing. The MPD Unit also leads development of new waiver and demonstration programs and the resulting provider manuals. Because DMS has administrative and financial authority for all Medicaid waivers and demonstrations, MPD is responsible for monitoring operation of all Medicaid waivers and demonstration programs operated by other Divisions. MPD assures compliance with CMS requirements for operating waivers and demonstrations and monitors for key quality requirements.

QA Activities include:

- * Leading development of new waivers and demonstrations.
- * Communicating and coordinating with CMS regarding waiver and demonstration activities and requirements, including the required renewal process.
- * Providing technical assistance to operating agencies regarding waiver and demonstration requirements and compliance.
- * Performing case reviews, data analysis, and oversight activities to help identify problems and assure remediation for compliance with CMS requirements.
- * Developing QA strategies and interagency agreements for the operation and administration of waivers and demonstrations.

SYSTEMS AND SUPPORT

Systems & Support administers the fiscal agent contract that operates the Medicaid Management Information System (MMIS), which processes all Medicaid claims.

Systems & Support performs the following:

- * Develops all Request for Proposals (RFPs) and Advance Planning Documents (APDs) related to the MMIS.
- * Develops and administers the contract for the fiscal agent to operate the MMIS and monitors the contractor's performance.
- * Maintains system documentation from the contractor.
- * Develops, tracks, and documents customer service requests for modifications to the MMIS.
- * Approves production system modifications to MMIS.
- *
- Performs quality assurance reviews on all edits and audits affecting claims processed by the MMIS.
- * Develops and produces reports from the Medicaid data warehouse.
- * Manages and monitors access to the Medicaid data warehouse.
- * Monitors the use and security of Arkansas Medicaid data used or accessed by DHS business associates and other outside entities.
- *
- Researches IT security issues, and coordinates IT security compliance and related issues with the DHS HIPPA Security Officer, EDS Privacy Officer, and the DHS Office of Systems and Technology.
- * Manages DMS SharePoint sites and Portals.

MEDICAL ASSISTANCE SECTION

The Medical Assistance Section contracts with Electronic Data Systems (EDS)/ Hewlett-Packard Company (HP) to enroll providers in Medicaid and the ARKids First Program. At the end of the State Fiscal Year 2010 (SFY 2010), there were more than 28,895 enrolled providers in the above programs. more than 9,612 of these providers were physicians and physician groups. the Medical Assistance Section also responds to the concerns and questions of providers and beneficiaries of Medicaid and ARKids services . In SFY 2010, 91,008 telephone inquires were handled in all Assistance Sections including the Early Periodic Screening, Diagnosis and Treatment (EPSDT) program and other Medical Assistance Units with over 3,766 of those inquires being addressed by the communications personnel. The ARKids First Program for Arkansas children has become a model for similar programs in other states. Other areas administered by the Medical Assistance Section are the Dental, Visual, Non-Emergency Transportation (NET), ARKids B, Medicaid Managed Care Services, Connect Care and the Primary Care Case Management programs.

THIRD-PARTY LIABILITY

Medicaid is the payor of last resort. As the payor of last resort, federal and state statutes require Medicaid agencies to pursue third party resources to reduce Medicaid payments. As a condition of eligibility, Medicaid beneficiaries are required to assign their right to recovery from third parties to the Arkansas Medicaid Program. Medical providers are also required to file claims with potentially liable third parties prior to billing Medicaid for services provided to beneficiaries.

One aspect of Medicaid cost containment is the Third Party Liability Unit of Administrative Support. This unit pursues third party resources (other than Medicaid) responsible for health care payments to Medicaid recipients. These sources include health and liability insurance, court settlements, and absent parents. The savings for SFY 2010 were as follows:

Other Collections (Health & Casualty Insurance)	\$33,137,931.31
Cost Avoidance (Health Insurance)	<u>27,034,652.88</u>
Total Savings	\$60,172,584.19

UTILIZATION REVIEW

The Utilization Review (UR) Section of the Arkansas Medicaid Program provides professional medical utilization reviews for a wide variety of services in a timely, accurate, efficient and cost effective manner. Medicaid UR participates in the development of clinically based standard of care coverage determinations and serves as a resource to Arkansas Medicaid providers. UR has a responsibility for assuring quality medical care to Arkansas Medicaid beneficiaries through detection and reporting of quality of care concerns to appropriate bodies in addition to protecting the integrity of state and federal funds supporting the Medicaid Program.

Utilization Review provides professional reviews for:

1. Pre and Post-Payment Reviews of Medical Services.
2. Prior Authorization for Private Duty Nursing, Hearing Aids and Hearing Aid Repair, Extension of Benefits for Home Health and Personal Care for Beneficiaries Over the Age of 21. Medical Supplies and Incontinence Products.
3. Monitor Contractors Performing Prior Authorizations and Extension of Benefits for the following programs: In-patient Psychiatric Services, In-patient and Out-patient Hospitalization, Emergency Room Utilization, Personal Care for Beneficiaries Under the Age of 21, Child Health Management Services, Therapy, RSPMI, Transplants, Durable Medical Equipment and Hyperalimentation Services.
4. Arrange Out-of-State Transportation for Beneficiaries for Medically Necessary Services/Treatment Not Available In-State.

ARKANSAS DHS STATISTICAL REPORT PRESCRIPTION DRUG PROGRAM SFY 2010

The Prescription Drug Program, which is an optional Medicaid benefit, was implemented in Arkansas in 1973. Under this program, eligible recipients may obtain prescription medication through any of the **838** enrolled pharmacies in the state. During SFY **2010**, a total of **449,381** Medicaid recipients used their prescription drug benefits. A total of **4.9** million prescriptions were reimbursed by Arkansas Medicaid for cost of **\$312.0** million dollars thus making the average cost per prescription approximately **\$63.67**. An average cost for a brand name prescription was **\$186** dollars, although representing **25%** of the claims it accounted for **72%** of our expenditures. The average cost for a generic prescription was **\$24** dollars, representing **75%** of our claims and accounted for **28%** of our expenditures.

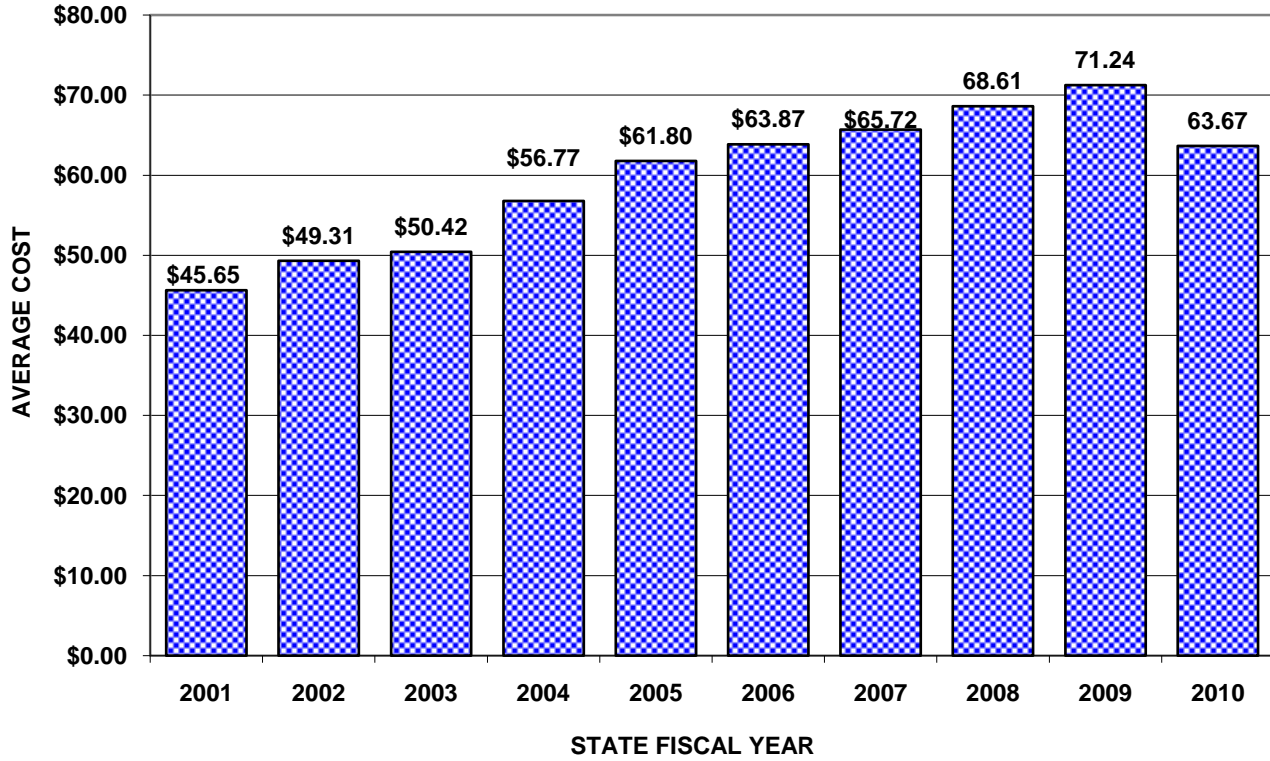

The Prescription Drug Program restricts each recipient to a maximum of three prescriptions per month, with the capability of getting up to six prescriptions by prior authorization, except for recipients under 21 and certified Long-Term Care recipients who receive unlimited prescriptions per month. Persons eligible under the Assisted Living Waiver are allowed up to nine prescriptions per month.

Beginning January 1, 2006, full benefit dual eligibles began to receive drug coverage through the Medicare Prescription Drug Benefit (Part D) of the Medicare Modernization Act of 2003 rather than through Arkansas Medicaid. Arkansas Medicaid is required to pay Centers for Medicare & Medicaid (CMS) the State Contribution for Prescription Drug Benefit, sometimes referred to as the Medicare Part D Clawback. This payment for SFY 2010 was \$25,977,235.

Medicaid reimbursement for prescription drugs is based on cost plus a dispensing fee. Drug costs are established and based upon a pharmacy's estimated acquisition cost (EAC), the federally established generic upper limit (GUL) or state established upper limit (SUL). Arkansas Medicaid has a dispensing fee \$5.51 as established by the Division of Medical Services and approved by the Centers for Medicare and Medicaid (CMS). The EAC and dispensing fee are based upon surveys that determine an average cost for dispensing a prescription and the average ingredient cost. In March of 2002, a differential fee of \$2.00 was established and applied to generic prescriptions for which there is not an upper limit.

OFFICE OF LONG TERM CARE
SFY 2010**

Most people think of nursing facilities when they think of the Office of Long Term Care (OLTC). The OLTC professional surveyors conduct annual Medicare and Medicaid and State Licensure surveys of Arkansas' 227 Nursing Facilities and in the state's forty-one (41) Intermediate Care Facilities for the Mentally Retarded (ICFs/MR) including six (6) Human Development Centers. Annual and complaint surveys are also conducted in thirty-six (36) Adult Day Care and Adult Day Health Care facilities and one (1) Post Acute Head Injury Facility throughout the state. Semi-annual surveys are conducted in the seventy-seven (77) Residential Care Facilities, fifty-five (55) Assisted Living Facilities and twenty-two (22) Alzheimer's Special Care Units. In addition, annual Civil Rights surveys were conducted in 111 hospitals, as well as 91 face-to-face medical need determination visits were made throughout the state.

In addition to its role inspecting long-term care facilities, the OLTC provides training and educational opportunities to various health care providers to help ensure that facilities provide the highest level of care possible to long term care residents. OLTC staff provided approximately 256 hours of continuing education through ninety-five (95) workshops/seminars to over 3,863 staff members in the nursing home and assisted living industry during SFY 2010. In addition, there were 403 agendas submitted from outside sources for review to determine 1,990 contact hours for nursing home administrators.

The Nursing Home Administrator Licensure Unit processed renewals for 650 licensed administrators, processed eighty-three (83) license applications, and issued seventy-four (74) new licenses and 8 temporary licenses. In addition, OLTC administered the state nursing home administrator examination to seventy-nine (79) individuals.

The Criminal Record Check Program applies to all categories of licensed long-term care facilities consisting of over 511 affected facilities. During SFY 2010, there were 35,137 "state" record checks processed through OLTC with 957 disqualifications (2.7%) and 18,232 "federal" record checks processed with 192 disqualifications (1.6%).

At the end of SFY 2010, the Registry for Certified Nursing Assistants (CNAs) contained 28,840 "active" and 60,685 "inactive" names listed. In addition to maintaining the Registry for CNAs, the OLTC also manages the certification renewal process for CNAs, approves and monitors nursing assistant training programs, manages the statewide competency testing services, and processes reciprocity transfers of CNAs coming into and leaving Arkansas.

The Medical Need Determination Unit processed approximately 1,238 Medicaid nursing facility applications per month while maintaining approximately 12,692 active cases which includes processing 10,602 assessments, processing over 1,833 changes of condition requests, 564 transfers, and 1,861 utilization review requests during the year. Also processed were 3,328 applications/reviews for ICFs/MR. In addition, over 13,800 applications/reviews/waivers for other medical programs within DHS were made during SFY 2010.

The OLTC Complaint Unit staffs a registered nurse and a licensed social worker who record the initial intake of complaints against long-term care facilities. Many times they are able to resolve the issues with immediate satisfaction to the parties involved. When that is not possible, the OLTC performs an on-site complaint investigation. The OLTC received 881 nursing home complaints during SFY 2010 regarding the care or conditions in long term care facilities.

LONG-TERM CARE MEDICAID PROGRAM
SERVICES AND STATISTICS
SFY 2010**

Since 1990, the federal long-term care program has had two levels of facility care under Medicaid. These levels of care are nursing facility services and intermediate care facility services for the mentally retarded and developmentally disabled (ICF/MR). Arkansas classifies state-owned facilities as public and all others as private. Arkansas Health Center is a public nursing facility. The ICF/MR population is divided into the six (6) state-owned Human Development Centers, four (4) private pediatric facilities of which three (3) are for profit, one (1) private nonprofit pediatric facility, and 31 fifteen-bed or less facilities serving adults.

ARKANSAS DHS STATISTICAL REPORT ANALYSIS OF PRIVATE FACILITY EXPENDITURES SFY 2010

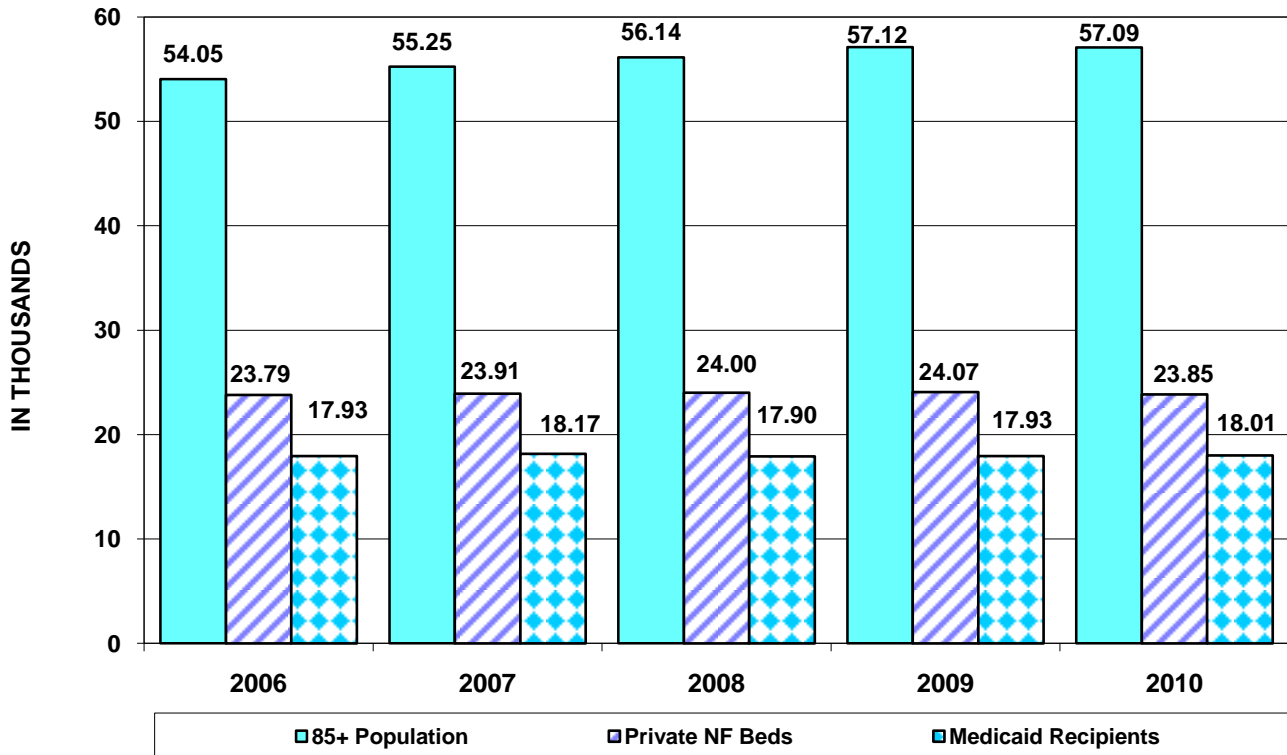

Since approximately 74% of all Medicaid long-term facility care is provided in private nursing facilities, additional information is provided for this service category. Expenditures in SFY 2010 increased 3.98% from SFY 2009 with an increase of 14.67% over the past five (5) years.

The bulk of this increase is the result of the implementation of a cost based reimbursement methodology for nursing facilities that began January 12, 2001. The cost base methodology increased emphasis in spending in the direct care area. Increased quality of care was one of the major objectives of the new methodology.

UTILIZATION CONTROL AND NURSING FACILITY PAYMENT CLASSIFICATIONS

The number of Medicaid recipients in nursing facilities has increased by 0.45% in the past five (5) years, while the estimated over-age-85 population has increased by approximately 5.6% during the same period. With the continued expansion of home and community based programs, those whose needs can be met in their own homes will continue to choose that option.

OF

VOLUNTEERISM

**ARKANSAS DHS STATISTICAL REPORT
DIVISION OF VOLUNTEERISM
SFY 2010**

The Arkansas Office of Volunteerism was created in 1974 by order of Governor Bumpers to implement and administer a statewide immunization program. In 1977, the Office was established by Act 865 to assess and recognize the needs of communities throughout Arkansas and train volunteer coordinators and volunteer organizations in meeting those needs. The division also continues to assist in special projects to meet community needs and to provide greater public awareness and recognition of volunteer efforts. In 1983, the Office of Volunteer Services transferred from the Office of the Governor to the Department of Human Services (DHS). AR Code 25-16-206 officially made the agency a Division of DHS. **The mission of the Division of Volunteerism (DOV) is to promote and support volunteering and national service in Arkansas.** AR Code 25-10-128 (Act 1259 of 1997) expanded the duties of the Division of Volunteerism (DOV) to include assistance to any agency or community organization with welfare reform initiatives.

The Economic Impact of Arkansas Volunteers:

Each year DOV publishes the study "THE ECONOMIC IMPACT OF ARKANSAS VOLUNTEERS". The results of the most recent study are as follows: Eight hundred thirty-one (831) volunteer organizations reported a total of 23,723,589 hours for an estimated total dollar value of **\$546,339,180**. Had the State of Arkansas paid for the time involved to provide the services donated by volunteers, an additional \$12,608,738,774 in personal income would have been required to generate that sum in general revenues.

Arkansas' Promise:

Arkansas' Promise supports efforts for youth to give back to their communities through the placement of ten full time AmeriCorps Promise Fellows in communities throughout the state. This year, two additional full time Promise Fellows were funded through the American Recovery and Reinvestment Act, for a total of twelve. Promise Fellows activities for the state fiscal year 2010 are listed below.

• Youth Projects	395
• Youth Participants Served	1,187
• Youth Volunteer Hours	5,766
• Adults Engaged	1,305
• Adult Volunteer Hours	2,294

Training & Technical Assistance Provided:

• Faith Based & Community Organizations	1,231
• Other	1,145
• Total Attendance	8,859
• Grant Station Research	41

Community Service Learning Act 648 of 1993:

In partnership with the Arkansas State Board of Education, this act provides an opportunity for students in grades nine through twelve to perform volunteer service at sites that have applied to and have been sanctioned by the Arkansas State Board of Education. Students may then earn an extra credit toward graduation upon completion of seventy-five or more volunteer hours. There are 786 approved community sites across the state where student volunteers are engaged in service. DOV is the main point of contact for technical assistance and training as well as record keeping for Act 648 school programs.

Arkansas Volunteer Centers:

Volunteer Centers recruit, refer, and recognize volunteers in their local communities. Volunteer Centers in Arkansas are in the following locations:

- United Way of Benton County
- Greater Jonesboro Volunteer Center (Craighead)
- Heart of Arkansas United Way Volunteer Center (Pulaski)
- Eldorado Connections (Union)
- Handson Texarkana (Miller)

The Summit:

The thirty-fifth state conference on volunteerism, philanthropy and nonprofit leadership was held in Springdale April 29th and 30th, 2010. The partnership of the Division of Volunteerism and Arkansas Community Foundation hosted over 200 participants. Seventeen workshops were offered during the two-day conference.

Arkansas Service Commission:

The Arkansas Service Commission (ASC) in the DHS Division of Volunteerism has seventeen governor-appointed members and a staff of six. Ex officio Commission members from participating state agencies bring the total to twenty-five. The ASC helps communities, nonprofits, educational organizations and others in Arkansas obtain federal funds from the Corporation for National and Community Service to administer AmeriCorps programs via competitive, formula and education award programs to address locally identified issues. Priority areas for funding are education, health/healthy futures, clean energy/environment, veterans issues and economic opportunity. The commission is also responsible for monitoring these programs and ensuring complete and timely reports to the funding agency.

The Arkansas Service Commission helped twelve sub applicants receive **\$ 2,172,899** in federal funding for AmeriCorps program in SFY 2010, and an additional **\$ 775,967** for five American Recovery and Reinvestment Act programs. Through these funds, **513** Arkansans tutored adults and children, translated and served as advocates for non-English speaking families in schools, offered parenting education, helped uninsured and underinsured citizens get cost-free prescription drugs, served as environmental stewards and educators, retrofitted homes of low to middle income residents for energy efficiency and recruited thousands of traditional volunteers to assist in their efforts. AmeriCorps members receive a small living allowance during their term of service and an education award for any Title IV eligible school upon successful completion. The total value of education awards for the year was approximately **\$ 1,538,815**.

The sub grantees are listed on the next page.

Arkansas Mentors Program:

The goal of the Arkansas Mentors Program is to help families on public assistance (or in danger of being on public assistance) become self-sufficient. The strength of the program is the involvement of community volunteers serving as mentors. The Division of Volunteerism in collaboration with the Division of County Operations and community leaders began the program in 1991. Over the last nineteen years it has been active in forty-nine counties and is currently in **four** counties. Local programs are faith and community based as well as state-run with most being a partnership of both. DOV provides start-up and on-going training and technical assistance to local programs. The Division provides limited financial resources to the programs and maintains a monthly tracking system. The system tracks the number of mentors in each program, the number of mentees, and the number of mentees who are working.

DIVISION OF SERVICES FOR THE BLIND
INTRODUCTION
SFY 2010**

AGENCY HISTORY

During the 1940's and early 1950's, rudimentary services for blind people were provided by "home teachers" who were employed by the Arkansas Department of Welfare. In 1955, services to blind people were transferred to the Arkansas Rehabilitation Services, then in the Department of Education.

Arkansas Rehabilitation Services for the Blind was created in 1965 by Arkansas Act 180. This Act established a Division of Rehabilitation Services for the Blind within the State Board for Vocational Education. All services for the blind were transferred to said Division from the Arkansas Rehabilitation Services.

Act 38 of 1971 transferred the functions, powers, and duties of the Rehabilitation Services for the Blind to the Department of Social and Rehabilitation Services (now the Department of Human Services) and placed them in the Division of Rehabilitation Services.

Arkansas Act 393 of 1975 amended Arkansas Act 38 of 1971 to require that the functions, powers and duties of the Rehabilitation Services for the Blind be located within an Office for the Blind and Visually Impaired in the Division of Rehabilitation Services. Act 393 gave the Office for the Blind and Visually Impaired statutory authority and legal authority to promulgate rules, and established an Advisory Committee appointed by the Governor.

In 1983, a number of consumer, education, and service organizations identified a critical need for specialized services to visually impaired and blind Arkansans. In response to this concern, the Governor and Legislature established the Division of Services for the Blind (DSB) under Act 481. Although previously Arkansas had offered separate services for blind and visually impaired persons, Act 481 provided that the agency should be governed by a policy-making board, the majority of whom must be blind persons. Within the past decade, DSB has been commended for innovative programming, consumer responsiveness, and consistently high performance in the rehabilitation of severely disabled persons.

DSB functions both as a direct service provider and as a consumer agent in locating and purchasing quality services (including medical and educational services; equipment or supplies related to self-sufficiency; job placement or employment services; etc.). All direct services are made available to consumers in their own communities.

DSB serves consumers through three interdependent units: **Field Services**, **Vending Facility Program**, and the **DSB Directors Office**. These three service units were designed by the **DSB Board** to offer two advantages to the State of Arkansas:

1. Enhance the personal self-sufficiency of consumers eliminating costs associated with unnecessary skilled care.
2. Maximize the potential contributions made by consumers as citizens and taxpayers.

DIVISION OF SERVICES FOR THE BLIND
INTRODUCTION
SFY 2010**

PHILOSOPHY AND GOALS

The Arkansas Division of Services for the Blind is dedicated to the independence of Arkansans who are blind or visually impaired and is committed to the principle that these individuals have the right to make informed choices regarding where they live, where they work, how they participate in the community, and how they interact with others.

Our mission is to work in partnership with these Arkansans by assisting them in obtaining the information they need to make informed choices and by providing them with access to services that increase their opportunities to live as they choose.

Within the constraints of state and federal laws and based on available funds, the Division of Services for the Blind fulfills its mission through the following goals:

1. **Employment** - To assist Arkansans who are blind or visually impaired to secure or maintain employment and consistent with their skills, abilities, and interests.
2. **Rehabilitation Teaching** - To assist Arkansans who are blind or visually impaired to live as independently as possible through the development of skills, accommodations, or adaptations that are necessary to perform all activities of daily living.
3. **Prevention of Blindness** - To assist in preventing blindness by stabilizing vision, and, where possible, restoring vision.

**ARKANSAS DHS STATISTICAL REPORT
DIVISION OF SERVICES FOR THE BLIND
SFY 2010**

During the 2010 state fiscal year, DSB provided specialized services to blind and visually impaired persons through two major program units. **Field Services** offered vocational rehabilitation and independent living services to blind and severely visually impaired persons in their homes and communities throughout Arkansas. **Business and Technology Services** provided assessment of technological and job development needs, then prescribed equipment and training plans to meet those needs in a rapidly changing job market and business environment. The DSB Director's Office supported the programs offered above through supplemental administrative services as well as operating the Arkansas Information Reading Services for the Blind Network.

DSB FIELD SERVICES

Vocational Rehabilitation- The objective of the Vocational Rehabilitation (VR) program is to ensure that qualified blind and visually impaired persons work in appropriate careers and become as personally and economically independent as possible. The program assesses consumer needs, plans appropriate services based upon informed consumer choice, and develops and provides cost-effective services for individuals who are blind or severely visually impaired. Consumers usually range in age from 14 to 64. The vocational rehabilitation services provided are consistent with the strengths, resources, priorities, concerns, abilities, capabilities and informed choice of the disabled individual.

To be eligible for DSB services, the individual must have a visual disability. The visual disability must be a substantial impediment to employment. It must be determined that the individual with the visual disability can benefit from vocational rehabilitation services in the achievement of a vocational outcome. Additionally, the individual requires vocational rehabilitation services to prepare for, engage in, or retain gainful employment. After an individual is determined eligible for vocational rehabilitation, services are provided. **In SFY 2010, DSB served 1,452 vocational rehabilitation consumers, of which 100% were severely disabled. Of this number, 296 blind or severely visually impaired individuals successfully achieved employment outcomes.**

The **Older Blind Program** provides in-home instructions in the activities of daily living to Arkansans, age 55 and older, who are blind, severely visually impaired or have a rapidly progressive visual impairment. The program assists eligible individuals by teaching independent living skills necessary to remain independent in their homes and communities. DSB, the DHS Division on Aging and Adult Services, and the Division of Health work together to support the independence of older blind persons within the state. **During SFY 2010, DSB served 732 older blind persons. Of these individuals, 304 successfully completed their rehabilitation plans.**

Staff Development- This unit is responsible for monitoring agency compliance with federal requirements regarding the Comprehensive System of Personnel Development mandated under the Federal Rehabilitation Act. It assesses all staff development needs under federal standards and acquires or provides appropriate training for professional development and certification. **In SFY 2010, 46 In-Service Training Activities were designed, conducted, and coordinated** in the area of field procedures, management/leadership, computer training, career development, professional enhancement, and organizational development for all levels of positions within the Division. The Division's philosophy is that DSB staff must possess specific knowledge concerning the problems of blindness. Training opportunities are ongoing and coordinated with other state departments and federal agencies to provide the highest quality training possible within available resources.

DSB BUSINESS AND TECHNOLOGY SERVICES

Consumer Technology- Like their sighted counterparts, blind college students, insurance agents, lawyers, social workers, ministers, physicians, etc., have multiple needs for computers and other technology. Computer systems with prescriptive sensory adaptations are developed by the Consumer Technology Program to enable blind and visually impaired individuals to access the information needed for success in their chosen professions.

During SFY 2010, there were 446 visits made to the Consumer Technology Lab with technology specialists providing consultation and training to 335 individuals. Additionally, numerous public inquiries were made by agencies, businesses, and individuals interested in learning more about adaptive equipment for blind and visually impaired people. The Technology Lab has proven to be valuable in allowing blind individuals to have access to computers for the purpose of gaining experience in using adaptive equipment.

DSB BUSINESS AND TECHNOLOGY SERVICES (Continued)

Vending Facility Program- The Vending Facility Program (VFP) provides self-employment business opportunities throughout the state for individuals who are interested in, and have the necessary skills for, private enterprise. The vending locations are managed by totally blind or legally blind persons who have been trained and licensed by the Division of Services for the Blind under the federal Randolph Sheppard Act. In addition to initial training, managers are also provided technical assistance, financial management services and upward mobility training. The program also assesses and recruits potential new locations. It equips locations, maintains and replaces equipment as needed, and provides initial stock inventory. **In fiscal year 2010, \$51,185 was personally spent by the vendors upgrading existing facilities. Licensed blind vendors operated 17 vending locations with sales of over \$1.6 million dollars. There were also 16 mechanical vending locations on Arkansas highways generating income of \$140,287. Vending managers earned commissions on sales totaling \$421,577, an average of \$24,798 annually.**

Volunteer Coordination- In SFY 2010, DSB volunteers participated in various activities with a total of 471 hours. Service was donated in the areas of management, direct services, advocacy, indirect services, special events, education and training, boards/commissions and advisory committee activities. A total of 388 volunteers donated time to DSB staff and consumers and various DSB and DHS projects.

Braille/Tape Production- This unit converts printed materials into Braille, large print, and cassette tape or computer diskette according to the user's preference in order to comply with ADA requirements or the Federal Rehabilitation Act. Services are provided after identifying preference of media choice from the agency's staff, consumers and other professionals throughout the field of blindness: e.g. textbooks, operating manuals, meeting agendas/minutes, training packets, test for employment, etc. This is a unique service specifically designed to meet the blind and visually impaired individual's needs. The service is managed by a Library of Congress Certified Braille Transcriber. **From July 1, 2009 through June 30, 2010, the Braille/Tape Production unit received a total of 290 requests for alternative format to print. Two hundred eighty three (283) requests asked for Braille, resulting in the production of 9,536 Braille pages; as well as 6,900 large print pages, and 2 duplicated cassette tapes.**

DIRECTOR'S OFFICE

The DSB Director's Office provides administrative guidance and supplemental staff support to the previously mentioned programs in the form of policy development, and financial services. Additionally, it oversees the operation of the Arkansas Radio Reading Services for the Blind (AIRS).

Arkansas Information Reading Services for the Blind (AIRS)- Operating from the campus of the Arkansas Educational Television Network, the Reading Service provides daily telephone or broadcast readings of state and national newspapers, magazines and other printed material, which are not otherwise accessible to visually impaired and physically handicapped individuals. Consumers receive the audio programs by tuning in to a particular television channel in their area. **While the number of consumers who access the service by personal television is impossible to determine, in SFY 2010, the Arkansas Information Reading Services for the Blind served an average of 400 consumers each month throughout Arkansas, utilizing the telephone reader service that provides the reading of selected text upon demand from local, state and national sources.**

DIVISION OF

SERVICES

**ARKANSAS DHS STATISTICAL REPORT
DIVISION OF YOUTH SERVICES
INTRODUCTION
SFY 2010**

Mission

The mission of the Division of Youth Services is to provide effective prevention, intervention and treatment programs to give opportunities for success to families and children in Arkansas and to ensure public safety.

Vision

Children and families in Arkansas are safe and have the resources they need in their communities to help them succeed.

Values

This plan is based on a number of shared values and beliefs among stakeholders for juvenile justice reform:

1. State resources and programs to support children and families in Arkansas should be coordinated in a system of care for maximum effectiveness This imperative must infuse every goal and strategy in this plan.
2. Redirecting resources from incarceration and punishment to prevention and treatment will be more effective, less costly, and lead to greater public safety for citizens of the state.
3. Youth and families should receive services in community centers close to their homes whenever possible This will allow more community buy-in, family involvement, and ease of transition after treatment.
4. Response to children in trouble should involve multi-system interventions with their families, and families should be involved in needs assessment and planning.
5. Programs and services should be strength-based and empower youth and families to succeed.
6. Programs and services should be evidence-based or have data showing effective outcomes. To achieve this accountability will require better baseline data and on-going data sharing as well as a commitment to data-based decision making.
7. All children and youth in the state should have equal opportunities for fairness, help and success without regard to gender, race or ethnicity, disability, geographic location, income level, or any other factor.
8. An effective juvenile justice system will require creative partnerships among state agencies, public and private schools, churches and faith-based organizations, local communities, the judicial system, and foundations.

DIVISION OF YOUTH SERVICES
INTRODUCTION
SFY 2010**

Historic Overview of DYS

Act 199 of 1905 established the first reform schools in Arkansas in Little Rock and Alexander, respectively.

Act 67 of 1917, the Arkansas Boys' Reform School was relocated to Pine Bluff.

Act 60 of 1937 established two additional "training" schools at Wrightsville and Fargo.

In 1968, the Department for Rehabilitative Services was assigned responsibility to administer "training" schools. The Benton Services Center was opened and controlled the diagnosis and intake responsibilities regarding the youth committed to state custody.

In 1971, Act 38 established the Department of Social and Rehabilitative Services (SRS), a forerunner to the current Department of Human Services. The Office of Juvenile Services was placed under the direction of the Director of SRS. In 1977, the Division of Youth Services was formally created as a division within the present Department of Human Services (DHS).

In 1985, Act 348 merged the Division of Youth Services with the Division of Children and Family Services until Act 1296 of 1993 reestablished DYS as an independent division [within DHS]. The Division of Youth Services (DYS) was authorized by Act 1296 to be "devoted entirely to handling the problems of youths involved in the juvenile justice system." DYS became operational in October 1993 and is responsible for client-specific programming and individual treatment programs, serious offender programs for violent youth offenders, providing alternative community-based programming, and other services specified directly by Act 1296.

ARKANSAS DHHS STATISTICAL REPORT DIVISION OF YOUTH SERVICES SFY 2010

In SFY 2010, the Division of Youth Services contracted with Community Based Providers (CBP) for the following services: Targeted Casework Management, Therapy, Diagnosis and Evaluation, Intensive Casework Management, Interstate Compact, Emergency Shelter and Residential Treatment. In addition, the Community Based Providers provided sanction services that included Community Service Supervision, Intensive Supervision and Tracking, Compliance Monitoring, Drug Screening, Day Services Level I, Day Services Level II, and Crisis Residential Treatment. Funding for community/based services was allocated to each judicial district, with one contractor servicing each district. The providers in each district conducted a needs survey in order to provide the services most beneficial to the youth in their individual areas. Aftercare services were provided in accordance with ACT 1222, with quarterly reports submitted to the Legislative Committee on Children and Youth.

The Division also contracts for Specialized Services including: Therapeutic Group Home Services, Comprehensive Residential Treatment Services in Psychiatric facilities, Sex Offender Treatment Services, Socialization/Recreation Services, Therapeutic Foster Care, Diagnosis and Evaluation and Therapy. Six Serious Offender Programs, four with 30 beds, one with 26, and one with 27 beds, have contracts with DYS.

The Residential Facilities programs had direct expenses in the amount of \$22,710,486. The Community Based programs had direct expenses in the amount of \$16,638,799. The Residential Treatment programs had direct expenses in the amount of \$3,507,845. Total funding was \$42,857,130.

Juvenile Justice and Delinquency Prevention (JJDP)

The Arkansas Coalition for Juvenile Justice (ACJJ), which is appointed by the governor, participates in the development and review of the State Plan prior to implementation and is afforded the opportunity to review and submit recommendations to the DYS Director on all juvenile justice and delinquency grant applications. In SFY2008, the primary goal of the ACJJ and DYS was disproportionate minority contact, as well as, the removal of juveniles from adult jails and lockups assuring that those who needed detention were held in appropriate facilities. To accomplish this, the ACJJ recommended and the Division of Youth Services approved Title II Funds to fifteen agencies/organizations.

Of the fifteen subgrants, one subgrant offers Gender Specific Services (GS). Five subgrants offer Disproportionate Minority Contact Services (DMC) with the goal of reducing over representation of minority youth along the entire continuum of the juvenile justice system. One subgrant provides alternatives to the De-institutionalization of Status Offenders (DSO). One subgrant is Mental Health (MH) aimed at addressing mental health issues of juvenile. One subgrant is for Information Services. Two subgrants are for Delinquency Prevention (DP). Four subgrants are for School Programs (SP).

COMMUNITY-BASED YOUTH SERVICES PROGRAMS
SFY 2010**

The Community-based program network consists of 13 privately-operated non-profit organizations for SFY 2010. The division contracts with these programs to provide residential and non-residential services to youth up to the age of 21 who are adjudicated delinquents, members of "families in need of service", or youth at risk (youth who exhibit behavior that, if continued, would bring them into contact with the juvenile justice system).

INTERSTATE COMPACT ON JUVENILES
SFY 2010**

The Interstate Compact on Juveniles (ICJ) was designed primarily for cases involving out-of-state runaways, escapees and absconders, and for the supervision of juveniles who have been adjudicated delinquent. It provides legal procedures for the return of runaways and makes it possible to place a juvenile on probation or parole in a state other than the one where the offense was committed with the assurance of supervision by the appropriate agencies of the state in which he/she is placed.

GLOSSARY
SFY 2010

Adult Protective Services (DAAS) protects and assists adults, age 18 and older, who are abused, neglected, or exploited, or any combination thereof, and who are endangered as a result of lack of capacity or impaired from mental or physical disease or defect as these terms are defined by Arkansas Statute.

Alternative Community Services (DDS) program under the Medicaid Waiver, analyzes and develops policy, researches and develops innovative programs, assists with grant applications, and oversees quality improvement activities.

AMIGOS Program (DOV) helps English as a Learned Language students (ELL) deal with culture shock and new learning environments. The mission of the AMIGOS program is to support and enhance the lives and academic skills of students who speak English as a second language.

ARKids First (DCO & DMS) provides health insurance to children who otherwise might not get medical care. The program offers two coverage options. ARKids A offers low-income children a comprehensive benefits package. ARKids B provides limited coverage for slightly higher income families. ARKids B requires a small co-pay for most services.

Commodity Distribution Program (DCO) processes and distributes raw commodities donated by the U.S. Department of Agriculture to schools and other eligible recipient agencies in Arkansas.

Compliance Monitoring/Electronic Monitoring (DYS) is a program which monitors a juvenile's presence in a particular location in order to enable the juvenile to remain in the home or return to the home, thus preventing institutionalization or re-institutionalization. Services are provided in accordance with an established plan of service and include contact with the juvenile to determine compliance with the plan.

Crisis Residential Services (DYS) includes intervention and stabilization of a juvenile in an existing facility that provides a structured setting, close supervision, and necessary interventions to allow the juvenile to return home. Services in a hardware secure facility are limited to fourteen (14) days per sanction. This service may include, but is not limited to, education and room and board.

Day Services (DYS) provides educational and therapeutic services to juveniles who have been initially ordered such services by the court or as a part of a legally authorized Diversion Agreement. The service is primarily to be provided as a sanction for non-compliance with a court order or an established aftercare plan. This service may also be used as an alternative to juvenile adjudication (Non-Sanction) to non-adjudicated youth who have been referred by a local school district, a juvenile intake officer, or by family. This service is designed to enhance a youth's behavior, academic performance, and interpersonal skills in a structured setting, either in a group or in a one-to-one basis, based on an individual case plan. The program is provided for a period of less than twenty-four (24) hours but more than two (2) hours and may include, but is not limited to, meals, transportation, therapy, anger management, counseling, peer relationships, recreation, socialization, and education.

Developmental Day Treatment Clinic Services (DDS) services may be provided in the child's home or in integrated day care programs, local health department offices, or clinics.

Diagnosis and Evaluation (DYS) is assessment of the nature and extent of a youth's physical, emotional, educational and behavioral problems and recommendations for treatment strategies to remedy the identified problems. The specific diagnostic services provided and level of sophistication of reports produced are based on the individual needs of the referring agency. Allowable components are educational evaluation, social assessment, psychological evaluation, psychiatric evaluation, and consultation with the referring agency. Evaluations may also include a medical evaluation, if the assessment indicates a physical association with the emotional and/or behavioral problem(s).

GLOSSARY
SFY 2010

Drug Screenings (DYS) is the collection and analysis of urine samples to determine if a youth is using drugs. May only be provided as a subordinate part of a sanction service for adjudicated delinquents or youth on aftercare status. This service may also be provided as Non-Sanction Drug Screening as a subordinate part of another service as a diversion from juvenile court or as court ordered for adjudicated Family In Need of Services (FINS). The Sanction Services are limited to the length of time a sanction is imposed. The Non-Sanction Services are limited to a period not to exceed six (6) months per each court order.

Emergency Shelter (DYS) are services, including room and board, for youth whose circumstances or behavioral problems necessitate immediate removal from their homes or for youth released from a youth services facility who need temporary placement in the community until long term residential arrangements can be made. The purposes of Emergency Shelters are (1) to provide shelter for a period necessary to make more permanent arrangements or (2) to provide a short-term alternative to secure detention. The extent and depth of the services provided to a youth in the Emergency Shelter program will depend upon the individual needs of the youth and the referral source. Emergency shelter is limited to a maximum of sixty (60) days in any six month period. An order from Juvenile Court may supercede the stated time constraints.

Emergency Shelter Grants Program (DCO) assists local communities to improve the quality of life for the homeless by: (1) Providing grants for minor renovations, rehabilitation or conversion of buildings for the homeless, (2) Providing funds for payments of certain operating and maintenance expenses, (3) Providing funds for essential social services expenses, and (4) Providing funds to be used for homeless prevention efforts.

Family Planning (DCO & DMS) provides limited coverage that includes family planning services only to women of childbearing age and who also meet income, resources and other criteria.

Food Stamp Program (DCO) provides food assistance to eligible households to cover a portion of a household's food budget. In addition to food assistance, the program provides food stamp recipients with nutrition education, employment & training, and work experience in some cases.

Hyperalimentation (DMS) is the administration of nutrients by intravenous feeding especially to patients who cannot ingest food through the alimentary tract (the tubular passage that begins from mouth and functions in digestion and absorption of food and elimination of residual waste.)

IndependentChoices (DAAS) is a consumer-directed Medicaid waiver for Medicaid eligible persons age 18 and above who have a medical need for personal care service. This consumer directed service gives clients a monthly cash allowance in place of traditional personal care. Eligible persons are able to choose, supervise and pay their own personal care aide and use some of the allowance to purchase goods and services related to personal care needs.

Intensive Casework Management (DYS) are services specifically designed for youth committed to a youth services facility operated by the Division of Youth Services. This should provide a community evaluation that includes recommendations for release plans, services to families of committed youth, advocacy on behalf of the youth, supervision, transportation, and follow-up. It may also include visiting youth at the Youth Services Center(s), under certain circumstances.

Intensive Casework Management For Serious Offenders (DYS) are services specifically designed for youth committed to the Division of Youth Services who have completed the residential phase of a serious offender program and who have been transferred back to the community. Services include, but are not limited to, recommendations for release plans, services to families of committed youth, advocacy on behalf of the youth, supervision, transportation, and follow-up.

Intensive Supervision and Tracking (DYS) is to provide intensive supervision and tracking services to juveniles who have been initially ordered this service by the court or as a part of a legally authorized Diversion Agreement. The service may also be used as a sanction for non-compliance with a court order or an established aftercare plan. The primary goal of this program is to support the youth in their homes primarily through individualized, consistently close supervision and monitoring. The service is available seven (7) days a week and may be performed at any hour of the day or night, depending on the situation.

GLOSSARY
SFY 2010

Interstate Compact on Juveniles (DYS) provides for the supervision of out-of-state delinquent juveniles, provides for the return of runaways, provides authorized agreements for the cooperative institutionalization of special types of juveniles, and provides for the return of absconders and escapees. Allowable components include initial evaluation, supervision, follow-up reports, and discharge.

Long-Term Care (DCO & DMS) - individuals who are residents of nursing homes may qualify for Medicaid if the care in the facility is medically necessary and they meet income, resource and other criteria.

Low Income Home Energy Assistance Program (LIHEAP) (DCO) provides financial assistance to about 60,000 households each year to help them meet the costs of home energy i.e. gas, electricity, propane, etc. It also offers weatherization services and case management activities which are designed to encourage and enable households to reduce their energy costs and thereby, their need for financial assistance.

Medicaid (DCO & DMS) reimburses health care providers for covered medical services provided to eligible needy individuals in certain categories. Eligibility is determined based on income, resources, Arkansas residency, and other requirements.

Medicaid Eligible (DCO & DMS) is a person who has met certain requirements to obtain a Medicaid card.

Medicaid Recipient (DMS) is a person who uses their Medicaid card to receive Medicaid services.

Medically Needy (DCO & DMS) is intended to provide medical services for categorically related individuals or families whose income and/or resources exceed the limits for cash assistance but are insufficient to provide medical care.

Preadmission Screening Resident Review (DDS) program for Medicaid recipients seeking admission to a nursing home or presenting a mental status change while residing in a nursing home.

Pregnant Women (DCO & DMS) with income up to 200% of Federal Poverty Level may be eligible for limited coverage if they meet certain income, resource and other criteria, including prenatal, delivery, postpartum and conditions, which may complicate the pregnancy. Coverage continues through the pregnancy and until the end of the month that the 60th day postpartum falls.

Refugee Resettlement Program (DCO) assists newly arrived eligible refugees to assimilate into the American way of life, offering financial and medical services to eligible refugees for up to five years.

Residential Treatment (DYS) is twenty-four hour treatment services available for up to one year for each individual (recommended average: four to six months), for youth whose emotional and/or behavioral problems, as diagnosed by a qualified professional, cannot be remedied in his or her own home. Room and board is limited to six months in a one-year period. An order from Juvenile Court may supercede the stated time constraints.

Restorative Justice (DYS) is the compensation to a crime victim by the offender. Restorative justice programs may take minor offenders as well as serious offenders. This service may also be offered as Non-Sanction Restorative Justice programs but would then be limited to non-adjudicated youth as a diversion from adjudication by juvenile court. This program consists of three types of programs:

- **Cash:** A program which assists the offender in obtaining employment and, in some cases, provides supervision to the juvenile to monitor the payment of restitution to the victim or the juvenile's employment to ensure compliance with the established plan of service.
- **Restitution (Work for the Victim):** A program that monitors a juvenile's work activities to compensate a victim. The service may include arrangement of scheduled activities, monitoring of work performed, and reports to the court or DYS regarding compliance with the established case plan. The program may mediate between the victim and the offender to determine the amount of restitution.
- **Community Service Work:** A program that provides a site for community service work, supervision of the juvenile on the work site by program staff or via monitoring of reports from the work site, and reports to the court regarding compliance with the established case plan. The program may mediate between the victim and the offender to determine the amount of restitution.

Special Nutrition Programs (DCCECE) provides reimbursement for well-balanced, nutritious meals served to individuals enrolled in the Child and Adult Care Food Program, National School Lunch Program, Special Milk Program, and the Summer Food Service Program.

Substance Abuse Services (DBHS) The Office of Alcohol and Drug Abuse Prevention (ADAP) within the Division of Behavioral Health Services is the single state agency responsible for funding of alcohol and drug prevention and treatment services, providing court ordered treatment, licensing of alcohol and drug treatment programs, the State Methadone Authority, administering the Drug and Alcohol Safety Educational Programs and providing training to the field of substance abuse.

Targeted Case Management (DYS) are services that assist an individual or family in accessing needed medical, social, educational, and other services appropriate to the needs of the individual/family. Targeted case management services include client intake, assessment, periodic reassessment, case plan development and review, service referral, coordination and advocacy, monitoring of client service utilization, record keeping and documentation of service contacts and client progress, and transportation.

The Emergency Food Assistance Program (TEFAP) (DCO) makes surplus and purchased agricultural commodities available to low income households. The commodities are intended to supplement other foods and not serve as a household's sole or main food source.

Therapy (DYS) is a therapeutic relationship between the client and a qualified therapist for the purpose of accomplishing changes that are identified as goals in the case plan through the use of various counseling techniques. Services to specific individuals may include individual, group or family therapy, or consultation with the referral source as needed.

Transitional Employment Assistance (TEA) (DCO & DMS) program is a time-limited assistance program to help needy families with children become more responsible for their own support and less dependent on public assistance. In addition to monthly cash assistance, employment-related services are provided to parents, including job-readiness activities, transportation assistance, childcare assistance, and other supportive services so that the parent can engage in work or education and training activities.

U-18 (DCO & DMS) is a Medical Assistance Only category intended to provide services to needy individuals under 18 years of age who meet the TEA income and resource requirements.

Vocational Rehabilitation (DSB) objective is to ensure that qualified blind and visually impaired persons work in appropriate careers and become as personally and economically independent as possible.

Weatherization Assistance Program (DCO) installs energy conservation materials on the homes of 1,300 low-income families annually to lower utility bills. Materials generally installed include insulation of ceilings, duct sealing, weather-stripping and caulking doors and windows, replacement of broken windows and health and safety measures that are required prior to weatherization.

Work Pays (DCO) is an incentive program designed to encourage working TEA clients to remain employed after closure of the TEA case while increasing their hours of work and/or hourly wage. Families participating in Arkansas Work Pays will receive a monthly cash assistance payment in the amount of \$204 for up to 24 months, provided they meet the Work Pays eligibility requirements. The twenty-four months will count toward the federal 60 month time limit but not the state's TEA 24 month limit. This work incentive program may be limited to 3,000 families. This program was implemented in July 2006.
