MEMORANDUM

TO: GOVERNOR ASA HUTCHINSON

FROM: CINDY GILLESPIE, DIRECTOR CDG

DEPARTMENT OF HUMAN SERVICES

DATE: April 30, 2016

SUBJ: SFY 2015 DHS STATISTICAL REPORT

In compliance with Act 414, Section 24 of 1961, we are pleased to submit the Arkansas Department of Human Services Annual Statistical Report for State Fiscal Year 2015 on the DHS main website at:

http://humanservices.arkansas.gov/Pages/StatisticalReports.aspx.

This report is a comprehensive statistical analysis of the Department's social programs and services that were provided to the citizens of Arkansas for state fiscal year 2015.

Also, the SFY 2015 highlights for each division are included in the report.

CG:gb

Arkansas Department of Human Services 2015 Statistical Report Summary Year at a Glance

Division of Aging and Adult Services

- Served 1,408,307 meals at the 182 senior centers. (Page-DAAS-2)
- Delivered 2,098,888 meals to senior citizens who are unable to leave their homes. (Page-DAAS-2)
- Investigated 2,543 complaints on endangered adults. Of these Investigations, 305 were substantiated. (Page-DAAS-6)
- Provided services to 418 Long-Term Protective Custody Clients. (Page-DAAS-6)

Division of Behavioral Health Services

- Provided services to 69,398 individuals through the state mental health system. (Page-DBHS-4)
- Of the total number of individuals who received services, 63.77% were age 18 59. (Page-DBHS-4)

Division of Child Care and Early Childhood Education

- Served 22,380 children in the Child Care Assistance Programs. (Page-DCCECE-3)
- Childcare providers served 35,414,780 meals and snacks. (Pages-DCCECE-12)
- Conducted 403 licensing violation complaint investigations. Credible evidence of a violation was found in 142 of these cases. (Page-DCCECE-26)

Division of Children and Family Services

- Conducted 33,683 child maltreatment assessments. Credible evidence of maltreatment was determined to be true in 9,543 cases. (Page-DCFS-1 & 2)
- There were 4,418 Foster Care children at the end of SFY 2015. (Page-DCFS-10)
- Finalized 693 adoptions during SFY 2015. (Page-DCFS-11)

Division of County Operations

Transitional Employment Assistance (TEA)

- Total payments for SFY 2015 were \$8,079,966. (Page-DCO-4)
- In SFY 2015, the total TEA cases were 8,465. (Page-DCO-4)

Arkansas Department of Human Services 2015 Statistical Report Summary Year at a Glance

Division of County Operations (continued)

Work Pays

- Total payments for SFY 2015 were \$1,862,622. (Page-DCO-11)
- Total cases for SFY 2015 were 1,786. (Page-DCO-11)

Supplemental Nutrient Assistance Program (SNAP)

- Total benefits for SFY 2015 were \$656,083,031. (Page-DCO-16)
- The unduplicated number of people receiving SNAP was 659,887. (Page-DCO-16)
- The number of unduplicated cases was 288,577. (Page-DCO-16)

Medicaid

• In SFY 2015, 734,898 people were eligible for Medicaid. (Page-DCO-20)

Health Care Independence "The Private Option"

In SFY 2015, 274,958 people were eligible for "The Private Option." (Page-DCO-21)

Community Programs

• The Community Services Block Grant (CSBG) Program had \$7,277,188 in funds allocated for assisting an estimated 215,838 people. (Page-DCO-23)

Division of Community Service and Nonprofit Support

• Each year DCSNS publishes the study "THE ECONOMIC IMPACT OF ARKANSAS VOLUNTEERS". The results of the most recent study are as follows: Eight hundred and nighty-five (895) volunteer organizations reported a total of 112,860,445 hours for an estimated total dollar value of \$2,179,335,193. (Page-DCSNS-2)

Division of Developmental Disabilities Services

- Served 189 children and their families through Title V Children with Special Health Care Needs in calendar year 2015. (Page-DDS-5)
- Served 5,462 individuals through the Community Services Programs during SFY 2015. (Page-DDS-11)
- The Human Development Centers provided services to 913 individuals in SFY 2015. (Page-DDS-14)

Arkansas Department of Human Services 2015 Statistical Report Summary Year at a Glance

Division of Medical Services

Medicaid

- Medicaid expenditures by category of services for SFY 2015 were \$6,216,749,742. (Page-DMS-2)
- In SFY 2015, 998,530 individuals received Medicaid services. (Page-DMS-7)

Long Term Care

- In SFY 2015, there were 17,813 Medicaid nursing facility residents. (Page-DMS-29)
- Expenditures for Medicaid Long-Term Care facilities were \$844,440,331. (Page-DMS-27)

Division of Services for the Blind

- Provided Vocational Rehabilitation which includes evaluation, training, medical services, counseling and job placement services to 1,538 people. (Page-DSB-3)
- Trained 173 older blind persons who were at-risk so that they could remain self-reliant in their homes and communities. (Page-DSB-4)
- In SFY 2014, the Braille/Tape Production unit received a total of 284 requests for alternative format to print. Two hundred seventy nine (279) requests asked for Braille, resulting in the production of 5,610 Braille pages; as well as 7,215 large print pages. (Page-DSB-4)

Division of Youth Services

- In SFY 2015, there were 538 commitments made to youth services centers. (Page-DYS-5)
- Community-based programs provided services to 4,905 youth. (Page-DYS-18)

DIVISION

OF

AGING AND ADULT

SERVICES

HISTORY

A growing nationwide awareness of the problems of the elderly and the needs for services and assistance on their behalf led to the passage of the Older Americans Act in 1965. This legislation, which created the Administration on Aging at the federal level, also mandated the establishment of a state unit on aging in each state to administer programs under the Act. Accordingly, the Arkansas Office on Aging was established in 1966 by proclamation of Governor Orville Faubus under the auspices of the Governor's Office.

Since 1965, the Older Americans Act has been amended several times, each time expanding the roles of state units on aging. Arkansas legislation has also changed the name of the state unit on aging, the organizational location, and its authority and funding responsibilities. In 1971, the State Unit was placed within the Department of Social and Rehabilitative Services. The responsibility for Adult Services was assumed in 1972.

The agency achieved divisional status through Act 228 of 1977, and the responsibility for adult protective services was transferred by the General Assembly in 1979. As a result of Act 348 of 1985, the Division of Aging and Adult Services (DAAS) was created within the reorganized Arkansas Department of Human Services. In 1997 the Division began providing services to adults with physical disabilities.

MISSION AND OBJECTIVES

The Division's mission is to promote the health, safety and independence of older Arkansans and adults with physical disabilities by working toward two primary goals: (1) to provide administrative support services for aging Arkansans and adults with physical disabilities; and (2) to enhance the quality of life for aging Arkansans and adults with physical disabilities. The Division is responsible for planning coordinating, funding, and evaluating programs for older adults and adults with physical disabilities that are authorized by both state and federal governments.

THE ADMINISTRATIVE AGING NETWORK

The federal organization that makes the Older Americans Act a reality is the Administration on Aging (AoA). AoA is directly under the U.S. Department of Health and Human Services (HHS). The administrative network reaches through the 10 regional offices of HHS to the 56 State Units on Aging (SUAs) and some 618 Area Agencies on Aging (AAAs).

PRESIDENCY

DEPARTMENT OF HUMAN SERVICES

ADMINISTRATION ON AGING

Recommends policy, develops regulations to implement the Older Americans Act (OAA) and administers the OAA budget, grants for research, training, model projects, etc.

REGIONAL OFFICES ON AGING (10 Regions)

Provide technical assistance to states and monitor state aging programs.

STATE UNITS ON AGING (56 Jurisdictions)

Coordinate state level activities on behalf of older people, develop and administer the state plans on aging, serve as advocates, and provide technical assistance to Area Agencies on Aging.

AREA AGENCIES ON AGING (618 Agencies)

Develop and implement the area plans on aging, serve as advocates for older people, coordinate with other agencies and organizations in the planning and service areas to develop comprehensive aging service systems, and administer the Older Americans Act programs within their jurisdictions.

Source: DAAS Website and Division of Aging and Adult Services

DAAS SERVICES PROVIDED

Senior Citizens Centers provide a wide range of services for aging adults, typically including recreational activities for adults, socialization, educational programs, and other services. **Arkansas has 182 such centers.**

Chore Services is for individuals without adequate help to perform services for them. This is a household service which may include running errands, preparing food, simple household tasks, heavy cleaning or yard and walk maintenance which the client is unable to perform alone and which do not require the services of a trained homemaker or other specialist. There were 268 clients served in SFY 2015.

Homemaker provides household management tasks such as menu planning, bill paying, and checking account management. Individuals must be without significant social support systems able to perform services for them. **Homemaker served 292 clients in SFY 2015.**

Legal Assistance clients must be age 60+ needing legal advice that does not involve criminal charges. **Legal Assistance** provided <u>2,465</u> hours of service to <u>612</u> clients in SFY 2015.

Congregate Meals are available for individuals over 60 years of age. The meals are served in a group setting such as a senior center or elderly housing facility and are usually associated with activities to promote social interaction and reduce social isolation. **This service provided 1,408,307 meals to 22,428 clients in SFY 2015.**

Home Delivered Meals provides meals to clients who are age 60+ (or spouse or disabled dependent of person age 60+), homebound, and unable to prepare nutritionally adequate meals, and living in an area where the meal can be delivered. **Home Delivered Meals served 2,098,888 meals to 13,872 clients in SFY 2015.**

Client Representation is provided by a knowledgeable worker who assists individuals in receiving services and benefits for which they are eligible. **Assistance was provided to 6,555** unduplicated clients in SFY 2015.

Personal Care assists Medicaid clients in meeting daily living tasks to enable the client to remain in the community. **Service was provided to 751** clients in SFY 2015.

Public Guardianship assists incapacitated Medicaid clients by making informed consent to needed medical and long-term care decisions. **Service was provided to** <u>246</u> **clients in SFY 2015.**

Pace is a comprehensive health and social services delivery system that provides and coordinates primary, preventive, acute and long-term care services to the frail elderly as a means for keeping them in their homes and communities for as long as possible.

DAAS SERVICES PROVIDED

ElderChoices is a Medicaid home and community-based program that provides in-home services to individuals 65 and over. These in-home services are designed to delay or prevent institutionalization by maintaining, strengthening, or restoring an eligible client's functioning in his or her own home, that of a caregiver, or foster home. Services may include adult day care, adult day health care, adult family homes, chore, home delivered meals, homemaker, personal emergency response system, adult companion and respite care.

Total	6,936

IndependentChoices began as a consumer-directed Medicaid waiver for Medicaid eligible persons age 18 and above who have a functional need for personal care service. On April 1, 2008 the IndependentChoices program was approved by CMS as a state plan option within the Medicaid Personal Care Program. CMS also approved two home and community based waiver services, Adult Companion Services and Homemaker, as eligible services offered through the IndependentChoices Program. This consumer directed service offers a person a monthly budget in place of traditional personal care. Each participant works with his/her counselor to establish a budget based on his/her individual assessed needs for personal assistance. Eligible persons are able to hire, train, and supervise and pay their own personal care aide and use some of the allowance to purchase goods and services that lessen human dependency needs. The IndependentChoices participant (or his/her designated decision-making partner) will be assisted by a counselor who will coordinate enrollment, provide skills training, and assist with questions as they arise. The participant receives counseling and financial support services at no additional cost to the participant's budget.

Alternatives for Adults with Physical Disabilities (AAPD) provides attendant care and environmental modification services to individuals ages 21 through 64 who are determined physically disabled by either Social Security or the DHS Medical Review Team and who meet the criteria for intermediate nursing home care. The individual's income should be under 300% of the SSI Federal Benefit Rate and meet the resource limits for Medicaid. Persons who qualify will also receive regular Medicaid benefits such as doctor and hospital services. Clients choose their attendants and are responsible for training, hiring, firing, and supervising activities.

Adult Day Care services are community-based group programs designed to meet the needs of functionally and/or cognitively impaired adults through an individual case plan. These structured programs provide a variety of health, social and support services. Adult day centers operate programs during normal business hours with some programs offering evening and weekend services. **These programs served 29 clients in SFY 2015**.

Transportation Service transports a client from one location to another so that the client has access to needed services, care, or assistance, such as medical services, shopping, bill paying, etc. The service may include escort assistance. **This service provided 396,956** one way trips to 6,195 clients in SFY 2015.

Federal Senior Community Service Employment Programs serves persons with low incomes who are 55 years old or over and have poor employment prospects. The program has two purposes: 1) to provide useful community services through part-time, temporary employment where program participants are engaged in community services and 2) to foster individual economic self-sufficiency where participants receive work experience and job skills that can lead to unsubsidized employment. For Program year July 01, 2014 - June 30, 2015, 229 participants were served in the Federal Senior Community Service Community Service Employment Program. For this same time period, 143 participants were served in the State Older Worker Community Service Program.

Information and Assistance is available to all older persons, their families, and friends. The service includes concrete information about services and benefits and where to obtain them. It may include assistance with referral to an agency providing the service or benefit and follow-up to see if the service was satisfactory. **There were 92,183** state referrals given to 88,435 clients during SFY 2015.

Ombudsman Program is a statewide program that advocates for the rights of long-term care residents. It is a program of community advocates that addresses the complaints of nursing home and residential care facility residents. Its representatives provide information on facilities, work for systematic change, and monitor the activities of the regulatory system. Beginning this year DAAS started including the number of residents that the Certified Volunteer LTC Ombudsman visits.

Program Statistics:

Facility complaints	1,845
Resident visits	43,687
Resident and family council meetings	322
Community education sessions	145
Telephone inquiries	4,120

DAAS SERVICES PROVIDED

Money Follows the Person (MFP) Rebalancing Demonstration Grant helps states rebalance their Medicaid long-term care systems. During 2015, the total number of individual served in Arkansas was 110.

MFP Goals

- Increase the use of home and community-based services (HCBS) and reduce the use of institutionally-
- * based services.
 - Eliminate barriers in state law, state Medicaid plans, and state budgets that restrict the use of
- * Medicaid funds to let people get long-term care in the settings of their choice.
 - Strengthen the ability of Medicaid programs to provide HCBS to people who choose to transition out
- * of institutions.
- Put procedures in place to provide quality assurance and improvement of HCBS.

Special Events

* The Governor's Advisory Council on Aging (GACA) is a <u>15</u>-member Advisory Council that meets quarterly.

ADULT PROTECTIVE SERVICES

The Adult Protective Services Unit protects and assists adults, age 18 and older, who are:

- Abused, neglected, or exploited, or any combination thereof; and
- Who are endangered as a result of lack of capacity or impaired from mental or physical disease or defect as these terms are defined by Arkansas Statute.

Adult Protective Services (APS):

- Acts as an advocate for adult Arkansans who are endangered and are impaired or lack capacity.
- Searches for the least restrictive living alternative for individuals who are capable of providing for themselves.
- Strives to involve the adult requiring services, as well as the family, in the decision making process.

Number of Calls to the Hotline for SFY are in excess of: 15,800

ADULT PROTECTIVE SERVICES REFERRALS BY COUNTY STATE MAP

ADULT PROTECTIVE SERVICES

Emergency, Temporary, or Long Term Protective Custody: Approximately 6.10% of the Adult Protective Services investigations of adult abuse, neglect or exploitation resulted in legal action during the course of the fiscal year. Legal jurisdiction resides with the Probate Division of the Circuit Court of the county where the alleged maltreated adult was a resident at the time of the alleged abuse, or the county in which the alleged maltreatment occurred.

DIVISION OF

BEHAVIORAL

HEALTH

SERVICES

INTRODUCTION

Division Overview

The Division of Behavioral Health Services (DBHS), within the Department of Human Services, is responsible for ensuring the provision of public mental health and substance abuse treatment/prevention services throughout the state of Arkansas.

Mental Health Services

The Division of Behavioral Health Services facilitates the provision of public mental health services by operating 222 beds in the Arkansas State Hospital and 285 beds in the Arkansas Health Center (a skilled long-term nursing home facility), by contracting with thirteen local, private non-profit Community Mental Health Centers (CMHCs), and by certifying two private non-profit specialty Community Mental Health Clinics. Priority populations for DBHS mental health services are individuals found not guilty by reason of mental disease or defect, individuals assessed as potentially violent, other forensic clients, adults with a serious mental illness, and children and adolescents with a serious emotional disturbance. The Arkansas State Hospital includes 90 adult acute care beds, 96 forensic beds, and 36 adolescent beds. Admission to acute care beds is through a referral from the state's CMHCs. Admission to forensic beds, for either evaluation and/or treatment, is by a circuit court order. The Arkansas Health Center provides skilled nursing home services for individuals with mental health problems that cannot be effectively managed in other nursing homes. The Center also provides some other specialized nursing home care.

Each of the state's 13 CMHCs provides services in one of 13 designated geographic catchment areas that encompass the entire state. All CMHCs are nationally accredited by either the Commission on Accreditation of Rehabilitation Facilities (CARF) or the Joint Commission on the Accreditation of Healthcare Organizations (JCAHO). CMHCs operate out of 119 sites located in 65 of the state's 75 counties. Services are provided in all counties of the state through off-site outreach. CMHCs provide screenings for all persons referred for publicly supported inpatient care, including at the Arkansas State Hospital and in local psychiatric hospital beds paid for through funds provided to the CMHCs.

Additionally CMHCs provide a comprehensive array of clinical and rehabilitative mental health services including: crisis intervention and stabilization; mental health, psychiatric, psychological and forensic assessment; treatment planning; individual, family, and group therapy; medication management; case management; day treatment/partial hospitalization programs; psychiatric rehabilitation day programs; specialized services for children with serious emotional disturbance, including interagency service coordination and wrap-around; prevention, consultation, and education; and other supportive services such as housing, vocational, and foster care services. The state's two certified Community Mental Health Clinics (Birch and GAIN) provide specialized services for adults with severe and persistent mental illness. Center for Youth and Families is an affiliate of Little Rock Community Mental Health Center and provides services for children and adolescents.

Substance Abuse Services

The Division of the Behavioral Health Services is the single state agency responsible for the funding of alcohol and drug prevention and treatment services, providing court ordered treatment, licensing of alcohol and drug treatment programs, overseeing the State Methadone Authority, administering the Drug and Alcohol Safety Educational Programs, providing treatment ordered by juvenile drug court, and assisting with providing training in the field of substance abuse.

INTRODUCTION

Substance Abuse Services (Continued)

DBHS distributes federal funds from the Substance Abuse Prevention and Treatment Block Grant to provide alcohol and drug prevention and treatment services in the state.

Prevention Services are funded through 2 grants (Block Grant and Partnership for Success (PFS)) to provide subgrants and to contract with local programs, communities and other organizations to provide an array of prevention services and data collection and analysis. Sub-grants include the 8 Regional Prevention Providers (RPR) and 37 Partnership for Success Grantee in the state that are designed to respond to the needs of a particular geographical area to support its prevention initiatives

DBHS licenses 54 alcohol and drug treatment programs in the state and approves Opioid Treatment Programs. DBHS is responsible for overseeing the provision that court-ordered persons receiving treatment meet the requirements of the Substance Abuse Commitment Law. Alcohol and drug treatment services are provided through various funding sources. DBHS funds the following treatment services:

- Alcohol and Drug Detoxification services are provided by all eight funded providers to persons needing supervised withdrawal from some type of substance abuse. DBHS also funds one medical detox program.
- Eight funded residential/outpatient treatment centers that provide alcohol and drug counseling service coupled with room and board when necessary.
- Court-Ordered Referral and Treatment Program providing court ordered treatment for clients committed to treatment under the Substance Abuse Commitment Law from Central Arkansas;
- Five secure treatment beds that provide secure treatment for court committed clients from outside of the Central Arkansas Area;
- Six Special Women's Services programs which allows a parent to bring up to two children into treatment with her. Other services include alcohol and drug counseling, parenting skills, room and board, transportation, referral for medical services, job readiness and child care;
- Two residential adolescent treatment programs that provide residential alcohol and drug treatment;
- Six licensed Opioid Treatment Program (methadone maintenance treatment) providing medication and outpatient drug counseling to opiate abusing clients including one program (i.e. UAMS) funded by DBHS;

DBHS administers and funds eight Drug and Alcohol Safety Educational Programs (DASEP). DASEP is responsible for providing the court with a Pre-sentence Screening Report on all persons adjudicated for Driving While Intoxicated/Driving Under the Influence of alcohol or other drugs. Educational services are also provided by DASEP for those offenders required to take an educational course to get their driver license reinstated.

DBHS funds the Arkansas Prevention Certification Board which oversees the quality of persons providing alcohol and drug counseling and prevention services. DBHS also administers two major data collection efforts that include the Arkansas Prevention Needs Assessment Student Survey conducted and published annually, and the Risk Factors for Adolescent Drug and Alcohol Abuse in Arkansas, an archival data report compiled from various state data sources.

INTRODUCTION

Substance Abuse Services (Continued)

Training services for the field of alcohol and drug services are funded by DBHS through contract and grants with Mid-South Addiction Training Network, Mid-South Summer School, and the Prevention Institute. These organizations provide training throughout the state for persons working in the field of substance abuse.

Number of Clients Served

During SFY 2015, 69,398 persons received mental health services through DBHS mental health programs, 18,029 received substance abuse treatment services, and 66,000 received alcohol and substance abuse prevention services. Tables 7 through 10 show the unduplicated number of mental health clients served by each provider. The total served in these tables (71,373) represents the duplication across providers in the system. Thus, there were 1,975 instances (71,373 - 69,398) during the year of a person who had received mental health services from one provider, also receiving mental health services from another provider. For SFY 2015, Substance Abuse Services reports no duplication across providers. A total of 18,029 unduplicated persons received substance abuse treatment services.

DIVISION OF

CHILDCARE AND

EARLY CHILDHOOD

EDUCATION

INTRODUCTION

DCCECE MISSION STATEMENT

Together we improve the quality of life of all Arkansans by protecting the vulnerable, fostering independence and promoting better health

OVERVIEW

Act 1132 of 1997, established the Division of Child Care and Early Childhood Education within the Arkansas Department of Human Services. The purpose of the Division is to enhance the coordination of child care and early childhood education programs within the state. This coordination ensures a seamless delivery of service to low-income families and those who are moving from welfare to work.

The Division working with the Early Childhood Commission, adopted the following mission statement:

The mission of the Arkansas Early Childhood Commission is "As good stewards of the public trust, we will advise the Division of Child Care and Early Childhood Education in supporting the optimal and ongoing development of young children in Arkansas."

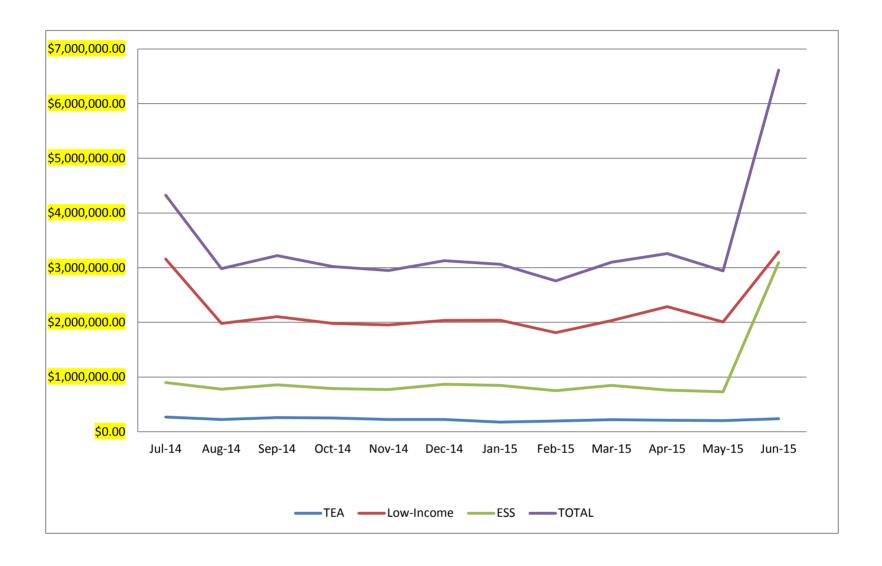

The Arkansas Early Childhood Commission goals are as follows:

- To improve the overall quality of care in infant and toddler programs
- To engage families in the child's education through research-based programs that enhance child outcomes and success in school
- State policies should create an integrated system of professional development uniting the early childhood sectors child care; Head Start, Pre-K; public schools; early intervention and special education services. (Adopted from Workforce Designs National Association for the Education of Young Children)
- To support restructuring, expanding and growing Better Beginnings/Quality Rating Improvement System
- Strengthen and expand local and state partnerships with other agencies and organizations for connected action (Established April 2009)
- Create awareness of Health and Nutrition Programs and educate parents, children and child care providers on the benefits of a healthy lifestyle.

CHILD CARE ASSISTANCE PROGRAMS

The Child Care Assistance Program began in 1989. The initial purpose of this program was to provide subsidized child care services to low-income families utilizing child care voucher services. The families must be working, enrolled in an educational program, or attending training. Child care voucher services are also provided to families and children needing Protective Services and Foster Care. In 1997 with the authorization of welfare reform, the process was expanded to include families receiving Transitional Employment Assistance (TEA) and families transitioning from TEA to Extended Support Services (ESS).

PROGRAM & PROFESSIONAL DEVELOPMENT

THE QUALITY PERSPECTIVE

The DCCECE Program and Professional Development Unit (PPD) is in a unique position of providing support services to child care providers, families, early care professionals and DCCECE staff. The staff guide and direct improving the quality, availability and accessibility of care for Arkansas children through the Better Beginnings incentive funds; ABC and CCDF professional development contracts; Birth through Prekindergarten Teaching Credential; economic development grants; Child Care Aware of Arkansas Network; educational resources; and Technical Assistance System.

DIRECTOR'S ORIENTATION

Directors Orientation supports new administrators in successfully fulfilling their responsibilities. The course is provided in four six-hour modules and is required for all new directors of licensed child care centers in Arkansas. CEUs and ADE credit are available upon completion of the 24 clock hours (2.4 CEUs). An outline of the content is listed below.

- •Directors Orientation A Minimum licensing rules and regulations and Better Beginnings
- •Directors Orientation A-2 Risk management including playground safety, safe sleep and supervision, technology, shaken baby syndrome, and child maltreatment
- •Directors Orientation B Communication, professionalism and the NAEYC Code of Ethical Conduct
- •Directors Orientation C Brain development research, developmentally appropriate practice, ages and stages, early childhood environments, positive guidance and curriculum

47 courses were held with 1,450 participants attending for FY 2015.

PROGRAM & PROFESSIONAL DEVELOPMENT

BETTER BEGINNINGS INCENTIVE GRANTS

Arkansas' Better Beginnings is a voluntary quality rating and improvement system, requires increasing progress by providers in several component areas—administration, administrator and staff qualifications, professional development, learning environment, facility assessment, and child health/development. Participating child care providers' quality ratings will be posted on the Better Beginnings Web site. This resource will help to inform parents as they make decisions about care for their children.

In July 2010, all grants were consolidated under the Better Beginnings Incentive Program. Providers can access grant funds after signing on to Better Beginnings and achieving at least level one. The grants are divided into two parts: Incentive and Professional Development. The incentive portion has four areas to choose from: Administration, Environmental, Development/Family Involvement and Other. The professional development portion is to assist providers in getting their required professional development hours.

In the 2014-2015 grant year, there were a total of 1,135 programs awarded Better Beginnings grants equalling \$2,218,500.00.

PROFESSIONAL DEVELOPMENT

The Arkansas Early Childhood Professional Development System (AECPDS) was developed and guidelines were promulgated in 2004. The purpose of the system is to create a coordinated system of professional development for early care and education providers in Arkansas. The implementation of the system was made possible through five working committees with the oversight of a steering committee. An evaluation of the system was completed September 2007 with recommendations for improving the competency areas, the three registries, the career lattice and to include on-going work with higher education. During 2008-2009, the system was rebranded and renamed Traveling Arkansas Professional Pathways (TAPP). The Practioner Register now has 44,082 participants and the Trainer Registry has 1,346 verified trainers.

The Arkansas Early Childhood Professional Development Registry tracks practitioners and trainers in an effort to increase training and education levels and to ensure quality educational opportunities.

PROFESSIONAL DEVELOPMENT AND TRAINING ACTIVITIES

DCCECE contracts with educational agencies and Universities to provide professional development at no cost to early childhood professionals. The training is based on the 8 key content areas: Child Growth and Development; Learning Environment and Curriculum; Positive Interactions and Guidance; Family and Community; Child Observation and Assessment; Health, Safety, and Nutrition; Professional Development and Leadership; and Program Planning and Management. In 2014-2015, 5,492 trainings were provided to 79,023 practitioners in 74 counties.

PROGRAM & PROFESSIONAL DEVELOPMENT

PRE-K EARLY LEARNING LITERACY IN ARKANSAS (ELLA)

Pre-K ELLA is designed to provide guidance to early childhood educators with strategies and techniques in delivering balanced literacy opportunities that provide a strong foundation for school and life success to young children in Arkansas. DCCECE contracts with 14 other agencies, including the University of Arkansas at Fayetteville, that coordinates the 30 hour training.

Pre-K ELLA Classes from March 1, 2012 - June 30, 2015					
2012-13 2013-14 2014-15					
Enrolled	802	586	643		
Graduates	608	383	487		
% Completion	76%	65%	76%		
Classes	59	49	49		

EARLY LEARNING STANDARDS (INFANT/TODDLER FRAMEWORK AND PRESCHOOL FRAMEWORK)

Early Learning Standards classes provide a foundation for early care providers in early learning standards, benchmarks, strategies, activities, and development of curriculum using to the Early Learning Standards and Kindergarten Readiness. This training also addresses the observation and assessment of young children.

Early Learning Standards Classes from July 1, 2012- June 30, 2015

PROGRAM SUPPORT

ARKANSAS CHILD CARE FACILITIES LOAN GUARANTEE FUND

Loan guarantees are made to assist with the development of new facilities or expansion of existing facilities, particularly in low-income, rural areas that demonstrate a need for additional quality child care. Guarantees are available to a maximum of \$25,000 and may be used for operating capital, as well as capital outlay.

PROGRAM	July 1, 2013	July 1, 2014	July 1, 2015
Guarantee Fund Investment	\$449,355	\$453,106	\$365,842
Current Total Guarantees in Place (Fund Exposure)	\$3,410	\$0	\$0
Current Total of Loans Guaranteed	\$4,263	\$0	\$0
Participating Financial Institutions	1	1	1
Total Defaults	none	none	none
Capital Reduction (Accrued Interest Applied Before Capital is Accessed)	\$-0-	\$-0-	\$0.00
Total Guarantee Applications Denied/Rescinded	\$-0-	\$0	\$0

COMMUNITY DEVELOPMENT BLOCK GRANT PARTNERSHIP WITH ARKANSAS ECONOMIC DEVELOPMENT

DCCECE and Arkansas Economic Development Commission (AEDC) have a working partnership to assist in the development of quality child care programs in Arkansas. DCCECE provides the pre-application review for AEDC to determine the viability of potential child care projects. AEDC provides grant funding for construction or renovation of child care facilities which will serve a majority of low to moderate-income children. These grants are available only to city or county governments.

PROGRAM	PROGRAM MEASUREMENTS	2012-13	2013-2014	2014-2015

AEDC	Number of Projects Completed	0	1	0

CHILD CARE RESOURCE CENTER

DCCECE closed the Arkansas Child Care Resource Center to the public during the 2013-2014 year. A new resource center library was opened in North Little Rock to serve area practitioners. The Division continues to mail out printed resources to early childhood professionals including the Getting Ready for Kindergarten Calendar.

PROGRAM MEASUREMENTS	2012-13	2013-14	2014-15

Better Beginnings Items Mailed Out	568	438	127**
Number of Items Checked Out	79,403	N/A*	N/A*
Number of Items Mailed Out	78,625	72,317	50,016**

^{**} Distribution of Mail Outs decreased due to supply of publications on hand at the end of the fiscal year.

PROGRAM & PROFESSIONAL DEVELOPMENT

CHILD CARE RESOURCE AND REFERRAL CENTER

Child Care Aware Resource and Referral Agencies are contracted to provide technical assistance to child care providers, maintain a child care referral database of licensed and registered programs within their defined region and provide professional development training. For child care programs, CCA Agencies provide: information and assistance concerning Arkansas's quality rating program, Better Beginnings; Resource and Lending Libraries; free marketing; and assistance in starting your own child care program. For families, CCA Agencies provide: information on choosing high-quality child care and education, guidance. For community partners and businesses, CCA Agencies consult with employers on child care options for employees. Parents can access information on all licensed/registered child care homes and centers by accessing the DCCECE web site at: http://www.arkansas.gov/childcare/ or through the 1-800-445-3316 line.

	New Provider Kits Inquiries	1,040	452	504

Lower numbers due to the following reasons:

Child Care Aware Resource and Referral Agencies

The Child Care Aware Resource and Referral Agencies offer training opportunities to early childhood education programs in their regions, including (Nutrition and Physical Activity-Self Assessment for Child Care) NAPSACC, Family Child Care Business Training and Ages and Stages Questionnaire.

NAPSACC Training

The NAPSACC training program has been in existence for 7 years and has grown from 4 sites during Year 1 to 262 sites last year. The NAPSACC program offers a series of 4 training topics and concludes with a self-assessment and action plan for improving nutrition and physical activities for children and adults in the programs. CCA of Northcentral AR houses the information for data purposes. The number of sites include all programs funded from the Department of Health, programs funded through DCCECE contractual work with Child Care Aware Agencies, and programs needing a refresher from Child Care Aware.

SCHOOL READINESS INDICATORS

The University of Arkansas at Little Rock (UALR) Children's Data Center/Institute for Economic Advancement continues to gather and track school readiness indicators and provides data for policy planning. The ability to establish trend data that informs our policy decisions occurs through use of the trending reports. Additional child health indicators are incorporated each year and the "Getting Ready For School" report is released each Fall. The Division is working with UALR/Institute for Economic Advancement on an interactive web-based portal making available information on all early care and education programs, projects, funding and resources. Because of the project's complexity and desire to make it a viable resource, the launch of the website has been postponed until the 2014-15 year.

New initiatives to support the implementation of the Better Beginnings/Quality Rating and Improvement System, are as follows:

Quality Rating and Improvement System:

- *Quality Care Education and Outreach Campaign
- *Quality Care development of tool kits and training
- *QRIS Evaluation of standards and processes
- *Targeted coaching project implemented to help child care providers increase their quality

^{*}SE-Staff turnover and unavailability of tech services

^{**}NE-Online search for child care is available for parents using the online service; parking is limited to the Resource Center; and Better Beginnings and Technical Assistance staff are available in office to answer calls.

PROGRAM & PROFESSIONAL DEVELOPMENT

Child Health and Well-Being:

- -Foster Care/Infant Care best practices working with families and the current court system-joint projects with DCFS
- -Special Quest/Local Teams implement strategies for Inclusive Care for Children with Special Needs/joint project with Head Start and DDS
- -Child Health Care Consultants/Infant Toddler Specialists assigned to each of the 6 Child Care Resource and Referral agencies
- -Ages and Stages Parent Questionnaire Developmental Screening/training, implementation and evaluation in high voucher usage programs sites

Child Guidance and Behavior/Social Emotional Development:

- -Al's Caring Pals: for Family Child Care/Social-emotional curriculum/training of trainers and delivery to family child care.
- -TIPS/Brief Parenting Interventions-tip sheets-training for teachers and caregivers in high voucher use programs to assist parents with child behavior issues

Parenting:

-Family Support staff host Teen Parent meetings and meet with voucher case heads once every one or two years depending on the Better Beginnings level of the facility the child is attending.

Infant/Toddler Care:

- -Infant Toddler Education Frameworks/Training of Trainers and expanded delivery of framework training
- -Infant and Toddler Specialists in six (6) local Child Care Resource and Referral Centers to develop new Infant/Toddler programs

School Age/Youth Development Programming:

-Introduction to the 40 Developmental Assets:

This training introduces youth workers to the 40 common sense, positive experiences and qualities that influence the choices young people make as well as how to create an intentionally rich asset-based afterschool program. This training is required for school-age programs participating in Better Beginnings.

-Arkansas Youth Development Institute (YDI):

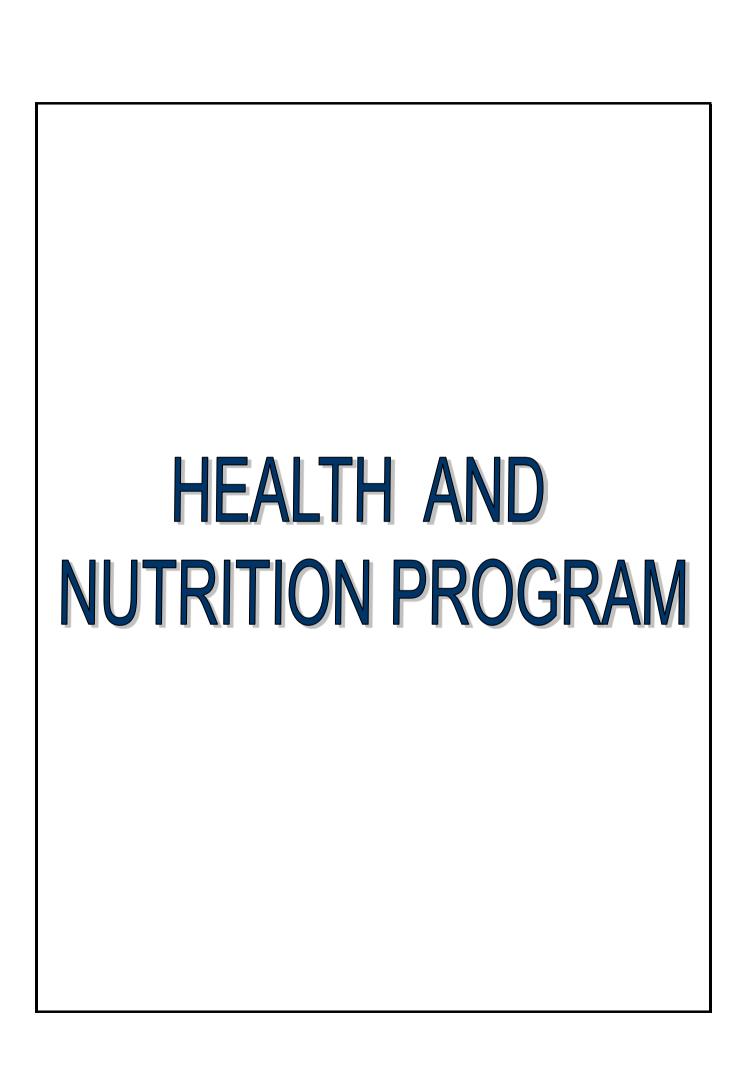

YDI consists of 20 online professional development courses for front line youth workers whose OST programs serve children and youth in grades K-12. By taking a series of these trainings, youth workers can receive the Youth Worker Orientation Certificate.

-Summer Learning Day:

Summer Learning Day is a national advocacy day, with local and statewide events. The goal is to increase awareness of the importance of summer learning for our nation's youth in helping close the achievement gap and support healthy development in communities all across the country. www.summerlearning.org

-Statewide Out of School Conference:

The annual statewide conference offers training to increase the knowledge and skills of out of school time professionals. The conference is a collaboration of ASU Childhood Services, the Arkansas Out of School Network, and the Arkansas Department of Education.

HEALTH & NUTRITION PROGRAM

The Health & Nutrition Program provides reimbursement for well-balanced, nutritious meals served to individuals enrolled in participating programs. Total grants for these programs were \$78,921,238 for SFY 2014 and \$71,449,089 in SFY 2015. Funds for all programs must be added together to capture the grand total.

Child and Adult Care Food Program

This program provides reimbursement to organizations providing licensed nonresidential day-care services. Adult day-care centers may participate. Organizations may be reimbursed for two meals and one supplement or one meal and two supplements per day.

	SFY 2014	SFY 2015
Number of Contracts	565	535

LICENSING AND ACCREDITATION

The Child Care Licensing Unit was placed with the Division of Child Care and Early Childhood Education following the passage of Act 1132 in 1997. The Accreditation program became part of the unit in 2005 when the Division began work on "Better Beginnings", a quality rating and improvement system for licensed center and home child care providers. In July of 2009, the Placement and Residential Licensing Unit was placed with the Division. With this growth, the unit was renamed the Licensing and Accreditation Unit, which consists of three parts: Child Care Licensing, Better Beginnings, and Placement and Residential Licensing.

The Licensing and Accreditation Unit is responsible for licensing child care situations where more than five (5) children are cared for, maintaining the Voluntary Registry for persons providing care to five (5) or fewer children and choose to be registered, administering Better Beginnings, and the licensing of child placement, residential, and adoption agencies. The unit routinely inspects licensed centers and licensed and registered homes a minimum of three (3) times per year. Some licensed centers or homes that are Better Beginnings level 2 or higher and have high levels of compliance may be placed on a reduced monitoring schedule. Technical assistance and consultative services are provided to licensed and registered programs, applicants, parents, and to programs that are participating in, or who have applied for, Better Beginnings.

The Child Care Licensing unit investigates complaints of non-compliance on licensed and registered child care facilities. The Unit also assists the Crimes Against Children Division of the Arkansas State Police, and the Division of Children and Family Services in the investigation of child maltreatment complaints in these facilities. The Child Care Licensing Unit is responsible for processing and tracking background checks on all child care owners/operators and employees through the FBI, State Police, and the Arkansas Child Maltreatment Central Registry. Child Care Licensing ensures that appropriate corrective action is taken on any persons found to have a record of child maltreatment and that persons who have a conviction of a prohibited offense are removed from child care.

The Better Beginnings Unit is responsible for maintaining a quality accreditation system which consists of three quality tiers above minimum licensing requirements. Providers qualifying for levels above minimum licensing are entitled to grants and other incentives, based on their level. Implementation of Better Beginnings began in July 2010. The goal of the Better Beginnings Unit is to improve the quality of care for children in child care settings by increasing the number of programs participating in Better Beginnings. The Better Beginnings program started with 684 programs participating. At the end of SFY2015, it had 1,118 total programs participating. This indicates an increase of 63%.

The Placement and Residential Licensing Unit is responsible for licensing child placement and residential agencies. This includes state and private agencies that have one or more programs such as placement, foster care, therapeutic foster care, residential facilities, psychiatric facilities, sex offender facilities, emergency shelters and adoption agencies. The Placement and Residential Licensing Unit investigates complaints of non-compliance on licensed agencies. The unit also assists the Crimes Against Children Division of the Arkansas State Police, and the Division of Children and Family Services in the investigation of child maltreatment complaints in these facilities. The Licensing staff members ensure that appropriate corrective action is taken on any persons found to have a record of child maltreatment, and that persons with a prior conviction of a prohibited offense are removed from caring for children.

Arkansas Better Beginnings is a building block system, with each level building on the previous level.

- Level 1 is achieved when all requirements for that level are documented.
- Level 2 is achieved when all requirements for Levels 1 and 2 are documented.
- Level 3 is achieved when all requirements for Levels 1, 2 and 3 are documented.

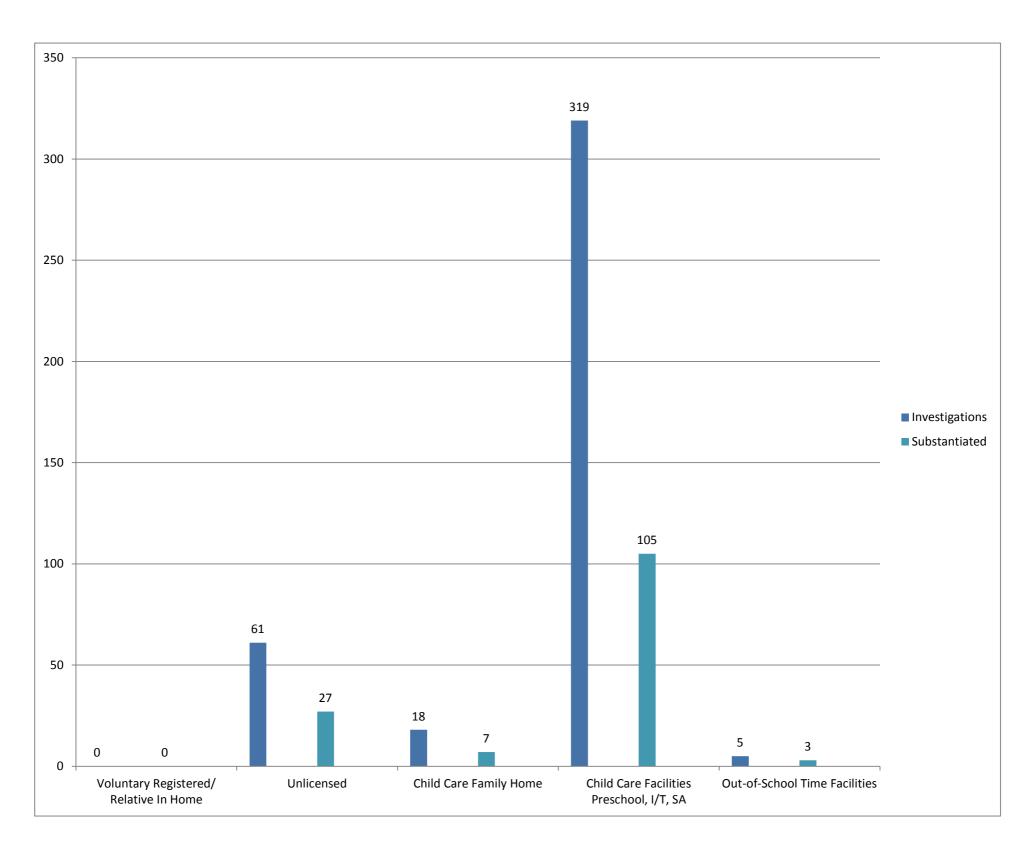

The center's quality level affects the availability of grants, as well as tax credits that may become available to those who choose to send their child to higher level facilities

DIVISION OF CHILDREN AND FAMILY SERVICES

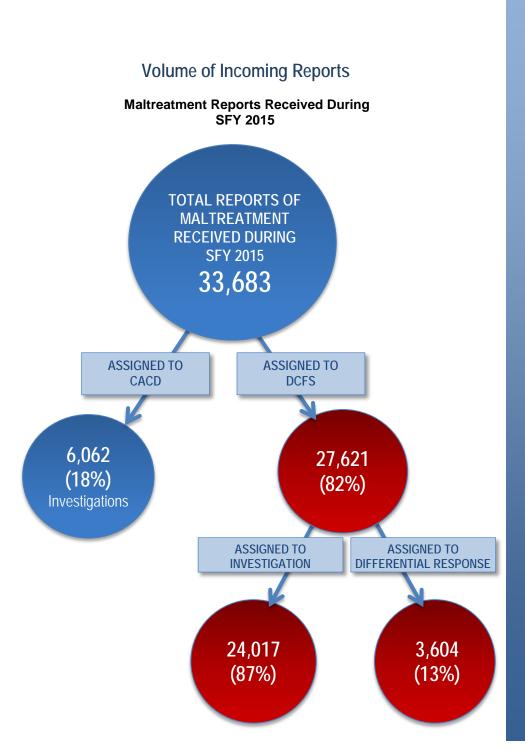

Produced for Arkansas Department of Human Services Division of Children and Family Services by Hornby Zeller Associates, Inc.

Reports of Child Maltreatment

Quick Facts

Volume and Description of Child Maltreatment Reports

Of the 33,683 reports of child maltreatment accepted by the Arkansas Child Abuse Hotline during State Fiscal Year (SFY) 2015, 82 percent were assigned to DCFS and 18 percent were assigned to the Crimes Against Children Division (CACD) of the Arkansas State Police, which is responsible for investigating the most serious allegations of maltreatment.

Of the reports assigned to DCFS, 87 percent were assigned for an investigation and 13 percent were handled through Differential Response (DR).

DR, which was implemented statewide in August 2013, allows the Division to respond to specific, lowrisk maltreatment reports through a family assessment and provision of services rather than a traditional investigation.

The following types of allegations can qualify for DR:

- Inadequate Supervision if children are at least five
- Environmental Neglect if children are at least three
- Medical Neglect if children are at least thirteen
- Lock Out if children are at least ten
- Inadequate Food, Inadequate Shelter, Inadequate Clothing, and Educational Neglect with no age restrictions.
- Certain allegations of abuse where the incident occurred at least one year prior to the report date.

Quick Facts

Findings of Child Maltreatment Investigations

Twenty-one percent of the investigations assigned to DCFS during SFY 2015 were found true, compared to 37 percent for CACD. The overall substantiation rate stood at 24 percent.

Percentage Of Investigations Found True 50% 41% 36% 37% 35% 40% 25% 30% 22% 24% 22% 22% 21% 20% 20% 20% 10% 0% SFY 2012 SFY 2013 SFY 2014 SFY 2015 DCFS CACD All Investigations

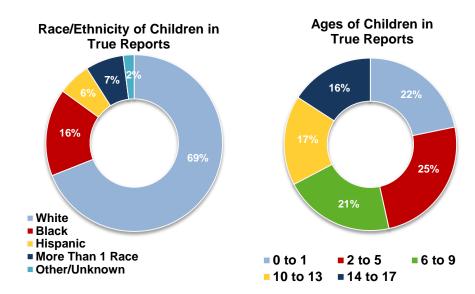

The National Percentage is 19 Percent

Characteristics of Children Involved in True Investigations

There were 9,543 victim children involved in the maltreatment investigations that were found true.

Of those children, 69 percent were white and 16 percent were black. Children ages two to five represented the largest group involved in true maltreatment investigations.

A majority of the victim children during SFY 2015 (55 percent) were female.

Types of Allegations in True Investigations

The majority of the 9,543 victim children in true investigations were involved in allegations of neglect, followed by allegations of physical abuse and sexual abuse.

Percentage of Children in True Allegations of Maltreatment						
	Number of Children Cited in True Allegation	Percentage of Children Cited in True Allegation				
Neglect	6,356	67%				
Physical Abuse	2,084	22%				
Sexual Abuse	1,913	20%				

A child may have more than one allegation.

Quick Facts

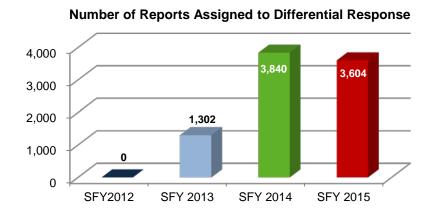

Reports Involving Fatalities or Near Fatalities

Findings of Maltreatment Reports Involving Fatalities or Near Fatalities						
Finding	Child Fatality	Near Child Fatality				
True	38	0				
Unsubstantiated	8	3				
Pending	5	0				

During SFY 2015, there were 51 maltreatment investigations of a child fatality and three investigations concerning a near child fatality. Of the 51 child fatality investigations, 38 were found true, eight were unsubstantiated, and five were still pending. Of the three near child fatality investigations, all three were unsubstantiated.

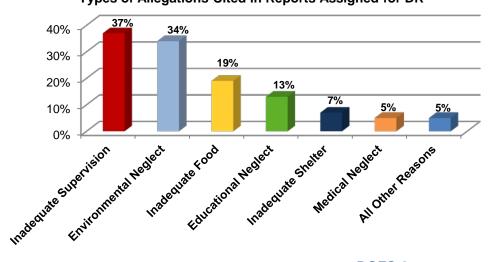

Appendices G and H include more details regarding these fatality and near fatality cases.

Reports Assigned for Differential Response (DR)

The number of reports assigned to DR (3,604) during SFY 2015 decreased by six percent compared to SFY 2014.

Types of Allegations Cited in Reports Assigned for DR

Allegations Cited in DR Reports

Inadequate Supervision and Environmental Neglect were the most commonly cited allegations in reports assigned to DR. Since more than one type of allegation can effect a child, these percentages will add to more than 100%.

Quick Facts

Meeting Agency Policies

Timeliness of Initiating Investigations

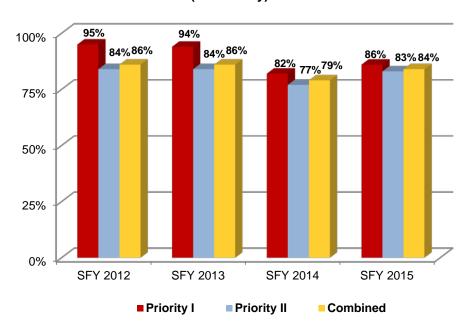

The law requires reports of maltreatment to be initiated within 24 hours of a Priority I report or within 72 hours of a Priority II report.

Priority I reports cite more severe allegations while Priority II reports cite comparatively less serious allegations.

Initiation occurs when all victim children are interviewed or observed (if too young for an interview) within the designated timeframes.

DCFS initiated 84 percent of its investigations on time during SFY 2015, performing slightly better in its Priority I investigations than Priority II.

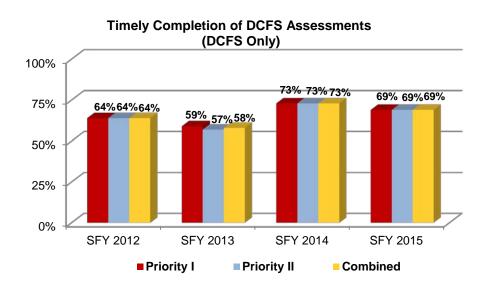

Timely Initiations of Child Maltreatment Assessments (DCFS Only)

Timeliness of Completing Investigations

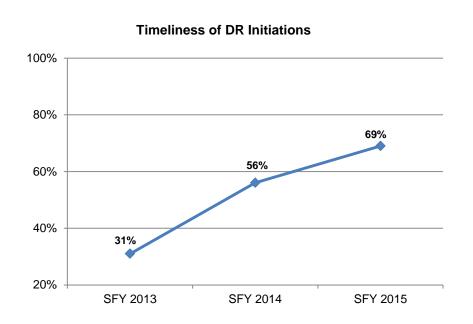

DCFS completed 69 percent of its investigations on time (within 45 days of receipt of the report) during SFY 2015.

The law was changed in August of 2013, extending the timeframe required to complete investigations from 30 days to 45 days.

Quick Facts

Timeliness of Initiating Reports Assigned to DR

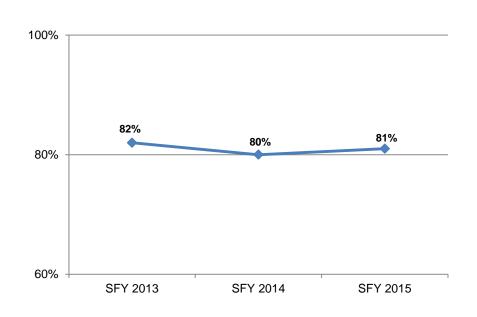

DR referrals must also be initiated within certain time periods. At least one of the alleged victim children and a parent must be interviewed face-to-face within 72 hours. Furthermore, all family members (DR participants) must be interviewed face-to-face within five days. Both must happen within the designated timeframe for the report to be deemed initiated on time.

DCFS initiated 69 percent of its DR reports on time during the year, a considerable improvement from the previous two years.

Timeliness of Completing Reports Assigned to DR

Timeliness of DR Closures (Within 30 Days)

Reports assigned to DR must be closed within 30 days of receipt of the report. In certain instances when the families' needs necessitate longer involvement, two 15-day extensions can be granted, for a total of 60 days.

The agency closed 81 percent of its DR reports on time, taking into account reports in which extensions were granted.

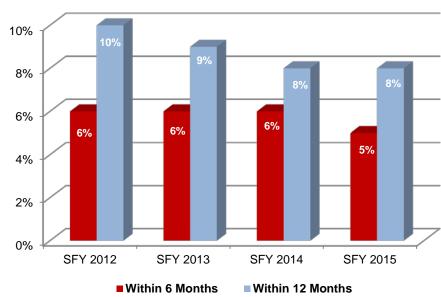

Quick Facts

Benefits to Children and Families

Preventing the Recurrence of Maltreatment

Eight percent of the victim children involved in true investigations experienced a recurrence of maltreatment within 12 months. Five percent experienced a recurrence of maltreatment within six months.

Recurrence of Maltreatment within 6 and 12 Months

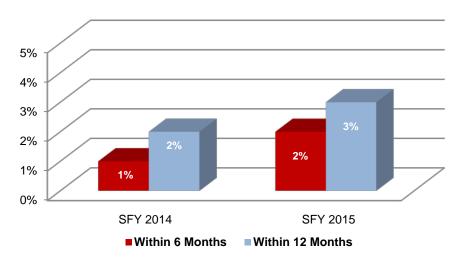

The National Standard for absence of recurrence within six months is 5.4 percent or less

Absence of Recurrence Among Families who Received DR

Only two percent of the children who began receiving DR services were involved in a true investigation of child maltreatment within six months and only three percent within 12 months.

Percentage of Children Involved in True Maltreatment Reports Within 6 and 12 Months of Receiving DR

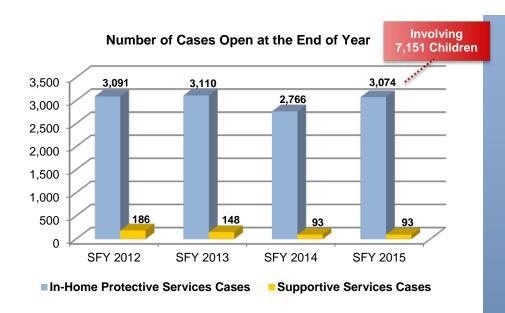

In-Home Services

Quick Facts

Volume and Description of Cases

Volume of Cases

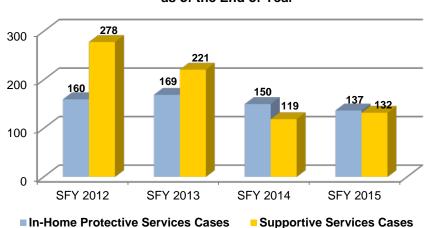

In most instances DCFS offers inhome services through a protective services case, which is opened when a true maltreatment report or court order necessitates DCFS' involvement with a family but there is not an immediate threat to any child's safety in the home.

The number of in-home protective services cases open at the end of SFY 2015 increased by 11 percent compared to one year ago. At the end of the year, there were 3,074 inhome cases open across the state, involving 7,151 children.

The Division also offers some inhome supportive services to families on a voluntary basis. DCFS was responsible for 93 supportive services cases at the end of the year.

Length of Time Cases Have Been Open

Average Number of Days Cases Have Been Open as of the End of Year

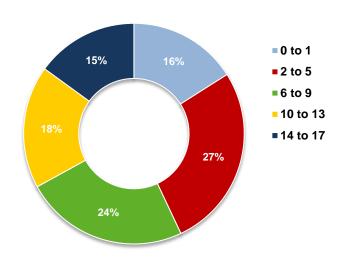

The average length of time inhome cases were open as of the end of the year was about four and a half months (137 days). Supportive services cases were open for just over four months on average (132 days).

Quick Facts

Ages of Children in In-Home Cases

Children ages two to five make up the largest group of children involved in in-home cases at the end of SFY 2015, followed closely by children in the six to nine age group.

Ages of Children in In-Home Cases

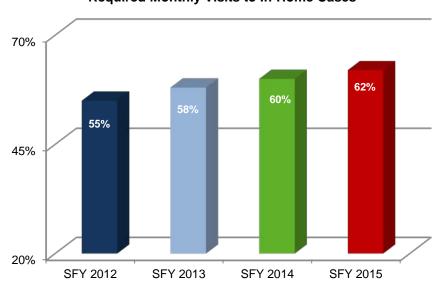

Meeting Agency Policies

Monthly Visits to In-Home Cases

On average, 62 percent of the inhome cases received a face-toface monthly visit from a caseworker during SFY 2015.

Required Monthly Visits to In-Home Cases

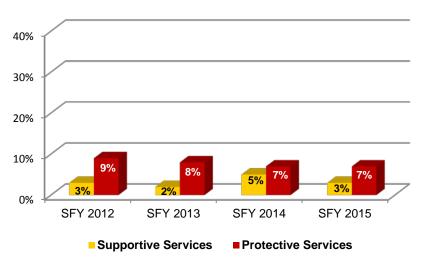

Quick Facts

Benefits to Children and Families

Victimization Rate Among Children Who Received Protective and Supportive Services

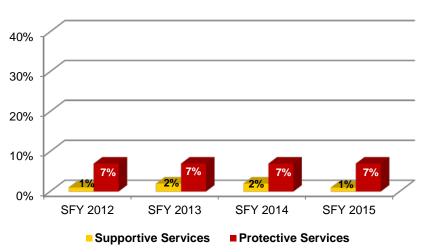

Percentage of Children Receiving Supportive and Protective Services who were Abused or Neglected within One Year of the Initiation of Service

Of the children who began receiving supportive services one year prior to SFY 2015, three percent experienced a true report of maltreatment within one year. Of the children who began receiving in-home protective services one year prior to SFY 2015, seven percent were involved in a true report within one year (93 percent were not).

Rate of Entry Into Foster Care Among Children Who Received Protective and Supportive Services

Percentage of Children Receiving Supportive or Protective Services who Entered Foster Care within One Year of the Initiation of Service

Of the children who began receiving supportive services one year prior to SFY 2015, one percent entered foster care within one year of the initiation of those services. Meanwhile, seven percent of the children who began receiving protective services during the same timeframe entered care within one year.

In-home services prevented the vast majority of the children from being re-victimized or entering foster care within one year of initiation.

Quick Facts

Foster Care

Volume and Description of Cases

Number of Children in Foster Care

There were 4,418 children in foster care at the end of SFY 2015. This signified an eight percent increase from SFY 2014 (4,106).

Number of Children in Foster Care at End of **SFY 2015**

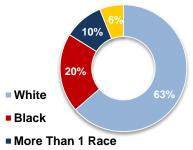

Characteristics of Children in Foster Care

Children two to five years of age (25 percent) represent the largest group of children in foster care. Sixty-three percent were white and 20 percent were black.

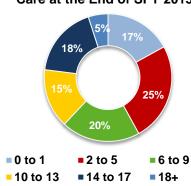

Of the children in foster care at the end of SFY 2015, 52 percent were male and 48 percent were female.

Race/Ethnicity of Children in Care at the End of SFY 2015

Hispanic

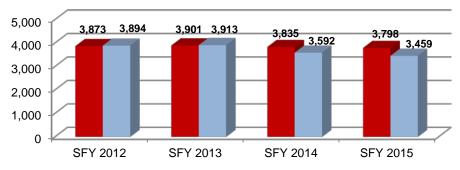

Ages of Children in Foster Care at the End of SFY 2015

Admissions Into and Discharges From Foster Care

During SFY 2015, more children entered foster care than were discharged.

Number of Admissions Into and Discharges From Foster Care During SFY 2015

■ Children Entered Into Foster Care ■ Children Discharged From Foster Care

Quick Facts

Reasons for Children's Entry Into Foster Care

Reasons for Children's Entry Into Foster Care SFY 2015

Placement Reason	Number of Entries	Total
Neglect	1,962	52%
Substance Abuse	1,953 ¹	51%
Parent Incarceration	741	20%
Physical Abuse	431	11%
Inadequate Housing	355	9%
Sexual Abuse	271	7%
Caretaker Illness	173	5%
Child's Behavior	105	3%
Abandonment	105	3%
Truancy	66	2%
Death of Parent(s)	16	<1%
Other	41	1%

Neglect and substance abuse were the most prevalent reasons for children entering foster care.

A child may have more than one reason for entry.

Reasons for Children's Discharge From Foster Care

Reasons for Children's Discharge From Foster Care SFY 2015

Placement Reason	Number of Discharges	Total
Reunification	1,384	40%
Relative Custody	1,070	31%
Adoption	693	20%
Child Aged Out	204	6%
Non-Relative Custody	76	2%
Custody Transfer	13	<1%
Guardianship	11	<1%
Death of Child	4	<1%
Other	4	<1%

National data indicate that the three most prevalent reasons children leave care are reunification (52%), adoption (20%) and relative care (8%).

Seventy-one percent of the children who left foster care during SFY 2015 were reunified either with their own family or that of a relative. Arkansas (91 percent) exceeds the national average of 80 percent of children either going home, to a relative, or to an adoptive home.

¹ These 1,953 cases of substance abuse include 1,735 instances of parental drug abuse, 154 instances of parental alcohol abuse, 60 cases of drug abuse by children, and four cases of alcohol abuse by children.

Quick Facts

Length of Stay in Foster Care

Of the children in foster care at the end of SFY 2015, 45 percent had been in care longer than 12 months.

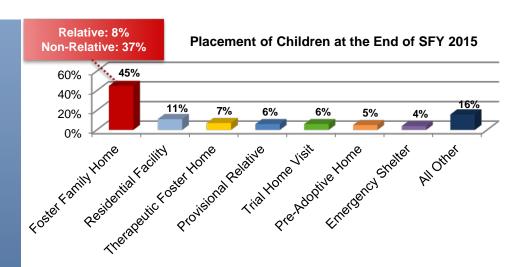

Length of Stay in Foster Care for Children in Care SFY 2015

	Number F	Percentage	National ²
Less than 30 days	288	7%	11%
30-90 Days	631	14%	15%
3-6 Months	702	16%	1576
6-12 Months	825	19%	20%
12-24 Months	1,018	23%	27%

Placement of Children in Care

Forty-five percent of the children in foster care at the end of SFY 2015 resided in foster family homes.

Overall, 69 percent of the children resided in a family-like setting (foster family home, therapeutic foster home, relative care, pre-adoptive home, trial home visit) at the end of SFY 2015.

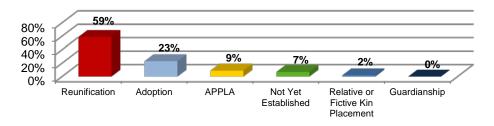

Permanency Goal of Children in Care

The majority of the children in care at the end of SFY 2015 had a permanency goal of reunification (return home) and almost a quarter had a goal of adoption.

APPLA – Another Planned Permanent Living Arrangement

Permanency Goals of Children in Foster Care at the End of SFY 2015

² Adoption and Foster Care Analysis and Reporting System (AFCARS) preliminary data submitted for children in foster care between 10/1/2012 and 9/30/2013 as of July 2014.

Quick Facts

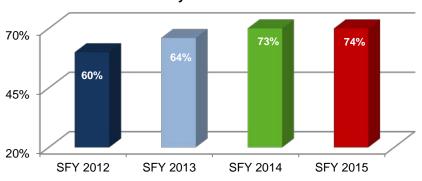

Meeting Agency Policies

Monthly Visits to Foster Children

Seventy-four percent of the foster children statewide received a face-to-face monthly visit from a DCFS caseworker, on average, during SFY 2015. To ensure safety and wellbeing, best practice requires foster children to be visited at their placements by their caseworkers monthly.

On average, 92 percent of the foster children received a face-to-face monthly contact from any DCFS staff member, regardless of the staff member's position, location of the visit, or the purpose.

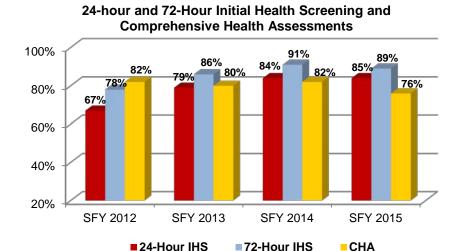

Foster Children who Received Monthly Face-to-Face Visits by Caseworkers

Foster Children who Received Monthly Face-to-Face Visits by Any DCFS Staff

Initial Health Screenings and Comprehensive Health Assessments

When a child enters foster care due to an allegation of severe maltreatment, DCFS must conduct an Initial Health Screening (IHS) within 24 hours. All other incoming foster children require health screenings within 72 hours. These children must also receive a Comprehensive Health Assessment (CHA) within 60 days of entering foster care.

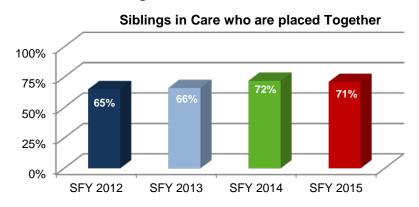

DCFS completed 85 percent of its required 24-hour IHSs, 89 percent of its 72-hour IHSs, and 76 percent of its CHAs on time.

Quick Facts

Percentage of Siblings in Placement Who Are Placed Together

At the end of SFY 2015, 71 percent of the children with siblings in foster care were placed with at least one of their siblings. Of those, 50 percent were placed with all of their siblings.

These figures do not exclude children who were placed separately for valid reasons such as safety issues or court orders.

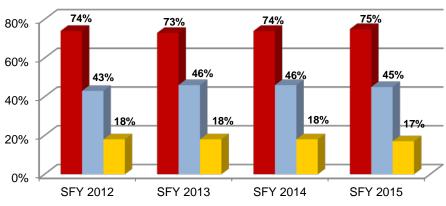

Placement Stability of Children in Foster Care

Placement stability is measured by the percentage of children with two or fewer placements who are in care for varying lengths of time.

Of children in care for less than 12 months, 75 percent experienced two or fewer placements; the national standard is 86 percent. Of the children in foster care between 12 and 24 months, 45 percent had two or fewer placements; the national standard for this group is 65.4 percent. Finally, of the children in care for over two years, only 17 percent experienced two or fewer placements, with the national standard being 41.8 percent.

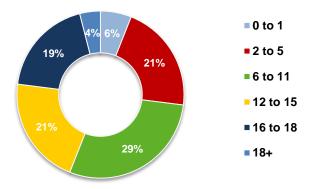

Children six to 11 represent the largest group of children who experienced three or more placements during their stay in foster care.

Children in Foster Care who have Experienced Two or Fewer Placements

- Children in FC at least 8 days but less than 12 Mos.
- Children in FC at least 12 Mos. But less than 24 Mos.
- Children in FC more than 24 Mos.

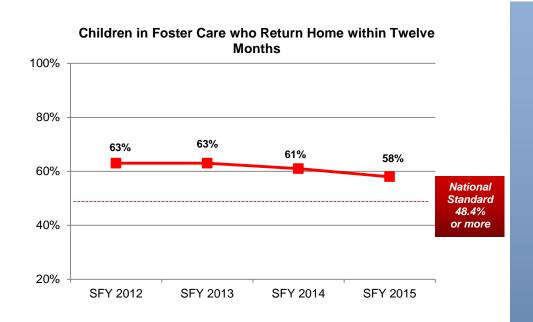

Ages of Children who Experienced Three or More Placements

Quick Facts

Benefits to Children and Families

Children in Foster Care Who Return Home Within Twelve Months

Fifty-eight percent of the children who had entered foster care during the year prior to SFY 2015 returned to their families within 12 months, exceeding the national standard of 48.4 percent.

Re-entries Into Foster Care

Less than eight percent of the children who were discharged to their families re-entered foster care within 12 months. The Division meets the national standard of 9.9 percent or less.

Quick Facts

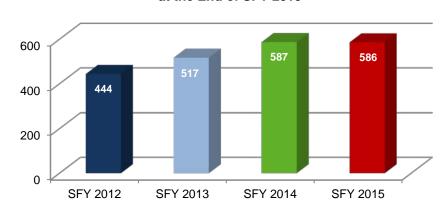

Adoption

Volume and Description of Cases

Children Available for Adoption

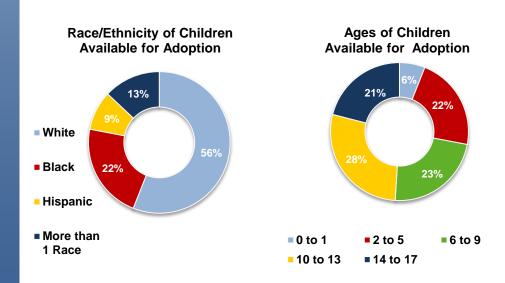

At the end of SFY 2015, 586 children were available for adoption.

Number of Children Available for Adoption at the End of SFY 2015

Characteristics of Children Available for Adoption

Of the available children, 56 percent were white and 22 percent were black. The largest group ranged in age from ten to thirteen years old.

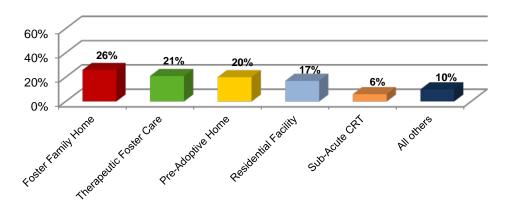

³ Children available for adoption are defined as those who have a termination of parental rights on both parents and a goal of adoption.

Quick Facts

Placement of Children Available for Adoption

Placement of Children Available for Adoption at the End of SFY 2015

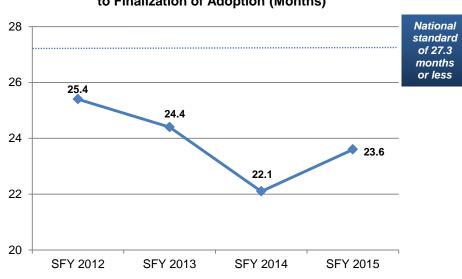

The majority of the children available for adoption at the end of SFY 2015 resided in either a foster family home or a therapeutic foster home.

Sub-Acute Comprehensive Residential Treatment represents an inpatient service provided to children "who have been assessed and determined to require intensive psychiatric services (emotional, behavior, or mental disorders) and for whom outpatient or short-term treatment is inappropriate.

Meeting Agency Policies

Length of Time to Adoption

Length of Time From Entry into Foster Care to Finalization of Adoption (Months)

The median length of time from entry into foster care until finalization of adoption for children whose adoptions were finalized during SFY 2015 was 23.6 months, three months sooner than the national standard of 27.3 months.

Quick Facts

Benefits to Children and Families

Finalized Adoptions

Seven hundred and eleven adoptions were finalized during SFY 2015.

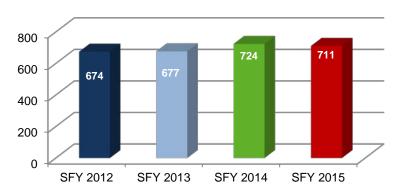

Children ages 2 to 5 were the largest group of children who were adopted during SFY 2015.

Subsidized Adoptions

Subsidies are given to children with special needs, defined as:

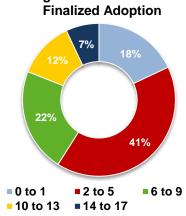

- Caucasian and over nine
- African-American and at least
- At least two members of a sibling group
- Children who have severe medical or psychological needs that require ongoing treatment
- Children at high risk for the development of serious physical, mental or emotional conditions documented by a medical professional.

Quick Facts

Caseworkers and Caseloads

Caseloads at the End of SFY 2015

Types of Cases at the End of SFY 2015

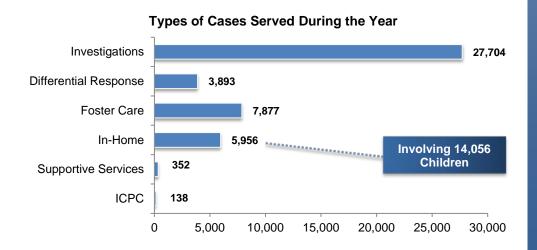

One foster care case is equal to one child in care; one in-home or supportive services case constitutes an entire family, many of which have multiple children.

As of the end of SFY 2015, the Division was responsible for:

- 3,112 investigations of child maltreatment and 119 DR cases,
- 4,418 foster care cases (4,195 excluding adoption cases),
- 3,074 in-home cases, involving 7,151 children,
- 93 supportive services cases and 77 ICPC cases.

This is while the Division was equipped with 399 family service workers, which on average includes 90 staff dedicated to investigations full time and another 34 staff who conduct investigations while also carrying other cases.

Caseloads Handled During the Year

This graph shows the number of cases that cycled through the system anytime during SFY 2015 (as opposed to those open at the end of the year, described above).

The Division oversaw 27,704 investigations; 7,877 children in foster care; 5,956 in-home protective services cases; 3,893 DR cases; 352 supportive services cases; and 138 interstate compact for the placement of children (ICPC) cases.

Quick Facts

Average Caseload

The average caseload statewide stood at just below 27 cases per worker at the end of the year. This exceeds the standard of about 15 cases per worker set by the Child Welfare League of America. The average caseload for each county as of June 30, 2015 is presented in Appendix G.

Average Caseload at the End of Month

Foster Homes

Foster Homes and Beds

There were 1,306 licensed foster family homes open at the end of SFY 2015 statewide, slightly higher than the previous year.

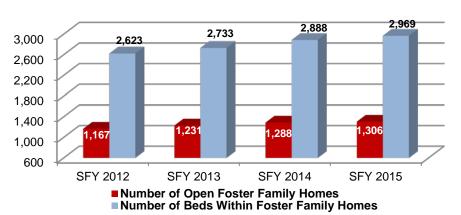

Due to recent changes in the designation of certain types of foster family homes in the Division's automated child welfare system, the data for SFYs 2012, 2013, and 2014 were reproduced to provide an accurate comparison to SFY 2015. Therefore the numbers cited in this report for the previous three SFYs are slightly different than those reported in previous Annual Report Cards for the respective periods.

During SFY 2015, 630 new foster homes were opened and 612 were closed.

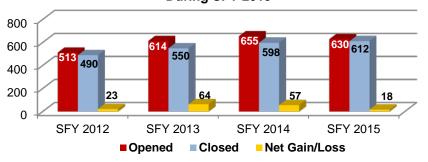

Appendix H displays the closure reasons for the 612 foster homes that closed during SFY 2015.

Number of Foster Homes and Beds at the End of SFY 2015

fob, p

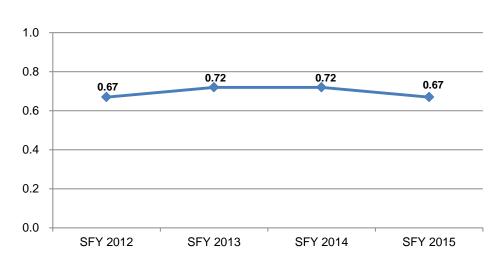

Number of Foster Family Homes Opened and Closed During SFY 2015

Quick Facts

Ratio of Foster Home Beds to Foster Children

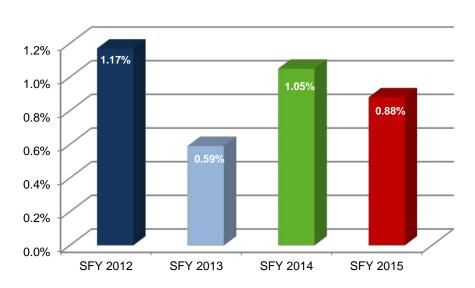

Foster Bed to Foster Child Ratio

The ratio of licensed foster home beds to children in foster care was less than one (0.67) at the end of the year, giving workers few choices of where to place children.

Percentage of Foster Families with True Reports of Maltreatment

Percentage of Foster Families with True Reports of Maltreatment

Seventeen reports in which foster parents were identified as alleged offenders were determined to be true during the year. Based on the 1,922 foster homes active during that period, the percentage of foster families with a true report of maltreatment was 0.88 percent.

Appendix I provides more detail on maltreatment reports concerning foster homes.

The total number of foster children who cycled through the system anytime during the year was reported as 7,877. This includes instances in which the same children may have entered care multiple times during the year. If you eliminate instances in which a child entered care multiple times during the year, the unduplicated number of children is 7,685.

Appendix I: Summary of Foster Care Maltreatment Reports

Characteristics of Children in Foster Care Involved in Allegations of Maltreatment, SFY 2015

Four hundred and sixteen reports of alleged maltreatment, involving 516 children in foster care, were received by the hotline during SFY 2015.

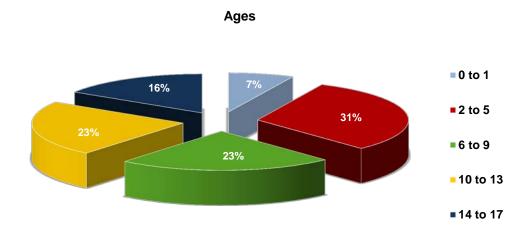

In 141 reports involving 178 children, foster parents⁴ were identified as the alleged offenders. As shown by the following chart, 17 of those reports were found to be true and nearly all of the homes were subsequently closed or made unavailable pending due process. One home was approved to remain open for the sole purpose of serving only one child who has been residing in the home for four years (a protection plan was also put in place).

Foster Home Maltreatment Reports SFY 2015

True	Unsubstantiated	Pending
17	123	1

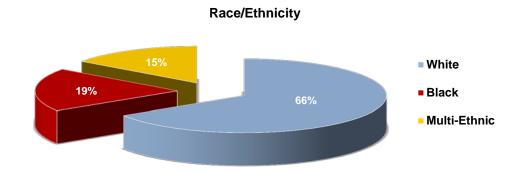

All allegations of maltreatment concerning foster homes are investigated by the Crimes Against Children Division (CACD) of the Arkansas State Police. DCFS staff do not actively participate in the investigation of these reports. Allegations of maltreatment regarding foster homes require the agency to assess the safety of all children residing in the home.

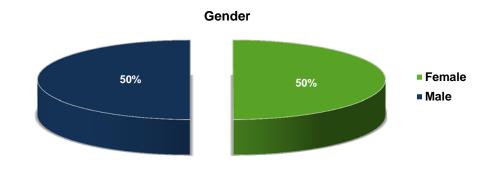

The following charts describe the characteristics of the 178 foster children involved in allegations of maltreatment, with foster parents as the alleged offenders.

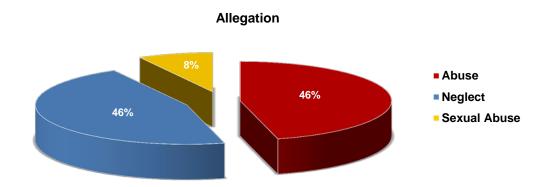

⁴ This includes foster family homes and therapeutic foster homes

DIVISION

OF

COUNTY OPERATIONS

ARKANSAS DHS STATISTICAL REPORT DIVISION OF COUNTY OPERATIONS (DCO) SFY 2015

INTRODUCTION

Mission:

The mission of the Division of County Operations is to ensure the delivery of quality human services that strengthen the health and well being of Arkansas' children, families and adults.

Executive Staff:

Delia Anderson, Director
Mary Franklin, Assistant Director, Administrative Support
Robert Williams, Assistant Director, Field Operations
Larry Crutchfield, Assistant Director, Program Planning and Development
Lorie Williams, Assistant Director, Community Services

Fast Facts:

People Served Annually: 1,333,181 Facilities Regulated: None Division Established: 1985

Budget: \$188,584,448 Million Total: (\$126.10 Million-Fed, \$49.54 Million-State, \$11.80

Million-Other, and \$1.12 Million-GIF Funds)

Staff: 1,936 Budgeted Positions (including 60 Tobacco)

Institutions Operated: 86 DHS County Offices/Access Arkansas Processing Center

Programs:

- Medicaid The Division of County Operations enrolls eligible individuals in the Medicaid Program to assist
 with payment of medical services, prescription drugs and other related services. Approximately 734,898
 Arkansas children and adults were eligible for medical care through the Medicaid program during State Fiscal
 Year 2015. Clients counted as receiving this service may have also received additional services shown on
 this page.
- Transitional Employment Assistance (TEA) This program provides time-limited cash assistance each
 month to low-income families with dependent children. Approximately 20,212 people were provided this
 service during State Fiscal Year 2015. Clients counted as receiving this service may have also received
 additional services shown on this page.
- Work Pays The Work Pays Program is an incentive program designed to encourage working TEA clients to remain employed after closure of the TEA case while increasing their hours of work and/or hourly wage. Families participating in Arkansas Work Pays will receive a monthly cash assistance payment in the amount of \$204 for up to 24 months, provided they meet the Work Pays eligibility requirements. This work incentive program is limited to 3,000 families per month. In State Fiscal Year 2015, there were 5,387 individuals that participated in this program. Clients counted as receiving this service may have also received additional services shown on this page.
- Supplemental Nutrition Assistance Program SNAP (Formerly known as the Food Stamp Program) This
 program provides a nutrition safety net for low-income children, families and adults. Over \$656 million in
 benefits were provided to 659,887 people during State Fiscal Year 2015. Clients counted as receiving this
 service may have also received additional services shown on this page.

ARKANSAS DHS STATISTICAL REPORT DIVISION OF COUNTY OPERATIONS (DCO) SFY 2015

INTRODUCTION

Programs: (continued)

- The Health Care Independence This program commonly called the "private option", allows certain low-income adults in Arkansas to purchase private insurance through the Health Insurance Marketplace. Individuals in this program will have the entirety of their premium paid by federal Medicaid funds. Those with incomes at or below 100% FPL, will also have any cost sharing paid by the program. Those with incomes from 101% to 138% of FPL will have cost sharing with a maximum out-of-pocket cap on cost sharing at 5% of household income. Individuals who have exceptional health care needs will be screened out of the program and provided with services through the traditional Medicaid program. Approximately **274,958** Arkansas adults were eligible for the private option funded through the Medicaid program during State Fiscal Year 2015.
- Home Energy Assistance Program This program provides financial assistance each year to help households meet home energy costs. Case management activities designed to encourage and enable households to reduce their energy costs and thereby, their need for financial assistance, are also provided. Approximately 107,442 households were provided with financial assistance in SFY 2015.
- Shelter Plus Care Program This program provides grants to community shelters that provide housing and supportive shelters for homeless persons with disabilities (primarily serious mental illness, chronic problems with alcohol and/or drugs, acquired immune deficiency syndrome (AIDS), or related diseases). There were 369 people provided with rental assistance in SFY 2015 through this program.
- Emergency Shelter Program This program provides grant funds to local community homeless shelters. \$1,967,063 was provided to 53 homeless shelters in SFY 2015.
- Weatherization Program The regular 89th General Assembly approved ACT 1111 transferring the Weatherization Assistance Program (WAP) from the DHS, Division of County Operations to the Arkansas Energy Office of the Arkansas Economic Development Commission. The transfer included all the powers, duties and functions, records, property, personnel, unexpended balances of appropriations, allocations, or other funds.
- Long Term Care Services and Support are service funded by Medicaid and includes services such as nursing facilities, assisted living and ElderChoices, etc. Due to many federal and state changes, as well as evolving goals and challenges of the department, the responsibility for determining Long Term Care Services and Support (LTSS) eligibility was transferred from DCO. The responsibility was split between two other divisions. Financial eligibility for the LTSS categories of Medicaid was transferred to DAAS and the responsibility of determining financial eligibility for the Intermediate Care Facilities and Individuals with Intellectual Disabilities, i.e., ICF/IID to DDS. This transfer of roles and responsibilities began in SFY 2015 and was completed at the start of SFY 2016. As a result, SFY 2015 will be the last year information on Long-Term Care applications will be reported by DCO.

TEA REASONS FOR CLOSURES

Descriptions*	Total	Descriptions*	Total
Absent parent returned or not disabled	11	Requested closure, no reason given	872
Change in Eligibles	6	Social Security Benefits	19
Change in State/Local pension	2	SSI Benefits	2
Child reached age limit	9	TEA case closed due to progressive sanction-work activities	421
Child Support income	24	TEA close at client's request due to earnings	687
Death	11	TEA close due to earnings	1,317
Earnings Exceeds FPL	31	TEA closed at client's request to preserve lifetime benefits	17
Eligible in another category	1	TEA did not attend classes	1
Employed, became Ineligible during Extended Period	1	TEA guilty of drug related offense	1
Employed, Reached 24-month Limit, No Extension Given	6	TEA income exceeds \$223	146
Extended, Found Employment during Extended Period, Requested Closure	10	TEA lifetime limit	150
Extended, found employment during extension of 60 month limit, requested case closure	1	TEA non-comply with employment plan	2
Failed to cooperate, OCSE	1	TEA non-comply with PRA	3
Failed to keep appointment	20	TEA non-cooperation with OCSE	1
Failed to meet Init Elig	3	TEA refused employment	2
Failed to meet participation requirement	5	Transfer to another county	1
Failed to provide information	467	Unable to locate	81
Failed to verify income	111	Unable to locate, mail returned	138
In-kind Support	1	Unemployment Benefits, ESD Reported	9
No longer eligible child in home	259	Unemployment Benefits, non-ESD Reported	4
No longer resident of state	194	Veteran's Benefits	1
Other, Needs Related	39		
Other, non-need related	66		
Reached 60 months, no extension, not employed	6		
Refused other procedural requirement	3		
Reinstate, closed in error	2		
Report form not returned	90		
		TOTAL	5,255

SHELTER PLUS CARE PROGRAM

The Department of Human Services is the grantee for four (4) Shelter Plus Care grants that are managed through the Division of County Operations, Office of Community Services. The grants are for one or five-year periods and each grant has a different grant cycle.

The program funded under DHS is Tenant-Based Rental Assistance (TRA). Under the TRA, an applicant may request funds to provide rental assistance on behalf of program participants who choose their own housing units. The Department has one project sponsor: Little Rock Community Mental Health Center, Inc.

TENANT-BASED RENTAL ASSISTANCE

Three hundred sixty-nine (369) people were provided rental assistance.

DIVISION COMMUNITY SERVICE AND NONPROFIT SUPPORT

History & Overview

The Arkansas Office of Volunteerism was created in 1974 by order of Governor Bumpers to implement and administer a statewide immunization program. In 1977, the Office was established by Act 865 to assess and recognize the needs of communities throughout Arkansas and train volunteer coordinators and volunteer organizations in meeting those needs. In 1983, the Office of Volunteer Services transferred from the Office of the Governor to the Department of Human Services (DHS). AR Code 25-16-206 officially made the agency the Division of Volunteerism.

AR Code 25-10-128 (Act 1259 of 1997) expanded the duties of the Division of Volunteerism to include assistance to any agency or community organization with welfare reform initiatives. The division name was changed from Division of Volunteerism to the Division of Community Service and Nonprofit Support (DCSNS) effective July 1, 2011 by Act 42 of 2011. The mission of the division is to strengthen community resources, volunteerism and national service in Arkansas. DCSNS continues to assist in special projects, meet community needs and provide greater public awareness and recognition of volunteer efforts.

The Governor's Advisory Commission on National Service and Volunteerism

The advisory group assists the program and staff of the Division of Community Service and Nonprofit Support in setting goals, establishing priority activities, performing an advocacy role, and assisting in funding and resource development and publicity and recognition and awards programs. They also serve as the state commission on national and community service for The Edward M. Kennedy Serve America Act, as governed by 42 U.S.C. § 12638.

The vision of DCSNS is guided by the principle that volunteerism, community and national service is a right and responsibility of all citizens and that all people will experience an improved quality of life as a result of this service. The units within DCSNS work as a team to provide a wide array of trainings and services directed at building organizational capacity in Arkansas nonprofits and recognition of volunteers to fulfill the vision.

Annual Promotions

DCSNS supports the annual events listed below by participating in and encouraging other programs and volunteers to take part in activities surrounding these occasions:

Days of Service: MLK, 911, Veteran's Day National Mentoring Month National AmeriCorps Week National Volunteer Week Arkansas Volunteer Month Mayors Day of Recognition for National Service

Publications

The Economic Impact of Arkansas Volunteers:

Each year DCSNS publishes the study "THE ECONOMIC IMPACT OF ARKANSAS VOLUNTEERS". The results of the most recent study are as follows: Eight hundred and nighty-five (895) volunteer organizations reported an estimated total of *112,860,445* hours representing a total dollar value of *\$2,179,335,193*.

Direct Link to Reports: The Economic Impact of Arkansas Volunteers Reports

The Legal Guide:

"THE LEGAL GUIDE FOR ARKANSAS NONPROFIT AND VOLUNTEER ORGANIZATIONS" second edition was published in partnership with DCSNS, Bonnie Johnson, Williams & Anderson PLC and the University of Arkansas at Little Rock Bowen School of Law.

Direct Link to Guide: Legal-Guide-Second-Edition

Community Initiative of Arkansas

The Community Initiative of Arkansas is one of the state AmeriCorps programs that places one to three AmeriCorps members at sites around the state. These members focus on education and health through mentoring, conducting activities related to healthy living, recruiting community volunteers and carrying out regular service projects.

 Individuals Mentored 	356
 Healthy Living Activities 	1,164
 Service Projects Completed 	486

The 2015 Arkansas Community Service Award Winners

The Governor's Office, KARK-TV Channel 4 and DCSNS sponsor an annual awards event to thank Arkansans who have made exceptional contributions of time and services to serving others. The 2015 Arkansas Community Service Award Winners are listed below.

- Jessica Eldred of Melbourne
- Allen Farley of Russellville
- Renia White of Benton
- Evelyn Reed of Benton
- Faye Everett of McGhee
- Jan Alman of Little Rock
- Youth Humanitarian, Hannah Colford of Maumelle
- National Service Honoree AmeriCorps member Jessica Green of Monticello
- Small Corporate, Morgan Stanley Wealth Management of Little Rock
- Large Corporate, Comcast of Arkansas
- Governor Asa Hutchinson presented the Distinguished Citizen Award to Scott and Shayla Copas of Little Rock.

The Arkansas Community of the Year Awards

The Division collaborates with the Governor's Office and the Arkansas Municipal League to present the Volunteer Community of the Year Awards to twelve communities for outstanding volunteer efforts. The **2014** recipients were, Bay, Benton, Bentonville, Blytheville, Booneville, Clarkridge, Fayetteville, Fort Smith, Heber Springs, Maumelle, Mountain Home and Warren. As part of this recognition, the Arkansas Highway and Transportation Department places signs at the city limits of the winning communities announcing the Volunteer

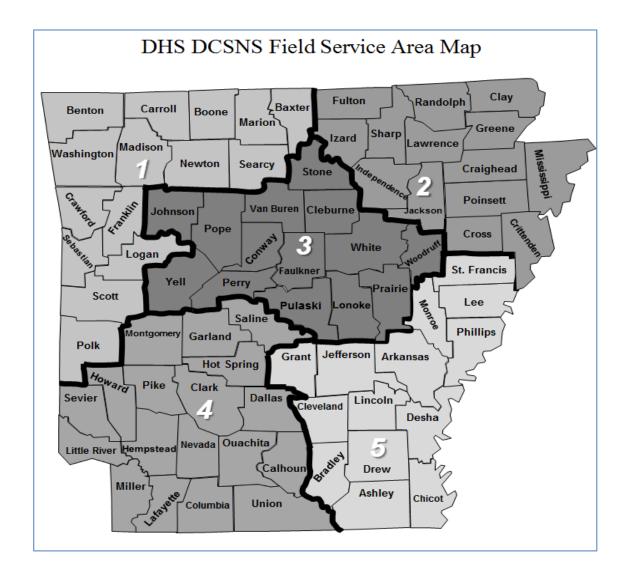

Training and Consultation Provided

DCSNS staff members serve as consultants and offer trainings and presentations designed for non-profit *organizations* and community organizations. Grant research assistance is available to non-profit organizations by request using Grant Station, which is a purchased online funding database.

One specialized area of training is how to set up a Disaster Response Volunteer Center (DRVC), which is a local clearinghouse that matches community needs with people who want to help during a disaster. The DRVC will direct the outpouring of human resources to where it's most needed as quickly as possible while freeing first responders to assist those directly affected by the disaster.

 Trainings and Consultation 	1,744
Total Attendance	6,775
Grant Station Research	24
 Interaction Hours (Trainings, Presentations & Consulting) 	8,845

The Field Services Unit is organized into five service areas with a program developer assigned to each area. Consultations, trainings and presentations are delivered to all counties by areas as shown on the map below.

The Summit

The fortieth annual state conference on volunteerism, philanthropy and nonprofit leadership was held in Little Rock April 30th and May 1st, 2015. In partnership with the Arkansas Community Foundation and the Arkansas Nonprofit Alliance, DCSNS hosted approximately **261** participants. **Seventeen** workshops were offered during the two-day conference.

The Billie Ann Myers Paragon Award is given to an Arkansas citizen who has exhibited servant leadership in advocating changes for the better, worked to bring them about and helped others to bring about change. The recipient caused significant improvement in the quality of life for Arkansans as a result of those efforts. Bonnie Johnson was the recipient of the 2015 award.

Recognition Mail Out

Special recognition certificates and letters are mailed upon requests from volunteer organizations.

Certificates	1,360	
Governor's Letters	73	
Total Certificates Awarded	1,433	

Bookmarks Provided	
Bookmarks (All)	552

Community Service Learning Act 648 of 1993

In partnership with the Arkansas State Board of Education, this act provides an opportunity for students in grades nine through twelve to perform volunteer service at approved sites that have applied to and have been sanctioned by the Arkansas State Board of Education. Students may then earn an extra credit toward graduation upon completion of seventy-five or more volunteer hours. There are 753 approved community sites across the state where student volunteers are engaged in service. DCSNS is the main point of contact for technical assistance and training as well as record keeping for Act 648 school programs.

Arkansas Volunteer Centers Network

Volunteer Centers recruit, refer, and recognize volunteers in their local communities. Volunteer Centers in Arkansas are in the following locations:

- United Way of Northwest Arkansas
- United Way of Northeast Arkansas
- Heart of Arkansas United Way Volunteer Center (Pulaski)
- El Dorado Connections (Union)
- Texarkana Volunteer Center (Miller)

Arkansas Service Commission

The Arkansas Service Commission (ASC) is a unit within DCSNS. The ASC helps communities, nonprofits, educational organizations and others in Arkansas obtain federal funds from the Corporation for National and Community Service to administer AmeriCorps programs which address locally identified issues. Priority areas for funding are education, health/healthy futures, veterans issues, economic opportunity and disaster preparedness. The ASC is also responsible for monitoring these programs and ensuring complete and timely reports to the funding federal agency.

Blue Ribbon Scholars Program

The colleges and universities participating in the Blue Ribbon Scholars program to provide matching scholarships to AmeriCorps alums has grown to thirteen: University of Arkansas Clinton School of Public Service, Henderson State University, Southern Arkansas University at Magnolia, Pulaski Technical College, University of Arkansas at Monticello, Arkansas State University at Jonesboro, Northwest Arkansas Community College, University of Arkansas at Pine Bluff, College of the Ouachitas, North Arkansas College, Arkansas Northeastern College and Webster University. AmeriCorps members who have successfully completed their term of service have the opportunity to apply for these scholarships when they use their education awards at these Arkansas colleges.

Programs

The Arkansas Service Commission helped fourteen sub-applicants receive \$2,417,646 in federal funding for AmeriCorps program in SFY 2015. Through these funds, 448 Arkansans tutored adults and children, translated and served as advocates for non-English speaking families in schools, offered parenting education, helped uninsured and underinsured citizens get cost-free prescription drugs, served as environmental stewards and educators and recruited thousands of traditional volunteers to assist in their efforts. AmeriCorps members receive a small living allowance during their term of service and an education award for any Title IV eligible school upon successful completion. The total value of education awards for the year was approximately \$1,000,000.

The sub grantees are listed below.

DIVISION OF

DEVELOPMENTAL

DISABILITIES

SERVICES

INTRODUCTION

Services, Mission and History

The Division of Developmental Disabilities (DDS) provides an extensive range of services to individuals in community settings. These services are provided through private not-for-profit programs and other providers whose service areas include all 75 counties of the state. DDS oversees Licensed Center-Based Providers, Certified Home and Community Based Services (HCBS) Waiver Providers, and Certified First Connections (Part C IDEA Early Intervention) Providers. Additionally, DDS assists individuals and families in accessing generic community services, services offered by other Divisions and agencies, individual and family supports and special needs funding. There are five state-operated Human Development Centers (HDC), licensed as Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID) across the state. The HDCs are located in Conway, Arkadelphia, Jonesboro, Booneville, and Warren. These programs provided services to 913 individuals with developmental disabilities who are in need of 24-hour residential, medical, and habilitative services.

To accomplish its mission, DDS, the DDS Board, and DDS providers are committed to the principles and practices of normalization; least restrictive alternatives; affirmation of individuals' constitutional rights; provision of quality services; the interdisciplinary service delivery model; and the positive management of challenging behaviors.

In 1955, the Arkansas General Assembly created the Arkansas Children's Colony with the passage of Act 6. This act has been revised and extended by numerous statutes, the latest being Act 1165 of 1975. Act 265 of 1969 created the Arkansas Department of Mental Retardation*. It also expanded the authority of the Children's Colony Board to include certain responsibilities for individuals who, because of other disabilities, show characteristics of intellectual disabilities.

In 1971, the Governor designated Intellectual and Developmental Disabilities Services to administer the provisions of the Developmental Disabilities Services (DDS) and the Facilities Construction Act, or Public Law 91-517, (as amended). This and subsequent legislation expanded the responsibility of the agency to serve not only individuals intellectual disabilities but those with cerebral palsy, epilepsy, autism, spina bifida, and Down syndrome.

Act 38 of 1971 transferred the Arkansas Department of Intellectual Disabilities and its functions, powers, and duties to the Department of Social and Rehabilitative Services, which is now the Department of Human Services (DHS).

In 1981, Act 513 was passed and changed the name and official title of the agency and Board to the Division and the Board of Developmental Disabilities Services. Under this Act, the Arkansas Children's Colonies became the Human Development Centers (HDCs). There are five HDCs across the state; the first opened in 1959 in Conway, and the last opened in 1978 in Warren. In 1987, DDS submitted its initial application for Home and Community Based (HCBS) Waiver Services. The HCBS program currently serves nearly 4,200 people in their own homes and communities. Day services are accessible in every county through Developmental Day Treatment Clinics. The youngest Arkansans are eligible for early intervention services.

Act 348 of 1985 authorized the reorganization of the Department of Human Services (DHS), and under this change DDS became one of 13 divisions or offices that made up an integrated services system. This Act designated control and administration of the HDCs under the management and direction of the DDS Board with daily operation authority extended to the DDS Director, in coordination with the Director of DHS.

*The term "Intellectual Disabilities" has replaced the term "Mental Retardation"

Source: DDS Website

GOALS AND SERVICES

DDS, the DDS Board, and its providers are dedicated to the pursuit of the following goals:

Advocating for adequate funding, staffing, and services to address the needs of persons with developmental disabilities.

Encouraging an interdisciplinary service system to be utilized in the delivery of appropriate individualized and quality services.

Protecting the constitutional rights of individuals with disabilities and their rights to personal dignity, respect and freedom from harm.

Assuring that individuals with developmental disabilities who receive services from DDS are provided uninterrupted essential services until such time as a person no longer needs to depend on these services.

Encouraging individual, guardian, parent, family, public, and community involvement in program development, delivery, and evaluation.

Engaging in statewide planning that ensures optimal and innovative growth of the Arkansas service system to meet the needs of persons with developmental disabilities and to assist such persons to achieve independence, productivity, and integration into the community.

Below are brief descriptions of our service areas:

Children's Services

This section is the entry point for children ages birth to 21 and their families who are seeking services from DDS. DDS staff who serve as care coordinators are located in county offices across the state. They conduct intake interviews, assist with application completion, perform eligibility determinations, and make referrals for services based on individual needs. Care Coordinators also complete intake and referral for families of children seeking Home and Community Based Services (HCBS) Waiver services. Staff certify and monitor First Connections providers.

First Connections (Part C IDEA Early Intervention) and Early Childhood (Part B IDEA) Services:

The Children's Services Section provides and oversees developmental disability services to children from birth to three years old in the child's natural environment and oversees special education services for children of ages three to five. By networking with local community providers, DDS ensures that services comply with Parts B and C of the Individuals with Disabilities Education Act (IDEA).

Title V Children with Special Health Care Needs:

The Federal DHHS Title V program provides specialized medical care and rehabilitation for children who are chronically ill or have physical disabilities, whose families are at least partially unable to provide for such services, and who meet the program's criteria. Title V staff determine financial and medical eligibility. An eligible child is one who is under 18 years of age (under age 21 if funding allows,) who has a disabling physical impairment (either congenital or acquired) or who has other conditions known to produce such physical impairments. Services are provided in a community setting by nurses, social workers, care coordinators, and support staff.

Title V provides medical and surgical treatment, therapies, appliances, medications, and care coordination. All medical specialty services for children must be prior approved by Title V service teams.

Any person or organization may refer a child to Title V for diagnosis and recommendations for treatment. Title V staff assist with the application process, which may occur at a DHS county office, designated hospitals or other DDS locations. Title V staff opens a case record, develops a treatment plan, and coordinates services.

GOALS AND SERVICES

Home and Community Based Services (HCBS) Waiver

This section administers the Alternative Community Services (ACS) program under a 1915(c) HCBS Medicaid Waiver, collects and analyzes data, develops policy, remediates problems, and participates in the Waiver Quality Management System as required by the Centers for Medicare and Medicaid Services. Administration of this program includes approval of a Person-Centered Service Plan, oversight of plan budget, case review, and prior service authorization. People of any age may apply for services under this program. Service specialists who assist individuals, families, and providers are located in various county offices across the state.

Quality Assurance

This section is the regulatory body for the licensure of Center-based Service Providers (Developmental Day Treatment Clinic Services) and the certification of Home and Community-Based Services (HCBS) Waiver Providers. The Quality Assurance section develops and oversees quality assurance activities, including annual onsite reviews of providers, investigations, incident reporting, provider criminal record checks, Waiver Subassurance Performance Measure reporting, and participation in the Quality Management System for the ACS Waiver Program. Staff review compliance with Standards for Developmental Day Treatment Clinic Services (DDTCS) and ACS Waiver.

The QA unit also conducts interviews with a sample of individuals served by the ACS Waiver and Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID), using the National Core Indicators (NCI) survey tool, to determine satisfaction with services. The DDS Adult Intake and Referral unit in QA provides initial intake for eligibility, refers adults to DDS services, and assists individuals and families with respite and other service needs. The QA Medicaid Income Eligibility Unit performs eligibility determinations for over 5,000 files each year. The DDS Psychology Team determines initial and ongoing diagnostic and functional eligibility for ACS Waiver and HDCs. Other QA duties include outreach to families and people served, policy development and promulgation, and mortality review for people served by both ACS Waiver and HDCs.

Fiscal Management

This section administers contracts, personnel, finance, and various aspects of provider and staff development.

Compliance and Monitoring

This section addresses compliance with state and federal regulations for the division.

Residential Services

Five state-operated residential facilities, known as Human Development Centers, are located across the state.

Southeast	Arkansas, Ashley, Bradley, Calhoun, Chicot, Cleveland, Desha, Drew, Lincoln, Jefferson, and Union

Services to School Aged Children:

- The Conway Human Development Center serves school aged children (5-21) for the provision of special education and related services. Each school aged child has a team of special education professionals that develop an appropriate IEP (Individual Education Plan) to meet the special education needs of the child. The IEP is in addition to the comprehensive Program Plan developed and implemented by the child's team addressing all life needs of the child. The content of the IEP is implemented in the special education classroom by a licensed special education teacher with classroom paraprofessionals.
- Special Education services at the Conway Human Development Center were provided to 38 individuals. All have a diagnosis of an intellectual disability. Hundreds of school age children (384) receive ACS Waiver Services in their own homes and communities.

Services to Children (Ages: Three to Five):

- Special Education and related services were provided statewide to **3,417** children ages **3** to entry into kindergarten in DDS licensed community programs. Early Childhood Special Education services and on-going service coordination services have been provided for **3,417** children (based on the December 1, 2014 official child count). These services were provided in **54** licensed DDTCS programs at **80** sites across the state.
- Programs provide developmental instruction, speech therapy, occupational therapy, physical therapy, adaptive equipment, alternative communication devices and services, service coordination, as well as other services determined by the IPP (Individual Program Plan) as being necessary and appropriate to meet the specialized needs of the child. Services are provided to assist children in gaining the needed functional skills to be prepared to enter kindergarten. Payment for services includes Federal VI-B, Medicaid, Title XX, and state funds. There were 3,339 children identified as developmentally delayed, 21 multi-disabled, 44 autism, 11 other health impaired, 1 orthopedically impaired, and 1 speech/language impaired.

Services to Infants and Toddlers (Ages: Birth to Three) a.k.a The First Connection Program

• The Part C First Connections Program provided Early Intervention Services to 1,144 children. This program under the direction of the United States Office of Special Education Programs (OSEP) serves infants and toddlers ages 0 to 3 in their natural environment. A natural environment as defined by Part C of the Individuals with Disabilities Education Act (IDEA) is a setting that is natural or typical for a same-aged infant or toddler without a disability and may include: their home, community, or other settings that are typical for an infant or toddler without a disability. In July of 2013, the program separated out from the Developmental Day Treatment Clinic Service (DDTCS) programs because a medically based clinic is not considered a natural environment under IDEA. Children birth to three served in DDTCS' are no longer included in the First Connections program child count.

TITLE V CHILDREN WITH SPECIAL HEALTH CARE NEEDS (CSHCN) PROGRAM

The Title V Program provided the following services to individuals in Arkansas:

Title V staff processed **905** applications for assistance from the Title V CSHCN program. Services for **189** children and their families were funded during Calendar Year 2015 for the Title V Family Support and Respite program at a cost of **\$93,799.73**.

The Title V CSHCN program served **963** individuals at an average cost of **\$1,881.00** This number includes individuals for whom Title V CSHCN was the sole payer of services, those with private insurance coverage and those with Medicaid for whom a service was prescribed which Medicaid does not cover.

Through the Title V CSHCN program **1,700** individuals received case management/service coordination support. An additional **1,300** individuals received assistance applying for DDS waiver services.

DDS COMMUNITY SERVICES FOR CHILDREN SECTION

Children and Adolescent Special Services Program (CASSP) funding provided services to two (2) young persons with a dual diagnosis of intellectual or developmental disability and mental illness.

The number of disabilities includes persons with multiple disabilities, thus the number would exceed the SFY Unduplicated Totals.

^{*} The Alternative Community Services (ACS) Choice form (#102) that applicants for DDS service sign when they are seeking residential services.

QUALITY ASSURANCE

Three sections operate within the Quality Assurance Section - Certification and Licensure, Intake and Referral, and Psychology. Additional duties of the section are statistical reporting, referral for emergency respite requests, policy development, Medicaid eligibility determination, mortality review, and various quality improvement activities.

Certification and Licensure Unit

Licensure Unit

Six Service and Program Licensing Specialists conducted 209 certification and licensure review visits. The reviews consisted of 66 ACS Waiver Certification reviews, 75 Center-Based Licensure reviews, 8 Building reviews, 23 follow-up reviews, and 37 Residential Settings reviews.

Certification Unit

Central Office and field staff perform various activities to initially certify, recertify, and monitor services.

Home and Community Based Services Waiver Components

Consultation	44
Crisis Intervention	14
Adaptive Equipment	48
Supportive Living	69
Supported Employment	39
Case Management	67
Supplemental Support	38
Environmental Modifications	40
Specialized medical supplies	39
Respite	47
Community Transition	37

Investigation Unit

DDS Investigation unit reviews all incident reports submitted by community providers; conducts follow-up as needed; completes an internal review of all deaths of waiver recipients; recommends cases for external review by the Community Provider Mortality Review Committee; prepares packets for review; and serves as process facilitator. The unit also reviews all service concerns submitted through phone interviews and on-site visits, conducts training on incident reporting and assists with technical issues with reporting system.

Investigated 72 service concerns, an 18% increase over 2014.

Reviewed and performed follow-up as needed on 3,507 incident reports, a less than 1% decrease over 2014.

Completed reviews of 50 deaths of individuals served by ACS waiver providers.

Reviewed and determined employment eligibility with providers on **770** FBI Criminal Background checks and **857** State Criminal Background checks.

Variances between 2014 data and 2015 data are due to the nature of incident reporting and investigations, which vary from year to year.

Adult Services Intake and Referral Unit/Medicaid Income Eligibility Unit

Three program eligibility specialists and program coordinator processed a total of 472 initial Medicaid Waiver applications:

153 of the 472 were approved

153 applications were determined eligible; person is awaiting a waiver slot

200 applications was pended

119 applications were denied

Six intake specialists processed a total of 841 referrals for DDS waiver and non-waiver services.

664 waiver application were processed:

137 waiver applications were completed and sent to Waiver Application Unit

59 waiver applications were pended as incomplete;

180 waiver applications were placed in inactive status:

288 waiver applications closed after 30 days.

QUALITY ASSURANCE

Adult Services Intake and Referral Unit/Medicaid Income Eligibility Unit

- 4 were determined to be ineligible;
- 0 applications were pended.
- 2 Integrated Support Contracts was processed:
- 12 Integrated Support Contracts were re-evaluated
- 18 referrals for Special Needs funding were processed:
- 16 Special needs requests approved;
- 2 were pended.
- 73 HDC Referrals processed:
- 37 HDC referrals completed;
- 31 were pended;
- 5 Emergency Respite Requests were processed.

Seven Medicaid Income Eligibility Unit staff processed 380 initial Medicaid applications for HCBS Waiver and ICF/IIF.

Of the 380 - 274 were approved, 56 were denied, and 50 remain eligible.

Seven Medicaid Income Eligibility Unit staff processed 6,043 re-evaluations for Medicaid for HCBS Waiver and ICF/IID.

Of the 6,043 - 605 changes were processed, 269 were closed, 25 were reinstated, and 5,144 were reapproved

Employment Initiatives

As part of the DDS commitment to excellence, DDS recognizes and supports the national and state efforts to increase employment opportunities for individuals with disabilities. DDS initiatives include:

- Business membership in Arkansas Chapter of National Association of Persons Supporting Employment First (APSE)
- UAMS Project SEARCH Steering Committee-an innovative employment program that provides training and internships for individuals with disabilities on the UAMS campus. 26 interns were involved with this program.
- DOL Community of Practice Working across agencies to increase employment opportunities by identifying and addressing barriers, and sharing resources.

HDC STATISTICAL REPORT

- DHS operates five Human Development Centers at sites in Arkadelphia, Booneville, Conway, Jonesboro, and Warren. The Centers provided a total of 334,092 days of service to people who were admitted, compared to 337,870 in State Fiscal Year 2015, a decrease of 3,778 days. The HDCs also provided 1,167 days of short term respite services to people who receive unpaid support at home or services from a community provider. The HDCs transitioned 45 people to DDS Home and Community Based (Waiver) Services, compared to 52 last year.
- As of June 30, 2015, services were being provided to 913 individuals, a decrease of 14 from SFY 2014. Of
 these individuals, 62% are diagnosed within the profound range of intellectual disability and 18% in the
 severe range. Approximately 76% of the individuals served are diagnosed with a dual diagnosis of
 intellectual disability and mental illness.
- The HDCs provided 1,167 days of short-term respite services during SFY 2015, compared to 2,179 during SFY 2014, a decrease of 1,012 days. The focus of respite is to provide stabilization and support to people in crisis in order for them to return to services in the community. If a long term stay is anticipated, the person is admitted for services instead of remaining on respite.

DIVISION OF

MEDICAL SERVICES

INTRODUCTION

The Division of Medical Services houses two major programs under one administration:

Medicaid

Medicaid is a joint federal-state program that provides medical assistance for eligible individuals based on financial need and/or health status. Medicaid furnishes medical assistance to those who have insufficient incomes and resources to meet the costs of necessary medical services. It also provides rehabilitative and other services to help families and individuals become or remain independent and able to care for themselves.

The Department of Human Services (DHS) is the single state agency authorized and responsible for regulating and administering the program. DHS administers the Medicaid Program through the Division of Medical Services (DMS). The Centers for Medicare and Medicaid Services (CMS) administers the Medicaid Program for the U.S. Department of Health and Human Services. CMS authorizes federal funding levels and approves each state's State Plan, ensuring compliance with federal regulations. Individuals are certified as eligible for Medicaid services by DHS Field Staff located in DHS County Offices or by District Social Security Offices.

A list of covered services can be found on page DMS-13 of this publication. Mandatory services are required by the federal government. Optional services are those which the state has elected to provide. Many of these optional services enable recipients to receive care in less costly home or community-based settings. Optional services are approved in advance by CMS and are funded at the same level as mandatory services.

• Long-Term Care

Each year, more than 25,000 Arkansans who have chronic, long-term medical needs require services in long-term care facilities. These individuals live in approximately 227 nursing facilities and 42 intermediate care facilities for the Individuals with Intellectual Disabilities that are licensed to provide long-term care services in Arkansas.

Improving the quality of life for residents and protecting their health and safety through enforcing state and federal standards are primary goals of Arkansas Medicaid's Office of Long Term Care (OLTC). Using qualified health care professionals, OLTC inspects all facilities to ensure residents receive the care they need in a clean, safe environment and that they are treated with dignity and respect.

The Office of Long Term Care (OLTC) also surveys Adult Day Care, Adult Day Health Care, Post Acute Head Injury Facility, Residential Care Facilities, and Assisted Living Facilities. In addition to surveying facilities, OLTC administers the Nursing Home Administrator Licensure program, Criminal Background program, Certified Nursing Assistant registry and training program, processes Medical Needs Determinations for Nursing Home and Waivers and operates a Complaints Unit.

These programs are designed to serve Arkansans throughout the state. The following pages highlight the State Fiscal Year 2015 performance of these programs through financial, utilization data, and narrative.

SERVICES COVERED BY ARKANSAS MEDICAID

How is Arkansas Medicaid Administered?

The Arkansas Department of Human Services administers the Arkansas Medicaid program through the Division of Medical Services. Arkansas Medicaid is detailed in the Arkansas Medicaid State Plan, Arkansas Medicaid Waiver Programs and through provider Manuals. The Centers for Medicare and Medicaid Services (CMS) administers the Medicaid Program for the U.S. Department of Health and Human Services. CMS authorizes federal funding levels and approves each state's State Plan and Waivers to ensure compliance with human services federal regulations.

What Services are Covered by Arkansas Medicaid?

Mandatory Services

Child Health Services (EPSDT) Early and Periodic Screening, Diagnosis and Treatment	Under Age 21
Family Planning Services and Supplies	All Ages
Federally Qualified Health Center (FQHC)	All Ages
Home Health Services	All Ages
Hospital Services - Inpatient and Outpatient	All Ages
Laboratory and X-Ray	All Ages
Certified Nurse-Midwife Services	All Ages
Medical and Surgical Services of a Dentist	All Ages
Nurse Practitioner (Pediatric, Family, Obstetric-Gynecologic and Gerontological)	All Ages
Nursing Facility Services	Age 21 and Older
Physician Services	All Ages
Rural Health Clinic (RHC)	All Ages
Transportation (to and from medical providers when medically necessary)	All Ages

Optional Services

Ambulatory Surgical Center Services	All Ages
Audiological Services	Under Age 21
Certified Registered Nurse Anesthetist (CRNA) Services	All Ages
Child Health Management Services (CHMS)	Under Age 21
Chiropractic Services	All Ages
Dental Services	All Ages
Developmental Day Treatment Clinic Services (DDTCS)	Pre-School and Age 18 and Older
Developmental Rehabilitation Services	Under Age 3
Domiciliary Care Services	All Ages
Durable Medical Equipment	All Ages
End-Stage Renal Disease (ESRD) Facility Services	All Ages
Hearing Aid Services	Under Age 21
Hospice Services	All Ages
Hyperalimentation Services	All Ages
IndependentChoices	Age 18 and Older
Inpatient Psychiatric Services	Under Age 21
Intermediate Care Facility (ICF) Services	All Ages
Licensed Mental Health Practitioner Services	Under Age 21
Medical Supplies	All Ages
Medicare Crossovers	All Ages
Nursing Facility Services	Under Age 21
Occupational, Physical and Speech Therapy Services	Under Age 21

SERVICES COVERED BY ARKANSAS MEDICAID

Optional Services

Orthotic Appliances	All Ages
PACE (Program of All-Inclusive Care for the Elderly)	Age 55 and Older
Personal Care Services	All Ages
Podiatrist Services	All Ages
Portable X-Ray	All Ages
Prescription Drugs	All Ages
Private Duty Nursing Services	All Ages
Prosthetic Devices	All Ages
Rehabilitative Hospital Services	All Ages
Rehabilitative Services for:	
Persons with Mental Illness (RSPMI)	All Ages
 Persons with Physical Disabilities (RSPD), and Youth and Children 	Under Age 21
Respiratory Care Services	Under Age 21
School-Based Mental Health Services	Under Age 21
Targeted Case Management for:	
Children's Services (Title V), SSI, TEFRA, EPSDT, Division of Children and Family Services,	
	Under Age 21
and Division of Youth Services	
Developmentally Disabled Adults	All Ages
Adults	Age 60 and Older
Pregnant Women	All Ages
Ventilator Equipment	All Ages
Visual Care Services	All Ages

Waivers Approved by the Centers for Medicare and Medicaid Services

Alternatives for Adults with Physical Disabilities (AAPD)	Age 21-64
Autism Waiver	Age 18 Monthes
	through 6 years
Developmental Disabilities Services (DDS/Alternative Community Services)	All Ages
Elder Choices	Age 65 and Older
Health Care Independence (Private Option)	Childless Adults Age
	19-64 and
	Parent/Caretakers
	19-64
Living Choices (Assisted Living)	Age 21 and Older
Non-Emergency Transportation	All Ages
TEFRA	Under Age 19

What Services are Covered by Arkansas CHIP?

ARKids-B	
	Age 0-18, Unborn
	Child, and Women
	of Child Bearing Age

SERVICES COVERED BY ARKANSAS MEDICAID

Benefit Limitations on Services

The Arkansas Medicaid Program does have limitations on the services that are provided. The major benefit limitations on services for adults (age 21 and older) are as follows:

- 12 visits to hospital outpatient departments allowed per State Fiscal Year (SFY).
- A total of 12 office visits allowed per SFY for any combination of the following: certified nurse-midwife, nurse practitioner, physician, medical services provided by a dentist, medical services furnished by an optometrist and Rural Health Clinics.
- 1 basic family planning visit and 3 periodic family planning visits per SFY. Family planning visits are not counted toward other service limitations.
- Lab and X-Ray services limited to total benefit payment of \$500 per SFY for outpatient services, except for Magnetic Resonance Imaging and cardiac catheterization and for Early and Periodic Screening, Diagnosis and Treatment (EPSDT) beneficiaries.
- 3 pharmaceutical prescriptions are allowed per month. (Family planning and tobacco cessation prescriptions are not counted against benefit limit.) Extensions are considered up to a maximum of 6 prescriptions per month for beneficiaries at risk of institutionalization.; Unlimited prescriptions for nursing facility beneficiaries and EPSDT beneficiaries under age 21. Beneficiaries receiving services through the Living Choices Assisted Living waiver may receive up to 9 medically necessary prescriptions per month. Medicare-Medicaid beneficiaries (dual eligible) receive their drugs through the Medicare Part D program as of January 1, 2006.
- Inpatient hospital days limited to 24 per SFY, except for EPSDT beneficiaries and certain organ transplant patients.
- Co-insurance: Some beneficiaries must pay 10% of the first Medicaid-covered day of a hospital stay.
- Beneficiaries in the "Working Disabled" aid category must pay 25% of the charges for the first Medicaid-covered day of inpatient hospital services and must also pay co-insurance for some additional services.
- Beneficiaries 18 years and older (except long term care) must pay \$.50 \$3 of every prescription drug, and \$2 on the dispensing fee for prescription services for eyeglasses. Beneficiaries in the Working Disabled aid category must pay a higher co-payment for these services and also must pay co-payments for some additional services.

Additional Information for Limitations Relating to Children

The families of some children with Medicaid coverage are responsible for co-insurance, co-payments, or premiums.

- Co-insurance: ARKids First-B beneficiaries must pay 10% of the charges for the first Medicaid-covered day of inpatient hospital services and must also pay \$10 per visit co-insurance for outpatient hospital services and 10% of Medicaid allowed cost per Durable Medical Equipment item.
- Co-payments: ARKids First-B beneficiaries must pay a co-payment for most services, such as \$10 for most office visits and \$5 per prescription (and must use generic drugs`). ARKids First-B beneficiaries' annual cost-sharing is capped at 5% of the family's gross annual income after State allowable income disregards.
- Premiums: Based on family income, certain Tax Equity Fiscal Responsibility Act (TEFRA) beneficiaries whose custodial parent(s)' income is in excess of 150% of the Federal Poverty level must pay a premium. TEFRA beneficiaries whose custodial parent(s)' income is at or below 150% of the Federal Poverty level cannot be assessed a premium.

NOTE: Any and all exceptions to benefit limits are based on medical necessity.

MEDICAID ADMINISTRATIVE UNIT DESCRIPTIONS

Program Development and Quality Assurance (PD/QA)

The PD/QA Unit develops and maintains the Arkansas Medicaid State Plan, leads the development and research of written policy in rules and manuals for new programs, oversees contractor technical writing of provider policy manuals, coordinates the approval process through both state and federal authorities and coordinates efforts in finalizing covered program services. The PD/QA Unit also leads development of new waiver programs and the resulting provider manuals. Because the Division of Medical Services has administrative and financial authority for all Arkansas Medicaid waiver programs, PD/QA is responsible for monitoring the operation of all Arkansas Medicaid waiver programs operated by other Divisions. PD/QA assures compliance with the Centers for Medicare and Medicaid Services (CMS) requirements for operating waiver programs and monitors for key quality requirements.

The PD/QA Unit also develops and maintains the Arkansas Child Health Insurance Program (CHIP) State Plan. PD/QA is responsible for coordinating the development and research of new 1115(a) demonstration waivers for the oversight of contractor technical writing of any provider policy manuals that may be developed for demonstration waiver programs, for the completion of initial and renewal request applications for 1115(a) demonstration waiver programs and ensuring that they are completed within federal guidelines, and for coordination of the approval process through both state and federal requirements.

Quality Assurance Activities for waiver programs include:

- Leading development of new waivers programs.
- Communicating and coordinating with CMS regarding waiver program activities and requirements, including the required renewal process.
- Providing technical assistance to operating agencies regarding waiver program policies, procedures, requirements and compliance.
- Performing case reviews, data analysis, and oversight activities to help identify problems and assure remediation for compliance with CMS requirements.
- · Developing QA strategies and interagency agreements for the operation and administration of waiver programs and
- Developing provider manuals for waiver programs.

Medicaid Information Management

The MIM is responsible for the operations and support of the Medicaid Management Information System (MMIS) which processes all Medicaid claims and provides Medicaid data for program management, **research and care** planning activities. The unit serves as the customer support center in maintaining and operating the **IT infrastructure** for the Division such as the Medicaid websites.

For State Fiscal Year 2015, MIM received 73 Security Advisory Committee (SAC) data requests and the Decision Support Lab output 1,431 reports. The reports produced include information requested by the Arkansas Legislature, Governor's office, press and other private entities seeking Medicaid performance and participation metrics. MIM works diligently to fulfill these requests while respectfully protecting the privacy of our members.

Arkansas Medicaid Enterprise (AME) Project Management Office

The MMIS Replacement Project, chartered by the Division, is to implement a new core MMIS, pharmacy point of sale (POS), and data warehouse and decision support system (DW/DSS) that will modernize existing system functions and significantly enhance the goals of the MMIS, ensuring that eligible individuals receive the health care benefits that are medically necessary and that providers are reimbursed promptly and efficiently.

The data warehouse and Fraud and Abuse Detection sub-system (FADS) for Program Integrity (PI) were moved in to production in February of 2015 under a contract with Optum Government Solutions.

The Pharmacy system under Magellan Health moved in to production in March of 2015. The system has paid 2,273,065 claims since it went live totaling approximately \$180 million.

The new Core MMIS design, development, and implementation (DDI) contract went into effect in December of 2014 with Hewlett Packard Enterprise. The project is expected to be completed in May of 2017.

MEDICAID ADMINISTRATIVE UNIT DESCRIPTIONS

Medicaid Information Management

Data Analytics

The Medicaid Statistical Analytics and Management Unit is responsible for developing and managing workflow processes and projects related to Medicaid data. The unit evaluates new technologies to introduce to the Division in an effort to create efficiencies in time and effort as well as developing and overseeing the Department of Human Services Enterprise Change Control Management.

Services and Support

The Services and Support unit serves as the Division liaison with our Federal partner the Centers for Medicare and Medicaid Services (CMS). The unit creates and provides the Federal documentation necessary for Medicaid to receive Federal funding for all IT projects.

Federal funding provided by CMS is approved, allocated and tracked based on the Federal Fiscal Year (FFY) (October 1 – September 30). For FFY-2015 (Oct. 2014 – Sept. 2015), CMS approved over \$157,873,700.00 towards the costs of various DHS Medicaid IT projects.

Medicaid Data Security Unit

The Medicaid Data Security Unit works with the DHS Privacy Officer on Health Insurance Portability and Accountability Act (HIPAA) compliance in order to maintain the privacy and security of patient information and assist contractors with adhering to DHS policies and procedures. The Security Unit also monitors and performs technical audits on contractors and researchers who use Medicaid data. A Data Security Committee evaluates requests to use Medicaid data for research projects and publications to ensure HIPAA compliance.

Third Party Liability and Estate Recovery

As the payer of last resort, federal and state statutes require Medicaid agencies to pursue third party resources to reduce Medicaid payments. One aspect of Arkansas Medicaid cost containment is the Third Party Liability Unit of Administrative Support. This unit pursues third party resources (other than Arkansas Medicaid) responsible for health care payments to Arkansas Medicaid beneficiaries. These sources include health and liability insurance, court settlements, absent parents and estate recovery. The savings for State Fiscal Year (SFY) 2015 were as follows:

	SFY 2015
Other Collections (Health & Casualty	\$ 28,773,215.40
Insurance)	
Cost Avoidance (Health Insurance)	\$ 30,110,825.73
Total Savings	\$ 58,884,041.13

Utilization Review

The Utilization Review (UR) section administers multiple medical programs and services. UR monitors the contracted Quality Improvement Organizations' (QIO) performance for quality assurance. UR administers the following programs and activities:

- Pre- and Post-Payment reviews of medical services;
- Prior authorization for Private Duty Nursing, hearing aids, hearing aid repair and wheelchairs;
- Extension of benefits for Home Health and Personal Care for beneficiaries over the age of 21 and extension of benefits of incontinence products and medical supplies for eligible beneficiaries;

MEDICAID ADMINISTRATIVE UNIT DESCRIPTIONS

Utilization Review

- Prior authorizations and extension of benefits for the following programs: In-patient and
 Out-patient Hospitalization, Emergency room utilization, Personal Care for beneficiaries under the age of 21, Child
 Health Management Services, Therapy, Transplants, Durable Medical Equipment and Hyperalimentation services;
- Out-of-state transportation for beneficiaries for medically necessary services/treatment not available in-state;
- Assure compliance of health care coverage benefits as required by regulation, rules, laws and local policy coverage determinations:
- Review of documentation supporting the medical necessity of requested services;
- Analysis of suspended claims requiring manual pricing;
- · Review of billing and coding;
- Assist interdepartmental units and other agency divisions regarding health care determinations related to specific rules, laws and policies affecting program coverage;
- Review of evolving medical technological information and contribute to policy changes and program coverage benefits related to specific program responsibility:
- Analysis of information concerning reimbursement issues and assist with resolutions;
- · Represent the department in workgroups at the state and local level;
- · Conduct continuing evaluations and assessments of performance and effectiveness of various programs;
- Interact with provider groups and levels of federal and state government, including the legislature and governor's office and
- Participate in both beneficiary and provider appeals and hearing process.

SUMMARY

	Prior Authorization Approvals:	Prior Authorization Denials:
Durable Medical	2,073	302

^{**} Companion travel is significantly higher than the recipient due to the recipient's age (up to age 2 may sit in companion's lap)

MEDICAID ADMINISTRATIVE UNIT DESCRIPTIONS

Program and Provider Management

Behavioral Health Programs

The Behavioral Health Unit is responsible for administering the Arkansas Medicaid behavioral health programs. This unit researches and analyzes proposed policy initiatives, encourages stakeholder participation and recommends revisions to policy and programming. Other responsibilities include monitoring the quality of treatment services, prior authorization and benefit extension procedures by performing case reviews, data analysis and procedural activities to identify problems and assure compliance with Arkansas Medicaid rules and regulations. These responsibilities are accomplished through the negotiation, coordination and assessment of the activities of the Behavioral Health utilization and peer review contracts. In addition to its role in auditing behavioral health programs, the peer review contractors develop and implement technical training and educational opportunities to providers. These opportunities are designed to assist providers in evaluating and improving their programs to offer the highest quality of care to Arkansas Medicaid beneficiaries. The Behavioral Health Unit further collaborates and supports other Department of Human Services divisions to design and implement a statewide transformation of the current behavioral health system under the umbrella of the Arkansas Health Care Payment Improvement Initiative. The overarching goal of the Behavioral Health Unit is to be instrumental in the development of a successful, efficient and quality-driven system of care.

Provider Enrollment and Vision and Dental Programs

In addition to directly managing and administering the Medicaid and ARKids Vision and Dental programs, this unit is responsible for other administrative requirements of the Medicaid program such as: provider enrollment, provider screening, deferred compensation, appeals and hearings and continuous program monitoring through the Survey Utilization Review Subsystem. The unit also directly responds to concerns and guestions of providers and beneficiaries of Arkansas Medicaid and ARKids services.

Electronic Health Records Unit (EHRU)

The EHRU coordinates oversight for providers statewide by addressing issues that arise for the EHR incentive payment program. The EHRU identifies areas of risk in the eligibility determination, meaningful use, and payment processes and reviews that will mitigate the risk of making an improper payment. The EHRU conducts audits of provider attestation forms for eligibility, validation of meaningful use, and conducting post and pre-payment reviews.

Primary Care Initiatives

Patient-Centered Medical Home and Transportation Programs

This unit manages multiple programs and services, primarily the Primary Care Case Management Program known as ConnectCare. Building on the ConnectCare program, in State Fiscal Year 2015, the unit has focused on the development and implementation of the Comprehensive Primary Care Initiative and the Patient-Centered Medical Home program. The unit also manages several quality improvement projects such as the Centers for Medicare and Medicaid Services Adult Quality Grant and the Inpatient Quality Incentive program. The unit directly administers the Early and Periodic Screening, Diagnosis and Treatment, ARKids First-B, and Non-Emergency Transportation programs.

Surveillance Utilization Review Subsystem (SURS)

The SURS unit is responsible for monitoring claims processes for Medicaid to seek indicators of fraud, waste or abuse. The SURS team employs an analytical tool to develop comprehensive reports and works closely with departmental staff to make recommendations on probable abuses of the Medicaid program. SURS staff works closely with the Arkansas Office of the Medicaid Inspector General and refers all cases to them.

MEDICAID ADMINISTRATIVE UNIT DESCRIPTIONS

Program and Administrative Support

Contract Oversight

The Contract Monitoring Unit oversees all contracts involving the Division of Medical Services and Arkansas Medicaid. The unit reviews both the Request for Proposals and the resulting contracts to ensure the requirements for each contract are capable of being met and measured. The unit makes on-site visits to contractors to establish relationships with the contractors, to review required documentation and to ensure the contractor is providing the services directed under the contract.

Financial Activities

The Financial Activities Unit of the Division of Medical Services (DMS) is responsible for the Division's budgeting and financial reporting, including the preparation of internal management reports and reports to federal and state agencies. This unit also handles division-level activities related to accounts payable, accounts receivable and purchasing, as well as activities to secure and renew administrative and professional services contracts. The Financial Activities unit is also responsible for Human Resource functions in DMS.

Program Budgeting and Analysis

Program Budgeting and Analysis develops the budgets for all of Arkansas' Medicaid waiver renewals and newly proposed Arkansas Medicaid waiver programs. Depending on the type of waiver that is being renewed or proposed budget neutrality, cost effectiveness or cost neutrality is determined.

In addition to waiver budgeting, Program Budgeting and Analysis analyzes Arkansas Medicaid programs to determine whether each program is operating within their budget and if program changes should be considered. This unit also performs trend and other financial analysis by type of service, provider, aid category, age of beneficiary, etc.

Provider Reimbursement

Provider Reimbursement develops reimbursement methodologies and rates, identifies budget impacts for changes in reimbursement methodologies, coordinates payments with the Arkansas Medicaid Fiscal Agent and provides reimbursement technical assistance for the following Arkansas Medicaid providers:

- Institutional The Institutional Section is responsible for processing: all necessary cost settlements for in-state and border city Hospitals, Residential Treatment Units and Federally Qualified Health Clinics; calculating and reimbursing annual hospital Upper Payment Limit amounts, hospital quality incentive payments and hospital Disproportionate Share payments; calculating per diem reimbursement rates for Residential Treatment Centers; processing and implementing all necessary rate changes within Medicaid Management Information System for the above named providers and processing all necessary retroactive reimbursement rate change mass adjustments for these providers.
- Non-Institutional –The Non-Institutional Section is responsible for the maintenance of reimbursement rates and assignment of all billing codes for both institutional and non-institutional per diems, services, supplies, equipment purchases and equipment rental for the following providers: Physician, Dental, Durable Medical Equipment, ARKids, Nurse Practitioner, Certified Nurse-Midwife, Child Health Management Services, Developmental Day Treatment Clinic Services, Other.
- Long Term Care (LTC) The LTC Section reviews annual and semi-annual cost reports submitted by Nursing Facilities
 and Intermediate Care Facilities for Individuals with Intellectual Disabilities. The cost reports are reviewed for
 compliance with applicable state and federal requirements and regulations, including desk and on-site reviews. The LTC
 Section maintains a database of the cost report information, which is used to evaluate cost and develop reimbursement
 methodologies and rates. The LTC Section is also responsible for processing all necessary retroactive reimbursement
 rate change mass adjustments for these providers.

MEDICAID ADMINISTRATIVE UNIT DESCRIPTIONS

Health Care Innovation

The Health Care Innovation (HCI) Unit is responsible for coordinating the operations and activities to design the Arkansas Payment Improvement Initiative (APII)and service delivery systems. The unit works with multi-payers, staff and contractors to design and deliver episodes of care for acute conditions; implement new models of population-based health care for chronic conditions (e.g., patient-centered medical and health homes); develop and coordinate improved payment systems infrastructure requirements; and facilitate stakeholder, provider and beneficiary engagement through the APII.

Now in its third year of work, HCI continues its mission to improve the health of the population, enhance the patient care experience of care and reduce the cost of health care. The goal is to move Arkansas's health system from a fee-for-service model that rewards volume to an alternative payment model (APM) that rewards high-quality, effective outcomes for patients by aligning financial incentives for how care is delivered.

Patient-Centered Medical Homes (PCMH), while not a physical location, embody prevention and wellness efforts of patient-centered and coordinated care across all provider disciplines. With the goal of promoting and rewarding prevention and early intervention, coordinated teambased care and clinical innovation results in more efficient delivery system of high-quality care.

Nationally, our health system's support for primary care is weak and it has left the general public frustrated as much as it has left Primary Care Providers (PCPs) frustrated. Patients don't have a single provider who is accountable for his or her care. The complexity of the system can be overwhelming. PCPs are underpaid and not well integrated into other players in the system. The notion of a PCMH has a long history in primary care and there is an emerging trend to implement PCMH to address these frustrations with the current medical system.

PCMH helps achieves Arkansas's triple aim: improving population health, enhancing the patient experience, and controlling the cost of care. PCMH seeks to do this by investing more in primary care. This means higher take-home pay for PCPs, and smoother practice processes and workflows.

The Arkansas Medicaid PCMH Program turned out to be a great success as illustrated by the following table:

ARKANSAS MEDICAID PCMH PROGRAM PARTICIPATION

State	Me	dical Practice	s	Primary Care Physicians (PCPs)			Medicaid Beneficiaries			
Fiscal	# Enrolled	Total #	%	# Enrolled	Total #	%	# Enrolled	%		
Year	in PCMH	Practices*	Enrolled	in PCMH	PCPs**	Enrolled	in PCMH	Beneficiaries***	Enrolled	
2014	123	259	47%	659	1,074	61%	295,000	386,000	76%	
2015	142	250	57%	780	1,074	73%	317,000	386,000	82%	

^{*} This total represents the number of medical practices that are eligible to participate in the PCMH Program. These practices are in the Medicaid Primary Case Management program and have at least 300 beneficiaries attributed to them.

Another segment of Health Care Innovation that has already been implemented is the Retrospective Episodes of Care. To date, fourteen (14) Episodes have gone live, which are Perinatal, Congestive Heart Failure (CHF), Total Joint Replacement (TJR), Colonoscopy, Cholecystectomy, Attention Deficit/Hyperactivity Disorder (ADHD), Oppositional Defiant Disorder (ODD), Coronary Artery Bypass Graft (CABG), Chronic Obstructive Pulmonary Disease (COPD), Asthma, Tonsillectomy and three types of Upper Respiratory Infections (URI).

With Episodes of Care, providers are rewarded for providing high quality, cost efficient care. However, providers whose costs exceed the performance of their peers must make payments back to the Medicaid program.

Through July 2015, Retrospective Episodes of Care has produced over 23,331 reports for almost 2,213 individual providers responsible for a patient's care. In order to create these detailed reports, approximately 454.9 million Medicaid claims have been processed to format just under 3.7 million individual episodes (before exclusions).

Arkansas Blue Cross Blue Shield (BCBS) and QualChoice continue to participate and launch selected episodes of care and are currently developing their own set of PCMHs.

Implementation of the multi-payer provider portal, where providers can enter quality metric data and access historical and performance measurement reports, centers around quality metric portal design for future episodes and provider report format based on lessons learned and feedback.

In an effort to improve population-based care for targeted populations, integrated care models are being developed to address specific needs for Development Disabilities (DD), Behavioral Health (BH), and Long Term Services and Supports (LTSS) populations.

Continuity of Care and Coordination of Coverage

The Continuity of Care and Coordination of Coverage unit is responsible for coordinating DMS efforts in the implementation of the Health Care Independence Program and assisting with coordination of coverage for enrollees as they move in and out of Medicaid and transition to private health insurance programs. Additionally, this unit supports other Medicaid initiatives and coordinates with all areas within DMS, several other DHS Divisions, and other State agencies.

^{**} This total represents the number of primary care physicians that are associated with these practices.

^{***} This total represents the number of Medicaid beneficiaries that are assigned to these practices through the Medicaid Primary Case Management program.

PRESCRIPTION DRUG PROGRAM

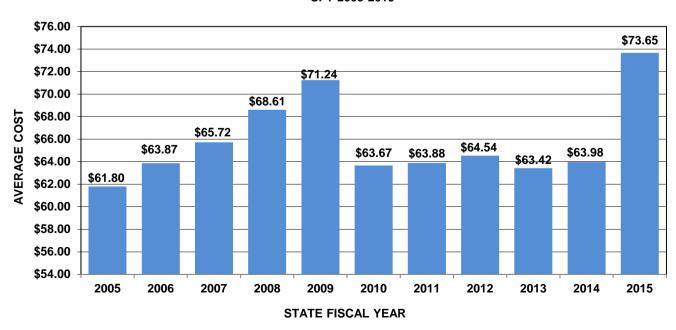

The Prescription Drug Program, an optional Arkansas Medicaid benefit, was implemented in Arkansas in 1973. Under this program, eligible beneficiaries may obtain prescription medication through any of the 903 enrolled pharmacies in the state. During State Fiscal Year (SFY) 2015, a total of **470,961** Arkansas Medicaid beneficiaries used their prescription drug benefits. A total of 5.4 million prescriptions were reimbursed by Arkansas Medicaid for a cost of \$397.7 million dollars making the average cost per prescription approximately \$73.65. An average cost for a brand name prescription was \$346 dollars, representing 15% of the claims and accounting for 71% of expenditures. The average cost for a generic prescription was \$25 dollars, representing 85% of claims and accounting for 29% of expenditures.

The Prescription Drug Program restricts each beneficiary to a maximum of 3 prescriptions per month, with the capability of receiving up to 6 prescriptions by prior authorization. Beneficiaries under 21 years of age and certified Long Term Care beneficiaries are not restricted to the amount of prescriptions received per month. Persons eligible under the Assisted Living Waiver are allowed up to 9 prescriptions per month.

Beginning January 1, 2006, full benefit, dual-eligible beneficiaries began to receive drug coverage through the Medicare Prescription Drug Benefit (Part D) of the Medicare Modernization Act of 2003, in lieu of coverage through Arkansas Medicaid. Arkansas Medicaid is required to pay the Centers for Medicare and Medicaid Services (CMS) the State Contribution for Prescription Drug Benefit, sometimes referred to as the Medicare Part D Clawback. This Medicare Part D payment for SFY 2015 was \$42,021,754.94.

Arkansas Medicaid reimbursement for prescription drugs is based on cost and a dispensing fee. Drug costs are established and based upon a pharmacy's Estimated Acquisition Cost (EAC) and the federally-established Generic Upper Limit or State Established Upper Limit. Arkansas Medicaid has a dispensing fee of \$5.51 as established by the Division of Medical Services and approved by CMS. The EAC and dispensing fee are based upon surveys that determine an average cost for dispensing a prescription and the average ingredient cost. In March of 2002, a differential fee of \$2.00 was established and applied to generic prescriptions for which there is not an upper limit. The following table shows the average cost per prescription drug in the Arkansas Medicaid Program.

AVERAGE COST PER PRESCRIPTION DRUG SFY 2005-2015

OFFICE OF LONG TERM CARE

Most people think of nursing facilities when they think of the Office of Long Term Care (OLTC). The OLTC professional surveyors conduct annual Medicare, Medicaid and State Licensure surveys of Arkansas' two hundred and twenty-six (226) Nursing Facilities, forty-one (41) Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICFID), including five (5) Human Development Centers, and ninety-two (92) Assisted Living Facilities. Annual and complaint surveys are also conducted in thirty-six (36) Adult Day Care and Adult Day Health Care facilities and two (2) Post-Acute Head Injury Facilities throughout the state. Semi-annual surveys are conducted in the fifty-eight (58) Residential Care Facilities, and twenty-one (21) Alzheimer's Special Care Units (seventeen (17) in Assisted Living Facilities and four (4) in nursing homes). Additionally, annual Civil Rights surveys are conducted in one hundred and five (105) hospitals.

In addition to its role inspecting long-term care facilities, the OLTC provides training and educational opportunities to various health care providers to help ensure that facilities provide the highest level of care possible to long term care residents. OLTC staff provided approximately fifty-two (52) hours of continuing education through twenty-six (26) workshops/seminars to over one thousand and seventy-two (1,072) staff members in the nursing home and assisted living industry during SFY 2015. Furthermore, there were two hundred and forty-three (243) agendas submitted from outside sources for review to determine one thousand two hundred and eighty-eight (1,288) contact hours for nursing home administrators.

The Nursing Home Administrator Licensure Unit processed renewals for six hundred and fifty-one (651) licensed administrators, and seventy-eight (78) license applications, and issued forty-six (46) new licenses and five (5) temporary licenses. Additionally, OLTC administered the state nursing home administrator examination to sixty-one (61) individuals. During SFY 2015, the Administrator-in-Training program trained 19 participants.

The Criminal Record Check Program applies to all categories of licensed long-term care facilities consisting of over five hundred and sixteen (516) affected facilities. During SFY 2015, there were thirty-four thousand and eight (34,008) "state" record checks processed through OLTC and twenty thousand and sixty-four (20,064) "federal" record checks processed with a total of ten thousand three hundred and eighty-two (10,382) disqualifications under both categories combined.

At the end of SFY 2015, the Registry for Certified Nursing Assistants (CNAs) contained thirty thousand three hundred and eight (30,308) active and eighty thousand seven hundred and eighty-nine (80,789) inactive names. In addition to maintaining the Registry for CNA's, the OLTC also manages the certification renewal process for CNAs, approves and monitors nursing assistant training programs, manages the statewide competency testing services, and processes reciprocity transfers of CNAs coming into and leaving Arkansas.

The Medical Need Determination Unit processed approximately one thousand three hundred and seventy-three (1,373) Arkansas Medicaid nursing facility applications per month while maintaining approximately thirteen thousand seven hundred seventeen (13,717) active cases. The unit also processed ten thousand nine hundred and forty-seven (10,947) assessments, two thousand eight hundred and ninety-seven (2,897) changes of condition requests, five hundred and forty-two (542) transfers, three thousand six hundred and fifty-one (3,651) utilization review requests and one thousand and five hundred and fifty-two (1,552) applications/reviews for ICFID, which includes two hundred and nine (209) new assessments and seven (7) transfers during the year. The unit completed four thousand one hundred and thirty-four (4,134) TEFRA applications and one hundred and ten (110) autism waiver applications. Additionally, the unit completed fourteen thousand eight hundred and seventy-two (14,872) applications/reviews/waivers for other medical programs within the Department of Human Services during SFY 2015.

The OLTC Complaint Unit Staffs a Registered nurse and licensed social worker who record the initial intake of complaints against long-term care facilities. When this occurs, the OLTC performs an on-site complaint investigation. They are often able to resolve the issues with the immediate satisfaction of the involved parties. The OLTC received eight hundred and eighty-three (883) nursing home complaints during SFY 2015 regarding the care or conditions in long-term care facilities.

LONG-TERM CARE MEDICAID PROGRAM SERVICES AND STATISTICS

Since 1990, the federal long-term care program has had two levels of facility care under Medicaid. These levels of care are nursing facility services and intermediate care facility services for the intellectually disabled (ICF/ID). Arkansas classifies state-owned facilities as public and all others as private. Arkansas Health Center is a public nursing facility. The ICF/ID population is divided into the five (5) state-owned Human Development Centers, four (4) private pediatric facilities of which three (3) are for profit, one (1) private nonprofit pediatric facility, and thirty-one (31) fifteen (15) bed or less facilities serving adults. The nursing facilities include one (1) public and two hundred and twenty-five (225) private under Medicaid.

Note: There are two (2) additional private facilities that do not receive Medicaid funding.

ANALYSIS OF PRIVATE FACILITY EXPENDITURES

Arkansas Medicaid is a major provider of private nursing facility services accounting for approximately 67% of all occupied beds. Expenditures in SFY 2015 increased by 0.2% from SFY 2014 with an increase of 5.3% over the past five (5) years.

UTILIZATION CONTROL AND NURSING FACILITY PAYMENT CLASSIFICATIONS

The number of Medicaid recipients in nursing facilities has decreased by 2.88% in the past five (5) years, while the estimated over-age-85 population has increased by approximately 5.54% during the same period. With the continued expansion of home and community based programs, those whose needs can be met in their own homes will continue to choose that option.

DIVISION

OF

SERVICES FOR

THE BLIND

INTRODUCTION

AGENCY HISTORY

During the 1940's and early 1950's, rudimentary services for blind people were provided by "home teachers" who were employed by the Arkansas Department of Welfare. In 1955, services to blind people were transferred to the Arkansas Rehabilitation Services, then to the Department of Education.

Arkansas Rehabilitation Services for the Blind was created in 1965 by Arkansas Act 180. This Act established a Division of Rehabilitation Services for the Blind within the State Board for Vocational Education. All services for the blind were transferred to said Division from the Arkansas Rehabilitation Services.

Act 38 of 1971 transferred the functions, powers, and duties of the Rehabilitation Services for the Blind to the Department of Social and Rehabilitation Services (now the Department of Human Services) and placed them in the Division of Rehabilitation Services.

Arkansas Act 393 of 1975 amended Arkansas Act 38 of 1971 to require that the functions, powers and duties of the Rehabilitation Services for the Blind be located within an Office for the Blind and Visually Impaired in the Division of Rehabilitation Services. Act 393 gave the Office for the Blind and Visually Impaired statutory authority and legal authority to promulgate rules, and established an Advisory Committee appointed by the Governor.

In 1983, a number of consumer, education, and service organizations identified a critical need for specialized services to visually impaired and blind Arkansans. In response to this concern, the Governor and Legislature established the Division of Services for the Blind (DSB) under Act 481. Although previously Arkansas had offered separate services for blind and visually impaired persons, Act 481 provided that the agency should be governed by a policy-making board, the majority of whom must be blind persons. Within the past decade, DSB has been commended for innovative programming, consumer responsiveness, and consistently high performance in the rehabilitation of severely disabled persons.

DSB functions both as a direct service provider and as a consumer agent in locating and purchasing quality services (including medical and educational services; equipment or supplies related to self-sufficiency; job placement or employment services; etc.). All direct services are made available to consumers in their own communities.

DSB serves consumers through three interdependent units: **Field Services**, **Business and Technology Services**, and the **DSB Directors Office**. These three service units were designed by the **DSB Board** to offer two advantages to the State of Arkansas:

- Enhance the personal self-sufficiency of consumers eliminating costs associated with unnecessary skilled care;
- 2. Maximize the potential contributions made by consumers as citizens and taxpayers.

INTRODUCTION

PHILOSOPHY AND GOALS

The Arkansas Division of Services for the Blind is dedicated to the independence of Arkansans who are blind or visually impaired and is committed to the principle that these individuals have the right to make informed choices regarding where they live, where they work, how they participate in the community, and how they interact with others.

Our mission is to work in partnership with these Arkansans by assisting them in obtaining the information they need to make informed choices and by providing them with access to services that increase their opportunities to live as they choose.

Within the constraints of state and federal laws and based on available funds, the Division of Services for the Blind fulfills its mission through the following goals:

- 1. **Employment** To assist Arkansans who are blind or visually impaired to secure or maintain employment consistent with their skills, abilities, and interests;
- 2. **Rehabilitation Teaching** To assist Arkansans who are blind or visually impaired to live as independently as possible through the development of skills, accommodations, or adaptations that are necessary to perform all activities of daily living;
- 3. **Prevention of Blindness** To assist in preventing blindness by stabilizing vision, and, where possible, restoring vision.

Source: DSB Website

During the 2015 state fiscal year, DSB provided specialized services to blind and visually impaired persons through two major program units. **Field Services** offered vocational rehabilitation and independent living services to blind and severely visually impaired persons in their homes and communities throughout Arkansas. **Business and Technology Services** provided assessment of technological and job development needs, then prescribed equipment and training plans to meet those needs in a rapidly changing job market and business environment. The DSB Director's Office supported the programs offered above through supplemental administrative services as well as operating the Arkansas Information Reading Services for the Blind Network.

DSB FIELD SERVICES

Vocational Rehabilitation- The objective of the Vocational Rehabilitation (VR) program is to ensure that qualified blind and visually impaired persons work in appropriate careers and become as personally and economically independent as possible. The program assesses consumer needs, plans appropriate services based upon informed consumer choice, and develops and provides cost-effective services for individuals who are blind or severely visually impaired. Consumers usually range in age from 14 to 64. The vocational rehabilitation services provided are consistent with the strengths, resources, priorities, concerns, abilities, capabilities and informed choice of the disabled individual.

To be eligible for DSB services, the individual must have a visual disability. The visual disability must be a substantial impediment to employment. It must be determined that the individual with the visual disability can benefit from vocational rehabilitation services in the achievement of a vocational outcome. Additionally, the individual requires vocational rehabilitation services to prepare for, engage in, or retain gainful employment. After an individual is determined eligible for vocational rehabilitation, services are provided. In SFY 2015, DSB served 1,538 vocational rehabilitation consumers, of which 100% were severely disabled. Of this number, 306 blind or severely visually impaired individuals successfully achieved employment outcomes.

The Older Blind Program provides in-home instructions in the activities of daily living to Arkansans, age 55 and older, who are blind, severely visually impaired or have a rapidly progressive visual impairment. The program assists eligible individuals by teaching independent living skills necessary to remain independent in their homes and communities. DSB, the DHS Division on Aging and Adult Services, and the Department of Health work together to support the independence of older blind persons within the state. During SFY 2015, the program served **173** older blind persons, including **117** under the federal grant contract and **56** served through in-kind services of World Services for the Blind (WSB). All **117** individuals served under the contract successfully completed their rehabilitation plans.

DSB BUSINESS AND TECHNOLOGY SERVICES

Consumer Technology- Like their sighted counterparts, blind college students, insurance agents, lawyers, social workers, ministers, physicians, etc., have multiple needs for computers and other technology. Computer systems with prescriptive sensory adaptations are developed by the Consumer Technology Program to enable blind and visually impaired individuals to access the information needed for success in their chosen professions.

During SFY 2015, there were 632 visits made to the Consumer Technology Lab with technology specialists providing consultation and training to 270 individuals. Additionally, numerous public inquiries were made by agencies, businesses, and individuals interested in learning more about adaptive equipment for blind and visually impaired people. The Technology Lab has proven to be valuable in allowing blind individuals to have access to computers for the purpose of gaining experience in using adaptive equipment.

Vending Facility Program- The Vending Facility Program (VFP) provides self-employment business opportunities throughout the state for individuals who are interested in, and have the necessary skills for, private enterprise. The vending locations are managed by totally blind or legally blind persons who have been trained and licensed by the Division of Services for the Blind under the federal Randolph Sheppard Act. In addition to initial training, managers are also provided technical assistance, financial management services and upward mobility training. The program also assesses and recruits potential new locations. It equips locations, maintains and replaces equipment as needed, and provides initial stock inventory. In fiscal year 2015, \$30,446 was personally spent by the vendors upgrading existing facilities. Licensed blind vendors operated 17 vending locations with sales of over \$1.1 million dollars. There were also 16 mechanical vending locations on Arkansas highways generating income of \$116,737. Vending managers earned commissions on sales totaling \$268,843, an average of \$15,814 annually.

Self-Employment - DSB also offers self-employment guidance for vocational rehabilitation consumers interested in starting their own business. The guidance consists of tools for business planning, counseling and guidance and technical assistance as needed. DSB served 3 consumers during SFY 2015.

Volunteer Coordination - In SFY 2015, DSB volunteers participated in various activities with a total of 299 hours. Service was donated in the areas of management, direct services, advocacy, indirect services, special events, education and training, boards/commissions and advisory committee activities. A total of 80 volunteers donated time to DSB staff and consumers and various DSB and DHS projects.

Braille/Tape Production- This unit converts printed materials into Braille, large print, and cassette tape or computer diskette according to the user's preference in order to comply with ADA requirements or the Federal Rehabilitation Act. Services are provided after identifying preference of media choice from the agency's staff, consumers and other professionals throughout the field of blindness: e.g. textbooks, operating manuals, meeting agendas/minutes, training packets, test for employment, etc. This is a unique service specifically designed to meet the blind and visually impaired individual's needs. The service is managed by a Library of Congress Certified Braille Transcriber. For SFY 2015, the Braille/Tape Production unit received a total of 284 requests for alternative format to print. Two hundred seventy nine (279) of the requests were for Braille. These requests resulted in the production of 5,610 Braille pages and 7,215 large print pages.

DIRECTOR'S OFFICE

The DSB Director's Office provides administrative guidance and supplemental staff support to the previously mentioned programs in the form of policy development, staff development, and financial services. Additionally, it oversees the operation of the Arkansas Radio Reading Services for the Blind (AIRS).

Arkansas Information Reading Services for the Blind (AIRS)- AETN estimates that the number of consumers who accessed the service by personal television or computer streaming is approximately 2,100 individuals in SFY 2015. At the same time, the Arkansas Information Reading Services for the Blind served an average of 250 consumers each month throughout Arkansas, offering telephone-based personal reader service that provides extensive reading of newspapers, magazines and other selected text upon demand from local, state and national sources.

DIVISION OF

YOUTH

SERVICES

INTRODUCTION

Mission

The mission of the Division of Youth Services is to provide effective prevention, intervention and treatment programs to give opportunities for success to families and children in Arkansas and to ensure public safety.

Vision

Children and families in Arkansas are safe and have the resources they need in their communities to help them succeed.

Values

This plan is based on a number of shared values and beliefs among stakeholders for juvenile justice reform:

- State resources and programs to support children and families in Arkansas should be coordinated in a system of care for maximum effectiveness. This imperative must infuse every goal and strategy in this plan.
- 2. Redirecting resources from incarceration and punishment to prevention and treatment will be more effective, less costly, and lead to greater public safety for citizens of the state.
- Youth and families should receive services in community centers close to their homes whenever possible. This will allow more community buy-in, family involvement, and ease of transition after treatment.
- 4. Response to children in trouble should involve multi-system interventions with their families, and families should be involved in needs assessment and planning.
- 5. Programs and services should be strength-based and empower youth and families to succeed.
- 6. Programs and services should be evidence-based or have data showing effective outcomes. To achieve this accountability will require better baseline data and on-going data sharing as well as a commitment to data-based decision making.
- 7. All children and youth in the state should have equal opportunities for fairness, help and success without regard to gender, race or ethnicity, disability, geographic location, income level, or any other factor.
- 8. An effective juvenile justice system will require creative partnerships among state agencies, public and private schools, churches and faith-based organizations, local communities, the judicial system, and foundations.

INTRODUCTION

Historic Overview of DYS

Act 199 of 1905 established the first reform schools in Arkansas in Little Rock and Alexander, respectively.

Act 67 of 1917, the Arkansas Boys' Reform School was relocated to Pine Bluff.

Act 60 of 1937 established two additional "training" schools at Wrightsville and Fargo.

In 1968, the Department for Rehabilitative Services was assigned responsibility to administer "training" schools. The Benton Services Center was opened and controlled the diagnosis and intake responsibilities regarding the youth committed to state custody.

In 1971, Act 38 established the Department of Social and Rehabilitative Services (SRS), a forerunner to the current Department of Human Services (DHS). The Office of Juvenile Services was placed under the direction of the Director of SRS. In 1977, the Division of Youth Services was formally created as a division within the present DHS.

In 1985, Act 348 merged the Division of Youth Services with the Division of Children and Family Services until Act 1296 of 1993 reestablished DYS as an independent division within DHS. The Division of Youth Services (DYS) was authorized by Act 1296 to be "devoted entirely to handling the problems of youths involved in the juvenile justice system." DYS became operational in October 1993 and is responsible for client-specific programming and individual treatment programs, serious offender programs for violent youth offenders, providing alternative community-based programming, and other services specified directly by Act 1296.

In SFY 2015, the Division of Youth Services contracted with Community Based Providers (CBP) for the following services: Targeted Casework Management, Therapy, Diagnosis and Evaluation, Intensive Casework Management, Interstate Compact, Emergency Shelter and Residential Treatment. In addition, the Community Based Providers provided sanction services that included Community Service Supervision, Intensive Supervision and Tracking, Compliance Monitoring, Drug Screening, Day Services Level I, Day Services Level II, and Crisis Residential Treatment. Funding for community based services was allocated to each judicial district, with one contractor servicing each district. The providers in each district conducted a needs survey in order to provide the services most beneficial to the youth in their individual areas. Aftercare services were provided in accordance with ACT 1222, with quarterly reports submitted to the Legislative Committee on Children and Youth.

The Division also contracts for Specialized Services including: Therapeutic Group Home Services, Comprehensive Residential Treatment Services in Psychiatric facilities, Sex Offender Treatment Services, Socialization/Recreation Services, Therapeutic Foster Care, Diagnosis and Evaluation and Therapy. The Residential Facilities have a total of 305 bed contracted with DYS.

The Residential Facilities had direct expenses in the amount of \$26,290,133.74. The Community Based Programs and Service Providers had direct expenses in the amount of \$18,277,672.63. The Specialized Services Programs had direct expenses in the amount of \$3,005,225.54. Total expenditures was \$47,573,031.91.

Community Based Programs and Services Providers

Comprehensive Juvenile Services - Fort Smith
Consolidated Youth Services - Jonesboro
Conway County Community Services, Inc. - Morrilton
Counseling Clinic - Benton
East Arkansas Youth Services, Inc. - Marion

COMMUNITY-BASED YOUTH SERVICES PROGRAMS

The Community-based program network consists of 13 privately-operated non-profit organizations for SFY 2015. The division contracts with these programs to provide residential and non-residential services to youth up to the age of 21 who are adjudicated delinquents, members of "families in need of service", or youth at risk (youth who exhibit behavior that, if continued, would bring them into contact with the juvenile justice system).

INTERSTATE COMPACT ON JUVENILES

The Interstate Compact on Juveniles (ICJ) was designed primarily for cases involving out-of-state runaways, escapees and absconders, and for the supervision of juveniles who have been adjudicated delinquent. It provides legal procedures for the return of runaways and makes it possible to place a juvenile on probation or parole in a state other than the one where the offense was committed with the assurance of supervision by the appropriate agencies of the state in which he/she is placed.

Requests for Home Evaluation/Supervision Sent by Arkansas to Other States			97

Number of Escapees (Youth Committed to Facility)			0
Number of Absconders (Youth on Probation or Parole)			19

ARKANSAS DHS STATISTICAL REPORT GLOSSARY SFY 2015

Adult Protective Services (DAAS) protects and assists adults, age 18 and older, who are abused, neglected, or exploited, or any combination thereof, and who are endangered as a result of lack of capacity or impaired from mental or physical disease or defect as these terms are defined by Arkansas Statute.

Alternative Community Services (DDS) ACS Waiver is a Medicaid home- and community-based waiver that serves individuals of all ages with developmental disabilities, who, without these services, would have to live in an institution such as a nursing home or intermediate care facility for the intellectually disabled (ICF/ID).

Americorps, also known as the domestic Peace Corps, engages Americans of all ages in service opportunities each year. AmeriCorps members serve with local nonprofits and community agencies, where they have the opportunity to teach adults to read, make neighborhoods safer, teach children how to be healthier, as well as respond to and assist in natural disasters. In Arkansas, AmeriCorps members have been able to serve over 80,000 people. Most of these AmeriCorps members serve with projects like Arkansas Garden Corps, Legal Aid of Arkansas, and Arkansas Future Teacher Initiative, as well as many others. Members can also serve in AmeriCorps*VISTA (Volunteers in Service to America), AmeriCorps*NCCC (the National Civilian Community Corps), and in Senior Corps in locations across America. Arkansas has AmeriCorps programs operating in all of its 75 counties.

ARKids First (DCO & DMS) provides health insurance to children who otherwise might not get medical care. The program offers two coverage options. ARKids A offers low-income children a comprehensive benefits package. ARKids B provides limited coverage for slightly higher income families. ARKids B requires a small co-pay for most services.

Commodity Distribution Program (DCO) processes and distributes raw commodities donated by the U.S. Department of Agriculture to schools and other eligible recipient agencies in Arkansas.

Community Services Block Grant - CSBG (DCO) is a state-administered federal anti-poverty program which supports services designed to help low-income individuals and families become self-sufficient (i.e., employment assistance, housing, childcare, food, etc.). Services are provided by 16 Community Action Agencies which cover all 75 counties in the state.

Community Service Supervision (DYS) is a program that provides a site for community service work, supervision of the juvenile on the work site by program staff, and reports to the court regarding compliance with the established case plan.

Compliance Monitoring/Electronic Monitoring (DYS) is a program which monitors a juvenile's presence in a particular location in order to enable the juvenile to remain in the home or return to the home, thus preventing institutionalization or re-institutionalization. Services are provided in accordance with an established plan of service and include contact with the juvenile to determine compliance with the plan.

Crisis Residential Treatment (DYS) includes intervention and stabilization of a juvenile in an existing facility that provides a structured setting, close supervision, and necessary interventions to allow the juvenile to return home. Services in a hardware secure facility are limited to fourteen (14) days per sanction. This service may include, but is not limited to, education and room and board.

Day Services (DYS) provides educational and therapeutic services to juveniles who have been initially ordered such services by the court, as a part of a legally authorized Diversion Agreement, or as a sanction for non-compliance with a court order or an established Aftercare Plan. This service is designed to enhance a youth's behavior, academic performance, and interpersonal skills in a structured setting, either in a group or in a one-to-one basis, based on an individual case plan.

Developmental Day Treatment Clinic Services (DDTCS) (DDS) is a program for adults age 21 (age to 21 if the person has a diploma/ certificate of completion). Services are provided in a clinic setting on an out-patient basis. Services include evaluation, instruction in areas of self-help, socialization and communication to help the person to develop and retain skills related to their ability to live in the community. Options for speech, physical, and occupational therapy are available.

Diagnosis and Evaluation (DYS) is assessment of the nature and extent of a youth's physical, emotional, educational and behavioral problems and recommendations for treatment strategies to remedy the identified problems. The specific diagnostic services provided and level of sophistication of reports produced are based on the individual needs of the referring agency. Allowable components are educational evaluation, social assessment, psychological evaluation, psychiatric evaluation, and consultation with the referring agency. Evaluations may also include a medical evaluation, if the assessment indicates a physical association with the emotional and/or behavioral problem(s).

Drug Screenings (DYS) is the collection and analysis of urine samples to determine if a youth is using drugs. May only be provided as a subordinate part of a sanction service for adjudicated delinquents or youth on aftercare status. This service may also be provided as Non-Sanction Drug Screening as a subordinate part of another service as a diversion from juvenile court or as court ordered for adjudicated Family In Need of Services (FINS). The Sanction Services are limited to the length of time a sanction is imposed. The Non-Sanction Services are limited to a period not to exceed six (6) months per each court order.

Emergency Shelter (DYS) are services, including room and board, for youth whose circumstances or behavioral problems necessitate immediate removal from their homes or for youth released from a youth services facility who need temporary placement in the community until long term residential arrangements can be made. The purposes of Emergency Shelters are (1) to provide shelter for a period necessary to make more permanent arrangements or (2) to provide a short-term alternative to secure detention. The extent and depth of the services provided to a youth in the Emergency Shelter program will depend upon the individual needs of the youth and the referral source. Emergency shelter is limited to a maximum of sixty (60) days in any six month period. An order from Juvenile Court may supersede the stated time constraints.

ARKANSAS DHS STATISTICAL REPORT GLOSSARY SFY 2015

Emergency Solutions Grant Program (DCO) assists local communities to improve the quality of life for the homeless by: (1) Providing grants for minor renovations, rehabilitation or conversion of buildings for the homeless, (2) Providing funds for payments of certain operating and maintenance expenses, (3) Providing funds for essential social services expenses, and (4) Providing funds to be used for homeless prevention efforts. It also assists with rapid re-housing, homelessness prevention and street outreach efforts to assist the homeless.

Health Care Independence Program (DCO & DMS) provides Medicaid funding in the form of premium assistance to enable adults aged 19-64 to enroll in private health insurance plans offered through insureark.org.

Hyperalimentation (DMS) is the administration of nutrients by intravenous feeding especially to patients who cannot ingest food through the alimentary tract (the tubular passage that begins from mouth and functions in digestion and absorption of food and elimination of residual waste.)

IndependentChoices (DAAS) is a consumer-directed Medicaid waiver for Medicaid eligible persons age 18 and above who have a medical need for personal care service. This consumer directed service gives clients a monthly cash allowance in place of traditional personal care. Eligible persons are able to choose, supervise and pay their own personal care aide and use some of the allowance to purchase goods and services related to personal care needs.

Intensive Casework Management (DYS) are services specifically designed for youth committed to a youth services facility operated by the Division of Youth Services. This should provide a community evaluation that includes recommendations for release plans, services to families of committed youth, advocacy on behalf of the youth, supervision, transportation, and follow-up. It may also include visiting youth at the Youth Services Center(s), under certain circumstances.

Intensive Casework Management For Serious Offenders (DYS) are services specifically designed for youth committed to the Division of Youth Services who have completed the residential phase of a serious offender program and who have been transferred back to the community. Services include, but are not limited to, recommendations for release plans, services to families of committed youth, advocacy on behalf of the youth, supervision, transportation, and follow-up.

Intensive Supervision and Tracking (DYS) is to provide intensive supervision and tracking services to juveniles who have been initially ordered this service by the court or as a part of a legally authorized Diversion Agreement. The service may also be used as a sanction for non-compliance with a court order or an established aftercare plan. The primary goal of this program is to support the youth in their homes primarily through individualized, consistently close supervision and monitoring. The service is available seven (7) days a week and may be performed at any hour of the day or night, depending on the situation.

The Interstate Compact Placement of Children (ICPC) Unit assist in moving children in need of foster care placement or adoption across state lines. When a child requires foster care or adoptive placement outside the resident state, DCFS shall use the ICPC process.

Interstate Compact on Juveniles (DYS) provides for the supervision of out-of-state delinquent juveniles, provides for the return of runaways, provides authorized agreements for the cooperative institutionalization of special types of juveniles, and provides for the return of absconders and escapees. Allowable components include initial evaluation, supervision, follow-up reports, and discharge.

Long-Term Care (DCO & DMS) - individuals who are residents of nursing homes may qualify for Medicaid if the care in the facility is medically necessary and they meet income, resource and other criteria.

Low Income Home Energy Assistance Program (LIHEAP) (DCO) provides financial assistance to about 60,000 households each year to help them meet the costs of home energy i.e. gas, electricity, propane, etc. It also offers weatherization services and case management activities which are designed to encourage and enable households to reduce their energy costs and thereby, their need for financial assistance.

Medicaid (DAAS & DMS) reimburses health care providers for covered medical services provided to eligible needy individuals in certain categories. Eligibility is determined based on income, resources, Arkansas residency, and other requirements.

Medicaid Eligible (DCO & DMS) is a person who has met the eligibility requirements to obtain Medicaid coverage.

Medicaid Recipient (DMS) is a person who uses their Medicaid card to receive Medicaid services.

Medically Needy (DCO & DMS) is intended to provide medical services for categorically related individuals or families whose income and/or resources exceed the limits for cash assistance but are insufficient to provide medical care.

Newborn Medicaid (DCO & DMS) provides 12 months continuous full coverage for those newborns up to age 1 whose mothers were Medicaid eligible at the time of the newborn's birth.

Parent/Caretaker Relative Medicaid (DCO & DMS) provides full Medicaid coverage to adults with minimal income based on AFDC rates who have related minor children living with them in the home.

Pregnant Women - Full Benefits (DCO & DMS) with minimal income based on AFDC rates may be eligible for full Medicaid coverage if they meet certain eligibility criteria. Coverage continues through the pregnancy and until the end of the month that the 60th day postpartum falls.

ARKANSAS DHS STATISTICAL REPORT GLOSSARY

SFY 2015

Pregnant Women - Limited Benefits (DCO & DMS) with income up to 209% of Federal Poverty Level may be eligible for limited coverage if they meet eligibility criteria, including prenatal, delivery, postpartum and conditions, which may complicate the pregnancy. Coverage continues through the pregnancy and until the end of the month that the 60th day postpartum falls.

Refugee Resettlement Program (DCO) assists newly arrived eligible refugees to assimilate into the American way of life, offering ongoing medical services and financial assistance for up to eight months.

Residential Treatment (DYS) is twenty-four hour treatment services available for up to one year for each individual (recommended average: four to six months), for youth whose emotional and/or behavioral problems, as diagnosed by a qualified professional, cannot be remedied in his or her own home. Room and board is limited to six months in a one-year period. An order from Juvenile Court may supersede the stated time constraints.

Restorative Justice (DYS) is the compensation to a crime victim by the offender. Restorative justice programs may take minor offenders as well as serious offenders. This service may also be offered as Non-Sanction Restorative Justice programs but would then be limited to non-adjudicated youth as a diversion from adjudication by juvenile court. This program consists of two types of programs:

- Cash: A program which assists the offender in obtaining employment and, in some cases, provides supervision to the juvenile to monitor the payment of restitution to the victim or the juvenile's employment to ensure compliance with the established plan of service.
- Restitution (Work for the Victim): A program that monitors a juvenile's work activities to compensate a victim. The service may include arrangement of scheduled activities, monitoring of work performed, and reports to the court or DYS regarding compliance with the established case plan. The program may mediate between the victim and the offender to determine the amount of restitution.

Special Nutrition Programs (DCCECE) provides reimbursement for well-balanced, nutritious meals served to individuals enrolled in the Child and Adult Care Food Program, National School Lunch Program, Special Milk Program, and the Summer Food Service Program.

Substance Abuse Services (DBHS): The Division of Behavioral Health Services is the single state agency responsible for funding of alcohol and drug prevention and treatment services, providing court ordered treatment, licensing of alcohol and drug treatment programs, the State Methadone Authority, administering the Drug and Alcohol Safety Educational Programs and providing training to the field of substance abuse.

Supplemental Nutrition Assistance Program (SNAP) (formerly the Food Stamp Program) **(DCO)** provides food assistance to eligible households to cover a portion of a household's food budget. In addition to food assistance, the program provides SNAP recipients with nutrition education, employment & training, and work experience in some cases.

Targeted Casework Management (DYS) are services that assist an individual or family in accessing needed medical, social, educational, and other services appropriate to the needs of the individual/family. Targeted case management services include client intake, assessment, periodic reassessment, case plan development and review, service referral, coordination and advocacy, monitoring of client service utilization, record keeping and documentation of service contacts and client progress, and transportation.

The Emergency Food Assistance Program (TEFAP) (DCO) makes surplus and purchased agricultural commodities available to low income households. The commodities are intended to supplement other foods and not serve as a household's sole or main food source.

Therapy (DYS) is a therapeutic relationship between the client and a qualified therapist for the purpose of accomplishing changes that are identified as goals in the case plan through the use of various counseling techniques. Services to specific individuals may include individual, group or family therapy, or consultation with the referral source as needed.

Transitional Employment Assistance (TEA) (DCO & DMS) program is a time-limited assistance program to help needy families with children become more responsible for their own support and less dependent on public assistance. In addition to monthly cash assistance, employment-related services are provided to parents, including job-readiness activities, transportation assistance, childcare assistance, and other supportive services so that the parent can engage in work or education and training activities.

U-18 (DCO & DMS) is a Medical Assistance Only category intended to provide services to needy individuals under 18 years of age who meet the TEA income and resource requirements.

Unborn Child (Pregnant Women) (DCO & DMS) provides limited coverage to the non-citizen pregnant woman whose child will be born in the U.S. Coverage continues through the pregnancy and until the end of the month that the 60th day postpartum falls.

Vocational Rehabilitation (DSB) objective is to ensure that qualified blind and visually impaired persons work in appropriate careers and become as personally and economically independent as possible.

Work Pays (DCO) is an incentive program designed to encourage working TEA clients to remain employed after closure of the TEA case while increasing their hours of work and/or hourly wage. Families participating in Arkansas Work Pays will receive a monthly cash assistance payment in the amount of \$204 for up to 24 months, provided they meet the Work Pays eligibility requirements. The twenty-four months will count toward the federal 60 month time limit but not the state's TEA 24 month limit. This work incentive program may be limited to 3,000 families. This program was implemented in July 2006.
