

IT'S SAFE

- All the vaccines available right now are safe, even if you're pregnant.
- Most people who take the vaccine do not have any serious side effects.

IT'S EASY

- Vaccines are available in every county of the state, including without an appointment at some clinics and doctor's offices. Ask your doctor today.
- You can get vaccinated any day of the week and even in the evenings from others you trust, like your pharmacist.
- Find a vaccination location near you by visiting vaccines.gov.

IT'S FREE

- Anyone 5 or older can get a vaccine AT NO COST!
- Medicaid clients get FREE transportation to get vaccinated.
- The vaccine visit will not count against Medicaid clients' 12 office visits limit each year.

IT'S URGENT

- Almost all the people hospitalized in Arkansas right now with COVID-19 are unvaccinated.
- We all want things to go back to normal. Getting vaccinated is the best way to help make that happen.
