### **PROGRAM BACKGROUND**

#### **What is the Arkansas Rent Relief Program?**

The Arkansas Rent Relief Program helps eligible renters who are unable to pay past due and/or future rent and/or past due utilities due to lost income or hardships caused by the COVID-19 pandemic. Up to 15 months of relief is available for unpaid rent and utilities due on or after April 1, 2020.

### **PROGRAM TIMELINE**

#### **What are the key program dates?**

Applications opened on May 17, 2021 and will continue accepting applications into 2022 as long as general rent relief funds are available.

#### **How long will it take to process and approve/deny my application?**

Applications are being prioritized by those most at risk of facing eviction and then in the order in which they were received. Complete applications with ALL required supporting documentation are generally processed within 30 days. Applications with incomplete documentation will require additional processing time to collect and process the additional information.

#### **What can I do if I am unable to provide ALL of the required supporting documentation?**

Work with your Landlord, Household Member's Employers, Housing Counselor or others as you may be required to obtain and upload the necessary documentation.

A self-attestation process has been included in the application for the following requirements where complete supporting documentation is unavailable:

- Financial Impact (e.g., unemployment, reduction in income, significantly increased expenses, or other financial hardship)
- Housing Impact (e.g., risk of housing instability or homelessness)
- Income qualification (e.g., total household income at or below 80% AMI)
- Lease Obligation (e.g., landlord information, monthly rental obligation, and response as to utilities included)
  - Rental assistance will be limited to 3 months of rent with an expectation that the lease agreement is provided on future requests if a copy of a valid lease is not provided with the initial application.

Note that case managers may still be required to request the missing documentation, to include any of the self-attested criteria above, to prove eligibility in accordance with US Treasury regulations.

#### **How will I know if there are any updates or changes to the program?**

Any changes to the program will be posted on [ar.gov/rentrelief](https://ar.gov/rentrelief). Please check this website periodically to see if any updates have been posted.

*Applicants may not get help from the Arkansas Rent Relief Program for any rental or utility expense that has already been paid by another federally-funded rental assistance program, such as but not limited to the Arkansas Fresh Start Program or Emergency Solutions Grants.*

*Please also note that landlords and tenants who live in the same household are not eligible for this program.*

#### **What if I already get rental assistance through another program?**

This program can only pay rent or utilities that are not paid for by other rental assistance programs.

#### **Do I have to be an Arkansas resident to apply for assistance?**

#### **How do you decide what my household income is?**

*Household income is based on one of the following:*

- Total household income for calendar year 2020 using the Adjusted Gross Income from your Internal Revenue Service (IRS) Form 1040 series individual Federal annual income tax form; Total household monthly income at the time of application based on at least the two months prior to the date you apply. See the [Tenant Required Documentation](#) guide for the many forms of income accepted.

#### **Can I apply for help if I live with roommates?**

Yes. Your name must be on the lease if you are applying for help for the part of rent that you are supposed to pay. A roommate named on the lease also may apply for help for the part of rent the roommate is supposed to pay. All other eligibility requirements must be met for each applicant. Please note that landlords and tenants who live in the same household (i.e., your roommate is also your landlord) are not eligible.

#### **I have gotten or get unemployment benefits, am I eligible for assistance?**

#### **I have a pending eviction notice; can this program help me?**

This program may be able to help you, but you must meet all other eligibility requirements. Arkansas Rent Relief help is available for rent due on or after April 1, 2020. If you have not yet applied, but have an eviction pending, note this information in the application and upload the requested eviction documentation so the case can be prioritized.

**What if I am about to be evicted but I already submitted an application?**

If the tenant marked yes to the question, “Have you received an eviction notice?” or “Has eviction court paperwork been issued to the tenant with a hearing date or has an eviction occurred?” then nothing further needs to be done. marked yes to the question, “Have you received an eviction notice?” or “Has eviction court paperwork been issued to the tenant with a hearing date or has an eviction occurred?” then nothing further needs to be done.

If the tenant did **not** mark yes on an existing application to either question outlined above, then they should call the Arkansas Rent Relief Contact Center to get an update on their status and determine if the tenant needs to update their application with eviction notice information.

If the tenant has not yet submitted an application, but has an eviction pending, they should reapply immediately and check the applicable boxes in the application indicating an eviction notice has been received and, if applicable, court papers regarding the eviction have been received. They will need to upload this information in their application and submit so that the case can be prioritized for review.

### **ARKANSAS RENT RELIEF BENEFITS**

#### **Will the Arkansas Rental Relief Program pay for costs other than rent?**

Yes. The Arkansas Rental Relief Program also covers utilities and home energy costs as well as reasonable late fees associated with rent and utilities. *Note: If some or all of your utilities are paid as part of your rent, those will be considered as part of the rent you owe.*

#### **Are there any utility expenses that are not eligible?**

Yes. Internet, telephone, streaming services, and cable delivered to the rental unit are not eligible utilities.

#### **How many months may I apply for rental assistance?**

You cannot receive more than a total of 15 months of assistance. You may apply for past due rent back to April 1, 2020 and up to three months of future rent at one time. Once your first application is approved, you may apply for more future rent to be paid not to exceed 15 months total.

#### **Is there a limit in the amount of rent you will pay?**

There is currently not a cap on total amount of rental assistance that you may receive.

#### **How much rental and/or utility assistance should I apply for?**

You can only apply for the amount of back rent you owe plus up to 5% of late fees, past due utilities to include reasonable late fees, and up to three months of future rent. You cannot apply for more than 15 total months of assistance. Late fees on utility charges are not covered by the program at this time.

#### **Can late fees be included in the requested assistance?**

Yes. At this time, late fees on rent will be limited to no more than 5% of approved rent and the details required on late fees must be in the lease agreement. Late fees CAN be requested for past due utility bills.

#### **If I get help through this program, can I still be evicted?**

Tenants may be evicted for reasons other than nonpayment. Since each tenant's situation may vary, please continue to attend any scheduled court hearings.

#### **If I get help now through this program, can I be eligible again if I still need help with rent or utilities?**

You may apply again through the extension process as long as you have not gone over the limit of 15 months. Please do not apply with a new application as that will increase the time it takes to review and process your request.

#### **Can I apply for past due rent on a previous rental?**

Tenants and landlords can apply for past due rent dating back to April 1, 2020. Assistance for past due rent may still be requested if the tenant no longer lives at the rental unit if all required information is completed.

### **APPLICATION PROCESS**

#### **When can I apply and what is the deadline for applying?**

Applications opened May 17, 2021. An application deadline has not been established at this time. Under this program, eligible renters can get help for rent due on or after April 1, 2020.

#### **How can I apply?**

You may access the application at [ar.gov/rentrelief](https://ar.gov/rentrelief).

#### **If I live in Benton or Washington County where should I apply?**

Benton and Washington counties have their own rental assistance programs and have requested that residents apply directly to the county program.

- Benton residents can apply [here](#).
- Washington residents can apply [here](#).

**Does my landlord have to agree to getting paid this way?**

No. If a landlord does not wish to participate, funds may be paid directly to the eligible tenant if approved. Federal regulations require the tenant to remit these funds to the landlord upon receipt. You are encouraged to obtain a copy of the receipt or cancelled check to prove you've paid the landlord as it may be requested by the State or Federal program officials.

**What if my landlord doesn't want to participate?**

The Arkansas Rent Relief Program can now make payments directly to tenants if a landlord chooses not to participate. When you submit your application, the Program will attempt to reach your landlord at least three times. If a matching landlord application is not submitted after 10 days, your application will be reviewed for eligibility and payment. If the landlord applies during the review process but prior to payment, the landlord will receive the payment directly. If the landlord has still not applied when your application is approved, funds will be distributed directly to you as the tenant via the United States Postal Service. As indicated above, Federal regulations require tenants to remit rental assistance funds to your landlord upon receipt. You are encouraged to obtain a copy of the receipt or cancelled check to prove you've paid the landlord as it may be requested by the State or Federal program officials.

**If I'm applying for utilities, does my utility company have to apply?**

No. Utility companies do not have to complete an application or provide any information. You will be required to provide documentation for the amount of utilities and late fees owed to each provider.

**I'm a landlord and my tenant is behind on rent. Can I apply?**

Yes. You may apply and your application will prompt your tenant to apply. Please have your tenant's contact information available. Payment can only be made once a tenant has completed the application and established eligibility. Please note, landlords and tenants who live in the same household are not eligible for this program.

**If I have already applied but my landlord did not, should I reapply?**

No. If you applied to the program prior to September 8, 2021 and your landlord did not submit a matching application, you do not need to apply. The pending application will automatically be sent for review. Future requests for rental assistance will be done through an expedited extension request and not through a new application. To check the status of your application, please login to the application. Please do not submit a duplicate application as this may slow down application review times and increase how long it takes to receive funds.

**Can landlord companies/property management companies and individual landlords apply?**

Both individual landlords as well as property management companies can apply. A company application must be completed by an authorized representative, in which case an EIN (Employer Identification Number) and company letter or government-issued photo ID must be provided. This information is strictly used for identity verification to reduce the risk of identity theft and fraud; no credit checks are run on any individuals.

**I am a landlord with multiple rental units. Can I submit one application?**

Landlords must complete an individual application for each unit for the application to be matched with the respective tenant application. Landlords may use the system's auto-fill feature to quickly fill out applications for each unit.

**Will the application be available in Spanish and Marshallese?**

Yes.

**What documents will I need for proof to complete the application process?**

The [Tenant and Landlord Application User Guide](https://ar.gov/rentrelief) on [ar.gov/rentrelief](https://ar.gov/rentrelief) has a list of the documents you will need. In addition, you may find the Tenant Required Documents material useful.
