1090.2 Reporting Required

- 1090.2.1 Any DHS employee or contractor who is aware of facts and circumstances that would cause a reasonable person to suspect that an incident took place must report that incident.
- 1090.2.2 Any DHS employee who fails to file a report required by these rules is subject to discipline for misconduct. If more than one employee observes the incident, the employees may designate one person to make the report. If no report is filed, all employees who were aware of the facts or circumstances are subject to disciplinary action. Only one initial report per incident is necessary.
- 1090.2.3 DHS residential institutions may designate individuals (each shift/work unit) to facilitate the physical transmission of Incident Reports to Division Directors or Designees and the DHS Director's Office.
- 1090.2.4 Any DHS contractor who fails to file a report required by these rules is subject to contractual remedies.

1090.3 General Reporting Method

- 1090.3.2 In the absence of computer transmission capability, completion of Form DHS-1910 is required. The completed form should be faxed to the Division Director or Designee and the DHS Client Advocate.

NOTE: Supporting documentation should be submitted only when requested. In most cases, thorough completion of the Form DHS-1910 is sufficient.

EXCEPTION: When reporting child deaths, Department of Children and Family Services (DCFS) staff are to complete and forward DCFS Child Death Notice, Form CFS-329, together with Form DHS-1910.

1090.4 Procedural Rules

- 1090.4.1 General Rule: DHS employees and contractors must report incidents. Any incident requiring a report to the DHS Communications Director must be reported by telephone within one hour of the incident. All other reports must be filed with the Division Director or Designee and the DHS Client Advocate no later than the end of the second business day following the incident. Any employee not filing reports within the specified time is subject to disciplinary action unless the employee can show that it was not physically possible to make the report within the required time.
- 1090.4.2 Telephone notifications and informational e-mails to Division Directors or Designees, the DHS Client Advocate and other parties as appropriate for early reporting of unusual or sensitive information are welcomed. All such reports must be followed with completion and submission of Form DHS-1910.

1090.5 Special Internal Notifications

- 1090.5.1 In addition to the general notices required by these rules, the DHS Communications Director must be notified by phone within one hour of occurrence, regardless of the hour, of incidents that have, or are expected to, receive media attention. If the Communications Director is unavailable, a message must be left with the Communications Director's office staff, or, outside business hours, on the Communications Director's home telephone answering machine. However, leaving a message does not discharge the reporter's special notification responsibilities. If the reporter is unable to speak with the Communications Director, the reporter must proceed to call the following persons, in the order listed, until an actual contact is made, at which time the special reporting responsibility will be satisfied: DHS Client Advocate; DHS Chief Counsel; appropriate Division Director(s); and DHS Deputy Director(s). Attachment C contains a list of special contact information. The list will be updated and re-distributed to Divisions by the DHS Director's Office when appropriate.
- 1090.5.2 In addition to the general notices required by these rules, the DHS Chief Counsel must be notified within one hour of occurrence, regardless of the hour, of incidents of: a) suicide; b) death from adult abuse, maltreatment or exploitation; c) death from child maltreatment or severe maltreatment; or d) serious injury. If the Chief Counsel is unavailable, the reporter should use the procedure set out in 1090.5.1 above by leaving a message for the Chief Counsel and initiating contacts with others in the order outlined until contact is made, beginning with the Communications Director.

NOTE: Such reports must also be followed by completion and appropriate submission of Form DHS-1910 in accordance with this policy.

1090.6 Special Reporting

- 1090.6.1 If the incident involves adult abuse, maltreatment or exploitation, or child maltreatment or severe maltreatment, the employee must also report the incident to the appropriate adult or child abuse Hotline immediately. Any employee who is uncertain if the incident falls within these categories must notify the appropriate Hotline.
- 1090.6.2 If the incident alleges maltreatment by a hospital, a copy of the report will be sent to the Arkansas Department of Health by the Division Director or Designee, who should note the notification in the appropriate space on the Form DHS-1910, and forward the information to the DHS Client Advocate as a follow up Incident Report.
- 1090.6.3 DHS employees and contractors are encouraged to report matters of immediate public importance whether or not these rules specifically require a report.

1090.7 Updated Reports

Information requested on Form DHS-1910 that is not available at the time of the initial report must be submitted as follow up or final reports. Follow up or final reports should be submitted as soon as the additional information becomes available. The initial report should be resubmitted with the follow up or final report areas checked and dated in the appropriate space on the form. The current date should also precede new information in the text to differentiate it from original information. A new Form DHS-1910 should be submitted for follow up or final reports only when there is insufficient space on the original form to include updated information. Whenever a new form is used, the date of the original written report must be included on the form for cross-referencing.

NOTE: No follow-up report is required for non-serious, accidental injury if the injury heals as expected and without complication.

1090.8 Other Laws And Rules

- 1090.8.1 The duties imposed by these rules are in addition to any other duties imposed by law, rule or policy.
- 1090.8.2 In addition to being a violation of this policy, failure to report to appropriate Hotlines may also be a criminal offense under Arkansas law.
- 1090.8.3 This policy does not replace investigative reports required by Divisions in internal matters.

1090.9 Conflicting Policies Repealed

This rule supersedes and replaces DHS Policy 3002-1, Incident Reporting, issued 9/04/90 and any existing policies or specific sections of existing policies that conflict with the terms of this policy.
