Celebrating Autism Awareness Month by Highlighting the EPSDT Autism Program~ Elizabeth Cleveland

This month, the Arkansas Division of Developmental Disability Services (DDS) is celebrating Autism Awareness Month by highlighting the Arkansas EPSDT (Early and Periodic Screening, Diagnostic and Treatment) Autism Program. The Center for Disease Control (CDC) estimates that an Autism Spectrum Disorder (ASD) affects 1 in 59 children. In Arkansas, 1.3% of children have been identified as having ASD. In light of these statistics, DDS is implementing a new program to provide children with ASD in Arkansas an opportunity to receive Applied Behavior Analysis (ABA) services through the state EPSDT program. ABA therapy is an evidence-based practice that has been proven to assist children with ASD by supporting and strengthening their abilities to thrive in their daily lives. This program will allow children with ASD to access resources that will support and empower them and their caregivers throughout every season of their lives. The DDS EPSDT Autism Program Team is working hard to be able to provide the best services to all Arkansans with ASD. Please join the DDS in “Lighting it up Blue” for Autism Awareness Month.

Jonesboro Human Development Center’s “Be Your Own Beautiful” Gala

On Friday, March 08, 2019 at 6 p.m. the Jonesboro Human Development Center (JHDC) Volunteer Council sponsored the 2nd Annual “Be Your Own Beautiful” Gala at St. Bernard’s Auditorium, 505 Washington Ave. in Jonesboro. It was an evening of art, music, and fashion. Residents of the center modeled fashion attire. The event included a silent auction featuring art work designed and created by persons with disabilities. A delicious meal prepared by Beverly’s Downtown Catering of Pocahontas was served. Approximately 275 persons were in attendance. The Mistress of Ceremonies for the evening was Ashley Ehrhart, the reigning Miss Historic Batesville.

Throughout the evening, adults with disabilities were given an opportunity to express their talents and develop self-confidence and positive self-esteem. This event was a wonderful chance for local community members to share the vision of promoting disability awareness.
