

RESPITE REGISTRY

- FREE, searchable list of respite care providers.
- Primary caregivers can find a respite worker when they need a short break or support.
- Represents providers statewide.
- Allows the person searching the registry to filter the search to best fit their need, including the following service categories: COUNTY, AGE, PAYMENT TYPE (Medicaid/Medicare/Private Pay).

WHO IS LISTED IN THE REGISTRY?

- Private in-home respite care providers who have completed our free Respite Care Certification Program
- Private in-home respite care providers who have completed the UAMS-Schmieding Caregiver's REST Training Program
- Facility-based environments and agencies that provide respite care

HOW DOES THE REGISTRY WORK?

Primary or family caregivers in need of respite services can search the registry. The primary caregiver then contacts the respite provider to set up an interview and request additional information about respite care opportunities. Caregivers can also ask for background checks, and negotiate specific care needs and pay rates for providing care.
