Arkansas Child Welfare Report Card
In Compliance with Act 1222 of 1995
Report Period July 2012 – June 2013**

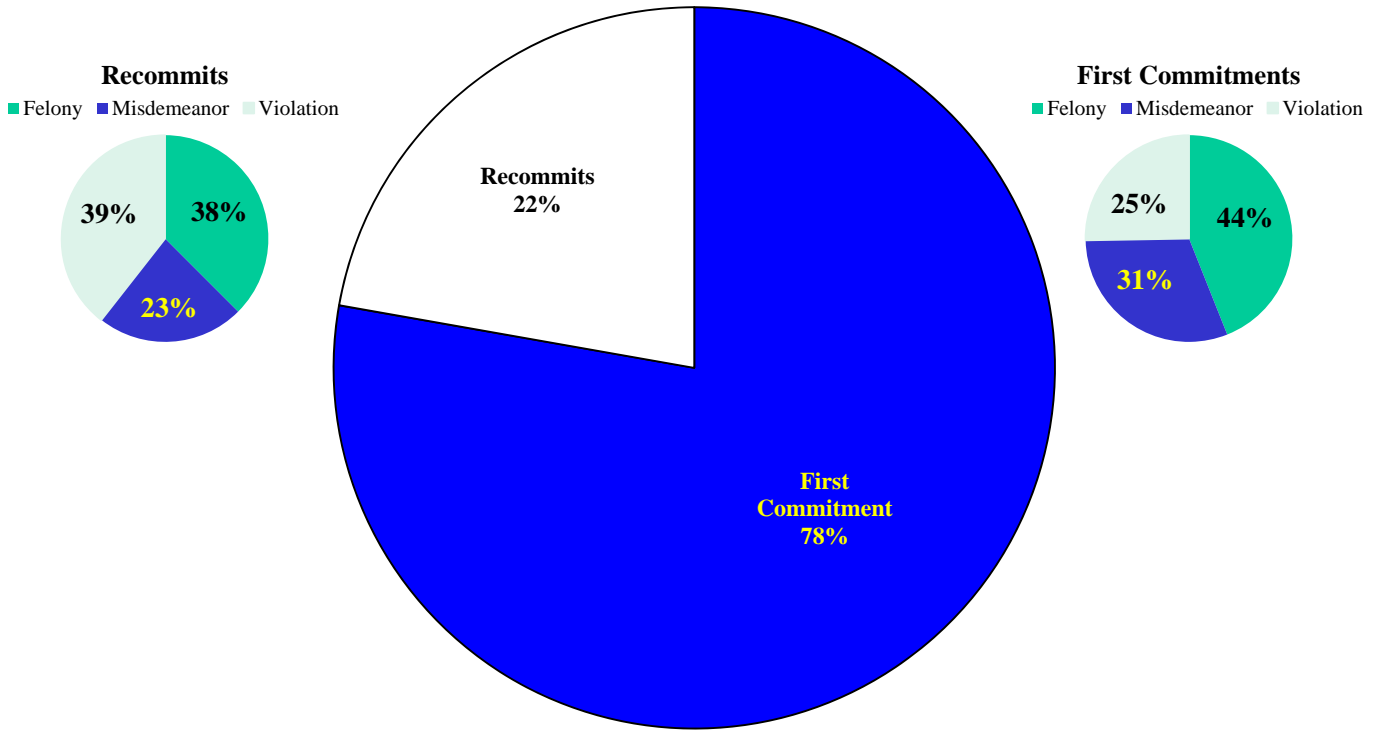

Executive Summary

For FY 2013 the age and gender of committed juvenile offenders remained overwhelmingly males between 15 and 17 years of age. In FY 2013 there was less than a 1% decrease in Caucasian youth and a 9% decrease in African-American youth committed to DYS. In FY 2013 the number of youth recommitted to DYS in percentage points remained the same and the number of youth committed for felony type offenses decreased by 34%. The high percentage of decrease is due to a changed in reporting. Starting mid October 2012, DYS is now able to more accurately denote the youth committed for revocation of probation, probation violations, and aftercare violations. The number of commitments to DYS from FY 2010 through FY 2013 averaged around 494 annually. In FY 2013 the number of commitments decreased by 5.6% from the prior year.

* Since the Hotline and the Investigations units are two separate sections within the Arkansas State Police, the Hotline may accept an incident called in, then later the incident will not be investigated by the Investigations Unit after review of the circumstances. The DYS IAU never receives a follow-up on these reports to know whether they were ever investigated. Some of these incidents occurred prior to the juvenile being committed to DYS. The IAU does not receive notification of the findings in these incidents. Some incidents that are reported in one quarter may not be finalized by the State Police until sometime within the next quarter.

** These six (6) incidents include three (3) allegations of sexual abuse prior to DYS commitment as reported to staff at intake or in therapy; one (1) allegation of substance abuse at a previous facility; and two (2) allegations of physical abuse – one (1) reported by a parent and one (1) reported by a staff member but the juvenile refused to report or write a statement.
