

Options in where you
want to live....

Have you been in a Nursing Facility
for at least 60 days? Have you been
on Medicaid for at least 1 day?
Would you like to move back into the
community and are not sure how to
do this?

Money Follows the Person is a
program of The Arkansas
Department of Human Services
Division of Aging and Adult Services
for individuals who are Medicaid
eligible and who live in a qualified
institution who have the desire to
move back into the community and
receive Home and Community Based
Services.

You have a Choice...

**In where you live and receive
long-term services and support.
Participating in Money
Follows the Person can help
you with your choices. If you
decide to transition back to the
community MFP can provide
resources and support
to help.**

Moving Back to the Community...

Money Follows the Person FAQ's

What populations are served by MFP? Elderly, adults with physical disabilities, persons with developmental disabilities, and adults with mental illness.

How does someone become qualified for MFP? You must be in a qualified institution for at least 60 days and Medicaid eligible for at least 1 day.

Where will I live?

A case manager will be assigned to work with you to decide where you will live and develop a plan to transition to the setting of your choice. If you do not have an existing home or family arrangements are unavailable, the case manager will have a listing of available housing options in your community from which you may choose.

What are the some of the benefits of Money Follows the Person?

Participants will be enrolled into an existing Medicaid Waiver program that provides specific long-term care services. Supports and services which best meets your needs will be determined, along with other Medicaid state plan services.

For the first year, you will also receive other (demonstration) services and supports to help you as you transition to your new residence and learn to live more independently. Some of these services are:

Medication Dispensing Unit

Personal Attendant Care

Home Modification

Supported Living Services

Therapeutic Services

Community Transition Services

Goods and Services

Who decides what services I will receive? You might choose to direct your own care or to have an agency direct your services. You will work with a nurse or other care specialist, depending on the specific waiver chosen, to further complete a plan of care designed to meet your preferences and needs.
