How To Access Training Materials During The Presentation

Open the Multimedia Viewer Panel and click “Continue.”

You should see the AFMC MMIS webpage which will allow you to download the presentation and any additional training resources.
The New Provider Workshop is designed for ALL Provider types and specialties. We will only cover the items listed on the Agenda. In addition, we will not cover any specific provider types during this workshop. The Medicaid program has over 50 provider types and we invited all provider types to attend this workshop. Therefore, the information during this session will vary depending on the most relevant and immediate information.

If you have specific questions, please contact the Provider Assistance Center at 1-800-457-4454. Please pay close attention, as the options have changed for Electronic Data Interchange (EDI and Provider Enrollment).

There are also job aids that will give you step-by-step instructions on: How to check eligibility, How to check status of a claim, How to submit and review a claim, How to register for the portal, and more. In addition, we now have Quick Track Training Videos to assist with Portal Password Reset, Eligibility Verification and Files Exchange for Health Care Innovation Documentation, How to Adjust/Edit a Claim, How to Access a PA Letter, Timely Filing and How to Void a Claim located on the DHS and AFMC websites.

If you have escalated issues or would like to discuss specific issues, please contact your provider outreach specialists at 501-906-7566 to set up a virtual or on-site visit. A map to contact your rep is located at afmc.org and the DHS website https://humanservices.arkansas.gov

AFMC

AFMC is a nonprofit organization engaged with clients and health care providers in all settings to improve overall health and consumers’ experience of care, while reducing health care costs. We accomplish this through education, outreach, data analysis, information technology, medical case review and marketing/communications services.

Webpage: afmc.org
AFMC’s MMIS outreach specialists are available to help Arkansas providers with questions about:

- Program policies and procedures
- Claim submissions
- Provider portal training
- Understanding remittance advice
- Virtual and on-site training

Note: If you would like a one-on-one meeting to answer specific questions after this training, please contact your outreach specialist.

You can find your provider outreach specialist at afmc.org/mmis or on the DHS Website under:

- Divisions and Shared Services
- Medical Services
- Helpful Information for Providers
  - Support for Providers
- AFMC outreach specialists
  - Choose the option for Meet the AFMC billing outreach specialists
- You may contact your outreach specialist by calling 501-906-7566 and choosing the region where your organization resides.
Provider relations outreach specialists are policy experts and educators who work with health care providers. They help practices navigate the Medicaid system and stay up-to-date on policy and procedures. During visits, the specialists will educate on state initiatives, provide educational tools to implement best practices and gather feedback for the state. Some of the current initiatives include:

- Patient-centered Medical Home (PCMH)
- PASSE

You can find your provider outreach specialist at afmc.org/providerrelations or on the DHS Website under

- Divisions and Shared Services
- Medical Services
- Helpful Information for Providers
  - Support for Providers
  - AFMC outreach specialists
  - Choose the option for “Meet the AFMC policy and education outreach specialists”
AFMC’s DPSQA outreach specialists serve as the link between the Division of Provider Services and Quality Assurance (DPSQA) and the Medicaid provider community. The specialists help ensure providers understand applicable DHS programs, program requirements and operations, new initiatives, Medicaid policy changes and best-practice guidelines.

They assist providers with the following:

- Adult Developmental Day Treatment (ADDT)
- ARChoices waiver
- Early Intervention Day Treatment (EIDT)
- Home and Community Based Services (HCBS)
- Independently licensed practitioners
- Inpatient Psychiatric Services for U21
- Living Choices waiver
- Long Term Services and Supports (LTSS)
- Outpatient Behavioral Health Services (OBHS)
- PASSE
- Personal Care

Webpage: [https://afmc.org/health-care-professionals/arkansas-medicaid-providers/dpsqa/](https://afmc.org/health-care-professionals/arkansas-medicaid-providers/dpsqa/)
AFMC’s Inspections of Care (IOC) team, through a contract with the Department of Human Services (DHS) Division of Provider Services and Quality Assurance (DPSQA), conducts annual and random on-site health and safety licensure/certification reviews, inspection of care and quality of care reviews for the following providers:

- Outpatient Behavioral Health Services (OBHS) Fee for Service (FFS) Behavioral Health Agencies (BHA) and Independently Licensed Practitioners (ILP)
- Additionally Certified BHA programs:
  - Therapeutic Communities
  - Acute Crisis Units
  - Partial Hospitalization
  - Residential Community Reintegration
- Alcohol and Other Drug Abuse Treatment Providers (AODATP)
- Community Services Support Program (CSSP)
- Inpatient Psychiatric Services for the Under Age 21 (U21)
- Division of Youth Services

These unannounced, on-site reviews and quality of care desk reviews are designed to monitor for compliance with certification/licensure, program standards, and any contractual agreements.

AFMC provides health utilization management reviews for public and private health plans to ensure all health care services reimbursed are provided in the most efficient manner and are medically necessary. Review staff also help providers deliver the highest quality of care while at the same time preventing fraud and abuse.

Review services are as follows:

- Emergency room
- Concurrent inpatient review
- Retrospective review of inpatient admissions
- Reconsideration reviews
- Extension of benefits for outpatient, lab and imaging
- Hyperalimentation
- Medicaid Utilization Management Program
- Prosthetics and durable medical equipment
- Inpatient utilization management
- Solid organ and bone marrow transplant
- Medical necessity for surgical procedures and use of assistant surgeons
- Private peer review
- Web-based review through Arkansas Medicaid Healthcare Portal for inpatient continued stay

What providers should know about the Non-Emergency Transportation Program

The Arkansas Medicaid Non-Emergency Transportation (NET) program provides eligible Medicaid clients with transportation for medical services. Clients who are ineligible for this service include:

- Nursing home facility residents
- Those in intermediate care facilities for individuals with intellectual disabilities (ICF/IID)
- Qualified Medicare Clients (QMB)
- ARKids First B recipients

Clients who have traditional Medicaid can only utilize NET if their appointment is with an enrolled Arkansas Medicaid provider. No co-payments are required and there are no limits on the number of trips and no mileage cap.

Clients enrolled in Arkansas Works may be transported to any health care provider within their network plan. The client must have a valid Medicaid number. There is a limit of eight legs/units per calendar year. The client may apply for an extension of transportation services when the eight legs/units have been exhausted.
Non-Emergency Transportation (NET) cont’d

What is the Transportation Helpline?

The toll-free Non-Emergency Transportation Helpline (1-888-987-1200, option 1) takes client’s questions, comments, complaints and suggestions about the NET program. The NET Helpline will not arrange transportation; clients should call their local Medicaid transportation broker 48 hours before the scheduled appointment.

Webpage: afmc.org/net
AFMC provides an Arkansas Medicaid and Arkansas Health Care Independence Program (AHCIP) service center to assist clients with a variety of functions related to their health insurance coverage as well as Arkansas Medicaid and other stakeholders. Service center services include:

- Ordering Medicaid cards for the medically frail population
- Serving as a liaison between HP and qualified health plans to assist with Arkansas Health Care Independence Program policy issues
- Researching state computer systems, such as CURAM, DocuShare, Arkansas Medicaid Provider Portal, ANSWER, and MMIS
- Linking Medicaid accounts in MMIS
- Submitting opt-out requests to the https://humanservices.arkansas.gov/offices on behalf of clients

- Training for state projects and initiatives
- Editing info in MMIS to match the CURAM record
- Editing demographic information in CURAM
- Providing accurate information to clients regarding their current coverage or lack thereof
- Providing an onsite Spanish interpreter
- Collecting data and creating reports
- Coordinating with stakeholders and providing assistance for client-related issues through a research specialist located onsite

Fee Schedules

The fee schedules do not address the various coverage limitations routinely applied by Arkansas Medicaid before final payment is determined (e.g., beneficiary and provider eligibility, benefit limits, billing instructions, frequency of services, third party liability, age restrictions, prior authorization, co-payments/coinsurance where applicable).

Procedure codes and/or fee schedule amounts listed do not guarantee payment, coverage or amount allowed.

Although every effort is made to ensure the accuracy of this information, discrepancies may occur. These fee schedules may be changed or updated at any time to correct such discrepancies. The reimbursement rates reflected in these fee schedules are in effect as of the run date for the report. The reimbursement rate applied to a claim depends on the claim’s date of service because Arkansas Medicaid’s reimbursement rates are date-of-service effective. These fee schedules reflect only procedure codes that are currently payable. Any procedure code reflecting a Medicaid maximum of $0.00 is manually priced.

Please note that Arkansas Medicaid will reimburse the lesser of the amount billed or the Medicaid maximum. For disclaimers specific to the provider type, please refer to the disclaimer text in each fee schedule file. For a full explanation of the procedure codes and modifiers listed here, refer to your Arkansas Medicaid provider manual.
A. A claim or portion of a claim denied for lack of medical necessity.
B. Charges in excess of the Medicaid maximum allowable rate.
C. A claim or portion of a claim denied due to provider error.
D. A claim or portion of a claim denied because of errors made by DMS or the Arkansas Medicaid Fiscal agent.
E. A claim or portion of a claim denied due to changes made in state or federal mandates after services were performed.
F. A claim or portion of a claim denied because a provider failed to obtain prior, concurrent or retroactive authorization for a service.

G. The difference between the beneficiary Medicaid cost sharing responsibility, if any, and the Medicare or Medicare Advantage co-payments.

H. Medicaid pays the difference, if any, between the Medicaid maximum allowable fee and the total of all payments previously received by the provider for the same service. Medicaid beneficiaries are not responsible for deductibles, co-payments or coinsurance amounts to the extent that such payments, when added to the amounts paid by third parties, equal or exceed the Medicaid maximum for that service, even if the Medicaid payment is zero. The beneficiary is responsible for paying applicable Medicaid cost share amounts.

I. The beneficiary is not responsible for insurance cost share amounts if the claim is for a Medicaid-covered service by a Medicaid-enrolled provider who accepted the beneficiary as a Medicaid patient. Arkansas Medicaid pays the difference between the amount paid by private insurance and the Medicaid maximum allowed amount. Medicaid will not make any payment if the amount received from the third party insurance is equal to or greater than the Medicaid allowable rate.

If an individual who makes payment at the time of service is later found to be Medicaid eligible and Medicaid is billed, the individual must be refunded the full amount of his or her payment for the covered services. If it is agreeable with the individual, these funds may be credited against unpaid non-covered services and Medicaid cost-sharing amounts that are the responsibility of the beneficiary.

The beneficiary may not be billed for the completion and submission of a Medicaid claim form.

**Exception:** Medicaid does not cover the deductible, co-payments or other cost share amounts levied to Medicare Part D drugs.
132.000 | Charges that Are the Responsibility of the Beneficiary

Beneficiaries are responsible for the charges defined in this section.

A. Charges incurred during a time of ineligibility

B. Charges for non-covered services, including services received in excess of Medicaid benefit limitations, if the beneficiary has chosen to receive and agreed to pay for those non-covered services

C. Charges for services which the beneficiary has chosen to receive and agreed to pay for as a private pay patient

D. Spend down liability on the first day of spend down eligibility

E. The beneficiary is also responsible for any applicable cost-sharing amounts such as premiums, deductibles, coinsurance, or co-payments imposed by the Medicaid Program pursuant to 42 C.F.R. §§ 447.50 – 447.60 (2004). These cost-sharing responsibilities are outlined in Sections 124.210-124.230 and 133.000-135.000 of this manual.

The beneficiary is not responsible for insurance cost share amounts if the claim is for a Medicaid-covered service by a Medicaid-enrolled provider who accepted the beneficiary as a Medicaid patient. Arkansas Medicaid pays the difference between the amount paid by private insurance and the Medicaid maximum allowed amount. Medicaid will not make any payment if the amount received from the third party insurance is equal to or greater than the Medicaid allowable rate.
PCP Referrals & Documentation

171.400 | PCP Referrals

- Referrals may be only for medically necessary services, supplies or equipment.
- Enrollee free choice by naming two or more providers of the same type or specialty.
- PCPs are not required to make retroactive referrals.
- Since PCPs are responsible for coordinating and monitoring all medical and rehabilitative services received by their enrollees, they may accept co-responsibility for the ongoing care of patients they refer to other providers.
- PCP referrals expire on the date specified by the PCP, upon receipt of the number or amount of services specified by the PCP or in six months, whichever occurs first. (This requirement varies somewhat in some programs; applicable regulations are clearly set forth in the appropriate Arkansas Medicaid Provider Manuals.)
- There is no limit on the number of times a referral may be renewed, but renewals must be medically necessary and at least every six months (with exceptions as noted in part E, above).
- An enrollee’s PCP determines whether it is necessary to see the enrollee before making or renewing a referral.
- Arkansas and Arkansas First-B participants are responsible for any charges they incur for services obtained without PCP referrals except for the services listed in Section 172.100.
- Some services such as personal care require an Independent Assessment. Please refer to the Independent Assessment Guide for related information and referral processes.

171.410 | PCCM Referrals and Documentation

- Medicaid provides an optional referral form, form DMS-2610, to facilitate referrals.
- Additionally, PCP referrals may be oral, by note or by letter.
- Referrals may be faxed.
- Regardless of the means by which the PCP makes the referral, Medicaid requires documentation of the referral in the enrollee’s medical record.
  1. Medicaid also requires documentation in the patient’s chart by the provider to whom the referral is made.
  2. Providers of referred services must coordinate with the PCP to the extent necessary to coordinate patient care and as requested by the PCP.
142.300 | Conditions Related to Record Keeping

A. Each provider must prepare and keep complete and accurate original records that fully disclose the nature and extent of goods, services, or both provided to and for eligible beneficiaries. The provider must contemporaneously establish and maintain beneficiary records that completely and accurately explain all evaluation, care diagnoses and any other activities of the provider in connection with the beneficiary. The delivery of all goods and services billed to Medicaid must be documented in the beneficiary’s medical record. Beneficiary records must support the levels of service billed to Medicaid.

B. Providers furnishing any Medicaid covered good or service for which a prescription, admission order, physician’s order, care plan or other order for service initiation, authorization or continuation is required by law, by Medicaid rule, or both; must obtain a copy of the aforementioned prescription, care plan or order within five (5) business days of the date it is written. When verbal orders are properly received, a written prescription must be obtained within fourteen (14) business days of the date the prescription is written or received through verbal order. The provider must maintain a copy of each subsequent, relevant prescription and follow all prescriptions and care plans.

C. If a provider maintains more than one office in the state, the provider must designate one such office as a home office. Original records must be maintained at the provider’s home office. A copy of the records must be maintained at the provider’s service delivery site. If the provider changes ownership or ceases doing business in the state, all required original records must be maintained at a site in the state that is readily accessible by DMB and its agents and designees.

D. Each provider must retain all records for five (5) years from the date of service or until all audit questions or review issues, appeal hearings, investigations or administrative or judicial litigation to which the records may relate are finally concluded, whichever period is later. Failure to furnish medical records upon request may result in sanctions being imposed. Federal legislation further requires that any accounting of private healthcare information (PHI) or Health Insurance Portability and Accountability Act of 1996 (HIPAA) policies or complaints must be retained for six years from the date of its creation or the date when it last was in effect, whichever is later.

E. Upon request, each provider must furnish all original records in its possession regarding the furnishing or billing of Medicaid goods or services, upon request, to authorized representatives of the Division of Medical Services or their designated representatives.

What is a Timely Claim?

Section 302.000 of the AR Medicaid Manual Defines Timely Claims
The Code of Federal Regulations states “The Medicaid agency must require providers to submit all claims no later than 12 months from the date of service.” The 12-month (365 days) filing deadline applies to all claims, including:

- Claims for services provided to beneficiaries with joint Medicare/Medicaid eligibility
- Adjustment requests and resubmissions of claims previously considered
- Claims for services provided to individuals who acquire Medicaid eligibility retroactively

There are no exceptions to the 12-month filing deadline policy. The definitions and additional federal regulations in Section 3 will permit some flexibility for those who adhere closely to them.

All providers must submit claims within the 12-month (365 days) filing deadline to meet timely filing policy.
Claims with Retroactive Eligibility

- Retroactive eligibility does not constitute an exception to the filing deadline policy.
- If a claim is denied for client ineligibility, the provider may resubmit the claim when the patient becomes eligible.
- Occasionally, a Medicaid eligibility determination cannot be completed in time for service providers to file timely claims.
Claims with Retroactive Eligibility

- Arkansas Medicaid considers the pseudo client identification number 9999999999 to represent the client. Therefore, a claim containing that number is a clean claim if it contains all other information necessary for correct processing.

- Providers have 12 months from the approval date of the patient’s Medicaid eligibility to resubmit a clean claim after filing a pseudo claim.

- Providers may not electronically transmit any claims for dates of service over 12 months in the past to the Arkansas Medicaid fiscal agent.
Pseudo Claims

- To submit a claim for services provided to a patient who is not yet eligible for Medicaid, enter, on the claim form or on the electronic format (Portal or billing vendor/trading partner), a pseudo Medicaid client identification number, 9999999999. Medicaid will deny the claim. Retain the denial or rejection for proof of timely filing if eligibility determination occurs more than 12 months after the date of service.

- Providers have 12 months from the approval date of the patient’s Medicaid eligibility to re-submit a clean claim after filing a pseudo claim.

- When submitting the new claim after member has received eligibility, please ensure you submit this claim exactly as you submitted the pseudo claim. All provider numbers and procedure code/modifier information must match the original claim submitted.
Pseudo Claims

• Submit a paper claim to Gainwell Technologies Research, PO Box 8036, Little Rock, AR 72203
  ▪ A copy of the Remittance Advice (RA) report page, documenting a denial of the claim dated within 12 months after the beginning date of service, or
  ▪ A copy of the error response to an electronic transmission of the claim, computer-dated within 12 months after the beginning date of service, and
  ▪ Any additional documentation necessary to explain why the error has prevented re-filing the claim until more than 12 months have passed after the beginning date of service

314.000 Explanation of the Remittance and Status Report 11-1-17

There are three different claim types for remittance advice reports issued by the fiscal agent: Institutional, Professional, Pharmacy and Dental. The remittance advice a provider receives will depend upon the claim types submitted. Each remittance type contains the same categories of information. These categories are described in the following subsections. Detailed descriptions of each remittance type, as well as samples of each type, are located in Section 313.100.
Common Terms for Claims Processing

**Denied**
Claim processed and denied based on the rules in the processing system. Some denied claims can be resubmitted for payment after corrections have been made. Denied claims may **not** be adjusted. However, they can be resubmitted as a clean claim for payment if it is within the timely filing guidelines.

**Paid**
Claim processed and paid based on the rules in the processing system.

*Note: If a claim pays $0.00 due to lower of pricing, it is considered a paid claim.*
Common Terms for Claims Processing

**Adjustment**
Modifying claims that paid but are still within the timely filling guidelines.

**Rebill**
Bill a claim that was denied.
Common Terms for Claims Processing

Suspend
Claim must be manually reviewed before it can be processed (adjudicated).

Void
Terminating a paid claim.
Adjustments

• If the fiscal agent has *incorrectly* paid a clean claim and the error has made it impossible to adjust the payment before 12 months have passed since the beginning date of service, a completed Adjustment Request Form (AR-004) must be submitted to the address specified on the form. Attach the documentation necessary to explain why the error has prevented re-filing the claim until more than 12 months have passed after the beginning date of service.

• Adjustment Request Form – Medicaid XIX AR 004 (*print Adjustment Request Form-Medicaid XIX AR-004*), available in Section V of the Arkansas Medicaid Manual

If the NPI is shared with more than one Medicaid Provider number, the system looks at the taxonomy then the address with zip+4

- Update the NPI, taxonomy or the address with zip+4
- Updating the address, the provider needs to update it with the legal zip+4 per the post office.
- Provider Medicaid IDs share the same address, then the provider only has the option to update the NPI or primary taxonomy on file in order to bill electronically.

Questions about updating the NPI, taxonomy or address, contact the Provider Enrollment Unit at Gainwell
Method of Correction

You cannot Adjust/Edit a claim unless it’s in a Paid status
- Don’t select the edit/adjust button. You can copy the previous claim. Make sure to include the modifiers if on original claim

Please note: If you electronically post your RA, the original claim number is referenced on the claim. You will need to delete the denied claim number and resubmit the claim. Or you can resubmit the claim on the portal.
0355-NO CO-INSURANCE OR DEDUCTIBLE DUE BY MEDICAID

Method of Correction

This is a Crossover Claim-This means there was no reference on the claim to indicate Coinsurance or Deductible due by Medicaid.

Please review the claim and make sure all fields are filled out correctly. Meaning the Co-insurance and/or Deductible fields needs to be populated and re-submit the claim.
0011-MEDICARE PAID DATE MISSING OR INVALID.

Providers can get this denial due to the following reasons:

1) If the Medicare paid date is keyed with a date later than the date the claim was submitted or if the claim is a paper claim the date populated on the creation date field.

2) The Medicare payment date cannot be before or equal to the From DOS on the claim.

3) The Medicare paid date is not present or it is not a valid date.
1094-THE MEDICARE CLAIM HAS A MEMBER WHO IS ENROLLED IN PASSE MGD CARE

This denial is self explanatory, but we wanted to stress how important it is to check the Managed Care panel when you check eligibility to verify if the member in in a PASSE.

The Managed Care panel will also tell you which PASSE the member has and that PASSE’s contact information.

Medicare/Medicaid Crossover Claims

- The Medicare claim will establish timely filing for Medicaid, if the provider files with Medicare during the 12-month Medicaid filing deadline. Section 302.100 of the AR Medicaid Manual states that federal regulations permit Medicaid to pay its portion of the claim within six months after the Medicaid “agency or the provider receives notice of the disposition of the Medicare claim.”

- To submit a Medicare/Medicaid crossover claim that exceeds the timely filing conditions, enclose a signed cover memo or Medicaid Claim Inquiry Form requesting payment for the Medicaid portion of a Medicare claim filed to Medicare within 12 months of the date of service and adjudicated by Medicare more than 12 months after the date of service.

- Mail the cover letter, DMS-600, claim form and EOMB to:

  Gainwell Technologies
  PO Box 34440
  Little Rock, AR 72203
Medicare-Medicaid Crossover Claim Filing Procedures

- If medical services are provided to a patient who is entitled to and is enrolled with coverage within the original Medicare plan under the Social Security Act and also to Medicaid benefits, it is necessary to file a claim only with the original Medicare plan. The claim must be filed according to Medicare’s instructions and sent to the Medicare intermediary. The claim should automatically cross to Medicaid if the provider is properly enrolled with Arkansas Medicaid and indicates the beneficiary's dual eligibility on the Medicare claim form. According to the terms of the Medicaid provider contract, a provider must “accept Medicare assignment under Title XVIII (Medicare) in order to receive payment under Title XIX (Medicaid) for any appropriate deductible or coinsurance which may be due and payable under Title XIX (Medicaid).” See Section 142.700 for further information regarding Medicare/Medicaid mandatory acceptance of assignment for providers.

- When the original Medicare plan intermediary completes the processing of the claim, the payment information is automatically crossed to Medicare’s Coordination of Benefits Agreement (COBA) process and from there crossed to Arkansas Medicaid and the claim is processed in the next weekend cycle for Medicaid payment of applicable coinsurance and deductible. The transaction will usually appear on the provider’s Medicaid RA within four (4) to six (6) weeks of payment by Medicare. If it does not appear within that time, payment should be requested according to the instructions below.

- Claims for Medicare beneficiaries entitled under the Railroad Retirement Act do not cross to Medicaid. The provider of services must request payment of co-insurance and deductible amounts through Medicaid according to the instructions below, after Railroad Retirement Act Medicare pays the claim.

- Medicare Advantage/Medigap Plans (like HMOs and PPOs) are health plan options that are available to beneficiaries, approved by Medicare, but run by private companies. These companies bill Medicare and pay directly through the private company for benefits that are a part of the Medicare Program, as well as offering enhanced coverage provisions to enrollees. Since these claims are paid through private companies and not through the original Medicare plan directly, these claims do not automatically cross to Medicaid; and the provider must request payment of Medicare covered services co-insurance and deductible amounts through Medicaid according to the below instructions after the Medicare Advantage/Medigap plan pays the claim.
Medicare-Medicaid Crossover Claim Filing Procedures

- If medical services are provided to a patient who is entitled to and is enrolled with coverage within the original Medicare plan under the Social Security Act and also Medicaid benefits, it is necessary to file a claim only with the original Medicare plan. The claim must be filed according to Medicare’s instructions and sent to the Medicare intermediary. - When the original Medicare plan intermediary completes the processing of the claim, the payment information is automatically crossed to Medicare’s Coordination of Benefits Agreement (COBA) process and from there crossed to Arkansas Medicaid and the claim is processed in the next weekend cycle for Medicaid payment of applicable coinsurance and deductible. The transaction will usually appear on the provider’s Medicaid RA within four (4) to six (6) weeks of payment by Medicare. If it does not appear within that time, payment should be requested according to the instructions below.

-Claims for Medicare beneficiaries entitled under the When a provider learns of a patient’s Medicaid eligibility only after filing a claim to Medicare, the instructions below should be followed after Medicare pays the claim.

**Instructions:** The Arkansas Medicaid fiscal agent provides software and web-based technology with which to electronically bill Medicaid for crossover claims that do not cross to Medicaid. Additional information regarding electronic billing can be located in this Sections 301.000 through 301.200. Providers are strongly encouraged to submit claims electronically or through the Arkansas Medicaid website. Front-end processing of electronically and web-based submitted claims ensures prompt adjudication and facilitates reimbursement.

- Providers without electronic billing capability must mail the appropriate National Standard Claim Form (CMS-1500 or CMS-1450) to DXC Technology, PO Box 34440, Little Rock, AR 72203. (View or print attachment DMS-600.) Providers must also submit the Medicare Explanation of Benefits (EOMB). Claims must be submitted in the following order:
  - A. National Standard Claim Form
  - B. DMS-600
  - C. Medicare Explanation of Benefits (EOMB)
  - D. Other supporting or applicable documentation

Paper claims will be returned to the provider if not submitted in the above order.

- Railroad Retirement Act do not cross to Medicaid. The provider of services must request payment of co-insurance and deductible amounts through Medicaid according to the instructions below, after Railroad Retirement Act Medicare pays the claim.

- Medicare Advantage/Medigap Plans (like HMOs and PPOs) are health plan options that are available to beneficiaries, approved by Medicare, but run by private companies. These companies bill Medicare and pay directly through the private company for benefits that are a part of the Medicare Program, as well as offering enhanced coverage provisions to enrollees. Since these claims are paid through private companies and not through the original Medicare plan directly, these claims do not automatically cross to Medicaid; and the provider must request payment of Medicare covered services co-insurance and deductible amounts through Medicaid according to the below instructions after the Medicare Advantage/Medigap plan pays the claim.
Medicare Denial or Adjustment

**Denial of Claim by Medicare**

- Any charges denied by the original Medicare plan, a Medicare Advantage/Medigap plan, or Railroad Retirement will not be automatically forwarded to Medicaid for reimbursement. An appropriate Medicaid claim form must be completed and a copy of the Medicare denial statement attached. Claims under these circumstances must be forwarded to the Provider Assistance Center (PAC) for processing. [View or print PAC contact information.](#)

- **Please note, you must submit your claim on an official red and white claim form along with your EOB. Claims should be submitted to ATTN: Research Analyst P.O. Box 8036 Little Rock AR 72203.**

**Adjustments by Medicare**

- Any adjustment made by the original Medicare plan, a Medicare Advantage/Medigap plan, or Medicare Railroad Retirement, will not be automatically forwarded to Medicaid. If any Medicare payment source makes an adjustment that results in an overpayment or underpayment by Medicaid, the provider must submit in the following order:
  - A. Adjustment Request Form – Medicaid XIX AR 004 ([View or print Adjustment Request Form-Medicaid XIX AR-004](#)), available in Section V of this manual
  - B. National Standard Claim Form (CMS-1500 or CMS-1450)
  - C. Copy of the Medicare Explanation of Benefits (EOMB) reflecting Medicare’s adjustment and other supporting documentation

- Enter the provider identification number and the patient’s Medicaid identification number on the face of the Medicare EOMB and mail all documents to the address located on the Adjustment Request Form (AR-004).

- **Please note that claims that are within 365 days of the DOS can be adjusted electronically.**
How To File A Claim for A Client That Has TPL, Medicare And Medicaid

**Medicare Denies And TPL Pays**
If Medicare denies the claim and the patient also has Medicare-supplement or private insurance, bill the charges to Medicaid on an original red-ink claim form (CMS-1500 or CMS-1450), attaching both the Medicare denial and the insurance company’s Explanation of Benefits form. Submit the claim to the Gainwell Technologies research analyst as shown above.

**Medicare Pays And TPL Denies**
If Medicare pays the claim but Medicare-supplement or private insurance denies it, bill the claim to Arkansas Medicaid on the paper crossover invoice, attaching the insurance company’s denial. Submit the claim to the Gainwell Technologies research analyst as shown above.

**Medicare And TPL Denies**
If both Medicare and Medicare-supplement or private insurance deny the claim, then bill the charges to Medicaid on an original red-ink claim form (CMS-1500 or CMS-1450), attaching both denials. Submit the claim to the Gainwell Technologies research analyst as shown above.

Summary

▪ The Medicare claim will establish timely filing for Medicaid if the provider files with Medicare during the 12-month Medicaid filing deadline.

▪ Providers have six months from date of Medicare paid date to submit their Medicare Crossover claim, if it was not submitted directly by Medicare Intermediary. From the Medicare Crossover Provider Manual “Federal regulations permit Medicaid to pay its portion of the claim within six (6) months after the Medicaid “agency or the provider receives notice of the disposition of the Medicare claim.”

Third-Party Liability
TPL Documentation/Billing Guidelines

- If you are a provider of services to a Medicaid-eligible member, but the services you provide are not covered by the member’s primary insurance company, please see below for documentation and billing guidelines:
  - A provider can use either a certificate of benefits or a denial letter from insurance company (EOB with no payment to provider) or a payment to the provider (EOB with payment). They will need to keep this in the client file for auditing purposes.
  - It will be good for one year for either the Certificate of Benefits or Denial EOB.
  - Example: Get certificate or denial dated 01/01/2021. The provider could use it through 12/31/2021. They would say “yes” they billed the insurance using a denial date of, in this example, 01/01/2021 and $0.00 payment amount. Be sure to include Claim Filing Indicator.
