

DID YOU KNOW WE HAVE A PREVENTION & REUNIFICATION UNIT?

Their first job is to give our caseworkers every tool and support available to help prevent child abuse from happening and keep children safely in the home.

When that can't happen and children have to be temporarily placed in foster care to keep them safe, their other job is to do all they can to get them safely back home to their families as quickly as possible.

At DCFS, we have one primary value that drives every decision we make:

Every child in Arkansas deserves a safe, stable family every day.

WHAT WE DO

We focus on preventing child abuse and working with families to allow children to remain safely in the home. All that we do is designed to achieve these important goals.

PREVENT ABUSE

Each of us has the ability to help children and families in our communities. If we educate and encourage people to find ways to get involved, kids prosper at home.

ENSURE SAFETY AT HOME

We want to provide families with the tools, resources, and supports to become the best versions of themselves possible. We believe that strong families equal safe kids.
