3000 CASE MANAGEMENT and EMPLOYMENT SERVICES

Case Management Services

Case management is the process of coordinating and brokering the multiple services needed to achieve progress toward self-sufficiency. Program Eligibility Specialists serve as a point of contact for participants and a point of accountability for the agency. The Program Eligibility Specialist has overall responsibility for working with participants from initial assessment until case closure.

The primary case management consists of the following primary activities:

- **Screening & Assessment** includes all the interactions that Program Eligibility Specialists have with participants, from the initial interview and screening process, through case closure and the provision of extended services. In all of these interactions, the goal is to help the participant identify which services are needed to support family self-sufficiency. Rapport and trust are built by helping participants identify and address their own issues.
- **Brokering for resources**, communication with partners and staffings ensure that the most appropriate services are provided to the participant. Program Eligibility Specialists will work closely with community and other partners; Brokering also involves continual evaluation of each service's usefulness and success. Brokered services include not only case plan activities and local resources, but DHS, Social Security, child support, and other benefits as well.
- **Employment plans** are the road map for the participant in their journey toward enhanced self-sufficiency. They are developed using the participant's best thinking on how they can increase self-sufficiency. The results of initial assessment are used to help the participant choose self-sufficiency-enhancing services, and the Program Eligibility Specialist acts as a broker to access these services. The plan states when, where, how, and by whom these activities will be provided. Employment plans should be individualized based on participant need and can be added to and adjusted over time.
- **Narration and computer entry** are the means by which our benefits are provided, and case activities recorded. They also enable us to collect and evaluate data to continually improve program services. Accuracy and timeliness of narration and computer entry are necessary to help us maintain federal and state funding. Case narratives should be clear, comprehensive, and void of personal opinion.

All these activities occur during case management, but the order may vary depending on the participant's situation. In all cases, we use case management skills such as asking open-ended questions, restating, and summarizing, and helping participants develop their own plan of action and be accountable for their own progress.

Case management services will be provided to those participants who need assistance before and after accepting employment. This service will be provided as long as the participant is eligible, and up to twelve (12) months after cash assistance has been terminated due to employment (Refer to TEA policy 3680.1).

Intent - Individualized Approach

Central to the purpose of the TEA program is an individualized approach to employment services. An individual Employment Plan is developed for each TEA participant based on his or her individual and family circumstances. Therefore, the process of working with the participant in employment related activities should, to the maximum extent possible, be geared to the specific needs and circumstances of that individual and family. It is the intent of the policy and procedures described in the following sections to assist local office staff with making decisions regarding the most appropriate work activities and supportive services which will lead participants to self-sufficiency.

Focus - Time-Limited Nature of Program

In conjunction with an individualized approach, focus must be placed on the time-limited nature of the program. Most participants will have a maximum of twelve (12) months to attain some level of self-sufficiency before cash assistance is terminated. Some participants may have less than twelve (12) months to attain self-sufficiency depending upon past periods of TEA receipt. Therefore, it is critical that the Program Eligibility Specialist and participant make decisions that consider where the family is in terms of the time-limit. For example, if a family has only two or three months remaining before the time-limit expires, job search or subsidized employment would probably be a more appropriate activity than career and technical education.

Documentation

Documentation and complete and accurate case records are vital to the success of good case management. The case record should include a clear chronology of events during a participant's entire experience with the program. The documentation constitutes a major source of evidence in the supporting of the agency's position in a case. In addition, good documentation enables other staff who may conduct reviews or who may later work with the participant to understand what has occurred in the case.

3000.1 Time Limit

A "work eligible individual" is an adult or minor head of household parent who is receiving TEA cash assistance. A work-eligible individual who meets all the eligibility requirements may receive TEA cash assistance benefits for a period of up to twelve (12) months. The twelve (12) months do not have to be consecutive months. The months counted are based on the number of months the adult participant or "head of household" minor parent receives cash assistance.

The time limit does not apply:

- to cases in which the only parent in the home, or both parents if both are living in the home, receives SSI benefits, and therefore, no adult is included in the case; or
- in the months in which an individual is deferred/exempt from work activity participation; or
- in the months in which a non-head of household minor parent receives cash assistance.

The time limit applies to non-parent caretaker relatives only when such relatives choose to be included in the TEA payment with the child. If a non-parent relative is a payee only, then the time limit does not apply to the case.

The time a child receives assistance will not count toward his/her time limit when he or she becomes an adult.

Payments made by another state under a Temporary Assistance for Needy Families program count toward the twelve (12) month limit in Arkansas if the participant has received more than forty-eight (48) such payments in another state. Only the payments from another state in excess of forty-eight (48) will count toward Arkansas' twelve (12) month limit.

Diversion Assistance payments also count toward the twelve (12) month limit if not repaid (See TEA policy 2130).

Note: A participant may request case closure at any time during receipt of assistance.

During periodic contacts, the Program Eligibility Specialist will inform the participant of the number of months of TEA eligibility remaining. The Program Eligibility Specialist should continue to stress to the participant the importance of employment because of the time limit.

The Program Eligibility Specialist will explain to the participant what action will be taken once the twelve (12) month time limit has been reached. (Refer to TEA policy 3300 for termination procedures.) The Program Eligibility Specialist will advise that the TEA case will be closed unless it is determined that an exemption, or extension from the time limit, should be granted (See TEA policy 3270 and 3405).

3100 Employability Assessment

An employability and educational assessment will be conducted on each TEA participant who is not exempt or deferred. However, those who are exempt or deferred may be assessed and encouraged to participate in work related activities.

Note: A TEA participant is defined as one who has been approved to receive on-going TEA cash assistance.

An employability assessment and educational assessment (TABE, Test of Adult Basic Education) will be conducted for each appropriate participant, unless the TEA case record contains an employability and educational assessment that was completed within the last six (6) months. No new assessment will be required in that situation. However, if the DWS Workforce Specialist determines either a new employability or educational assessment is needed, one should be completed. Beyond the educational assessment (TABE), the level and type of assessment will be left to the discretion of the DWS Workforce Specialist based on the participant's circumstances. The case record will be documented to clearly reflect the type of assessment made and the rationale for it. Form TEA-1402, Skills, Employability, and Intake Assessment, will be completed during the assessment. (Please see TEA policy 3100.2 for more detailed information as to what should be addressed in the assessment.)

An employability assessment may be conducted during the application interview, at any time while the application is pending, or application approval.

Note: TABE testing may be completed during the application period provided the applicant does not need supportive services, e.g. transportation or child care to take the TABE (See TEA policy 2004.2).

KeyTrain® may be used as an additional assessment tool but will not be used in place of TABE testing.

3100.1 Scheduling the Employability Assessment after Approval

The assessment should be scheduled and completed within twenty (20) calendar days of the application approval. The participant may be notified of the assessment appointment at the same time the application approval notice is sent. The DWS Workforce Specialist will use TEA-1405, Appointment Notice, to schedule appointment after receiving task from the eligibility worker.

3100.2 Conducting the Employability Assessment

The purpose of the employability assessment is to identify the participant's readiness for employment so that a realistic Employment Plan can be developed. In two-parent families, one parent may be deferred from engaging in work requirements to care for the children.

Note: If federally funded child care assistance is provided, both parents must be engaged in a work activity.

It will be determined during the joint employability assessment if such a deferral is appropriate and if so, which parent will be deferred (Refer to TEA policy 3405, Work Participation Exemptions/Deferrals).

During the employability assessment, the DWS Workforce Specialist presents an overview of the program, gathers pertinent case information, and identifies life conditions which, if not addressed, may prevent the family from becoming self-sufficient through employment. The PUB-389 (TEA Supportive Services) will be provided to the participant. The participant will sign the TEA-188, Acknowledgment of TEA Support Services and Work Pays Program. The assessment should be designed to identify the following:

- Employment history/work experience
- Educational attainment/literacy level

TABE testing will be provided through the Division of Workforce Services.

- Family situation/circumstances
- Supportive Services needs, if any
- Personal Attributes, personal traits which help or hinder employment
- Job skills/interests

A referral to the Division of Career and Technical Education (formerly the Department of Career Education) for a career assessment may be made in counties where it is available. A career assessment is used to measure and identify a participant's job aptitude and interests. The DWS Workforce Specialist should document the type of career assessment the participant is given.

The Learning Needs Screening is a three page questionnaire designed to determine if a possible learning disability exists. The DWS Workforce Specialist will explain the use of the screening tool to the participant. The DWS Workforce Specialist should advise the participant that the screening tool does not determine the existence of a learning disability but determines if further assessment is needed.

If the total points from the responses total twelve or more, this is an indication that a learning disability may exist and further assessment is needed. Attached to the questionnaire are additional questions that the DWS Workforce Specialist may ask, if appropriate. However, the additional questions are not used to determine if a referral for assessment should be made.

After discussing the results with the participant, a determination of referral should be made, advise the participant of the referral and explain how the participant should benefit from the assessment. If a referral is made, the TEA-3350, Referral for Services, will be used.

Information obtained during the employability assessment is used to develop the Employment Plan.

3100.3 Developing the Employment Plan

An Employment Plan will be developed for each TEA participant who has been assessed. The plan will be developed jointly by the participant and the DWS Workforce Specialist.

The Employment Plan is a document which specifies a series of actions necessary for the participant to accept and retain permanent full-time employment. Even though the DWS Workforce Specialist and participant will jointly develop the employment plan, the final determination of the plan content will rest with the DWS Workforce Specialist.

There are two versions of the employment plan: electronic and paper. The electronic plan is produced by the case management system. The paper format is the TEA-181, Employment Plan, and should only be used when the electronic version is not available but should be entered into system as soon as possible.

During the development of the Employment Plan, the DWS Workforce Specialist should also direct some discussion toward the participant's future goals. Although the focus of the plan is on short term goals and actions, the participant should be encouraged to think about long term goals. This type of discussion could help the participant start looking to the future, particularly to the time when cash assistance may no longer be available to the family.

The Employment Plan will contain the following:

1. An employment goal.
2. The activities that will be undertaken by the participant to achieve the employment goal.
3. The services to be provided by the agency, including child care and other supportive services.
4. Other needs of the family that might be met by TEA or other agency programs, e.g., Substance Abuse Treatment, Parenting/Life Skills, training etc.

The initial plan will also include tentative start dates for each activity in which the participant is likely to become engaged.

The participant, as part of developing skills necessary to be self-sufficient, will be encouraged to accomplish, without assistance, as many tasks as are possible, such as making arrangements for child care. Provision of services should be limited to those necessary for the participant to accept employment.

3100.4 Scheduling/Rescheduling Assessment

After a TEA case has been approved, the DWS Workforce Specialist will send a TEA-1405, Appointment Notice, to the participant. The notice will indicate the appointment date, time, and what information to bring to the appointment (including diplomas, job skills assessments, certificates, etc.).

The decision to reschedule an employability assessment is left to the discretion of the DWS Workforce Specialist. The DWS Workforce Specialist will send a TEA-1, Notice of

Action, to inform the participant of the new appointment and the penalties that may occur if the participant fails to attend the re-scheduled assessment.

3100.5 Assessment

The participant will complete the TEA-1402, TEA Skills, Employability, and Intake Assessment. The DWS Workforce Specialist and participant will discuss short and long term goals. The gathered information will be used to develop the employment plan. Although the focus of the plan is on short term goals and actions, the participant should be encouraged to think about long term goals. The DWS Workforce Specialist will discuss with the participant ways to be self-sufficient.

The DWS Workforce Specialist will discuss supportive services and give the participant a copy of PUB-389, *TEA Supportive Services*. The participant will sign the TEA-188, Acknowledgment of TEA Supportive Services and Work Pays Program, to verify receipt.

The DWS Workforce Specialist will also discuss:

1. minimum weekly hours;
2. work activity time limits;
3. tasks involved; and
4. sanctions.

3100.6 Failure to Attend Employability Assessment

If the participant fails to attend the scheduled employability assessment and does not contact the DWS Workforce Specialist, or fails to attend a rescheduled appointment, the case narrative will be documented accordingly, and the non-compliance sanction initiated unless, in the judgment of the DWS Workforce Specialist, there is good cause for rescheduling the appointment. Reasons for good cause include but are not limited to: child care not available, no transportation, inclement weather, family emergency, short term illness, etc. (Refer to TEA policy 3800.2).

3100.7 Contingency Plan

The DWS Workforce Specialist should advise the participant to be prepared to deal with emergencies that may occur (such as utility cut-offs, domestic violence, etc.) by developing strategies and contingency plans to deal with such emergencies when they occur. The DWS Workforce Specialist may suggest the participant make a list of relatives, friends, and community resources who can assist in case of emergency.

3200 Employment Plan Update

The Employment Plan will be updated as necessary. Employment plans may be updated in person, by mail, or by telephone. The DWS Workforce Specialist may complete a new plan or amend or modify the current plan, while providing a copy to the participant.

The purpose of updating the Employment Plan is to see what progress the participant is making, to identify and resolve any additional needs, and to remind the participant where the family is in terms of the time limit. If needed, at the completion of a work activity, an Employment Plan update should be conducted to determine the next appropriate step(s) for the participant. Therefore, the frequency of the update should be

geared to the individual participant, but an update must be made at least every six months.

3200.1 Periodic Review of Time Limited Cases

During Employment Updates and other periodic contacts with the participant, the Program Eligibility Specialist will ensure that the participant continues to meet eligibility requirements which are subject to change (e.g., child in the home, income, etc.). If it is determined that a participant's circumstances have changed, a task should be sent to DHS for redetermination of continued eligibility. The participant will be reminded of the responsibility to report changes within ten (10) days.

During periodic contacts, the participant will be informed of how many months of eligibility he or she has remaining due to the time limit. The number of months a TEA family has received benefits can be determined via the TEPC (TEA Payment Count in the WISE system) screen. The Program Eligibility Specialist should view this screen during periodic interviews with the participant.

The local office will review monthly reports identifying cases that have received TEA for three (3), six (6), or ten (10) months.

3210 Staffings

Each TEA time-limited cash assistance case will be reviewed at designated times to monitor the participant's progress toward achieving self-sufficiency and to assess the appropriateness of closing, or of allowing an extension, as the participant nears the expiration of the twelve (12) month time limit.

Prior to closing the case due to time limit, a case review of the participant's situation will be made by a review team at the local level who will make the decision as to whether an extension should be allowed, or the case closed.

3210.1 Local Office Review Team Composition

The local office review team will be composed of, at a minimum, the Program Eligibility Specialist, the supervisor, the local office manager, and a staff member from the county DCFS staff. The DCFS staff member's focus should be to ascertain the likelihood of the children having to enter foster care or other protective care if the cash assistance case were to be closed. In addition, any other staff person who has been actively working with the family should be included. Such staff would include WIA staff, Rehabilitation Counselor, substance abuse treatment provider, domestic violence advocate or counselor, etc.

The local office review team may be involved in any of the following case reviews but must be involved in the reviews at six (6) and ten (10) months reviews.

3215 Time Limit Extensions

TEA time limits may be extended because a TEA participant was or is:

1. A parent caring for a child:
 - a. Under three (3) months of age; or
 - b. Between three (3) and twelve (12) months of age if child care for such child is not available.
2. An individual with disabilities (parent or caregiver).

3. A woman in the third trimester of pregnancy.
4. A parent or caregiver who is caring for individuals with disabilities (child relative or adult relative) living in the home.
5. An individual for whom support services are necessary to engage in a work activity are not available.
6. An individual who is unable to participate in work activities due directly to the effects of domestic violence.
7. An individual unable to participate in a work activity due to circumstances beyond his or her control.
8. A parent or caregiver over sixty (60) years of age.

Also, the following individuals may receive an extension of the time limit:

1. An individual who cooperated and participated in the required activities but was unable to obtain employment because of circumstances beyond his or her control.
2. An individual for whom it has been determined appropriate to extend the time limit, particularly, but not limited to, cases in which it is necessary to protect the child from risk of neglect.
3. Individuals participating in education and training activities who have reached the end of their twelve (12) month cumulative limit on financial assistance, have complied with all TEA requirements and are within six (6) months of completing their current education or training program. However, the local office can make an exception and provide an extension to the six (6) months on a case-by-case basis.

The Program Eligibility Specialist may recommend an extension of the time limit based on the above criteria when a family is nearing the end of the time limit.

The decision as to whether an extension to the time limit should be granted is made at the local office level. There is no limit on the length or the number of extensions a participant can receive. An extension will be granted as soon as it is established but no later than thirty (30) days from the date it was claimed.

3220 Case Review at Three Months

For those families in which the time limit count is at three (3) months, the Program Eligibility Specialist will review the case file to determine the work status of the participant. The Program Eligibility Specialist will complete form TEA-197, Case Management Staffing Documentation, and indicate whether or not the participant is making satisfactory progress toward the employment goal. If so, no further action is required at that time. If satisfactory progress is not evident, then the Program Eligibility Specialist will contact the participant to conduct an Employment Plan Update.

This review does not have to be a separate review from other regularly scheduled reviews or contacts the Program Eligibility Specialist may be conducting. The case record should be documented at these intervals to show that a time-limit review has occurred.

3230 Six Month Review

For participants whose time limit count is at six (6) months, the Program Eligibility Specialist will initiate a full review team case review and complete form TEA-197, Case Management Staffing Documentation. The Program Eligibility Specialist will first contact the participant and determine his or her current status, e.g., progressing satisfactorily or not, current health status, etc. The case review team then meets and reviews the participant's situation. On a case-by-case basis, the team may request the participation of the participant in this process.

The purpose of this local office review is to:

1. familiarize the review team with the participant's circumstances;
2. assess the progress already made toward the employment goal and how much further progress is needed;
3. assess barriers to employment which still exist and to determine what enhanced services could be provided to resolve those barriers; and
4. make a recommendation as to whether the participant should be given a six (6) month extension or be exempted from the time limit.

Following the review, the Program Eligibility Specialist will contact the participant if necessary to:

1. update the Employment Plan;
2. advise of other activities or services needed; and
3. advise of an extension (or exemption from) the time limit if approved.

The Program Eligibility Specialist will also have, at a minimum, monthly personal contact with the participant for the next four (4) months to monitor progress, resolve problems, etc.

This review does not have to be separate and apart from other similar case staffings. If a regularly scheduled staffing occurs at the six (6) month interval, it may serve as this review. The case record should be documented accordingly.

3240 Ten Month Review

If an extension or exemption was not allowed at the six (6) month review, the local office case review team will meet again to review the participant's current situation. The Program Eligibility Specialist will complete form TEA-197, Case Management Staffing Documentation, and indicate whether or not any progress that has been made, and to determine if an extension to the time limit should now be allowed. All factors will be taken into consideration at this time and each member will make a recommendation as to case closure or extension at the end of twelve (12) months.

This review does not have to be separate and apart from other similar case staffings. If a regularly scheduled staffing occurs at the ten (10) month interval, it may serve as this review. The case record should be documented accordingly.

3250 Extension Expires

Near the end of the extension period, the same case review team process will occur before the case is closed. More frequent reviews may be made during the extension period at local office option.

3260 General Staffing Information

As with cases that are reaching the State twelve (12) month time limit, an extensive staffing focusing on progress and activities that will best achieve employment by the time the participant reaches the time limit will be conducted on cases nearing the sixty (60) month time limit. Other individuals or agencies that have been involved with the participant will be invited to the staffings. If these participants are unable to attend the case staffing, the Program Eligibility Specialist will obtain information regarding their involvement and the participant's activities and progress by phone, email, etc. During the staffing, all information to be used to determine if a hardship extension is appropriate will be collected.

Cases in deferred status and not counted in the state count should be staffed at six (6) month intervals based on the federal count, as they are subject to the federal time limit. Therefore, these cases should be staffed every six (6) months in the same manner as the cases that are subject to the state count.

3260.1 Case Staffings at 42, 48, and 54 Months

The report provided to the local office each month listing cases and the number of months a participant has received TEA will be used to identify the cases that have reached forty-two (42), forty-eight (48), fifty-four (54) and fifty-eight (58) months on the federal count. The local office will use the information in the report to schedule case staffings. Prior to scheduling a staffing, the Program Eligibility Specialist should ensure that the count on the report and on the TEPC screen is the correct count according to the information that is contained in the case record. If the count is not correct, the local office contacts the TANF Policy Unit to request a TEPC count correction.

Cases that reach the 42nd month due to being in deferred status will have subsequent staffings at forty-eight (48), fifty-four (54) and fifty-eight (58) months unless the circumstances change. If the circumstances are expected to change earlier, the staffing schedule can be adjusted accordingly. These case staffings will be completed in the same manner as the three (3), six (6), and ten (10) month staffing until the case reaches the 58th month. The decision to extend beyond the sixty (60) month time limit will be made following the 58th month case staffing. For the forty-two (42), forty-eight (48), fifty-four (54) month case staffing, the Program Eligibility Specialist will complete form TEA-196, Pre-Staffing Summary Report, prior to the staffing and form TEA-197, Case Management Staffing Documentation. Even though no extension decision will be made during these staffings, form TEA-198, Time Limit Case Review Checklist, will be completed for documentation.

Cases that reach the 42nd month due to being extended beyond the twelve (12) month time limit will also have subsequent staffings at forty-eight (48), fifty-four (54), and fifty-eight (58) months. The DWS Workforce Specialist will complete form TEA-196, Pre-Staffing Summary Report, prior to the staffing. The Program Eligibility Specialist will

complete form TEA-197, Case Management Staffing Documentation and TEA-198, Time Limit Case Review Checklist, during the staffing. The information obtained during the staffing and documented on these forms will be used when determining whether or not to grant another extension.

Decisions to grant extensions to the cases following the forty-two (42), forty-eight (48), fifty-four (54) month staffings will be based on extension reasons listed in TEA 3215.

3260.2 Case Staffing at 58 Months

A case staffing will be completed during the 58th month of cash assistance to determine if a hardship extension to the 60-month time limit will be given. The DWS Workforce Specialist will complete forms TEA-196, Pre-Staffing Summary Report, TEA-197, Case Management Staffing Documentation and TEA-175, 58th Month Time Limit Case Review, during the staffing.

3270 Making the Hardship Extension Decision

Following the 58th month case staffing, the initial decision of whether or not to grant a hardship extension to the 60 month time limit and the length of the extension will be made by a local area panel consisting of the area operations chief, local office manager, supervisor, and DWS Workforce Specialist. The decision to extend or close the case will be made in accordance with the hardship extension reasons in TEA Policy 3280.

3280 Local Area Panel Decision to Extend Beyond the 60 Month Time Limit

If the local area panel's decision is to extend the 60-month time limit, the decision will be sent for review and approval to the state level review panel.

The local office manager or designee will send the local area panel's request for approval of the extension and the recommended length of the extension period via form TEA-176, Request for Approval of 60 Month Time Limit Extension, to the TANF Policy Unit.

A copy of form TEA-175, 58th Month Time Limit Case Review, must be sent with the TEA-176, Request for Approval of 60 Month Time Limit Extension. The request for the state level approval must be sent within five (5) working days of the local panel's decision.

3280.1 State Level Panel Review and Approval

The state level review panel consists of the Deputy Director, the assistant director of Temporary Assistance to Needy Families (TANF), TANF Division Chief, and the TANF Policy Unit manager. Upon receipt of the request, the panel will provide a decision via form TEA-176, Request for Approval of 60 Month Time Limit Extension, within 5 working days from the date of receipt. Upon receipt of the state level panel's decision, the local office will notify the participant of the decision via form TEA-177, Notice of Time Limit Determination.

3280.2 Local Area Panel's Decision to Close the Case

If the local area panel determines to not extend beyond the 60-month time limit, the decision will not be sent for a state level review. The local office will notify the participant

of the decision via form TEA-177, Notice of Time Limit Determination, and take the

appropriate action. TEA-178, Final Notice of Time Limit Determination, will be sent when the case is closed.

3280.3 Extended Time Limit Supportive Services

Supportive services will be provided to a participant whose case has been extended so that he or she can participate in the required activities. For example, a participant who is participating in an ARS sheltered workshop may receive transportation assistance, if needed.

Extended Supportive Services (ESS) will be available to a participant who has earnings and whose case is closed due to reaching the 60 month federal limit. This includes ESS employment bonus (if one has not been received in the past 12 months) ESS transportation assistance payment, case management services, job retention assistance and ESS Child Care assistance if needed.

Extended Support Services (ESS) will be provided if a participant finds employment during the extension period and the case is closed.

3290 Changes Occurring During the Extension Period

Monthly contact, via phone contact, office or home visit will be maintained with the participant during the extension period to determine if services are needed and are being provided. If the circumstances for which the extension was granted change, a determination will be made as to what action will be taken on the case. If the participant is now able to engage in a work activity as a result of the change, the local office may decide to leave the case open, provided the family is otherwise eligible, for a period of time which will be determined on a case by case basis to allow the family time to transition off TEA cash assistance. An Employment Plan will be developed.

3300 Termination of Cash Assistance

A case will be closed:

1. When the participant has requested closure. Advance notice will be given if required. (See TEA Policy 4050).
2. Upon notice from another state agency that the participant is being certified for assistance in that state.
3. When DHS or DWS has factual information that a participant fails to meet any eligibility requirement.
4. When a participant has failed to furnish requested information or comply with procedures necessary to establish eligibility after specific written notice (TEA-1 or system generated) has been sent.
5. When the family of any individual who pleads guilty or nolo contendere to, or is found guilty of, an Intentional Program Violation. A 10-day notice will be sent to the participant stating that the case will be closed due to an Intentional Program Violation. Also, that the case will remain closed until the resulting overpayment (e.g. the total amount of assistance received to which the family was not entitled) has been repaid to the State with interest. This requirement may be waived by the Director of the Division of County Operations or designee.

(Refer to TEA 8100 for detailed policy and procedures concerning IPV Disqualifications.)

6. If at any point it is determined that a family is no longer eligible for TEA benefits due to earnings. An advance notice of closure will be required. In addition, the family's eligibility for extended support services will be determined (Refer to TEA Policy 3660).

Cash assistance will be terminated at any point it is determined that a family is no longer eligible to receive assistance.

3310 Monitoring Successful Employment Outcomes

Since the intended outcome of the TEA program is that participants will enter and retain employment, it is important for that outcome to be monitored. Therefore, a 30-day follow-up should be completed for all TEA participants who become employed and remain on cash assistance.

The purpose of the contact is to find out if the participant is still employed and to determine if any other services are needed. It can also serve as follow-up encouragement to the participant regarding the advantages of on-going employment. The DWS Workforce Specialist will conduct the 30-day follow-up.

The contact may be by letter, phone call, or face to face and should be documented in the case record or other local office database or system.

If a participant is within the six months of their TEA case closure due to employment, the DWS Workforce Specialist should inform the participant about the Work Pays program.

Note: Refer to TEA policy 3320 for follow-up procedures on cases that close due to employment.

3320 Employment Follow-ups

One of the most important aspects of case management is the follow-up after a participant has entered employment. The follow-up with the participant or employer should occur soon after employment begins and then continue periodically throughout the extended case management period.

At a minimum, the employment follow-up contacts will occur according to the following schedule:

Initial Follow-up: Within 5 days of participant entering employment or agency learns of employment.

30-Day Follow-up: Thirty (30) calendar days following the initial follow-up. The Job Retention Employment Follow-up database letter will be mailed to all employed TEA participants and former participants 30 days after employment has begun or the case was closed due to employment. The Post Employment Supportive Services information attachment must be mailed with the Job Retention Employment Follow-up database letter.

On-Going Follow-ups: Every 90 days during the remaining Extended Case Management period

The following information will be discussed during the follow-up's as appropriate;

1. **Employment Information: Participant** -Verify employment information (e.g. name of employer, employer address, job title, start date, hourly wage, hours worked per week, length of employment, etc.).
2. **Employer** - Advise employer of eligibility for tax credit if appropriate. If the employment was developed by TEA, then during the placement remind the employer to contact the DWS Workforce Specialist if problems began to surface.
3. **Extended Support Services (ESS)**
Ensure participant has information on available ESS services (e.g. child care, transportation, employment bonus, etc.). Follow-up with service providers to determine if any problems have arisen.

4. **Counseling/Coaching:** Provide encouragement to the participant, discuss any problems he or she may be having on the job, remind him or her not to quit their job without contacting TEA program staff first, etc.
5. **Other:** Follow up with the employer or providers to determine if any problems have arisen.

3400 Engaging the Participant in Work Activities

Based on information gathered during the assessment and employment planning, the participant is immediately engaged in work or one or more work related activities designed to move him or her into full-time employment in the shortest possible time.

When a TEA participant is referred to another agency for services, or is already engaged in activities with another agency, the DWS Workforce Specialist should document that the participant is in a TEA work activity that appropriately reflects the services being provided by the other agency.

3401.1 Work Activity Requirements- Minimum Hours

The goal of the TEA Program is to assist families in becoming self-sufficient by increasing their job skills. A “work-eligible individual” is an adult or minor head of household parent who is receiving TEA cash assistance. All work-eligible members are required to work or participate in work activities which are designed to lead to full-time employment. In addition, all minor parents are required to participate in educational activities as their work participation requirement.

Note: A non-parent adult caretaker who has chosen not to be included as an eligible member is not required to participate in work activities.

3401.2 Single Parent Cases

The participant will engage in work or work related activities for the number of hours, up to 40 hours per week, which are determined to be appropriate based on the work activity and the participant’s individual circumstances.

However, a single parent must be engaged in work activities a minimum of 30 hours per week. At least 20 of these hours must be in one or more core activities. For a single parent with a child under the age of six (6), the participant must be engaged for at least 20 hours all of which will be in a core activity.

3401.3 Two-Parent Cases

In two-parent families:

1. Both parents must be engaged for a minimum of 35 hours per week if no federally funded child care is provided. At least 30 of the 35 hours must be in one or more core activities. If federally funded child care is provided, the two-parent family must be engaged for a total of 55 hours. At least 50 of the 55 hours must be in one or more core activities.
2. If one parent is deferred, then the other parent must be engaged for a minimum of 35 hours. At least 30 of the 35 hours must be in one or more core activities.
3. If one parent is an individual with disabilities, then the minimum is 30 hours per week for the parent who is not the individual with disabilities. These hours should be in core activities only.

(Refer to TEA policy 3410 for a list of core and non-core activities.)

Example 1 – fifty-five (55) hour rule - neither parent deferred) One parent could be involved in forty (40) hours of work activities, while the second parent would only be required to participate fifteen (15) hours per week.

Example 2: thirty-five (35) hour rule - neither parent is an individual with disabilities, but one (1) can be deferred). Both parents are job ready, but child care is needed. While the first parent is engaged in twenty (20) hours of employment, the second parent is at home providing child care. When the first parent isn't engaged in employment, he or she can take care of the children. The second parent may then share in the participation requirement by doing the remaining fifteen (15) hours of required work activities while the first parent is providing child care.

Note: A job ready person is defined as one who has no physical, mental or skill barriers that prevent employment. In addition, the individual has the educational background and experience to gain and maintain employment.

The minimum number of required hours may be in a single work activity or a combination of allowable activities.

3405 Work Participation Exemptions/Deferrals

If a participant claims an inability to engage in work activities, the Program Eligibility Specialist will discuss the reasons why the participant believes he or she is unable to participate.

If a participant is exempt or deferred from work participation requirements:

1. The exemption or deferral will be granted as soon as it is established but no later than thirty (30) days from the date it is claimed.
2. The time limit will not count in the months he or she is exempt/deferred; and
3. The appropriate exempt/deferral reason will be applied (See the Resource Section for a list of codes).
4. The Program Eligibility Specialist will advise the participant that the deferred/exempt months do not count towards the twelve (12) month time limit.

3405.1 Work Participation Exemptions

The only persons who may be considered exempt, and therefore are not required to participate in work activities while exempt, are parents who are caring for a child:

- a. Under three (3) months of age; or
- b. Between three (3) and twelve (12) months of age if child care for such child is not available, as determined by the local office.

A parent may be exempted for the above reason for a maximum lifetime limit of twelve (12) months.

3405.2 Work Participation Deferrals

A participant will be temporarily deferred from participation any time he or she meets the criteria for one of the deferral situations listed below. While in deferred status, the participant may elect to participate in a work activity or another appropriate activity if he

or she voluntarily chooses to do so. Supportive services will be provided for the deferred individual who chooses to participate in a work activity.

1. An individual with disabilities (parent or caregiver) is any participant who alleges he or she is unable to engage in employment activities due to a short-term disability. A participant who alleges a long-term disability with an expected duration of six (6) months or longer is required to apply for Social Security or Supplemental Security Income (SSI) disability benefits. (See TEA policy 3405.4 for detailed information on medical disability verification.)
2. A woman in the third trimester of pregnancy.
3. A parent or caregiver who is caring for individuals with disabilities (child or adult relative) who are living in the home.

Note: If the family member will require care for an extended period of time, the Program Eligibility Specialist should explore other resources or available services (e.g., a home health aide) which would enable participation.

4. Supportive services necessary to engage in an activity are not available (e.g., child care, transportation). The local office will make the determination as to whether a particular supportive service is necessary for participation.
5. The person is unable to participate in work activities due directly to the effects of domestic violence.
6. The person is unable to participate due to circumstances beyond his or her control. This decision will be made at the local office level. Circumstances include, but are not limited to, natural disasters.
7. In two-parent families, one parent may be deferred from participation to care for the minor child(ren), when appropriate.
8. A parent or caregiver over sixty (60) years of age.

Note: Any month a participant is deferred or exempt from work participation activities will not count toward the state's twelve (12) month time limit. Also, there is no limit on the length or the number of deferrals a participant can receive, provided requirements are met.

Therefore, an exempt/deferred individual automatically receives a month-for-month extension to the twelve (12) month time limit for each deferred/exempt month.

A review of the deferral will be made at least once a month by phone or mail.

3405.3 Verifying Deferral Reasons

If a participant meets one of the deferral reasons, verify the reason for deferral and document the case record accordingly.

A participant who alleges that he or she is needed in the home to care for individuals with disabilities (child or adult relative) will be required to provide medical verification of the relative's disability and the need for the individual to care for the relative.

For medical deferrals (illness or incapacity to last no more than 6 months);

1. A doctor's statement or other medical documentation should be obtained.
2. The statement should clearly state or otherwise indicate that the person is unable to engage in work activities because of the medical condition; and,
3. Whenever possible, give an estimated length of incapacity.

Note: A participant who is deferred and provides additional medical statement(s) advising that the illness or incapacity will last longer than the initial six months, will be referred to the Medical Review Team (See TEA policy 3405.4).

3405.4 Medical Review Team (MRT) Referral Process

The DWS Workforce Specialist will follow the process outlined in this section if the participant alleges a long-term disability as a barrier to participating in a work activity.

A participant who has been seeing a medical provider for an alleged disabling condition will not be required to have the DCO-107, Confidential Report of Medical Examination of Patient, completed by the provider. Instead, the DWS Workforce Specialist will obtain a completed and signed DHS-1400, Provider Agreement. The completed DCO-108, Social Report, and the signed DHS-1400 will be sent to the MRT. The medical provider's name, address and the date of service must be included with the referral to the MRT. The MRT will request the medical information directly from the provider.

A participant who is Medicaid eligible and who has not seen a medical provider for the disabling condition within the past 12 months will be required to see a medical provider and provide the information regarding the name and address of the provider and the date the participant was last seen by the medical provider. Upon receipt of this information, the DWS Workforce Specialist will send the completed DCO-108 and the signed DHS-4000 to MRT.

A participant who is not Medicaid eligible and who has not seen a medical provider within the past twelve months will be referred to the MRT. A completed DCO-108 and a signed DHS-4000 will be sent to the MRT. The local office will advise the MRT that the participant is not Medicaid eligible and has not seen a medical provider. The MRT will refer the participant to a medical provider.

If there is an appeal pending, a doctor's statement must be in the case and the participant should be deferred until the case has reached the final appeal and been denied or decided not to appeal anymore and thus becomes mandatory.

If the appeal has not been filed, the DWS Workforce Specialist will notify MRT that Social Security Administration (SSA) has denied the participant's claim.

3405.5 Holidays

Participants engaged in work activities will be allowed ten (10) holidays and up to an additional 80 hours of excused absences in a 12 month period, with no more than 16

hours of excused absences in any month. Once the participant has exhausted the allowed excused absences, good cause can be documented if deemed appropriate, but the hours cannot count as actual participation hours. The approved holidays are as follows:

- New Year's Day
- Martin Luther King Day
- President's Day
- Memorial Day
- Independence Day
- Labor Day
- Veteran's Day
- Thanksgiving Day
- Christmas Eve
- Christmas Day

3405.6 Excused Absences

Missed hours of work may be counted as actual hours of work participation under the excused absence policy if all of the following criteria are met:

1. The participant was actually scheduled to work for the period of the absence;
2. No more than 16 of these hours will count as actual hours in any month; and
3. No more than 80 of these hours will count as actual hours in a year (12 month period).

Example: Mr. Waters was scheduled to work Monday through Friday but does not report to work Wednesday, Thursday, or Friday due to illness. Mr. Waters' employer will not be paying him for the missed days.

The DWS Workforce Specialist verifies that Mr. Waters has not received prior excused absence credit in that month. The DWS Workforce Specialist can credit Mr. Waters with 2 days of excused absences (16 hours of actual participation). The third missed day cannot count as actual hours of participation.

In the case narrative, the DWS Workforce Specialist should clearly document which days and how many hours of excused absences or holiday time are being counted as actual hours of participation.

Note: Paid leave time is an acceptable substitute for actual working hours.

3410 ALLOWABLE WORK ACTIVITIES

Based on information gathered during the assessment and employment planning, the participant is immediately engaged in work or one or more work related activities designed to move him or her into full-time employment in the shortest possible time.

Each work activity in this section will have daily supervision and will require verification at least bi-weekly.

Daily supervision means that a responsible party (e.g., site supervisor) has daily responsibility for oversight of the participant's participation and not necessary daily, in-person contact with the participant.

Within each work activity, types of allowed verification are discussed.

The participant will be engaged in one or more of the following activities:

1. Unsubsidized Employment (Core)
2. Subsidized Private Sector Employment (Core)
3. Subsidized Public Sector Employment (Core)
4. On-the-Job Training (Core)
5. Job Search and Job Readiness (Core)
6. Work Experience (Core)
7. Community Service (Core)
8. Career and Technical Education (Core)
9. Providing child care services to a Community Service participant (Core)
10. Education Directly Related to Employment (Non-core)
11. Job Skills Training (Non-core)
12. Attendance at Secondary School (Non-core)

Core work activities that are listed above will count for the first 20 hours of the 30 hours requirement. The non-core activities can count for the remainder of the hours once the core requirement is met.

Example: If a participant is assigned 20 hours of Career and Technical Education (core), then 10 hours can be assigned to Job Skills (non-core).

3415 Unsubsidized Employment

Unsubsidized employment is a core activity defined as full-time or part-time employment in the public or private sector that is not directly supplemented by TANF or any other public program.

Verification of earnings must be documented in ANSWER and the case record. Acceptable documentation may include: check stubs, timesheets, form TEA-97 Verification of Earnings, or statements signed by the employer.

3415.1 College Work Study

Participants attending college who are involved in work study may have hours counted toward their TEA participation requirement as employment. (For reporting purposes, work study will be shown as unsubsidized employment.) The work study hours may be used alone if sufficient to meet minimum participation or in conjunction with other employment or activity hours.

Verification of participation should be documented bi-weekly or based on pay schedule. Types of verification include paystubs, payroll reports, or use of TEA-97, Verification of Earnings. The hourly wages cannot exceed the Work Study Award.

3415.2 Self-Employment

Self-employment is defined as income generated from working for one's self rather than for others. The number of hours of self-employment counted towards participation is determined by calculating the participant's gross income, minus business expenses, divided by the Federal Minimum Wage.

Participants must provide documentation of verified gross income, minus business expenses. This includes copies of money orders, checks, and other forms of proof of income or expenditures.

Participants must provide bi-weekly verification.

Example: Ms. Jones, a single parent, states she is taking care of the neighbor's child while they are working. Ms. Jones claims she makes one hundred dollars (\$100.00) per week and has no expenses. The minimum wage during her time of employment is \$6.55/hour. To verify Ms. Jones' hourly participation, divide one hundred (\$100 by \$6.55. The total hours of participation would be fifteen (15). Therefore, Ms. Jones would need an additional work activity for the remaining fifteen (15) hours.

Types of bi-weekly verification needed to show participation include invoices, paystubs, and form TEA-97, Verification of Earnings.

3420 Subsidized Employment (Private and Public)

The subsidized employment work activity is a core activity defined as employment for which the employer receives a subsidy from TANF or other public funds to offset some or all of the wage and costs of employing a participant. It is also designed to provide trained participants with actual work experience. The person may be hired by a private or public sector employer. Employers are asked to hire participants in positions which would normally call for an employee with experience.

Subsidized Employment is limited to a maximum of six (6) months during a twelve (12) month period. However, the local office manager may approve extensions of up to ninety (90) days with appropriate justification and documentation. The level of participation in this activity must be at least the minimum number of hours per week as required in TEA policy 3401.1 with a maximum not to exceed forty (40) hours per week.

In situations in which a person with job skills has been unsuccessful in obtaining unsubsidized employment and the family is nearing the end of its time limit on cash assistance, subsidized employment may be appropriate. However, a participant may be engaged in subsidized employment at any time. While working in a subsidized job, a portion of the person's wages (up to half) may be paid by the TEA program.

A TEA participant in subsidized employment shall be eligible for the same benefits as a non-subsidized employee who performs similar work.

Prior to engaging a participant in a subsidized employment placement with a particular employer, the local office will develop a written contract with the employer.

In accordance with Arkansas Act 514 of 2007, this contract may include, but is not limited to, provisions addressing any of the following:

- 1) payment schedules for any subsidy or incentive such as deferred payments, based on retention of the participant in employment (see examples below);
- 2) durational requirements for employer to retain the participant in employment;
- 3) training to be provided to the participant by the employer;
- 4) contributions, if any, made to the participant's Individual Development Account (IDA); and
- 5) weighting of incentive payments proportionally to the extent to which the participant has limitations associated with the long-term receipt of TEA assistance and difficulty in sustaining employment. In establishing incentive payments, the Division shall consider the extent of the participant's prior receipt of assistance, lack of employment experience, lack of education, lack of job skills, and other factors.

Example 1 - (Incentive payment) - Employer will receive \$50.00 for each participant who stays on the job at least 6 months.

Example 2 - (Deferred payments) - Half of wages paid to participant by employer will be reimbursed by the agency after participant has been on the job for 60 days.

For information on developing contracts on subsidized employment, the DWS Workforce Specialist should contact the DWS TANF Policy Unit. Local offices can use TEA-1438, Subsidized Employer Contract.

3425 On-the-Job Training (OJT)

OJT is a core activity defined as training in the public or private sector given to a paid employee engaged in productive work, and provides knowledge and skills essential to the full and adequate performance of the job. The OJT work activity is designed to provide participants with training that will be essential to permanent employment. Under OJT, the participant is hired by a private or public employer. While engaged in productive work, the participant receives training that provides knowledge or skills essential to the performance of that job.

Participants in this work activity will receive training and supervision in an occupation for which an employer would normally hire skilled workers. While participating in OJT, the person will be paid at the same rate as other employees performing the same or similar jobs.

The local office may develop its own OJT worksites or accept placements at worksites developed by other agencies. Participant must comply with all worksite requirements in order to be in compliance with TEA.

Failure to be in compliance without good cause could result in imposition of the non-compliance sanction.

At worksites developed by the local office, up to half of the wages paid by the employer may be reimbursed by the TEA program. Local offices should use TEA-1437, On-the-Job Training Agreement, when setting up worksites. The signed agreement must be in place before the participant can engage in the OJT work activity. The participant will be required to verify hours of participation (Refer to TEA policy 2342).

Participation in the OJT work activity is limited to a maximum of six (6) months during a twelve (12) month period. The local office manager may approve a one-time extension of up to ninety (90) days for participation in OJT. The level of participation in this activity must be at least the minimum number of hours per week as specified with a maximum of forty (40) hours per week.

Upon completion of the OJT assignment, it is anticipated that the participant will be hired as a regular employee.

3425.1 On-The-Job Training (OJT) Worksite Development

The local office will have responsibility for marketing and developing OJT worksites for the TEA program.

Local office staff will negotiate OJT/Employment agreements with employers in their area (i.e. city, county, multi-county). Private and public employers may be utilized when developing OJT agreements. Form TEA-1437, On-the-Job Training Agreement, will be used to outline the proposal.

In negotiating agreements, the local office will ensure that the employer understands that the purpose of the agreement is to:

1. provide an opportunity for TEA participants to obtain training and job supervision,
2. encourage their participation by providing a mechanism by which TEA participants become self-sufficient employees, and
3. provide employment to participants upon satisfactory completion of the On-the-Job Training.

The local office representative and employer will complete and sign the On-The-Job Training/Employment Agreement.

3425.2 Approval Process/Procedures for OJT/Employment Agreements

Once the TEA-1437 On-The-Job Training Agreement has been negotiated, it will be submitted to the local office manager for approval. The local office manager will review and make a decision within three (3) working days.

The local office will monitor the participation at the OJT employment site through contact with the Training Supervisor. This contact will be conducted at least once each month either by telephone or in person.

3425.3 Monitoring and Employer Billing/Reimbursement for OJT

The local office will monitor participation through contact with the employer. This contact may be by phone or on-site visits to the worksites. At a minimum, participation should be checked at least biweekly while the participant is engaged in this activity.

Participation will be documented biweekly using the TEA-1407, Participant Time Card/Progress Report. Both the employer and participant will sign the TEA-1407, Participant Time Card/Progress Report. The document will be submitted bi-weekly to the DWS Workforce Specialist. The time card/progress report will document the participant's actual hours, performance, progress, and intensity of the supervision and instruction provided. Employers are also requested to provide an overall evaluation of the participant's performance in this report. The signed document will be retained in the participant's case file.

Employers will submit monthly billing to the local office, by the fifth working day of the month following the month of service.

The rate of reimbursement by TEA to employers will be limited to no more than fifty percent of the wages paid by the employer to the participant during the period of the OJT.

Billing for reimbursement will be submitted on the TEA-187, Billing and Routing Sheet. The participant's name, number of hours/day worked, rate of pay, and total owed will be included on the bill. The TEA-187 will be completed with an original and two copies. Employers will submit the bill to the local office. The local office manager will review and approve (by signature and date) billing(s) submitted by the employer. Review and approval will be completed within three (3) working days of receipt by the local office manager. Upon approval by the local office manager the reimbursement will be keyed to the WISE system.

3430 Job Search and Job Readiness

Job search and job readiness assistance is a core activity defined as seeking or obtaining employment or the preparation for seeking or obtaining employment. Job search activities may include:

1. making contact with potential employers;
2. applying for vacancies; and
3. interviewing for jobs.

Job readiness activities may include:

1. classes or workshops where participants can improve their employability skills;
2. resume writing classes;
3. workplace etiquette classes;
4. interviewing classes; and
5. life skills classes.

Arkansas uses the Family Violence Option (FVO) for victims of domestic violence in order to modify program requirements and extend time limits to help victims of domestic

violence. The Division of Workforce Services works with service providers, other agencies, advocate groups, etc. to ensure that participants who are victims of domestic violence receive the needed assistance.

Job readiness activities also include substance abuse treatment, mental health treatment (including mental health treatment needed to address domestic violence), or rehabilitation activities. Such treatment or therapy must be determined to be necessary and documented by a qualified medical or mental health professional or treatment provider.

Supervision of this activity is the responsibility of the DWS Workforce Specialist and is provided via weekly scheduled contact with the participant as well as daily access to the DWS Workforce Specialist to provide the participant the opportunity to seek guidance in job search and to report on progress.

The instructor or activity leader will provide daily supervision of Job Readiness activities through the provision of guidance and instruction. For mental health, substance abuse, and domestic violence treatment activities, the treatment provider will provide daily supervision and maintain regular contact with the DWS Workforce Specialist.

3430.1 Job Search and Job Readiness Time Limits

Job Search and Job Readiness Assistance is limited to six weeks in the preceding 12-month period, of which no more than four weeks may be consecutive.

For the purposes of the six-week limit:

1. One week equals 20 hours for a work eligible, single custodial parent with a child under the age of six. Thus, six weeks = 120 hours.
2. One week equals 30 hours for all other work eligible participants. Thus, six weeks = 180 hours.

By defining six weeks as 120 hours for a single custodial parent of a child under age six or 180 hours for all other work-eligible individuals, participants can be engaged in this work activity for limited periods of time without using an entire week for purposes of the six-week limit.

For the purposes of counting the four-week limit:

- One week equals seven consecutive days. In other words, any hours of participation in job search and job readiness assistance during the course of a seven-day period is considered a full week for the 4-week limit.
- Once the participant has been engaged in this activity for four consecutive weeks, additional hours of participation will not count towards the work participation rate for one week (seven consecutive days).

In other words, after completing four consecutive weeks, the participant must take a week's break from the activity (seven consecutive days) in order for additional hours of participation to count.

DWS Workforce Specialists will manually track weeks in which verified hours of participation are reported in the preceding 12-month period. If a participant has any verified hours of participation during a seven-day period, a count of one week will be documented for that participant. This will continue for each week in the preceding 12-month period.

Note: If the State meets federal requirements, and the local office has the written prior approval of the Assistant Director of the TANF, Job Search and Job Readiness Assistance may be twelve weeks in the preceding 12-month period, of which no more than four weeks may be consecutive.

For the purposes of the twelve-week limit:

1. One week equals 20 hours for a work eligible, single custodial parent with a child under the age of six. Thus, twelve weeks = 240 hours.
2. One week equals 30 hours for all other work eligible participants. Thus, twelve weeks = 360 hours.

By defining twelve weeks as 240 hours for a single custodial parent of a child under age six or 360 hours for all other work-eligible individuals, participants can be engaged in this work activity for limited periods of time without using an entire week for purposes of the twelve-week limit. In order for the participant to utilize the entire 12 week period, it is mandatory that a week break is taken every four weeks.

3430.2 Job Search and Job Readiness Documentation/Verification

For Job Search activities, participants are provided with and required to use a TEA-1446, Job Search Report, for the purpose of documenting job seeking activities, employer contacts and verifying expenses. For Job Readiness activities, written verification in the form of attendance records will be signed and submitted by the instructor or facilitator of the workshop or class and placed in the participant case record.

Actual hours of Job Search, as a countable activity, must identify employment opportunities, applications, and participation in employment interviews. The participant must maintain daily documentation of all related contacts. Countable Job Search requires contact with potential employers in person, by Internet or by phone. The participant is required to maintain a log of the daily contacts. The log will be submitted to the DWS Workforce Specialist on at least a bi-weekly basis and will provide the date of contact, position that was available and of interest, the name of employer, and contact information. The DWS Workforce Specialist will file the log in the participant's case record.

Actual hours of Job Readiness, as a countable activity, must be provided via written verification in the form of attendance records submitted by the instructor or facilitator of the workshop or class or, in the cases of substance abuse/mental health treatment/domestic violence treatment, written confirmation of attendance provided by the treatment provider. This documentation is provided to the DWS Workforce Specialist on a bi-weekly basis and retained in the participant's file.

Note: Travel time between interviews may count as part of a job search and job readiness assistance activity, but not the travel time to the first job search interview or the time spent returning home after the last one.

DWS Workforce Specialists will verify the validity of the job search employment contact information by conducting weekly random reviews/follow-up with employers. Based on these weekly reviews any necessary corrections, deletions, or additions to information contained or omitted in the State's monthly participation rate calculation will be amended accordingly within the established timeframes for TANF reporting.

The DWS Workforce Specialists' supervisor will complete additional quality reviews as part of the case review process.

The verification review will include, but is not limited to:

- Contact of the employers to verify the documented information.
- Written proof that an application has been filed.
- Notification of scheduled interviews.

When submitted documentation is incomplete and/or written verification does not validate the activity, the hours will not be considered as countable toward the work participation rate.

3430.3 Job Orders and Referrals

A job order is an agreement with an employer to interview/hire TEA participants. The job order may be for unsubsidized or subsidized employment or unsalaried Community Service and Work Experience. Form TEA-1416, Job Order, will be used to obtain information about the job opening(s) from the employer. The results of the referrals made will be tracked by using the Job Order form.

When a participant is referred to an employer for unsubsidized employment, the participant will be given a TEA-1431, Job Referral, and a postage-paid, self-addressed envelope. The participant will give these to the employer. The employer will complete his part of the form, providing the results of the interview, and will mail the form back to the TEA program. If the card is not returned, the local office should contact the employer for the information.

3430.4 Job Bank

Each local office will maintain a job bank which can be used for referrals. To develop a job, the local office can interview participants and/or collect data from their case records or employment plans. The job bank can consist of a card file or a computer data base (e.g., Arkansas Job Link). It should be organized and divided by job titles. The names of interested or experienced participants and pertinent information about them should be contained under each job title. This will assist staff in matching the needs of employers and participants.

3435 Work Experience

Work experience is a core activity defined as supervised, unpaid work in the public or private sector in exchange for assistance. It provides a participant with the opportunity to gain the general skills, knowledge, and work habits necessary to obtain a job. The purpose of the work experience is to improve the employability of those participants who cannot secure unsubsidized full-time employment. The maximum allowable period is three (3) months. Decisions to extend a work experience activity will be made at the local office level. Extensions must be documented in the case file.

Single parent households assigned to a work experience activity are required to participate at a minimum of 30 hours per week, but no more than forty (40) hours per week.

Two-parent families assigned to a work experience are treated exactly the same as described for single parents, except for changes in the minimum number of hours. The minimum number of hours may be less than 30 hours per week if the individual is engaged in another work activity that is counted toward his or her participation requirement (e.g. part-time employment or substance abuse, mental health, or rehabilitation services that include work experience activities as a part of treatment).

Employment/job skills to be taught include, but are not limited to:

1. learning how to follow instructions and take orders;
2. the importance of getting to work on time;
3. learning how to dress for the job;
4. learning how to work with others;
5. learning to work dependably;
6. improving work habits; and
7. improving one's self-image, etc.

Work experience may also include:

1. vocational training in a specified area;
2. unpaid work-study;
3. training-related practicums;
4. unpaid internships; and
5. work experience activities that are part of substance abuse, mental health, or rehabilitation services.

Work experience may be developed by the local office, or the office may accept placements at sites developed by other agencies as long as they meet the TEA policy on site development and have TEA-1408, Work Activity Site Agreement, on file. Exceptions to this requirement include training related practicums and internships. Work experience sites may be public or private nonprofit agencies. (For information on Work experience site development, refer to TEA policy 3435.1.)

Participants engaged in this work activity may include any person who has not been successful in obtaining employment, and those the DWS Workforce Specialist

determines would benefit from work experience. The participant will be assigned to a work experience site which is expected to enhance his or her employability.

Each person placed at a work experience site must complete a TEA-1406, Work Site Participant Agreement. For other agency worksites, the DWS Workforce Specialist should contact that agency for a progress report on the participant.

The site supervisor must agree to provide supervision through general employment and job-specific instruction and supervision. Both the site supervisor and participant will sign the TEA-1407, Participant Time Card/Progress Report. The document will be submitted bi-weekly to the DWS Workforce Specialist. The time card/progress report will document the participant's actual hours, performance, progress, and intensity of the supervision and instruction provided. Site supervisors are also requested to provide an overall evaluation of the participant's performance in this report. The signed document will be retained in the participant's case file.

3435.1 Work Experience Site Development

The purpose of work experience sites is to provide participants with meaningful job skills in an actual work environment. This purpose should be stressed to potential site supervisors to insure they are aware of the agency's expectations relative to supervision of the TEA participant. It is also expected that the site supervisor will derive no direct benefit as a result of the participant's participation in work experience.

Work experience sites may be developed with public government entities (city, county, state, and federal agencies), private not-for-profit agencies, community and charitable organizations, or private for-profit employers.

The TEA-1416, Job Order, will be used to take the job opening information. The TEA-1408, Work Activity Site Agreement, will be used in developing work sites.

Prior to assignment of a participant to a work experience site, the site supervisor will be made aware of the following assurances that must be provided to regular employees:

1. No currently employed worker or position will be displaced/partially displaced, or have normal work shift hours, wages, or employment benefits reduced as a result of activities by TEA program participants.
2. The placement of TEA participants will not impair existing contracts for services or collective bargaining agreements.
3. Supervisors will not fill any established, unfilled position or vacancy with a TEA participant when regular workers are laid-off from the same or similar positions at the site. Currently employed workers will not be terminated in order to fill vacancies with TEA participants.
4. The placement of TEA participants will not infringe upon the promotional opportunities of any currently employed individual at the worksite.

Local office staff will be responsible for discussing these assurances with the site supervisor prior to finalizing the site agreement. It will be the responsibility of the site supervisor to make employees aware of these assurances.

The site supervisor must agree to provide to the participant the same benefits (breaks, lunches, days off, etc.) and the same working conditions provided to employees performing comparable tasks.

The TEA-1406, Work Site Participant Agreement, must be signed by the participant before participating in work experience.

3435.2 Monitoring Work Experience Sites

The local office may monitor participation via the TEA-1407, Participant Time Card/Progress Report, and through monitoring (on-site visit) worksites developed by the local office. The site supervisor will submit the TEA-1407 bi-weekly to report progress. For other agency sites, the DWS Workforce Specialist should contact that agency for a progress report on the participant.

3435.3 Injuries at the Work Experience Worksite

If a participant is injured at a work experience work site, the agency provides medical insurance coverage.

If an injury occurs, the following steps should be taken to access medical benefits:

1. The participant will notify the local office.
2. The local office will notify the TANF Policy Unit via email as soon as they become aware of the injury, and provide the name and address of the participant.
3. The TANF Policy Unit will send a claim form to the participant for completion.
4. The participant will be requested to return the claim form to the insurance company for processing.
5. Upon receipt, the TANF Policy Unit will submit the claim form to the insurance company for processing.

3440 Community Service

Community Service is a core activity defined as a structured program in which TEA participants perform work for the direct benefit of the community with public and non-profit organizations.

Community service activities must be supervised on a daily basis. Daily supervision means that a responsible party (e.g., site supervisor) has daily responsibility for oversight of the participant's participation and not necessary daily, in-person contact with the participant.

All assignments must be pre-approved by the DWS Workforce Specialist and can be self-initiated. Participants who have been court ordered to complete community service activities are allowed to use the court ordered activity as their program mandated activity.

In order to count hours of participation, community service programs must be structured, provide a direct benefit to the community, and improve the employability of the participant. In addition, the participant's employment plan must match the employment goal.

Examples of allowable community service programs include, but are not limited to:

- Habitat for Humanity;
- AmeriCorps;
- Volunteer in Service to America (VISTA) Program; and
- Head Start parent volunteer.

Community service programs do not include activities that primarily benefit a family or participant and serve no direct benefit to the community. Such activities include:

- substance abuse treatment;
- mental health activities;
- rehabilitation activities;
- domestic violence counseling; and
- caring for individuals with disabilities (family members).

Community service worksites must have a TEA-1408, Work Activity Site Agreement, prior to the placement of the participant. Verification of participation is via the TEA-1407, Participant Time Card/Progress Report, and will be provided biweekly. The form requires the supervisor's signature and an evaluation of participant's performance.

3445 Career and Technical Education, (formerly known as Vocational Education)

It is the goal of the Arkansas Transitional Employment Assistance Program that all participants receive services that best prepare them for long-term economic self-sufficiency. To that end, TEA participants will be encouraged and allowed to participate in education and training activities as a component of their individual Employment Plan.

TEA participants, who have been assessed to meet the minimum educational requirements for a particular course of career and technical education, shall be allowed and encouraged to pursue the training as their work activity.

Career and technical education must meet at least one of the following requirements:

1. Be on the statewide or appropriate area list of occupations in the Projected Employment Opportunities List published by the Arkansas Division of Workforce Services Labor Market Information.
2. Be on the list for another area within the state to which the TEA participant has signed a commitment to relocate;
3. Be for a specific position for which an employer has submitted a letter demonstrating intent to hire persons upon successful completion of training; or
4. Be in an occupation in local demand but not shown on the Projected Employment Opportunities List if the local demand is documented or will be documented by the area Workforce Investment Board.

Career and Technical Education is a core activity which cannot exceed 12 months with respect to any participant. It is defined as organized educational programs directly

related to the preparation of participants for employment in current or emerging occupation requiring training. This also includes baccalaureate or advanced degrees.

Career and technical education training must be provided by educational or training organizations such as:

- vocational-technical schools;
- community colleges;
- postsecondary institutions;
- proprietary schools;
- non-profit organizations; and
- secondary schools that offer vocational education.

Distance learning is allowed when provided by an accredited program recognized by the Arkansas Department of Education and/or Arkansas Division of Higher Education. Distance learning programs should have the ability to provide reports of participant's progress and time spent by the participant accessing the online distance learning program. This documentation will be provided to the DWS Workforce Specialist no less than biweekly. If the program is unable to provide documentation, the activity will not count towards the work participation rate.

Unsupervised participation in educational and training activities, homework time, or study time may be reported as participation. Monitored study sessions may be included and reported as participation in educational and training activities only if the education or training provider is able to verify attendance and participation.

Education and training included as a part of this activity include, but are not limited to:

- associate degree programs;
- bachelor degree programs ;
- advanced degree programs (e.g. Master's, PhD.);
- instructional certificate programs;
- industry skill certifications;
- ESL (English as a Second Language) that is necessary or a regular part of the work activity;
- Vocational rehab activities that are organized educational programs directly related to preparing individuals for employment in current or emerging occupations; and
- Basic and remedial education that is necessary or a regular part of the work activity. The education provider must submit official documentation indicating that a participant requires this instruction to participate in the program. The education provider will determine the duration of these activities.

Participation hours will be calculated based on the participant's course syllabus. The total study time (supervised and unsupervised) counted for participation cannot exceed the hours required or advised by the education provider. Sufficient documentation must be provided to the DWS Workforce Specialist for this participation to be included in the work activity hours. One hour of unsupervised study time will be counted for every credit hour the individual is enrolled and participating.

At least bi-weekly, participants must submit written verification to DWS Workforce Specialists that identifies the number of actual hours of attendance for each day in a

week. The career and technical Education provider (acting as supervisor) and the participant must sign the written verification. The signed form will be retained in the participant's case file.

3450 Providing Child Care Services for Participant Enrolled in Community Service

This core activity is defined as structured activities in which a participant provides unpaid child care to enable another TANF participant to participate in a community service program. The program must be designed to improve the employability of the participant who engages in this activity.

This definition does not include:

- providing child care to a TANF participant who is engaged in any activity other than community service.
- one parent in a two-parent family providing child care for his or her own child while the other parent participates in community service.

Participants will report countable hours of participation via the TEA-1407, Participant Time Card/Progress Report. The report lists hours for every day of every week in each month. This report is submitted to the DWS Workforce Specialist.

The participant providing child care must provide this service in a structured, supervised setting. The on-site supervisor will provide written verification of actual hours of participation. This supervisor will sign the TEA-1407, Participant Time Card/Progress Reports. The participant will submit the form to the DWS Workforce Specialist no less than bi-weekly and will be retained in the participant's case file.

3455 Education Directly Related to Employment

Education Directly Related to Employment is a non-core activity defined as an educational program that is related to a specific occupation, job, or job offer. This activity is for participants who are lacking a high school diploma or a certificate of high school equivalency. Supervised and unsupervised time is included in the definition.

Education Directly Related to Employment includes:

- courses designed to provide the knowledge and skills for specific occupations or work settings;
- English for Speakers of Other Languages (ESL);
- basic education;
- education leading to a GED or a high school equivalency diploma when it is a prerequisite for employment by an employer; and
- distance learning programs that meet the qualifications discussed below.

Distance learning programs will be counted if the education provider can submit weekly reports verifying the actual time the participant spent in the activity and documentation that this training is required for a specific occupation.

Unsupervised participation in educational and training activities, homework time, or study time may be reported as participation. Monitored study sessions may be included and reported as participation only if the education or training provider is able to verify attendance and participation.

The total study time (supervised and unsupervised) counted for participation cannot exceed the hours required or advised by the education provider. Sufficient documentation must be provided to the DWS Workforce Specialist for this participation to be included in the work activity hours. One hour of unsupervised study time will be counted for every credit hour the participant is enrolled and participating.

The education provider and participant will complete and sign TEA-1407, Participant Time Card/Progress Report, showing actual hours. The report will be submitted biweekly and include all of the supervised time spent in this activity.

All documentation will be maintained in the participant's file.

3460 Job Skills Training

Job skills training is a non-core activity defined as training or education required by an employer to provide a participant with the ability to obtain employment or to advance or adapt to the changing demands of the workplace.

Job skills training includes:

- customized training that meets the needs of a specific employer;
- general training that prepares an participant for employment;
- literacy or language instruction if it is focused on skills needed for employment or is a part of the job training; and
- vocational education training that continues after the twelve-month time limit, if it fits in the definition of this activity. This includes all actual hours spent in class and supervised and unsupervised time spent in other activities required for the approved training program.

Unsupervised participation in educational and training activities, homework time, or study time may be reported as participation in educational and training activities. Monitored study sessions may be reported as participation only if the education or training provider can verify attendance and participation.

The total study time counted for participation cannot exceed the hours required or advised by the education provider. Sufficient documentation must be provided to the DWS Workforce Specialist for this participation to be included in the work activity hours. One hour of unsupervised study time will be counted for every credit hour the participant is enrolled and participating.

Participants must to submit a TEA-1407, Participant Time Card/Progress Report, to the DWS Workforce Specialist at least bi-weekly. The report will log daily hours of participation. The training provider and the participant must sign the report before it is submitted to the DWS Workforce Specialist. The DWS Workforce Specialist will file the report in the case file.

3470 Attendance at Secondary School

Attendance at a Secondary School is a non-core activity defined as high school attendance or participation in a GED preparation class. This activity may be assigned to participants who lack a high school diploma or a GED.

As a condition of eligibility for TANF cash assistance, a teen parent who does not have a high school diploma or a GED will participate in this activity.

Unsupervised participation in educational and training activities (vocational education, job skills related to employment, education related to employment and secondary school), homework time, or study time may be reported as participation in educational and training activities. Monitored study sessions may be reported as participation only if the education or training provider can verify attendance and participation.

The total study time counted for participation cannot exceed the hours required or advised by the education provider. Sufficient documentation must be provided to the DWS Workforce Specialist for this participation to be included in the work activity hours. One hour of unsupervised study time will be counted for every credit hour the participant is enrolled and participating.

At least bi-weekly, participants are required to submit the TEA-1407, Participant Time Card/Progress Report, to the DWS Workforce Specialist. The report will identify the number of actual hours the participant attended school or GED class each day in a week. The school or GED preparation provider (acting as supervisor) and the participant must sign the time card/progress report.

3500 Minor Parent Participation Requirements

For purposes of this section, "minor parent" means a parent under age 18. The minor parent participation requirement applies to both the non head of household minor parent and the head of household minor parent.

The DWS Workforce Specialist will assist minor parents in preparing themselves for entrance into the labor market. Emphasis will be on the minor parent completing his or her basic education.

Objectives

- To enable more minor parents in the TEA Program to complete high school or its equivalent, thus providing them the minimum level of education needed to become productive citizens.
- To provide minor parents with skills and training necessary to allow them to support themselves and their families.
- To reduce the prevalence of welfare dependency and promote self-sufficiency among minor parents.
- To reduce the number of pregnancies occurring among Arkansas' teenage population.

3500.1 Minor Parent Deferrals

A minor parent receiving TEA benefits is required to participate unless he or she is unable to because one of the following temporary deferrals exists:

1. The minor parent's child is under three (3) months of age
2. The minor parent is in the third trimester of pregnancy.
3. The minor parent is ill or incapacitated which is verified by a physician.
4. Child care or other necessary support service arrangements cannot be made.

3500.2 Assessment

The assessment process is the same for head of household minor parents as is for adults. (Refer to TEA policy 2120 – 2123).

The objective of the assessment is to identify any life conditions which prevent the minor parent from completing basic education (high school level) or achieving the goal of self-sufficiency through employment.

The parent, or other adult with whom the minor parent is living, is required to accompany the minor parent to the orientation/assessment session. This is to ensure that the adult relative has a clear understanding of what is expected of the minor parent and the importance of cooperation.

Note: If the minor parent is not required to live with a parent or other adult, then this requirement will not apply.

The DWS Workforce Specialist should maintain close contact with the minor parent and assist with supportive services and any other needs that will direct him or her toward self-sufficiency. The DWS Workforce Specialist should also provide in-depth counseling and guidance to minor parents as needed.

In cases of abuse/neglect, or homelessness of teen parents, a referral to the Division of Children and Family Services should be made. If the minor parent is under 16 years of age, a referral should be made if sexual abuse is suspected.

If it is determined during assessment that a minor parent is already in school, the process will still be completed. The DWS Workforce Specialist will discuss the existing child care arrangements and any areas of concern. The level of education, school attended, method of transportation (and cost if any), and cost of child care will be obtained from the participant for documentation purposes. Information regarding services being received from other agencies will also be obtained and documented. An explanation of other services available will also be given and referral(s) made, if necessary.

If it is determined during assessment that a minor parent is not in school, the DWS Workforce Specialist will discuss with the minor parent and adult relative the importance of enrolling in school, the time frame for which the minor must be enrolled and the date verification of enrollment is due in the Local Office.

Minor parents engaged in the education activity must maintain satisfactory attendance as determined by the school and comply with all activities required by the institution.

A schedule of follow-up contacts will be developed with dates of contact identified, reasons for contact, and method and place of contact mutually understood between the DWS Workforce Specialist and the minor parent. Each contact will be documented. The minor parent will be responsible for obtaining written progress reports from their institution of learning and provide to the local office at agreed upon intervals.

3500.3 Employment/Education Plan

The Employment/Education Plan is developed jointly by the minor parent and the DWS Workforce Specialist from information obtained during the assessment.

The Employment/Education Plan outlines a series of activities and services necessary for a minor parent to complete basic education and/or obtain full-time employment. If the DWS Workforce Specialist cannot print the electronic version of Employment/Education Plan, then the TEA-181, Employment Plan, must be filled out and a copy given to the participant.

The plan identifies:

1. The minor parent's education and employment goals;
2. Problems which if not addressed may prevent the minor parent from remaining in school and/or becoming employed;

3. Program services the minor parent will need in order to remain in school or accept employment; and
4. Specific tasks to be performed by both the DWS Workforce Specialist and the minor parent.

The plan will also include tentative completion dates for each activity listed in the Employment/Education Plan.

During the Employment/Education Planning interview, the DWS Workforce Specialist and the minor parent will discuss any problems and identify specific actions required to eliminate the problems.

The Employment/Education Plan will be reassessed and updated as necessary.

3500.4 Family Planning Referral

It will be explained to the minor parent and adult relative that family planning services, such as those offered by county health units, are a vital part of minor parent participation. It will also be explained why the referral should be made (to prevent subsequent pregnancies). If the referral is accepted, the DWS Workforce Specialist will call a local Family Planning provider, identify him or herself, and state the need to refer a minor parent for family planning services. If needed, the DWS Workforce Specialist may arrange transportation.

The dates, time, and address of the clinics will be given to the participant in writing. When more than one day and time of clinic services is available, the minor parent will be urged to select a day and time most convenient to their participation. The referral information, (date and time participant is scheduled to attend) will be shown in the narrative.

A TEA-3350, Referral for Services, will be completed for all referrals for family planning services. Other relevant information will be documented in the case narrative.

3500.5 Minor Parent Referrals to Other Agencies

In the event a member of a minor parent's household is in need of a particular service, the DWS Workforce Specialist may give information about the availability of the service, identifying the agency and location. If the family member's need for the service creates a problem to the participant's education goal, a formal referral using TEA-3350 will be made.

For minor parent case heads in need of housing assistance, the DWS Workforce Specialist will contact the local Housing Authority on behalf of the participant stating the problem(s) and needs of the family. The information obtained will be explained to the participant and the importance of cooperating with the Housing Agency will be emphasized. Housing needs will be addressed only through referral services.

Minor participants, under age 16, who become parents, should be referred to the Division of Children and Family Services if sexual abuse is suspected and for direct services (i.e. day care, family planning, protective services and services to unmarried

parents). Follow-up will be made periodically with DCFS (on behalf of the participant) to monitor progress and continuity.

If the participant is in need of mental health services, the DWS Workforce Specialist will contact the appropriate agency for dates, times, and address of the agency. This information will be given to the participant and documented in the case record.

3500.6 Minor Parent Activities

Minor parents must be engaged in education or vocational education training in order to receive cash assistance.

Teen parents 16 through 17 years of age, can be engaged in education, vocational education training and employed activities. Teen parents employed through a program at school will be assigned to the education activity.

Teen parents who find employment on their own must still be engaged in education and will be assigned to dual activities (education/employed).

The minor parent is not required to participate in any other work activities once the education track has been completed.

3510 Minor Parents Supportive Services

All supportive services provided under TEA are available to minor parents with the exception of any that require the participant to have income or sign a legally binding contract.

3510.1 Minor Parent Child Care Case Management

Minor parents will be provided with information about child care and, if appropriate, referrals to suitable facilities will be made. The DWS Workforce Specialist should assist the minor parent, when needed, to ensure that child care is suitable.

The following factors should be considered when selecting a child care provider:

- The child's age and/or special needs.
- Location and hours the facility provides care.
- Transportation needs.
- Match between child care provider and child.
- Possibility of caring for all children in the family in one location.

A contingency plan for child care will be developed in case the primary services breakdown.

3520 Minor Parent Non-Compliance

Failure to comply occurs when a minor parent who is subject to the minor parent work activity requirement fails to satisfactorily participate without good cause in education or vocational education training.

A minor parent who is subject to the minor parent work activity requirement is a minor parent who has at least one child who is also included in the TEA cash assistance case.

Note: Refer to TEA policy 3800.2 for good cause procedures.

3520.1 Minor Parent Non-Compliance Sanction

If good cause is not established and the minor parent does not state a willingness to cooperate, the non-compliance sanction will be as follows:

- First three months of non-compliance - TEA payment reduced by 25% of the amount for which the family is eligible.
- Subsequent months of non-compliance - TEA payment will be reduced by 50% of the amount for which the family is otherwise eligible.

Note: The case will not be closed due to the non-compliance of a minor parent.

The DWS Workforce Specialist will maintain contact with the minor parent during the months that he or she is under a work requirement non-compliance sanction. The purpose of the contacts will be to counsel and encourage the minor parent to come into compliance. The DWS Workforce Specialist will discuss any problems or issues that may be preventing participation in education or vocational education training activities and attempt to find solutions.

The case record will be clearly documented to reflect the contacts that are made or attempted.

The sanction will be lifted and the TEA payment increased to the amount for which the family is eligible at any time following two weeks of full compliance.

3600 WORK ACTIVITY SUPPORTIVE SERVICES

Some participants, or other household members, will need additional assistance or services to help solve problems which may delay or adversely affect the participants' employment or employment related activities. Some assistance may be available under the TEA program (child care, transportation, etc.) or other programs administered by the Division. The DWS Workforce Specialist may have to refer participants to other agencies or organizations to obtain additional services using TEA-3350, Referral for Services.

3605 Transportation

Availability of transportation is important for the participant's self-sufficiency. The participant should be encouraged to make transportation arrangements for work activities. If arrangements cannot be made, the DWS Workforce Specialist will explore options with the participant.

3605.1 Participant Reimbursement

It is expected that the participant will make his or her own transportation arrangements. If the person does not have access to transportation, he or she will be encouraged to seek rides with family members or other persons at no cost.

Each TEA cash assistance participant may receive payments or reimbursements for transportation expenses incurred during the calendar month. Payment for transportation is limited to expenses associated with required TEA activities.

Payments should not exceed a total of \$200 per month. Such payments will be allowed only when there is a direct connection between the excessive transportation expense and whether the participant will be able to accept, or retain, a job (See TEA policy 3605.3).

If the payment exceeds \$200, the local office manager must submit written justification **prior to** keying to WISE. To do so, the local office manager must complete a written justification and email or fax it to the TANF Policy Unit.

Transportation payments or reimbursements will normally be made to employed persons only until the first full paycheck has been received. The local office manager may approve a continuation of transportation assistance past the first full paycheck in limited situations. (See discussion below concerning employed participants and TEA policy 3605.3)

Payment for transportation will normally be based on the lower of:

- (1) a mileage reimbursement rate equal to the rate available to State employees; or
- (2) actual expenses.

However, the local office manager may approve higher actual expenses on a case-by-case basis in situations in which it is appropriate (See TEA policy 3605.3). The minimum mileage reimbursement payment will be \$3.00 for a one-way trip.

Example 1: A participant is traveling 5 miles roundtrip for an educational work activity and the current State mileage rate is \$.42 per mile. The reimbursement calculation is: Actual Mileage X State Mileage Rate.

In this case, the reimbursement is $5 \times \$0.42 = \2.10 roundtrip. The DWS Workforce Specialist will submit reimbursement for \$3.00 since the actual reimbursement amount is less than the minimum amount of \$3.00 that can be paid.

Example 2: A participant is traveling 20 miles roundtrip for an educational work activity and the current State mileage rate is \$.42 per mile. The reimbursement calculation is: Actual Mileage X State Mileage Rate.

In this case, the reimbursement is $20 \times \$0.42 = \8.40 roundtrip. The DWS Workforce Specialist will submit reimbursement for \$8.40 since the actual reimbursement is greater than the minimum amount that can be paid.

If a participant is in job search, then the trip to the first job search location and trip home from the last job search locations will not be counted in the amount to be paid.

Participants claiming payment or reimbursement for transportation costs must submit a TEA-1430, Transportation Billing/Routing Sheet, to the local office.

Former TEA participants who are employed will be expected to arrange and pay for their transportation expenses to and from work from their paychecks. The earned income deductions allowed from a person's gross earnings in determining eligibility are intended, in part, to cover those expenses. However, a newly hired person will not have a paycheck available immediately. Therefore, transportation payments or reimbursements may be provided to a newly hired former TEA participant until he or she has received his or her first full paycheck. However, in situations in which the lack of transportation assistance will result in a former TEA participant having to terminate his or her employment, the local office manager may approve payments or reimbursements to continue past the first full paycheck. (See TEA policy 3605.3 for an example of such a situation.)

3605.2 Provider Reimbursement

When transportation is provided by individuals or entities operating as established businesses, the provider must enter into an agreement with the local office via form TEA-1432, Memorandum of Agreement (MOA) to Provide Transportation Services for TEA Participants. A copy of the completed TEA-1432 will be forwarded to the TANF Contract Unit for their records. The provider will be reimbursed at the rate as specified in the MOA.

When transportation is provided by individuals, including relatives or friends, who are not operating as established businesses, the provider must submit his/her social security number via the W-9 form. Reimbursement will be at the current State employee mileage rate.

Transportation providers who have a signed transportation MOA (TEA-1432) and prior authorization via form TEA-1427, Provider Service Authorization, will claim payment or reimbursement for services provided by submitting an invoice and a TEA-1430, Transportation Billing/Routing Sheet, to the local office as specified in the MOA.

If transportation cannot be secured after all efforts by the participant and the local office has been exhausted, the participant can be temporarily deferred from participation. However, since the federal time limit count continues during the deferral, the local office should determine if there are any appropriate activities in which the participant can participate.

- Transportation is a supportive service that may provide assistance with transporting participants in an allowable activity.

3605.3 Exceptions to Transportation Maximums or Limits

There may be situations in which a participant needs a transportation payment or reimbursement in excess of \$200 for the month, or in which an employed participant needs continued transportation assistance in order to retain employment, or when a higher rate or fee is deemed appropriate. Exceptions in these situations may be approved by the local office manager but will be limited to situations in which the participant will likely be unable to accept an offered job, retain a job, or otherwise engage in work activities unless the exception is allowed. Examples of such situations include, but are not limited to, the following:

1. During the first two weeks of the month, Ms. Jones was engaged in Job Search and Job Readiness and was reimbursed \$150 for transportation. As a result of Job Search, she found a job but will not receive a paycheck until the following month. In the meantime, she will need another \$150 for transportation to the job for the remaining two weeks of this month or she will not be able to accept the job. This will mean her total transportation expenses will exceed \$200 for the month. However, since she will not be able to accept the job without the additional transportation expense, the amount in excess of \$200 is approved.
2. An employer has entered into an agreement to hire persons who successfully complete a six-week Job Skills Training program. Ms. Madison is a good candidate for this training but her transportation expenses to and from the training site would exceed \$200 during the first month. Since the employer has made an offer of employment to persons who successfully complete the training and the DWS Workforce Specialist thinks Ms. Madison will do that and then will have a job upon completion of the training, she will not be able to accept (or even be offered) the job so transportation to the training is directly connected to acceptance of an offered job.
3. Mr. Anderson has started to work part-time (six hours per day, five days per week) at minimum wage. Although this job is in the town nearest to his home, he still must drive thirty miles one-way to get there for a total of sixty miles per day. If transportation assistance is not continued after he receives his first full paycheck, he will end up having to spend almost all of his take-home pay to meet his transportation expenses. Since his TEA cash assistance payment is being reduced to the 50% level due to his gross earnings, he has indicated he will not be able to continue this job under these circumstances. Since this is the only available and nearest job for him at this time, it is determined that transportation assistance should be continued so that he can retain this job and ultimately increase his work hours or pay, find a better paying job, or possibly move closer to the job.
4. The prevailing rate for taxi service in the county is at a higher rate than what would be allowed using the mileage reimbursement rate. However, there is no other means of transportation available to the participant in order for her to engage in work experience. Both the DWS Workforce Specialist and participant have attempted to find a less expensive transportation arrangement but have been unsuccessful in

doing so. The total amount of her transportation costs using the taxi service would not exceed \$200 per month. Therefore, since she will not otherwise be able to engage in any work activity, the higher actual expense of the taxi service is allowed.

3610 Vehicle Down Payment Assistance

The purpose of this section is to provide policy and procedures for assisting an employed TEA participant and former participant with the down payment on a vehicle.

The availability of transportation plays a significant role in an employed participant's ability to retain employment. While a participant may be able to arrange for transportation in order to participate in Job Search and Job Readiness, he or she may not be able to secure long-term transportation needed in order to retain employment.

There are also situations in which a participant;

- may have previously had transportation, but the transportation is no longer available;
- may own a vehicle that needs repair and the cost to repair it will exceed the value of the vehicle; or
- may have been riding with someone who changed jobs or work shifts.

In these and other situations, the local office may determine that the only feasible solution to a participant's transportation needs is for the participant to have his or her own reliable transportation.

When the local office has determined that transportation is not available to meet an employed participant's needs, assistance with the down payment on a vehicle may be authorized for participants who meet the requirements listed in the following sections.

3610.1 Vehicle Down Payment Assistance General Requirements

The participant is expected to assume some responsibility towards the purchase of a vehicle. TEA funds will not be used to fully purchase a vehicle. Therefore, the local office will use the following requirement when approving vehicle down payment assistance.

One time assistance with the down payment on a vehicle will not exceed 75% of the purchase price, up to a lifetime maximum of \$2500. If a participant does not use the full \$2500, they will not be able to receive assistance again to use the remaining balance.

3610.2 Participant Requirements

The DWS Workforce Specialist must determine if participant is eligible and pre-approve before the process can begin. The DWS Workforce Specialist should verify participant has not received prior vehicle down payment assistance and is within twelve months of case closure due to employment.

In two parent cases, the DWS Workforce Specialist will determine if the budget unit already has a vehicle. If the two parent household does not have a vehicle and has never received prior vehicle down payment assistance, then down payment assistance can be approved if other requirements are met. The DWS Workforce Specialist should

verify whether the participant has had previous down payment assistance by reviewing the RSRH screen (Reimbursement History) in WISE.

The DWS Workforce Specialist will be responsible for completing the TEA-1409, Household Income and Expense Work Sheet, with the participant. Participant must have at least \$200 remaining in the budget before pre-approval can be given. This is to ensure participant can at least make one payment if an emergency should arise.

The DWS Workforce Specialist can only use earned and/or unearned income as defined in TEA policies 2330 and 2340. Any disregarded income cannot be used in figuring the household budget.

When the participant is determined to be eligible, the DWS Workforce Specialist will then review the TEA-1410, Participant Vehicle Down Payment Assistance Agreement, with the participant.

Prior to providing assistance with the down payment of a vehicle, the local office will determine that a participant meets all of the following requirements.

The participant:

- must be a current TEA participant with employment or employed former TEA participant within the first 12 months of case closure due to employment;
- must provide proof of a valid driver's license;
- must be currently employed for 60 days at the same job. (Limited exceptions to this requirement may be made following the Employed 60 Day Exception procedures below.)
- has not received vehicle down payment assistance before;
- must be insurable;
- must be able to pay at least \$100 of the down payment prior to purchase of the car;
- must sign form TEA-1410, Participant Vehicle Down Payment Assistance Agreement.

Prior to approving the down payment assistance, the DWS Workforce Specialist will determine if a participant can afford the vehicle by calculating a household budget with the participant using form TEA-1409, Household Income and Expense Work Sheet. The participant should have at least a minimum of \$200 of remaining income.

The participant's monthly payment on the vehicle cannot exceed \$200 per month and the length of the loan agreement cannot exceed 36 months.

In addition, the DWS Workforce Specialist should determine if the vehicle is a good value. The DWS Workforce Specialist can deny the request for assistance with the down payment if it is determined the vehicle is not a good value. Some factors to consider when determining if a vehicle is a good value are gas mileage and amount of mileage on the odometer. Also, vehicles that are fully loaded with optional equipment may not be a good value due to the extra cost optional equipment tends to add to the purchase price. The decision on the practicality of the vehicle must be made on a case by case basis.

Example: The DWS Workforce Specialist has determined that Ms. Brown is eligible for vehicle down payment assistance. Ms. Brown is requesting assistance to purchase a 1999 Trans Am that has 135,000 miles on the odometer. While the purchase price of the car is in the range that policy allows, other factors must be considered when determining if the car is a good value.

Factors to consider for this car are the high mileage, high cost of insuring a sports or luxury car, low gas mileage and Ms. Brown's family size. Ms. Brown has four children. Therefore, the Trans Am is not a good value for the participant.

Example: Mr. and Mrs. Jones close their two parent case due to employment. They are employed in different areas and therefore cannot use the same vehicle. Mr. or Mrs. Jones can apply for vehicle down payment assistance as long as they have never received prior vehicle down payment assistance.

3610.3 Employed 60 Day Exception

To request approval for an exception to the employment requirement, the local office must submit a request for approval along with justification for the request to the area operations chief. Prior to submitting the request, the DWS Workforce Specialist will complete the TEA-1409, Household Income and Expense Worksheet, with the participant to determine if the participant can afford monthly payments on a vehicle. This should be done prior to participant choosing a specific vehicle. The area operation chief's approval must be made in writing. It is expected that no more than 20% of the vehicle down payment assistance approved in an area will be for exception situations.

3610.4 Vendor Requirements

The participant will be allowed to choose from whom he or she wishes to purchase a vehicle. If the local office has a list of vehicle vendor agreements already on file, the DWS Workforce Specialist could provide participant with list. However, if the vendor, the participant chooses, does not have an agreement in place, the participant will be notified and vendor will need to complete the TEA-1411, Vehicle Vendor Agreement. One agreement per vendor location needs to be in place at the local office.

However, the vendor chosen must comply with the requirements listed below.

The vendor must sign and return the TEA-1411, Vehicle Vendor Agreement, which is a binding agreement that stipulates that the terms and conditions of the sale will meet or exceed the following requirement:

- the sale price of the vehicle does not exceed the value of the vehicle as listed on the approved websites the local office currently uses for vehicle value determination.

In addition, whether or not the vendor finances the vehicle purchase, the terms of the loan must meet or exceed the following:

- the maximum monthly payment does not exceed \$200 per month;
- the length of loan period does not exceed 36 months;
- will not permit participant to take possession of the vehicle until the participant has provided vendor with proof of insurance;
- will not permit participant to take possession of the vehicle until the down payment has been received by the vendor;

- a grace period of at least 10 days must be provided before late fees are imposed;
- the vehicle will not be repossessed until at least 10 days after the second monthly payment is missed.

In addition, the vendor must:

- provide vehicle maintenance information as required in the TEA-1411, Vehicle Vendor Agreement, to the participant prior to purchase of a vehicle; and
- agree to DWS billing procedures.

Once the participant has been approved and the vehicle has been approved, the DWS Workforce Specialist will send the TEA-1415, Approved Vehicle Description, to inform vendor of down payment assistance approval. However, the vendor will not release vehicle to participant until proof of insurance is provided and down payment received.

3615 Sales Tax Assistance

The DWS Workforce Specialist can pre-approve one lifetime sales tax payment for a current or former TEA participant who is currently engaged in an allowable work activity. In the case of a former TEA participant, the assistance must be requested within twelve months of case closure. The DWS Workforce Specialist should verify whether the participant has had previous sales tax assistance by reviewing the RSRH screen (Deposit History) in WISE. The participant will need to show the following information before approval can be made.

- Loan agreement showing vehicle value;
- Proof of vehicle value (www.kbb.com or www.edmunds.com);
- Valid driver's license; and
- Proof of insurance.

The participant will take the TEA-187, Billing/Routing Sheet, to the local revenue office to complete both pages, showing the actual sales tax amount. The DWS Workforce Specialist will approve and send for processing.

3620 Vehicle Tags Assistance

The DWS Workforce Specialist can pre-approve one lifetime vehicle tags payment for a current or former TEA participant who is currently engaged in an allowable work activity. In the case of a former TEA participant, the assistance must be requested within twelve months of case closure. The DWS Workforce Specialist should verify whether the participant has received previous vehicle tags assistance by reviewing the RSRH screen in WISE.

The participant will take the TEA-187, Billing/Routing Sheet, to the local revenue office to complete, showing the actual cost of the vehicle tags. The DWS Workforce Specialist will approve and send for processing.

3625 Insurance Assistance

The DWS Workforce Specialist can pre-approve one lifetime payment of vehicle insurance for a current or former TEA participant, who is currently engaged in an

allowable work activity. The lifetime payment may cover up to six months of insurance but cannot exceed six months. In the case of a former participant, the assistance must be requested within twelve months of case closure. The DWS Workforce Specialist should verify whether the participant has had previous insurance assistance by reviewing the RSRH screen in WISE.

If the participant is purchasing a vehicle, the required documentation will be the same as if the participant was receiving vehicle down payment assistance from the program. The participant will be encouraged to contact as many insurance providers as possible and to submit the lowest two quotes for review. The DWS Workforce Specialist and supervisor will review to determine if the insurance quotes are reasonable.

A budget must be completed for **employed** participants only. The DWS Workforce Specialist, along with the participant, will complete the TEA-1409, Household Income and Expense Worksheet, to show the participant can afford the expense without assistance. The DWS Workforce Specialist will calculate the budget using countable earned and unearned income (See TEA Policy 2330 and 2340). Any disregarded income cannot be used in figuring the household budget.

The DWS Workforce Specialist may pre-approve one lifetime assistance payment that is limited to one policy period for a participant who cannot pay the insurance due to an emergency, if the participant:

- Has never received prior insurance assistance; and
- Can show ability to normally make the insurance payments.

The DWS Workforce Specialist, with the participant, will complete the TEA-1409, Household Income and Expense Work Sheet. The participant should have at least \$200.00 remaining in the budget in order for assistance to be approved.

If DWS does not have a TEA-1400, Provider Agreement, on file for the insurance provider, the provider must complete the form before insurance can be approved. DWS will send payment for insurance directly to provider. If the policy is cancelled for any reason, the provider must send a check to DWS for the amount paid on the policy by DWS. The provider must reference the participant's name and check number of the original insurance check.

3630 Vehicle Repair Assistance

When a TEA participant or former participant has a vehicle that needs repair, the local office may determine the best solution to the participant's transportation problem is to repair the vehicle.

Prior to approving assistance for the repair of a vehicle, it must be determined that the vehicle is worth repairing. To ensure this, the local office will:

- require two quotes of the cost of the repair;
- determine the value of the vehicle; and
- determine that the repair costs do not exceed the vehicle's value by 50% or a total of \$1000 maximum.

Exception: If the quoted cost of repairs exceed the vehicle's value by 50% or \$1000, the participant may receive assistance with the repair cost up to the maximum amounts if the participant pays for the difference and provides a receipt to the DWS Workforce Specialist verifying the additional cost has been paid by the participant prior to approval of the assistance.

In addition, the participant and the provider must meet the requirements in the following sections.

3630.1 Participant Requirements

Assistance for the repair of a TEA participant's or former participant's vehicle may be approved provided all of the following requirements are met.

The participant must:

- be a current TEA participant who is a mandatory work participant who is unable to begin or continue to participate in a specific work activity due to transportation problems; or
- an employed former participant whose TEA cash assistance case was closed due to employment within the past 12 months;
- provide proof of a valid driver license;
- provide proof of liability insurance; and
- pay the first \$25 of the repair cost.

3630.2 Vendor Requirements

The participant should be allowed to choose where he or she wishes to have the vehicle repaired. However, the provider selected must be willing to meet the following requirements.

The vendor must:

- warrant the repairs in writing for 30 days;
- provide a written quote in advance of authorization;
- not begin repair work on the vehicle until written authorization is provided by the DWS Workforce Specialist ; and
- agree to DWS billing procedures.

Once the TEA-1400 has been approved, the DWS Workforce Specialist can approve repairs to the vehicle. The DWS Workforce Specialist will send a TEA-1427, Provider Service Authorization, to the provider showing approval has been given for repairs. The provider will at this time submit the TEA-187, Billing/Routing Sheet, and company invoice for payment approval.

3635 Activity Related Expenses

Activity related expenses are payments made to assist current TEA participants with expenses that may arise during a documented work activity.

Payment or reimbursement, up to a cumulative amount of \$200 may be made for expenses related to a participation in TEA work activities (i.e., multiple expenses may

add up to \$200). Prior to approving the payment or reimbursement, the DWS Workforce Specialist must review the current case and verify that the participant is eligible for assistance and has not already exceeded the \$200 limit. If the participant has exceeded the \$200 cumulative limit, the DWS Workforce Specialist will advise the participant about other options available in the area.

The \$200 cumulative limit may be exceeded on a case by case basis as determined at the local office level. If the reimbursement will exceed the \$200 limit, the local office manager must submit written justification prior to keying to WISE by faxing the TEA-187, Billing/Routing Sheet, along with written justification to the attention of the TANF Policy Unit.

Note: The \$200 cumulative limit will reset if the TEA case closes and is later reopened.

Example: Mrs. Washington received \$200.00 in activity related expenses to purchase uniforms in July 2007. She closed her TEA case in December 2007 and reopened in March 2008. Mrs. Washington may receive activity related expenses up to \$200.00 because her case reopened.

Examples of items for which payment/reimbursement may be made are listed below. The DWS Workforce Specialist may approve an item for reimbursement at his or her discretion. Even though an item is listed, this should not be the sole reason for approving the reimbursement.

Some activity related expenses include but are not limited to:

- Uniforms
- Shoes
- Criminal background checks in relation to work site or employment
- Drug test in relation to work site or employment
- Driver's license fees
- Tires

Note: Lay-away deposits are not reimbursable.

The DWS Workforce Specialist may approve medical items not covered by Medicaid if necessary for the participant to engage in employment. State funds may be used to pay for dental services such as fillings, extractions, and root canals. State funds may also be used to pay for eye exams and to obtain corrective lenses or contacts. The DWS Workforce Specialist must determine that the service is needed in order for the participant to engage in employment.

The code ST (State Medical) will be used to authorize these services.

Note: Eyeglasses, dentures, and employee-required exams such as drug testing and physicals are paid through WISE using the MS code (Medical Services)

The DWS Workforce Specialist will document in the approved case management system the following information:

- Reason for expense
- Amount for expense
- Provider to be paid

The participant must provide proof (e.g. invoice, bill, etc.) to verify the cost of the needed items. Once the required information is provided, the DWS Workforce Specialist will authorize the payment by keying in all appropriate information to the RSRP screen.

If paying a provider directly, the provider will complete the TEA-1400, Provider Agreement (if not already on file), the TEA-187, Billing/Routing Sheet, and provide company invoice before payment can be authorized.

The DWS Workforce Specialist will complete the TEA-1427, Provider Service Authorization, to authorize expense or service.

3640 Emergency Rent and Utilities Assistance

Assistance with rent and utilities is not considered an allowable supportive service expense. Rent and utilities are basic living expenses for which the monthly cash grant is intended and are not solely associated with a work activity. However, on a rare occasion under an emergency situation, assistance with rent and/or utilities may be provided on a one-time basis when it is determined the assistance is necessary for the participant to participate in an assigned work activity or to accept or retain employment.

Emergency assistance with rent and/or utilities may be approved one time and only when the participant requesting the assistance is:

- A current mandatory TEA participant who is unable to begin or to continue to participate in a work activity due to a shelter crisis; or
- An employed former participant whose TEA cash assistance case was closed due to employment within the past 12 months and is at risk of losing employment due to a shelter crisis.

In addition, the participant requesting the assistance must:

- Provide verification of an eviction and/or shut off notice; and
- Be able, under normal circumstances, to continue to pay the rent and utilities along with other monthly expenses.

Prior to approving a rent or utility assistance payment, the DWS Workforce Specialist and the participant will complete a TEA-1409, Household Income and Expense Worksheet, to determine if the participant will be able to continue to pay the current rent amount and utilities based on the participant's income and other expenses. If it is determined that the participant will be able to continue to pay the current rent amount and or utilities once the crisis is alleviated, a onetime assistance payment may be approved.

If it is determined that the participant cannot afford to continue to pay the current rent amount or utilities, the DWS Workforce Specialist will explore with the participant other community resources that may provide emergency shelter assistance. In addition, the DWS Workforce Specialist will discuss with the participant options for preventing a future shelter crisis, for example moving to less expensive housing, eliminating some optional monthly expenses, e.g. cable TV, etc.

Examples of emergencies include, but are not limited to:

- a. A utility cut-off notice when the utility is required to run a medically necessary device, e.g. an oxygen machine.
- b. Crisis created by buying a medically necessary prescription drug not covered by Medicaid.
- c. Natural or other disasters that cause displacement from place of residence.

3645 Educational Expenses

The purpose of educational expenses is to cover costs not covered by financial aid. The participant must explore all other options before requesting assistance. The DWS Workforce Specialist should advise the participant to visit the educational institution's financial aid office.

High School and Other Basic Education - Costs for books and other necessities associated with obtaining a High School Diploma, GED, Basic Skills, Literacy, etc., may be paid by TEA.

Career and Technical Education - TEA funds may be used to pay for tuition, fees, books, etc., only when no other funding sources are available and with the approval of the local office. (This may include college expenses in those situations in which a college course of study is considered as Career and Technical Education [see TEA policy 3470] and no other financial assistance is available to meet those expenses.)

Jobs Skills Training - The costs associated with this activity may be paid by TEA funds.

College Courses – TEA funds may be used to pay for books and/or tuition for a non-vocational college course of study when the following criteria are met:

- a. The adult (student) is working at least 25 hours per week in college work study or other unsubsidized employment;
- b. There is no other financial assistance available to pay the college costs (e.g., PELL grant, etc.); and
- c. The student has enough time left of his or her 24-month time limit to complete the course of study before TEA cash assistance ends.

In order to use TEA funds to pay for educational expenses, the DWS Workforce Specialist will have to agree that the course of study being pursued by the participant is appropriate based on the participant's Employment Plan. Once a course of study has been approved and begun, TEA funds will not be used to pay for a new course of study

if the participant does not complete the prior course unless the DWS Workforce Specialist determines there was a valid reason for the non-completion.

Note: Educational expenses do not cover incidentals that are not considered necessities for completing a course of study or obtaining a degree. Incidentals include, but are not limited to, caps and gowns, invitations,

Participants engaged in career and technical education are expected to explore all possible sources for financial assistance with their educational needs and provide information regarding that as requested by the local office. The DWS Workforce Specialist will provide reasonable assistance needed by the participant to ensure that all appropriate resources have been explored. The assistance provided by the DWS Workforce Specialist should be that which is needed to ensure the participant is able to begin the course of study (listing funding sources, listing type of financial assistance, contacting schools, etc.). If it is determined that TEA funds should be used for career and technical educational expenses, the DWS Workforce Specialist will document that career and technical education is the most appropriate activity and that no other funding is available.

The request to use TEA funds to pay for tuition, fees, books, etc. for career and technical education or college courses must be approved by the local office manager.

The participant will need to provide information to the DWS Workforce Specialist to verify financial aid is not available and reasonable assistance is needed. The DWS Workforce Specialist and supervisor will review participant's request for assistance before approval can be given.

The DWS Workforce Specialist will document all information obtained by the participant for approval by the local office manager.

If it is determined the participant request is reasonable, educational assistance can be approved. The DWS Workforce Specialist will complete and provide TEA-1427, Provider Service Authorization, to educational expense provider to show approval of expense. The provider will complete the TEA-1400, Provider Agreement, and the TEA-187, Billing/Routing Sheet, and submit all required documentation before payment can be processed.

Example 1: Ms. Smith would like to become a nursing assistant and has found out that a Certified Nursing Assistant (CNA) course is currently being taught at the local community college but that there is no financial aid available for this course. If the DWS Workforce Specialist agrees that the proposed course of study is appropriate and has validated that no other funding is available, then the DWS Workforce Specialist may submit a request to the local office manager for approval to use TEA funds to pay for needed training expenses.

Example 2: Ms. Jones is in her second semester of her junior year at UALR with a political science major. She is currently working 25 hours per week at a nearby restaurant. It is verified that there is no other financial assistance available to pay for her current semester's books and tuition and therefore, she has requested for TEA

to pay those costs for her so she can continue her education. She has only received TEA cash assistance for one month so it is feasible that she can obtain her degree before her time limit is reached. Because she meets the criteria listed above and the local office has determined her college costs should be paid, TEA funds can be used to pay those costs.

Educational expenses under TEA policy 3645 are in addition to any other activity related expenses described in the TEA policy 3635 sections, e.g., transportation child care, etc.

3650 Relocation Assistance

One-time-only cash assistance to help a TEA participant family move from an area of limited job opportunities to a new location within Arkansas for full-time employment may be available on a limited basis. Relocation assistance is not intended to move a family to a new location if there are jobs available in the county or area in which they already live. Relocation assistance should be used only in situations in which there is no, or very limited, employment opportunities in the county or surrounding area. In addition, before relocation assistance is provided, the participant must have a bona fide offer of full-time employment in the new locality.

The local office manager will review and approve any relocation assistance payments made.

The relocation assistance amount will be the actual cost of relocation up to a maximum of \$2000. This could include moving expenses, first month's rent, utilities, etc. Because the amount which may be authorized to relocate a family can be significant, DWS Workforce Specialists should carefully assess the family's circumstances and amount needed to relocate before requesting approval of the payment from the local office manager.

Once approval of the payment is received from the local office manager, form TEA-187, Billing/Routing Sheet, will be completed and keyed to the WISE system to authorize the payment.

The DWS Workforce Specialist will notify the participant that the Relocation Assistance payment has been approved.

3655 Child Care Assistance

Child care assistance will be guaranteed for eligible participants to the extent that it is necessary for a participant to participate in any TEA activity.

Child care will be guaranteed for the following children for whom the TEA participant exercises care and responsibility:

1. A child under the age of 13.
2. A child under the age of 18 who is physically or mentally unable to care for himself as verified by a physician or a licensed/certified psychologist.
3. A child under the age of 18 who is under court-ordered supervision.

4. A child under age 18 who would be required to be included in the TEA grant, if not for the receipt of SSI or foster care payments.

A child described above who is living in the home of the TEA participant and for whom he or she exercises care and responsibility will be covered by the child care guarantee regardless of whether the child is included in the TEA cash assistance unit. This includes “family cap” children.

The age limits listed above apply to all eligible children where child care is paid by DWS.

Items 3 and 4 must be verified by the participant by providing necessary proof to the DWS Workforce Specialist.

3655.1 Guidelines For Payment Of Child Care Services

Child care (including relative care) for TEA participants will be purchased from eligible providers through the DHS Child Care Certificate Program.

The county cap rate is the local market rate determined and established by the Division of Child Care and Early Childhood Education. The county cap rate is based on:

- an 8-10 hour day of care, and
- established rates per child.

The maximum absentee days that may be paid by TEA each trimester are as follows:

- For the months of July through October:
12 absentee days, not to exceed 6 days in any month
- For the months of November through February:
16 absentee days, not to exceed 8 days in any month
- For the months of March through June:
12 absentee days, not to exceed 6 in any month.

In situations where care exceeding 10 hours per day is required, extended care will be provided.

Note: Providers will not charge TEA participants for registration or activity fees.

Child care payments authorized to individuals providing care will be accomplished utilizing the Division of Child Care and Early Childhood Education (DCCECC) Automated Child Day Care System.

3655.2 Notifying the Provider When Services are Changing/Terminated

When child care services changes or terminates, the DWS Workforce Specialist will notify the provider of the change or termination via Form TEA-1404, Termination or Change of Service, within ten (10) days of the date the change or termination is determined. The DWS Workforce Specialist may advise the provider in person or by telephone in addition to the written notice.

A copy of the TEA-1404, Termination or Change of Service, will be sent to the participant at the same time the form is sent to the provider.

3655.3 Deobligation of Certificate

When it becomes necessary for the DWS Workforce Specialist to deobligate a certificate, the information will be given to appropriate personnel for processing.

In all situations, the case narrative will be documented.

3660 Extended Support Services (ESS)

Extended Support Services are available to certain families who lose eligibility for TEA due to earnings. These services are Child Care, ESS Employment Bonus and Transportation assistance, ESS Job Retention, ESS Case Management Services, and Medicaid. Eligibility for these services will be determined by the DWS Workforce Specialist.

3660.1 Extended Support Service Child Care (ESS/CC)

Eligibility for extended child care will be determined if a TEA case closes while the participant is employed. This includes cases involving earned income but which close at the participant's request. An application is not needed to determine eligibility.

Child care assistance is available to help meet child care expenses for a child for whom child care would be guaranteed while the family was receiving TEA cash assistance (Refer to TEA policy 3655). Child care will also be available to a child who is born or enters the home after the TEA case closes but during the ESS child care period provided the child is one described in TEA policy 3655.

For ESS/CC cases, the county cap rate will apply to the total charges by the provider. The county cap rate is the sum of the amount paid by TEA and the amount assessed the participant (Refer to TEA policy 3655.1).

ESS child care assistance will be available for a lifetime limit of 2 years (24 cumulative months). The first year (12 months) of ESS child care will be at no cost to the participant. The second year (13-24 months) will be on a cost sharing basis that is based on the Division of Child Care's current fees (Refer to Appendix C).

Any month in which a child care provider bills DHS for five (5) or more days will count as a month toward a participant's 24 cumulative months of ESS child care. If more than one child receives child care services, at least one of the children must receive child care services for five days for the month to count toward the limit. (See example below). A day in which any part of the day is billed counts towards the limit.

For purposes of the lifetime count, this policy is retroactive to September 2001. Any month, beginning with September 2001, in which five (5) or more days were billed for a child will count toward the lifetime limit.

Example: The participant has two children who received child care services at a local daycare center. Both children were at the daycare center for three days during the

month for which the services were billed. This will not count as a month towards the participant's 24 month lifetime limit as neither child received at least five days of child care services.

If a participant has not needed child care prior to obtaining employment, but later requests child care to accept or maintain employment, the participant may receive ESS child care assistance.

3660.2 Minimum Hours of Work Requirement

To receive ESS child care assistance at no cost during the first twelve months at least one of the following conditions must be met:

- earnings alone caused the family to be income ineligible for TEA, or
- the participant is employed an average minimum of 20 hours per week.

To receive ESS child care assistance during the second year, a participant must be employed an average of 25 hours per week.

Note: Income is not considered the first year, just required hours. When the participant makes an initial request for ESS child care, their declaration of the number of hours worked is accepted. The Division of Child Care and Early Childhood Education, (DCCECE) worker will only verify hours the second six months of the first year. During the second year, the DCCECE worker will verify both hours and income because hours of employment and income are both considered when determining where the participant falls on the fee scale. If the verified hours are less than 20, or the earnings are not sufficient to cause TEA ineligibility, the ESS child care assistance case will be closed.

The participant will be advised of the minimum hours of work requirement prior to authorization of the ESS child care via form DCO-1413, Notice of ESS Child Care Lifetime Limit and Minimum Hours of Work Requirement.

At each authorization the participant will be notified via DCO-1412, TEA Notice of Child Care Action, of the number of months remaining in his or her lifetime limit.

3660.3 Verification of Hours of Employment

Local offices responsible for keying child care will follow the procedures outlined in this section.

At the initial request for ESS child care assistance, the participant's declaration regarding the number of hours worked per week or the amount of earnings received will be accepted. However, prior to renewal of the authorization for the second six months of the first twelve months, the hours of employment or earnings must be verified. Form TEA-1414, ESS Child Care Request for Verification of Earnings and Hours of Employment, will be sent to the participant to request the verification. If the verified hours of employment are less than 20 hours per week and the earnings are not sufficient to cause TEA ineligibility, the ESS child care case will be closed after appropriate notice.

The participant must return the completed form TEA-1414, ESS Child Care Request for Verification of Earnings and Hours of Employment, and provide verification of income

and number of hours of employment per week for the second year of ESS child care assistance (See TEA policy 3660.4). If the verified hours of employment are less than the required minimum hours the ESS child care case will be closed after appropriate notice.

Failure to verify income and the hours of employment will result in the ESS child care case being closed after appropriate notice.

The participant will be advised of the closure via TEA-1412, Child Care Notice of Action. The child care provider must also be notified that the child care case is being closed via TEA-1404, Termination or Change of Service.

3660.4 Division of Child Care Fees

The fee scale is used by the worker in the second year of ESS/CC to determine the percentage of the child care payment for which the family will be responsible (See Appendix C).

This will be determined using earnings information reported by the participant for each employed TEA adult participant and verified by the worker. The fee scale is used as follows:

1. Take the total gross wages for each adult participant and multiply by:
 - 4.334 if paid weekly
 - 2.167 if paid bi-weekly
 - 2 if paid semi-monthly
 - 1 if paid monthly
2. Total the monthly earned income for all employed TEA adult participants;
3. The parent or caretaker relative who is employed at least 30 hours per week will receive a \$100.00 work-related deduction from his or her gross income. If the adult participant is employed less than 30 hours per week, no deduction is allowed.
4. Add the unearned income to the earned income total (after appropriate deductions).
5. Use the total income amount in #4 to determine which income group the family belongs, according to family size (parents or caretaker relative and siblings).
6. The fee percentage the participant will be required to pay can be found on the bottom row of the scale. A different fee rate is found beneath each income level and ranges from 0% to full rate. (Refer to Appendix C.)

3660.5 Participant's Responsibility to Pay ESS Fees to Provider

The following will be explained to the participant:

1. The participant's responsibility for paying registration and activity fees (as determined by the provider).
2. The amount the participant is expected to pay to the provider (fee scale);
3. The participant's responsibility for making timely payments to the child care provider;
4. When and how often payments will be made will be based on arrangements made between the participant and provider; and
5. Failure to pay required fees may result in termination of ESS/CC benefits.

3660.6 When the Participant Fails to Pay Required Fees

When the child care provider notifies the local office that the participant has failed to pay the required fee, the worker will obtain the following information from the provider:

- total amount of delinquent fee;
- time period for which fees are owed; and
- date last payment was made by the participant.

Using the above information, the worker will notify the participant that the ESS/CC case will be closed within ten (10) calendar days of the date of the notice. The notice will include the reason(s) why the action is being taken and steps the participant can take to avoid the action. To avoid closure the participant must:

- pay all delinquent fees to the provider prior to expiration of the notice and provide proof to the local office; or
- make satisfactory arrangements with the provider to repay the delinquent fees and provide proof of arrangements.

If the participant pays all fees or makes satisfactory arrangements with the provider to pay the delinquent amount and provides proof to the local office (statement, receipt from provider) prior to expiration of the notice, ESS/CC will continue and no further action is required. The case record will be documented accordingly.

If the participant fails to respond to the notice, the worker will close the case, notify the participant and the provider via TEA-1404, Termination or Change of Service.

3660.7 Notifying Provider When Services Are Changing/Terminated

When child care services change or terminate, the worker will notify the provider of the change or termination via form TEA-1404, Termination or Change of Service, within ten (10) days of the date the change or termination is determined. The worker may advise the provider in person or by telephone in addition to the written notice.

A copy of the TEA-1404, Termination or Change of Service, will be sent to the participant at the same time the form is sent to the provider.

3660.8 Notifying the Provider When Participant's Share of Fee Changes

If at any time the participant's share of the child care cost changes **(increases/decreases)** from the amount previously keyed, the information will be entered in the Kid Care System.

3660.9 Deobligation of Certificate

When it becomes necessary for the worker to deobligate a certificate, the information will be entered into the Kid Care System. This applies to local offices that key child care. In all situations, the case narrative will be documented in ANSWER and Kid Care.

3665 ESS Medicaid

In certain situations, a family who becomes ineligible for TEA benefits due to employment may receive up to one year of extended Medicaid coverage (Refer to DHS Medical Services Policy 2061).

3670 Employment Bonus

TEA cases which close due to employment (by agency determination or participant request) or have reached the time limit and the individual is employed will be eligible to receive an Employment Bonus payment, unless the family has already received an Employment Bonus within the preceding twelve (12) months. The purpose of the payment is to help the employed participant meet work-related expenses during the first full month of employment following the termination of regular cash assistance to better enable him or her to retain the job.

The amount of the bonus payment will be equal to the amount of the last regular TEA cash payment and it will **not** count toward the participant's twelve (12) month time limit.

When a case is closed for payment with one of the Action Reasons specific to the Employment Bonus, the system will automatically issue the bonus payment to the family in the month following the effective month of closure. If a system generated notice of closure is not sent, the local office should include the information regarding the Employment Bonus in their manual notice of closure so that the participant will know its purpose and be expecting it. (The system generated closure notice for an Employment Bonus closure code will include that information.)

Only one Employment Bonus may be authorized to a participant within a preceding twelve (12) calendar month period. Therefore, if a participant who received an Employment Bonus returns to TEA cash assistance, such participant cannot receive another Employment Bonus for at least twelve (12) months even if the case closes due to employment before then.

Example: Ms. Jones started to work in January 2008 and requested her case be closed due to her new employment effective February 2008. Her case was closed in ANSWER in January 2008 with an Employment Bonus Action Reason. The bonus payment was issued to Ms. Jones in February 2008. In November 2008 Ms. Jones loses her job, reapplies for TEA cash assistance, and is recertified in December 2008. She finds another job in January 2009 and again her case is closed due to employment effective for February 2009. However, she cannot receive an Employment Bonus this February 2009 because she received one within the twelve months preceding this month (i.e., the prior February of 2008).

3675 Transportation Bonus

TEA cases which close due to employment (by agency determination or at participant request) or have reached the time limit and the participant is employed will automatically be eligible to receive one (1) month of Extended Support Transportation bonus. The payment will assist the participant in meeting transportation expenses.

The Extended Support Transportation bonus will be in the amount of two hundred dollars (\$200) and will not count toward either the state or federal time limit.

When a case is closed due to earnings, the Program Eligibility Specialist will use the closure codes specific to allowing this Extended Support Service. Verification of earnings is not required. The system will automatically issue to the participant's EBT account the first month of Extended Transportation benefit in the month following the month of case closure. There is no limit to the number of times an individual may receive the extended support service transportation bonus.

3675.1 Extended Support Services Employment Bonus and Transportation Examples

The following are situations in which ESS employment bonus and/or transportation assistance will be authorized.

Note: A system edit will prevent more than one Employment Bonus from being issued in any twelve (12) month period.

1. Ms. Manning reported that she found a job and requested her TEA case be closed. The participant's statement that she is employed may be accepted without verification.
2. An anonymous telephone call is received in the local office reporting that Ms. Smith is working. A ten (10) day notice is sent to Ms. Smith requesting that she contact the local office concerning the report. Ms. Smith calls the local office and states that she is working and no longer wants TEA benefits. Ms. Smith's case will be closed, and the ESS transportation bonus will be authorized.
3. Ms. Davis reported that she was employed. Based on her earnings, she was no longer eligible for TEA cash assistance. The TEA case was closed, and the ESS Employment transportation bonus was authorized.
4. Ms. Long is in her twelfth (12th) month of TEA cash assistance. After her ten (10) month case staffing, it was determined that her time limit will not be extended. Ms. Long is working, but her earnings are not enough to cause ineligibility. Because she has earnings when her TEA case is closed, she is eligible for the ESS Employment Bonus and Transportation assistance.

In the following **example**, an ESS Employment Bonus and Transportation assistance will **not** be authorized.

Example: A telephone call was received in the local office reporting that Mr. Jones was employed. A ten (10) day notice was sent to Mr. Jones to contact the local office concerning the report. Mr. Jones did not contact the local office. The TEA case was closed for failure to respond to the notice. Even though this was a report of employment, the ESS Employment Bonus and Transportation assistance will not be authorized because Mr. Jones did not confirm that he was employed.

3680 Extended Support Services Job Retention

Those participants who become ineligible for continued TEA cash assistance benefits due to employment may receive, during the twelve month period following case closure, cash payments for the purpose of enabling the participant to retain his or her job. The participant must show that there is an immediate job-related need which, if not resolved, will result in the termination of his or her job. In addition, there must be no other local resources available to meet the need. All ESS Job Retention services must be pre-approved.

The amount of the payment will be the actual amount needed to resolve the job-related need. If the payment exceeds two hundred dollars (\$200), the local office manager must submit written justification prior to keying to WISE. To do so, the local office manager must complete a written justification and email or fax to the TANF Policy Unit.

The Extended Support Services Job Retention Payment will not count toward the participant's maximum twelve (12) month limit.

The following are examples of situations in which a former participant would need assistance in retaining a job:

Example: Ms. Smith started to work in July 1998 and her TEA case closed in December. Ms. Smith is still employed in February 1999. However, her car has broken down and is in need of repairs in order for her to continue to work. All other resources have been exhausted and her case closed within the prior twelve months. In this instance, Ms. Smith may receive an Extended Support Service Job Retention payment to repair her car.

Example: Mr. Jones has been employed since March and his TEA case closed in September. Mr. Jones has not received any assistance for the past eleven months. In order for this former participant to remain employed, he must purchase a special type of uniform. Mr. Jones states that after his expenses are met, he has very little, or nothing left over for extras. All other local resources have been exhausted. In this instance, Mr. Jones may be paid an Extended Support Service Job Retention payment to purchase the special uniform.

Although more than one job retention payment may be made during the twelve (12) month period, Program Eligibility Specialists should be alert to situations in which a participant requests multiple payments throughout the year. Job retention payments should not become a substitute for regular cash assistance payments or be viewed as an additional year of cash assistance.

Prior to authorizing any job retention payment, it must be clearly established that a job-related need exists and that failure to meet that need will most likely result in the participant's job being terminated. In addition, job retention payments may not be used to provide on-going assistance with basic needs such as rent or utilities since that type of assistance must be counted for purposes of the time limit.

Job Retention payments will be authorized through the WISE reimbursement system using the close override feature.

3680.1 Extended Case Management Services

Case Management is the process of coordinating and brokering the multiple services needed to achieve progress toward self-sufficiency. DWS Workforce Specialists serve as a point of contact for participants and a point of accountability for management. The DWS Workforce Specialist has overall responsibility for participants from initial assessment until case closure.

One aspect of case management is to provide the participant with sufficient information on what to expect regarding changes and challenges in the world of work.

Extended Case Management services will be provided to participants whose cases are closed due to employment. Case management services may be provided for up to a maximum of 12 calendar months after a the participant's cash assistance case has closed.

3690 Individual Development Account (IDA)

The Family Savings Initiative Act of 1999 (Act 1217) provides for the establishment of Individual Development Accounts (IDA). Act 252 of 2007 transferred the Family Savings Initiative to the Division of Workforce Services. The purpose of the Individual Development Account is to provide an opportunity for low-income and low asset families to accumulate assets. IDAs are savings accounts that are available to TEA participant families and families whose income is below the 185% Federal Poverty Level (FPL). Act 1217 establishes the general operating guidelines for the IDA program as follows:

- Account contributions shall be matched at a rate of \$3 for each \$1 contributed by the account holder with matching dollars not to exceed \$2,000 per account holder or \$4,000 per household.
- IDA Program participants must be a resident of the State with gross household income from all sources equal to or less than 185% of the federal poverty level and a net worth of \$10,000 or less disregarding the primary dwelling and one motor vehicle owned by the household.
- IDAs may be used for any of the following qualified purposes:
 1. Qualified first time home buyer
 2. Business capitalization account
 3. Post Secondary educational expenses
 4. Individual retirement account
 5. Purchase or repair of an automobile (if not the sole purpose of the IDA)

If Federal TANF funds are used as match, only purposes 1, 2 and 3 are allowable.

The value of the IDA is not considered when determining the participant's eligibility for the TEA, Supplemental Nutrition Assistance Program (SNAP) – formerly known as Food Stamps, and family related Medicaid programs.

IDAs are available through agencies that have contracted with the Division of Workforce Services to offer the service. Eligible families who express an interest in opening an IDA account will be referred to the local IDA agency. The IDA agency representative will meet with the potential account holder and explain the requirements of the IDA account. The potential account holder will be required to sign an agreement with the IDA agency.

The DWS Workforce Specialist should explain what an IDA is, the benefits of opening an IDA, and the location of the local IDA agency to the participant.

Participation in the IDA program is voluntary, therefore, there will be no sanctions imposed on TEA participants who fail to comply with an IDA account agreement. The counties in which the IDA program is available should coordinate with their local IDA agency for referral procedures.

3690.1 Emergency Withdrawals

An emergency withdrawal may be made from an IDA account for the following unforeseeable emergencies and hardship reasons:

- Unexpected illness or accident of the IDA participant or dependent resulting in medical expenses not covered by insurance or compensation.
- Damage or destruction to participant's primary residence and the repair is not covered by insurance.
- To prevent the eviction of the participant from his/her primary residence.
- Funeral expenses for which the participant is financially responsible which are not covered by insurance.
- Separation or divorce by the participant. Qualifying expenses may include attorney fees, court costs, and expenses previously covered by income of spouse.
- To pay for normal monthly expenses, such as housing, utilities, food, etc. if the IDA participant unexpectedly loses his/her job.
- Other critical need cases as approved by the IDA agency program manager.

If an unforeseeable emergency is caused by any of the following, the IDA participant will not qualify for an emergency withdrawal of funds from his or her IDA account:

- Normal monthly expenses, except when the IDA participant unexpectedly loses his or her job.
- Normal maternity leave
- Loss of overtime or holiday pay
- Elective or cosmetic surgery or orthodontia
- Annual tax liability

Emergency Withdrawal Limitations

Three emergency withdrawals will be allowed during participation in the IDA program. The DWS Workforce Specialist should explain that more than three emergency withdrawals will result in the participant being removed from program participation.

3700 Provider Eligibility Guidelines for Non-Child Care Providers

Individuals providing supportive services to TEA participants are required to meet established guidelines. Providers must have on file the following:

1. One (or all, if appropriate), of the following provider agreements:
 - a. TEA-1400, Provider Agreement, Signature Page (non-transporting providers).
 - b. TEA-1432, Memorandum of Agreement to Provide Transportation Services for TEA Participants (transporting providers).
2. Proof of Employer Identification Number, Social Security Number or Federal Tax Identification number,
3. Form W-9, Request for Taxpayer Identification Number and Certification, and
4. IRS Letter 147C, EIN Previously Assigned.

3700.1 TEA Provider Agreement

The purpose of form TEA-1400, Provider Agreement, the TEA-1432, Memorandum of Agreement to Provide Transportation Services for TEA Participants, and the TEA-1411, Vehicle Vendor Agreement, is to supply all providers with a complete, detailed explanation of the TEA payment system and the responsibilities of the Division and the provider.

3700.2 TEA Provider Agreement (TEA-1400)

Form TEA-1400, Provider Agreement, will be provided to all individuals who provide services, other than individuals who transport TEA participants, and to all individuals designated as a potential provider of services for participants.

A TEA-1400 is valid for up to two years (based on State Fiscal Year) and each provider will be required to sign a new agreement at the end of the second fiscal year.

DWS Workforce Specialists will, when requested, give technical assistance to a provider regarding any portions of the agreement when an explanation is requested.

The original TEA-1400 will be filed in a central location in the local office. A copy will be sent to the TANF Contracts Unit at Central Office, a copy will be filed in the participant's TEA case record, and a copy will be given to the provider. Once a valid TEA-1400 is on file, the provider does not have to sign another TEA-1400 if he or she begins providing services to another participant.

3700.3 Memorandum of Agreement to Provide Transportation Services For TEA Participants (TEA-1432)

The purpose of the TEA-1432, Memorandum of Agreement to Provide Transportation Services for TEA Participants, is to provide the transportation provider and the local office with a written agreement that details the responsibilities of the provider, the participant and the Division. In addition, the MOA provides the provider with procedures for payment.

The local office and the TEA transportation provider will enter into a MOA. If the provider is providing transportation services for more than one TEA participant, only one

signed TEA-1432 is required for that provider. The original TEA-1432 will be filed in a central location at the local office, and a copy will be given to the transportation provider. A copy will also be provided to the DWS Central Office TANF Contracts Unit. The provider information will be documented in the TEA participant's case record. If there are any issues with the agreement, the local office will receive assistance from the TANF Policy and Contract Units.

The DWS Workforce Specialist will refer the TEA participant to the transportation provider via form TEA-1427, Provider Service Authorization.

Form TEA-1433, Participant Rights and Responsibilities for Transportation Assistance, will be sent to the provider with the TEA-1427. The provider is responsible for giving a copy of the information sheet to the participant on the first day the transportation services are provided.

3700.4 TEA Vehicle Vendor Agreement (TEA-1411)

The purpose of the TEA-1411, Vehicle Vendor Agreement, is to provide the local office, the vendor and the participant with a binding written agreement that details the terms and conditions of the sale of a vehicle for which the Division is providing down payment assistance.

In addition to the TEA-1411, the vehicle vendor must sign a TEA-1400, Provider Agreement, if one is not already on file in the local office.

3700.5 Employer Identification Number (EIN)

An Employer Identification Number (EIN) is a federal number obtained from the Internal Revenue Service (IRS). Anyone operating an established business (i.e., taxi company, bus service, etc.) and conducting business with the Division of Workforce Services in a provider capacity, must have or obtain a federal tax ID/EIN Number from the Internal Revenue Service, prior to becoming a provider.

The vendor must provide proof of the number to the DWS Workforce Specialist. Acceptable proof may be:

1. Certificate issued by IRS, or
2. Other correspondence received from/sent to IRS.

The DWS Workforce Specialist will provide information to customer/prospective providers relative to obtaining EIN/federal tax ID #.

3700.6 Social Security Number (SSN)

A Social Security Number (SSN) is required of providers (e.g., relative, friends, neighbor, etc.) who do not operate an established business. The provider will be required to have/obtain an SSN and furnish proof of the number. Acceptable proof of an SSN includes, but is not limited to:

1. The individual's Social Security card issued by the Social Security Administration (SSA);
2. Any correspondence from SSA with the number referenced; or
3. Tax returns.

This proof must be provided prior to any services being authorized.

3700.7 Request for Taxpayer Identification Number and Certification (W-9)

All non-child care providers paid with TEA funds must have a completed/signed W-9 form on file. Providers will complete and sign this form during completion of TEA-1400 or when proof of EIN/SSN is submitted. The individual signing the form must be the same person who signed the TEA-1400.

If a provider already has a signed W-9 on file in the local office, it will not be necessary to submit another form.

Division of Workforce Services (DWS) staff will make certain that all information on the W-9 form is the exact same as the information on the IRS verification document.

3700.8 Potential Provider Fails to Meet Eligibility

When the potential provider fails to meet the provider eligibility guidelines, DWS staff will explain to the participant the reason(s) why and what must be accomplished in order for the individual to become a provider.

Participants in need of immediate services will be provided with information relative to eligible providers who have met all requirements and can be used until the designated provider satisfies all requirements.

3710 Services Not Paid by TEA

When the participant has made transportation or other arrangements that will be provided at no cost, or will be paid by another agency, the DWS Workforce Specialist should obtain a written statement from the participant or document the arrangements in the narrative.

3715 Authorizing Supportive Services

The following must be obtained from the provider before any services are authorized:

1. Proof of EIN/SSN;
2. Signed W-9; and
3. Signed Signature Page of TEA-1400.

Services cannot be authorized until all necessary information has been submitted.

Note: New providers must be added to the PEPU (Provider Update) screen on WISE.

3715.1 Provider Service Authorization (TEA-1427)

Form TEA-1427, Provider Service Authorization, authorizes transportation services, and provides proof of arrangements via a written and signed agreement between the participant, and provider, and the DWS Workforce Specialist representing TEA.

Form TEA-1427, Provider Service Authorization, is the only form that will be used to authorize non-child care services by providers paid through the WISE Payment System. TEA will not be liable to pay for any services rendered by a provider without written authorization via form TEA-1427.

3715.2 Beginning Date of Non-Child Care Services

The period of authorization for transportation/other services is listed on the TEA-1427 as "for the period _____ through _____". The service is considered authorized by the local office upon signature on the TEA-1427 by the DWS Workforce Specialist. Prior to signing the form, the DWS Workforce Specialist must verify the provider has met all requirements in order to be paid by DWS.

The effective date of service for TEA participants begins the first date transportation or other non-child care services are required by the participant provided all provider requirements have been met as of that date. Otherwise, the effective date will be the first date all provider requirements are met.

3715.3 Utilizing the Provider Agreement/Amendment Sheet

The local office manager or designee will use the amendment to the TEA-1400, Provider Agreement, when it is deemed appropriate. This includes but is not limited to an increase or decrease in the transportation rate.

The local office manager or designee will use discretion when using the Provider Agreement Amendment as this form is not intended as a means of giving providers rate raises. See TEA policy 3700.2 for routing instructions.

3715.4 Payments/Reimbursements

Participants and Providers will be required to complete form TEA-187, Billing/Routing Sheet, relative to payment/reimbursement for records of expenses. Form TEA-187 will be used by participants and providers to document and bill for payment or reimbursement of expenses. Document the case narrative of any information relative to the method of payment or reimbursement.

Form TEA-187 will be fully completed and signed by the participant and/or provider prior to any payment or reimbursement being made.

Form TEA-1430, Transportation Billing/Routing Sheet, will be completed for transportation reimbursements.

3715.5 Use of the Wise System

The DWS Workforce Specialist will utilize instructions contained in the On Line Wise help when authorizing reimbursement payments and generating checks for participants and providers.

If a provider is providing services for more than one participant, a separate entry for each person must be keyed to RSRP (Reimbursement Authorization) in order for a check to be generated.

3800 Employment Services - Non-Compliance

The purpose of the non-compliance process is to encourage the participant to comply with the work activity requirement. It is expected this process will assist the participant in successfully reaching the goal of full-time employment while safeguarding the health and well-being of the children.

3800.1 Defining Failure to Comply

Failure to comply occurs when a person who is required to participate in the program:

1. fails to participate in a work activity;
2. refuses to accept employment;
3. terminates employment without good cause; or
4. otherwise fails to comply with his or her Employment Plan;

3800.2 Good Cause

The non-compliance process will be stopped if the participant demonstrates that he or she had good cause for not complying. The determination of good cause is a local office decision.

Good cause for failure to comply will be found to exist if:

1. The participant is the parent or other relative personally providing care for a child under age six (6) years and child care is not available.
2. Child care (or day care for any incapacitated individual living in the same home as a dependent child) is necessary for a participant to engage in a work requirement or continue in the program or to accept employment and such care is not available.
3. Transportation is unavailable.
4. The working conditions would be a risk to the participant's health or safety.
5. The worksite is only available because of a labor dispute.
6. The participant was subject to discriminatory practices based on age, sex, race, religion, disability, political affiliation, veteran status, color or national origin.
7. The offer of employment is not a specific job at a stated wage, which meets the Federal minimum wage.
8. The failure to participate was due to events beyond the participant's control, which include, but are not limited to: inclement weather, family emergency, natural disaster, a short-term illness which temporarily prevents employment, or mail loss.

3800.3 Determining Good Cause

Once failure to comply with TEA work requirements has been established, the Program Eligibility Specialist will:

1. Contact the participant to give him or her an opportunity to explain why he or she failed to comply and make a determination of good cause, if appropriate. This contact should be in writing (i.e., TEA-1). If the contact is made by phone or face-to-face, the case record must be documented accordingly. The Program Eligibility Specialist should provide the participant, at a minimum, the following information:

- a. The specific act of non-compliance;
- b. A reasonable time (e.g., ten (10) days if contacting the participant by mail) to establish good cause prior to applying the sanction.
- c. If the sanction is imposed, it will result in the cash assistance payment being suspended, reduced or terminated.

Note: Suspended is defined as a period in which the family's financial assistance shall be held pending compliance. After which the family's assistance may be reduced, lost and/or paid at the regular grant amount.

- d. That the sanction months in which benefits are received will continue to count toward the individual's twelve (12) month time limit.

2. Make a determination as to whether or not a good cause exists.

- a. If the participant contacts the local office and good cause is determined to exist, then all non-compliance procedures will stop, and the participant will be rescheduled for an appropriate activity.

Note: Any time a participant meets a deferral reason, the non-compliance process will be stopped.

- b. If good cause does not exist but the participant states a willingness to cooperate, the participant will be required to engage in an appropriate activity for a period of two (2) weeks. If the participant does not satisfactorily complete the two (2) weeks of participation, then the non-compliance sanction process will proceed.

Note: If the Program Eligibility Specialist becomes aware that the participant had good cause for failing to complete the two weeks of participation, consideration of that will be given. However, it is not necessary to formally provide the person with an opportunity to show he or she had good cause in this situation.

3. In the event good cause is not established and the participant does not state a willingness to cooperate, the cash assistance payment will be suspended, reduced or terminated in accordance with the Non-Compliance Sanction (Refer to TEA policy 3800).
4. An adequate notice, Form TEA-1421, Notice of Work Activity Non-Compliance Sanction will be sent to the participant advising that a sanction is being imposed.

3805 Non-Compliance Sanction

An act of non-compliance opens the initial sanction process. The sanction process is as follows:

1. TEA benefits will be suspended for one (1) month.
2. If the participant fails to comply after the benefits have been suspended, the suspended payment will be lost.

3. In addition to losing the suspended payment, the monthly benefit amount will be reduced by 25% for up to three (3) months of non-compliance.
4. If the participant's non-compliance continues after the fourth (4) month, a second suspension period will be imposed for two (2) months. The suspended benefits are at the full payment level.
5. If the participant fails to comply after the benefits have been suspended a second time, two payments will be lost.
6. In addition to losing the suspended payments, the monthly benefit amount will be paid at the 50% reduced level for up to three (3) months.
7. Case closure

Note: If during the suspension period(s) the participant becomes compliant within fifteen (15) business days of the suspension period and maintains compliance for two (2) weeks, the suspended TEA payment will be paid to the participant.

Example: Suspend 1

If a participant fails to engage in their assigned activity during the month of May, a TEA-1 is sent on June 2nd. But the household does not make any contact before the end of the ten days, so a TEA-1421, Notice of Work Activity Non-Compliance Sanction, will need to be sent out on June 13th. If the participant does not comply within 15 business days, the participant has lost that month's assistance.

Attempts will be made to complete a face-to-face meeting with the participant during the 30 days of suspension. The purpose is to explain the reason for non-compliance, penalty and to discuss what is necessary to be compliant. If necessary to accomplish the face-to-face interview, a home visit will be completed during the 30-day suspension unless compliance occurs. The purpose of the home visit is to counsel and encourage the participant to come into compliance and to assess the safety and well being of the children.

Forms TEA-1420, Sanction Documentation Checklist, and TEA-1422, Child Health and Safety Screening Checklist, will be completed during the home visit.

Note: The case will not be suspended or closed due to the non-compliance of a minor parent.

3805.1 Participant becomes compliant within the initial 15 business day notice period:

The two (2) suspended payments shall be released if the participant comes into compliance within 15 business days of the imposition of the infraction, and complies for a period of two consecutive (2) weeks.

Example 1: Suspend 2

A participant is put into Suspend 2 for June and July. The participant does not comply until the month of July (which is the second month of Suspend 2). Since the participant did not comply within the initial 15 day notice period or within the first suspension period, the participant will lose both months of payment.

Example 2: Suspend 2

A participant is put into Suspend 2 for June and July. The participant comes into compliance during the month of June (which is the first month of Suspend 2). Since the participant complied within the first suspension period, the participant will receive both months of payment.

3805.2 Participant does not comply:

Participants shall lose the two (2) suspended payments at full grant amount and continue in non-compliance status at 50% for up to three months. After this non-compliance, the case will be closed.

Note: Flow of non-compliance:

- Suspension
- 25%
- 25%
- 25%
- Suspension
- Suspension
- 50%
- 50%
- 50%
- Case Closure

The participant will be sent an advance notice of closure via form TEA-1421, Notice of Work Activity Non-Compliance Sanction, if the decision has been made to close the case.

If the participant appeals any of the sanction actions within 10 days of the date of the action, the TEA payment will be restored to the amount it was prior to that appeal pending the Administrative Hearing decision. If good cause is determined to exist at any time, the sanction will be lifted.

Note: If the non-complying participant is the minor parent of one or some of the children included in the case, the case will not be closed. Refer to TEA policy 3520.

3805.3 Home Visits and Contacts during the Non-Compliance Sanction

The primary purpose of the home visit is to discuss with the participant the importance of coming into compliance, encourage compliance, and identify any previously unknown barriers and to complete a basic screening on the safety and well being of the children.

- **30 days after either suspension of benefits** - During the thirty (30) days after suspension of benefits, the Division shall make strong efforts to arrange a face-to-face meeting with the parent, including a home visit to the family if necessary.

Note: A case will not be closed solely because a home visit could not be completed.

Contact will be made with the participant during the 30 days of suspension. This contact should preferably be a face-to-face contact in the office but may be made by phone or a visit to the family's home.

If a deferral reason is established at any time during the infraction, the DWS Workforce Specialist will lift the sanction.

- **Last month of non-compliance** - A home visit will be completed. The purpose of this visit is to collect information on the safety and well being of the children, to discuss with the participant the importance of coming into compliance, and that the next level of the sanction is case closure. A case will not be closed until a home visit has been completed or every attempt has been made to complete the visit.

A case staffing will be completed during the last month of non-compliance. The case staffing will be completed whether or not the local office was successful in completing a home visit.

Since the time-limit clock continues to run during the non-compliance months, it is of the utmost importance for the DWS Workforce Specialist to attempt to contact and counsel the sanctioned participant during this time. The purpose of the contact and counseling is to encourage and ultimately get the sanctioned participant into compliance and moving toward self-sufficiency before his or her sanction progresses further and the case is closed due to the sanction or reaching the time limit.

During the home visits and contacts, the following items should be discussed with the sanctioned participant and documented on the TEA-1420, Sanction Documentation Checklist:

1. Emphasize that the time-limit clock continues to run even though the grant has been reduced, and inform the participant of the number of months remaining in the time limit.
2. Assess how well are the children's basic needs being met on the reduced payment.
3. Discuss any known problems or issues that are preventing the participant from
4. complying and attempt to find solutions to those to encourage the participant to
5. attempt compliance again (e.g., on-going transportation or child care arrangement problems, learning disability, etc.).
6. Discuss any problems or issues that may not have been apparent previously, which may be preventing the participant from complying (e.g., a domestic violence situation, substance abuse, etc.)
7. Discuss what actions the participant is taking on his or her own to ready the family for self-sufficiency when cash assistance is no longer available.
8. Offer the participant the opportunity to come into compliance to have the sanction lifted.

Form TEA-1422, Child Health and Safety Screening Checklist, will also be completed documenting information regarding the health and safety of the children. The case record will be clearly documented to reflect that the contacts were made or attempted. If, at any time, the participant states his or her willingness to comply, the DWS Workforce Specialist will engage the participant in an appropriate activity.

3805.4 Lifting the Sanction

Following the imposition of a non-compliance sanction, the sanction will be lifted when:

- the participant comes into compliance within 15 business days of the imposition of the infraction, and complies for a period of two consecutive (2) weeks; or
- the participant meets a deferral reason.

Note: “Imposition of a non-compliance sanction” means the TEA payment was in suspension or reduced by 25%, 50% or the case was closed.

3810 Reapplication after Closure

Cases closed due to non-compliance

- If a participant whose case has been closed due to non-compliance reapplies for TEA, the application will be held until he or she has complied for two weeks. Supportive services will be provided to these participants so that the work activity requirement can be met prior to approval of the application.
- If the applicant does not participate for two weeks, the TEA application will be denied.
- If the applicant participates for two weeks, the application will be approved for full payment.
- A subsequent act of non-compliance by the participant will result in the reduction of the TEA payment to the 50% level or case closure. The decision will be made at the discretion of the local office based on the home visit and case staffing.

Cases closed due to other reason while under non-compliance

- If a sanctioned participant reapplies for TEA and the participant’s case was closed while in sanction status, the applicant will be required to comply for two (2) weeks prior to approval of the application.
- If the applicant complies for two weeks, the application will be approved for full payment.
- If the applicant refuses to comply, the application will be approved at the reduced payment level the individual was at when the case closed.

3815 Cooperation with Quality Assurance

A family must cooperate with the Quality Assurance Unit if the case is selected for a TEA program review.

Failure to cooperate will cause the entire family to be ineligible. Upon notification from the QA Unit, that a family has failed to cooperate, a 10-day notice will be issued to the family stating that the TEA case will be closed unless cooperation occurs. If the family contacts the office stating a willingness to cooperate, a referral will be made to the Quality Assurance Reviewer. The closure will be delayed pending notification from the QA Reviewer as to whether the participant actually cooperated. If the participant did not cooperate, then the case will be closed. The participant will be notified of the closure but the notice need not be another advance notice.

3820 Failure To Comply With Non-Work Related Aspects of the PRA

3820.1 Child Support

Failure to comply with child support requirements will result in a 25% reduction in the TEA payment.

The DHS worker will;

1. determine if a parent or other adult caretaker relative has failed to comply with child support requirements;
2. determine if the participant had a satisfactory reason for the act of noncompliance;
3. provide the participant an opportunity to appeal the non-compliance decision prior to notifying DHS; and,
4. notify the county office in writing to impose the non-compliance sanction if a parent or other adult relative fails to comply with child support requirements.

The DHS worker will:

1. take action to reduce the payment by 25% (See Note 1 below);
2. send an adequate notice (10 day advance is not required) to the parent stating the action being taken is due to his or her failure to cooperate with the OCSE; and
3. advise the participant of his or her right to request an Administrative Hearing of the payment reduction.

However, the payment reduction is the only appealable issue to DHS. Since the OCSE made the non-compliance decision and has already provided the participant an opportunity to appeal it, the non-compliance decision is not an appealable issue with DHS.

Note 1: If a sanction for non-compliance with another requirement has been imposed, the payment will not be reduced.

Note 2: Each participant is given an opportunity to claim “good cause” for not cooperating in child support activities before he or she is required to cooperate. However, if a participant who has failed to cooperate makes a “good cause” claim, the county office will follow the procedures for determining good cause even though the claim was not made before cooperation was required (See TEA policy 2143-2143.6). If it is determined that “good cause” exists, then the sanction will not be imposed. The county office will notify the OCSE that “good cause” exists and that, as a result, child support activities in relation to that particular absent parent should be terminated.

3820.2 Lifting the Child Support Sanction

A child support sanction may be lifted at any time a parent or other adult caretaker relative complies with OCSE.

If the parent or other adult caretaker relative wishes to have the sanction lifted by complying with OCSE:

1. a referral will be made to OCSE; and
2. notification from OCSE that she has cooperated must be received prior to the assistance being restored to the full amount.

If a participant whose cash assistance payment was reduced due to non-cooperation with OCSE, states a willingness to cooperate, and appears at the OCSE office, but the reason for non-cooperation was that the participant had previously failed to appear in court, then he or she must actually appear at the next scheduled court date OCSE arranges in order to be fully cooperating. In this situation, the payment will remain at the reduced amount until he or she appears at the scheduled court date. The OCSE will notify the county office of this stipulation when the applicant is first referred to them for cooperation and will follow-up with a notice to the county office following the customer's appearance at court.

3825 School Attendance

School attendance is required in order for an eligible child to receive assistance.

For purposes of this section, school attendance relates only to children and not minor parents. (Refer to TEA policy 3500 for minor parent education requirements.)

During the application process, the DHS worker may accept the participant statement that all school-age children are enrolled in and satisfactorily attending school. Enrollment and satisfactory attendance will be verified with the school, and documented in the case record, in those cases where it is reported that one or more children in the family has failed to enroll or attend school regularly. Such reports may come from any of several sources including, but not limited to, the school system locally, courts, system-generated reports supplied by the state Department of Education, etc.

"Satisfactory attendance" is defined in accordance with the school's definition of attendance. During periodic contacts with the parent, a declaration of school attendance will be accepted unless attendance appears questionable (e.g. information received from other sources that the child is not attending). Form -65 may be completed by the school to verify attendance. Phone contact or other documentary evidence from the school may also be accepted.

If a child is being home-schooled:

1. verification that there is an approved home-schooling application on file with the school superintendent may be required if the participant's home-schooling allegation appears questionable.

If the child is not enrolled in school:

1. a 10-day notice will be issued to the participant stating that the child will be dropped from the TEA case unless verification is received that the child is attending school.
2. The unearned income and resources of the child will be counted in determining continued eligibility.
3. In order to be added back to the case, verification must be received from the school that the child has attended satisfactorily for a period of 30 days.

3830 Immunizations

Immunizations of pre-school age children is a requirement for Transitional Employment Assistance. Exemptions to this requirement due to religious beliefs or medical problems may be approved as described below.

During the application process, verification of immunizations for children age 2 months to 5 years is requested. Each pre-school age child included in the assistance unit must meet the immunization requirement or be exempted from it as described below. Non-compliance with the immunization requirement (for any or all of the children) will result in a 25% reduction in the payment amount for which the family is otherwise eligible.

If a parent was given 30 days to have the children included in the TEA case immunized:

1. verification must be provided by the 30th day.
2. If the parent does not bring the verification, the worker will issue a 10-day notice stating that unless verification of the immunizations is received, the TEA cash assistance payment will be reduced.
3. The family may provide the child's immunization (shot) record or verification from the local health department or physician.
4. See Appendix A for the American Academy of Pediatrics Immunization Schedule which identifies the age and type of immunization the child should have.

3830.1 Exemptions Due to Religious Beliefs or Medical Problems

A parent or caretaker relative who refuses to have a child immunized because of religious beliefs or because of a medical problem (e.g., allergic reaction) must provide verification that an exemption has been granted by the Arkansas Department of Health (ADH). To obtain such exemption, the parent must request a Religious Exemption Application or Medical Exemption Application from the Arkansas Department of Health. The address is 4815 West Markham, Little Rock, AR 72205. The toll free telephone number is 1-800-482-5400.

Upon completion, the application must be submitted to the Arkansas Department of Health at the above address for a decision. The decision will be sent directly to the parent(s) or caretaker relative. The normal processing time is two weeks. The parent(s) or caretaker relative must provide verification of the decision within 30 days from the date the TEA application is approved or the date in which the child is added to the TEA case (if eligible for payment). Failure to provide such verification will result in the TEA cash assistance payment being reduced after appropriate

notice. If, however, a decision remains pending from the Arkansas Department of Health at the end of the 30 days, verification of pending status will be obtained by the applicant from the Health Department and provided to the case worker.

Note: Requests can be made only to the Central Office of the Arkansas Department of Health listed above, not to the local health units.

4000 CONTINUING ELIGIBILITY

The Division of County Operations has a continuing responsibility to provide assistance for eligible participants as adequately as funds will permit and to insure that no ineligible participant continues to receive assistance.

Both the County Office and the participant have the responsibility to insure that information upon which a participant's eligibility is based is current and complete.

During follow-up contact with the TEA participant, the worker will ensure that the requirements in the following sections continue to be met.

4050 Timely” (Advance) and “Adequate” Notice for Reduction, Hold or Termination of Assistance

When the County Office proposes to terminate, reduce, or hold the assistance payment or change the payee to a protective payee, a “timely” and “adequate” notice (DCO-1 or system generated) will be mailed or given to the participant prior to the date of the action.

“Timely” or an “advance” notice is one which is mailed at least ten days before the date of action, that is, the date upon which the action would become effective; except that in instances of probable fraud, the notice is timely if it is mailed at least five days before the date of action. Day one is considered the day following the day the notice is sent.

“Adequate” is a written notice that includes a statement of what action the agency intends to take or has taken, the reasons for the intended agency action, the specific policy supporting such action, an explanation of the person's right to request a hearing, and the circumstances under which assistance is continued if a hearing is requested.

If an Administrative Hearing is not requested within the advance notice period, then the action will be taken. If a hearing is requested within the advance notice period, the Family Support Specialist will forward a copy of the DCO-1 to the Central Office and delay action pending the hearing unless the participant specifically requests assistance not be continued pending the hearing.

4051 When a “Timely” (Advance) Notice is Not Required

Advance notice is not required when:

1. The agency has factual information confirming the death of the TEA payee and there is no relative to serve as the new payee.
2. The agency receives a written statement signed by a participant that he no longer wishes assistance; or that gives information which requires termination or reduction of assistance, and the participant has indicated that he understands the consequences of supplying such information.

3. The participant has been admitted or committed to an institution, thereby rendering him ineligible.
4. The participant has been placed in a Long Term Care Facility (LTCF).
5. The participant's whereabouts are unknown and agency mail directed to him has been returned by the Post Office indicating no known forwarding address. The participant's check must be made available to him if his whereabouts become known during the payment period covered by the returned check.
6. A participant has been accepted for assistance in a new jurisdiction (another state) and that fact has been established by the jurisdiction.
7. A TEA child is removed from the home as a result of a judicial determination or voluntarily placed in foster care by his legal guardian.
8. The participant has been informed in writing at the time of certification that assistance shall automatically terminate at the end of a specific period.
9. The sanction for non-cooperation with child support requirements is imposed following a determination of such non-cooperation by the Office of Child Support Enforcement

In the above situations, an adequate notice is still required. If the participant requests a hearing within 10 days of the date the action was taken, then assistance will be re-instated to its previous level unless the participant specifically requests assistance not be continued pending the hearing; and except when the reason for closure is reaching the time limit.

4100 Non-Work Participation Eligibility Requirements

4101 Periodic Reviews

4101.1 Time Limited Cases

During Employment Updates and other periodic contacts with the participant, the DWS Workforce Specialist will ensure that participants continue to meet eligibility requirements which are subject to change (e.g., child in the home, income, etc.). If it is determined that a family's circumstances have changed, continued eligibility will be determined. The participant will be also be reminded of his or her responsibility to report changes within 10 days

4101.2 Non-Time Limited Cases

Cases which are not subject to the time limit will be reviewed by mail on a yearly basis. Upon approval of TEA, the worker will advise the participant of this timeframe and his/her responsibility to report changes within 10 days.

4110 Resources

Newly acquired resources should be reported to the County Office within 10 days of receipt. Resources will be verified according to the same standard used to determine original eligibility. If the total countable resources available to the unit are over the limit of \$3000, the TEA case will be closed. A timely notice will be required prior to case closure.

4120 Income

The worker will discuss income changes during periodic contacts with the participant. The participant will be advised that he or she must report changes within 10 days.

Income and eligibility will be redetermined only when a significant change occurs.

A significant change is defined as:

1. A new job.
2. A change in hourly rate or salary.
3. A status change from part-time to full-time and vice versa.
4. Loss of a job.
5. Start or termination of an unearned source of income.

When a change in income is due to termination of employment or a reduction of earnings, the worker will determine the reason for the change to ascertain whether it meets the requirements of good cause (Refer to TEA policy 3800.2). Verification of a change in income is required.

A decrease in payment or case closure requires a timely notice. If the case remains eligible but the payment increases, an adequate notice will be sent.

In certain situations, extended support services may be authorized when a TEA case is closed due to earnings (Refer to TEA policy 3660).

4120.1 Recomputing Income

When a family reports a significant change in income, the budget will be recomputed to determine the family's continued eligibility.

1. If the net countable income exceeds \$223 (Income Eligibility Standard), the family is no longer eligible (See Example #1; Refer to TEA policy 2353.2).
2. If the net countable income does not exceed \$223 and the **gross** countable income does not exceed \$446, the assistance payment will remain the same (See Example #2; Refer to TEA policy 2360).
3. If the net countable income does not exceed \$223 but the **gross** countable income exceeds \$446, the assistance payment will be reduced by 50% (See Example #3; Refer to TEA policy 2360).

Example #1: Mrs. Jones receives \$286/mo. assistance for herself, husband and three children. Mr. Jones started to work and his monthly gross earnings computed to be \$754. The income eligibility budget is as follows: $\$754.00$ (gross earnings) $\times 80\% = \$603.20 - \361.92 (60% of $\$603.20$) = $\$241.28$. Since the net countable income of $\$241.28$ exceeds the Income Eligibility Standard of $\$223.00$, the family is no longer eligible.

Example #2: Mr. Thomas receives assistance for himself and one child ($\$162.00$). He started to work and his monthly gross earnings computed to be $\$400.00$. The income eligibility budget is as follows: $\$400.00$ (gross earnings) $\times 80\% = \$320.00 - \192.00 (60% of $\$320.00$) = $\$128.00$. Since the net countable income is less than the Income Eligibility Standard of $\$223.00$, the family remains eligible. The assistance payment ($\$162.00$) remains the same because the gross earnings ($\$400.00$) are less than $\$446.00$.

Example #3: Mrs. Hill receives assistance for herself and two children ($\$204.00$). She has found employment and her monthly gross earnings are computed to be $\$450.00$. The income eligibility budget is as follows: $\$450.00$ (gross earnings) $\times 80\% = \$360.00 - \216.00 (60% of $\$360.00$) = $\$144.00$ which is less than the $\$223.00$ standard. The family remains income eligible. Since the gross income is greater than the $\$446.00$ (Refer to TEA policy 2360), the assistance payment is reduced by 50%. The new assistance payment will be $\$102.00$.

Even if the family remains eligible, the participant may choose at any time to have his or her case closed. The worker should discuss this option with a participant who becomes employed since each month of receipt reduces the number of months he or she may receive benefits in the future.

4120.2 Child Support Income Exceeds Assistance Payment

The Office of Child Support Enforcement sends the TEA family any current monthly child support collected which is in excess of the TEA payment. A printout is sent to the County Office stating that the child support exceeds the TEA payment. If the total child support collected, alone or with other countable income, exceeds the Income Eligibility Standard of $\$223$, action to close the case will be taken. If the family remains eligible, however, then contact will be made with the participant to discuss options, or alternatives to cash assistance which could benefit the family. The contact can be by phone, in writing, or during in person contacts with the participant.

When the child support income exceeds the assistance payment but the family remains income eligible, the participant will be given the following options:

- Close the TEA case and receive the full child support. Explain to the participant that the child support payment is more than the TEA payment and even though a partial child support payment is being received, the limited months of TEA are continuing to count. Also, explain that Medicaid may continue and if the absent parent stops paying, reapplication for TEA can be made.

- Continue to receive TEA and the partial child support payments. Explain to the participant that if this option is chosen, the payments will continue to count toward the time limitation.

It will be the participant's decision as to which option is chosen. If there is no response from the participant, no further action will be taken on the case.

Example: The family's TEA payment is \$204/mo. The absent parent is paying \$220 per month in child support. OCSE is sending the participant \$16. It would be to the family's benefit to close the TEA case and receive the child support in full. The time limit clock would stop at this point. If the reappplies in the future, the time limit will pick up from where it previously ended.

Whichever option is chosen, the worker case should re-determine the family's Medicaid eligibility. The family may be eligible for three (3) months of extended Medicaid due to child support income, or may be eligible in another Medicaid category. Please refer to Medical Services (MS) policy.

4130 Household Composition

An eligible child must be living in the home in order for a family to continue to be eligible for TEA. Family members must continue to live in the home with the child for continued individual eligibility.

Changes in household composition could result in individuals being added, dropped, or the case closed.

4131 Family Cap Provisions - Newborns

A child who is born while the mother is receiving TEA cash assistance either for other children or as a minor child herself will not be included in the case for cash assistance purposes. In addition, a child who is born within nine (9) months of the month TEA benefits were terminated to the mother will not be included for payment unless the mother's case has been closed continuously for six (6) months.

This provision applies equally to applicants who are pregnant and deliver after certification, and to participants who become pregnant after certification. There are **no** exceptions. The income and resources of a child excluded due to the family cap are disregarded when determining the family's continued eligibility for and amount of cash assistance.

Since the newborn is not eligible for cash assistance, the father of such newborn living in the home (who is not already included in the assistance unit) will not be added to the unit solely due to the birth of the child. His income and resources will not be considered for cash assistance. However, if he and the mother marry, he will be added (as the stepparent of the child(ren) receiving cash assistance) and his income and resources will then be considered.

The family cap provision does not apply to a child who moves into the home from another home (See TEA policy 4132).

A separate Medicaid determination for the child may be required. Refer to Medical Services policy. Form DCO-115, OCSE Information Referral will be completed for referral to the Office of Child Support Enforcement, if appropriate.

4132 Adding Other Individuals

A child or other adult who moves into the home and meets all eligibility requirements will be added to the TEA case and will be eligible for payment.

The county will obtain a new DCO-180 and a skills assessment form, if appropriate, in order to obtain information needed to establish the person's eligibility and the continuing eligibility of other family members.

Note: A child to whom the family cap provision has been applied, either under the AWDP waiver or under TEA, will continue to be subject to the family cap provision, unless the case has been closed continuously for a period of six months. In addition, a child who was born within nine months after case closure will not be added unless the case has been closed continuously for six months. This does not apply to a child who was under the family cap but was later added for payment. He or she will continue to be eligible.

Once all eligibility requirements have been established for the new individual, he or she will be added.

4132.1 Procedures for Adding a Person

1. Obtain and record sufficient information to verify all eligibility requirements for the person being added.
2. Complete a new budget to determine the unit's continuing eligibility and grant amount.
3. If appropriate, send notice to the individual advising of his or her work participation activities.
4. Complete Form DHS-3350 for referrals to agencies for requested services such as Family Planning Services.
5. Indicate on the DCO-56 for each child in the "EPSDT Indicator" field whether a child health screening was requested by the casehead for the child and arrange for a screening appointment if scheduling assistance was also requested. Refer to Medical Services Manual Policy, MS 1121.1-1121.4 for the periodicity schedule.
6. Make any other necessary referrals to agencies or organizations to help meet a specific family need such as housing assistance.

7. If a child is being added for whom cooperation with the Office of Child Support Enforcement is required, provide the casehead an opportunity to claim good cause (DCO-90) prior to requiring his or her cooperation. If good cause is not claimed or does not exist, then make the referral to the OCSE as follows:
 - a. If the child being added is the child of a parent who has already been referred to OCSE on behalf of other children in the same case, enter the already assigned absent parent number to the child's member record on WAFM. No further action to generate a referral to OCSE is required. However, if any new information on the absent parent has been obtained, WAPU should be updated to reflect such information.
 - b. If a child to be added is the child of a parent who has not been referred to the OCSE on behalf of other children in the case, complete a DCO-115.

If good cause is determined to exist, no referral to the OCSE will be made.

8. Complete the DCO-56 to add the individual to the ACES system.
9. In situations in which a system notice is not generated, notify the participant of the action by form DCO-1.

4132.2 Effective Date of Payment

The effective date of payment for the individual will be the first day of the month in which the worker determines the individual's eligibility.

Applications to add people will be processed within 30 days. Benefits will not be prorated. The grant amount will be adjusted based upon one additional assistance unit member and the countable income of that family member.

Example - Ms. Jones' son had been living with his grandmother. He moved back to his mother's home on July 22nd. Ms. Jones applied on July 23rd to add her son to her TEA case. She completed the action on July 25th. Ms. Jones currently receives a payment in the amount of \$204 and her new payment amount will be \$247. For the month of July, Ms. Jones will receive an additional \$43 (difference between \$247 and \$204). If eligibility is not determined until August, benefits for her son will start in August. No retroactive benefits will be paid.

4133 Dropping Individuals From the TEA Grant

Individuals who become ineligible for TEA assistance, e.g., die, move from the home, reach the maximum age for a child, will be dropped. The casehead is eligible to receive assistance for the individual for the month in which the change occurs.

In the case of a payee adult who becomes ineligible because he is no longer living in the home, a change in payee will also be made.

When an individual is dropped from the grant, the worker will complete the following tasks:

1. Record pertinent information in the case record.

2. Complete a new budget to determine the family's continuing eligibility and payment amount.
3. Give advance notice (system generated or DCO-1), if necessary. If advance notice is not necessary, notify the participant that the action has been taken via DCO-1 if a system generated notice is not sent.
4. Complete the DCO-56 for keying to the ACES system.

4134 Marriage of the TEA Parent

When a TEA participant reports a marriage, the worker will:

1. Require an application to add the new spouse to the unit unless the spouse is an SSI participant.
2. Determine if the person married is employed or has any other income or resource.
3. If the family remains eligible, determine the person's work participation requirements and advise the family of such requirements if appropriate.
4. Record all pertinent information in the case narrative.
5. Complete a new budget.
6. Complete DCO-56 changing name of payee and grant amount, if necessary.
7. Allow the participant an opportunity to complete a Voter Registration Application so that he or she can report an address or name change to the county clerk's office if he or she so chooses (Refer to Appendix V).
8. In situations in which a system notice is not generated, notify the participant by DCO-1, if appropriate.

4148 Appeal Rights

If the decision is to close the case at the end of twelve (12) months and not allow an extension, the participant has the right to appeal that decision through the Appeals and Hearings office. However, benefits will not be continued pending the hearing decision after the twelfth (12th) month. Retroactive payment may be made if the hearing decision overturns the case closure decision.

4200 Non-Eligibility Changes

4210 Change of Address

The participant is responsible for notifying the County Office within ten (10) days of any change of address. It is important that the participant be advised of his/her responsibility to report any change of address within ten (10) days to ensure that the participant will receive appointments, notices, etc. in a timely manner. It is also important that any change of address reported be processed promptly by the County Office.

4210.1 To change an Address

1. Record all pertinent information in the case record.
2. Key the change to the automated system.

3. Send a Voter Registration Application to the participant so that he or she can report this change to the county clerk's office if he or she so chooses.

The worker should also be alert for other changes (acquiring or disposing of property, moving from the homestead, change in assistance unit members, change in income, change in food stamp household), which may be indicated by a change of address.

4210.2 Change of Address to Another County

Records of active or closed cases and denied applications will be transferred upon the request of the individual, his authorized representative, or another County Office.

A participant may visit in another county within the state without transferring his case record, if absence from his home county will not exceed one month.

If the absence will exceed one month, the case will be transferred to the county in which the family is located. This is to insure that work participation activities continue. The individual will be advised by letter of the action taken and that the County Office to which his case record has been sent will be contacting him.

4210.3 To transfer an active case:

1. Record pertinent information in case record.
2. Key the change to the appropriate automated system.
Note: For cases that are being transferred from an ANSWER county to a non-ANSWER county or transferring from non-ANSWER to ANSWER county, refer to ANSWER Implementation Memo and the Transfer Database Procedures located on the DCO Homepage on DHS Gold for instructions.
3. Mail the case record to the appropriate office.

4210.4 To transfer a denied application or closed case:

1. Record pertinent information in the case record
2. Mail the case record to the appropriate County Office with a memo of explanation.

4210.5 Responsibilities of the Receiving County

For active cases being transferred, the receiving county will complete an employment update within 30 days of receipt of the case record. The worker will send a notice to the participant advising them of the appointment date and purpose of the appointment. During this assessment, continued eligibility and work participation activities, if appropriate will be determined.

4220 Absence from the State

If a participant is absent from the state for more than one month, the case will be closed and the participant will be advised that he may reapply once he returns to Arkansas.

When the county office receives information that a TEA participant is or will be absent from the state, the worker will ascertain, if possible, the out-of-state address, whether the participant intends to return to Arkansas, and if so, the reason for the absence and the probable length of stay in the other state.

If the participant indicates he is moving from the state with no intent to return, then the TEA case will be closed following the appropriate notice (DCO-1) to the participant.

If the county office is unable to ascertain the out-of-state address or the participant's intention at the time the absence is reported (e.g. neighbor reports, participant sends letter, etc.), then a DCO-1 to close in 10 days will be sent. The DCO-1 will advise the participant that if his absence from the state is only for one month and he wishes his case to remain open, he should contact the county office prior to the end of the 10 days.

4230 Protective Payment - Mismanagement

When there is evidence that the TEA grant is not being used in the best interests of the children, a protective payee to handle the family's cash assistance may be appointed. Protective payment due to mismanagement is intended to be a temporary measure designed to help the participant improve his management and use of money.

If mismanagement is determined to exist and DCFS is not already providing services to the family, a referral to DCFS, or other appropriate services or treatment agency, should be made to help the participant resolve his/her money management problems. If, because of mental or physical incapacity, there is no substantial likelihood a participant will ever be able to manage his own affairs, a protective payment should not be recommended. Such persons should be referred to Legal Services for the appointment of a legal guardian.

4231 Determination of Need for Mismanagement Protective Payment

The case record must clearly reflect the evidence upon which the worker's recommendation for protective payment is based. Such evidence should indicate mismanagement of funds by the participant to the extent that the children are not receiving the benefit of the assistance payment. Examples of such evidence are:

1. Continued inability to plan for necessary expenditures.
2. Continued evidence that the children are not properly fed or clothed and that expenditures for them are made in such a way as to threaten their chances for health, growth, and development.
3. Persistent and deliberate failure to meet obligations for rent, food, or other essentials.
4. Repeated evictions or incurrence of debts.
5. Drug abuse even if bills are being met (possibly by another relative).

4231.1 Standards for Selection of Protective Payee

Persons Who May Be Selected As Protective Payee

A protective payee may be a relative, friend, neighbor, or member of a community service group. The person to act as a protective payee should be selected by the participant, or with the participant's involvement and consent to the extent possible. The individual selected to act as payee must:

1. Show an interest and concern for the family.
2. Have the ability to help the family make proper use of the assistance payment.
3. Live near the family or have sufficient means of transportation to enable him to maintain close contact with them.
4. Have the ability to establish and maintain a positive relationship with the family.

Be a responsible and dependable individual, capable of fulfilling his responsibilities to the participant and the agency.

Except for those specified below, a DHS employee may serve as the protective payee when it is determined that it would be in the best interests of the family for a staff member to act as the payee. This would be more appropriate in mismanagement situations than in sanction cases. Therefore, if such a protective payment is determined to be appropriate, then the staff member selected should be a DCFS employee providing protective services to the family.

Persons Who May Not Act As Protective Payee

The following individuals may not be selected as the protective payee:

1. Any landlord, grocer, or other vendor of goods or services who deals directly with the participant.
2. The Director of the Department of Human Services.
3. The Director of the Division of County Operations.
4. The Worker establishing eligibility for the family.
5. Any employee assigned to the Office of Child Support Enforcement.
6. Any employee assigned to the Division of Finance or any employee assigned the function of handling processes related to the participant.

4232 Authorization of Mismanagement Protective Payment

Protective Payment will be authorized by the County Administrator upon recommendation of the Economic Services Supervisor or his/her designee.

Form DCO-195, Request for Protective Payee Approval, will be used by the county office to recommend a person to act as the protective payee. It will also be used by the County Administrator to authorize a protective payee request.

Once authorization of the protective payee is received, the worker will notify the participant via Form DCO-1 that the TEA payment will be changed to a protective payment. This notice must meet the requirements of a “timely and adequate” notice and will include the name of the protective payee. The worker will complete Form DCO-56 changing the payee to the protective payee and showing all appropriate data to reflect the protective payee status of the case. The protective payee’s name will go in the guardian field of the DCO-56.

4240 Designation of Emergency Payee

In emergency situations, payments can be made temporarily to a person acting in place of a parent when no eligible payee is immediately available, provided:

1. The payee has been removed from the home by death, desertion, imprisonment, or confinement to the State Hospital, residential substance abuse facility, or other medical institution.
2. Payments are on a temporary emergency basis for the child(ren) receiving TEA at the time the emergency occurred.
3. Payments are made only for the period of time necessary to make and carry out plans for the child(ren), including the transfer of responsibility for the child to another relative, agency or community program, or for the eligible caretaker relative to return to the home.

No such temporary payment will be made for longer than 90 days.

The county will follow procedures outlined in the EBT handbook for obtaining an EBT card for the emergency payee.

4300 Computer Matches

The worker will resolve any mismatches resulting from enumeration or covered computer matches.

4301 SSA Verification of Social Security Numbers - Resolving Mismatches

Each month, all Social Security numbers entered to ACES by county office staff (enumeration code “V”) are submitted to the Social Security Administration to verify both that the number is valid and that it belongs to the individual entered. Records are matched for SSN, name, and date of birth.

If all match data agrees with SSA records, the enumeration code for the individual is changed by the system to an “S” and the SSN is no longer keyable by the county. If one or more of the match items do not agree with SSA records, the enumeration code will be changed to one of the following mismatch codes:

1. SSN not on SSA files
3. Name matches, DOB does not match
5. Name does not match, DOB not checked

The county office will be notified of SSN mismatches via a system generated report entitled "SSN's Not Verified by SSA for Participants in County _____". The procedures described below will be followed to resolve mismatches.

4301.1 SSN or Name Mismatches (Codes 1 or 5)

1. View the person's Social Security card and obtain a photocopy if one is not already in the case record.
2. If the number shown on the card is different from the number shown on ACES, make the necessary correction to ACES and change the enumeration code to "V". The SSN will then be resubmitted to SSA on the next tape.
3. If the name shown on the card is different from the name on ACES and the person says the name on the card is correct, change the name on ACES to agree with the card and change the enumeration code to "V".
4. If the person says the name shown on the card is wrong, proof of the correct name should be obtained and ACES updated, if necessary. An SS-5 with the documents verifying the correct name attached should then be submitted to SSA to correct their records. A DC0-12 should be sent with the SS-5 and documents to ensure that the documents are returned to the county office. The SS-5 and DC0-12 will be annotated by entering the SSN shown on ACES, preceded by the state BENDEX code (040), in the appropriate spaces. When SSA's records are corrected, an update will be received via the enumeration process and the enumeration code will be changed automatically to "E".
5. If the name and number on the card agree with the name and number on ACES, send a photocopy of the card and the latest DC0-56 turnaround form to the Systems Coordinator, Employment/Income Support Section, Central Office.

4301.2 Date of Birth Mismatch

1. View or obtain a copy of the individual's birth certificate or other proof of age.
2. If the age documentation shows a date of birth different from that shown on ACES, make the necessary corrections to ACES and change the enumeration code to "Y". The SSN will then be resubmitted on the next tape.
3. If the age documentation shows that the date of birth shown on ACES is correct, submit an SS-5 with the age documentation attached to correct SSA's records. A DC0-12 will also be sent with the SS-5 and documents to ensure that the documents are returned to the county office. The SS-5 and DC0-12 will be annotated as for an original SS-5 by entering the SSN shown on ACES, preceded by the state BENDEX code (040), in the appropriate spaces. When SSA's records are corrected, an update will be received via the enumeration system and the enumeration code will be changed automatically to "E".

4302 Computer Matching Act of 1988 Requirements

The following procedures will be used to verify and take action on information received as a result of a covered computer match.

IRS: BENDEX Wage; BENDEX Error Matches

For the above matches, independent verification must occur. A 10-day notice requesting verification will be sent to the household. If the information provided results in a closure or a reduction, then a 10-day notice of adverse action will be issued. If the participant fails to respond to the 10-day notice requesting verification, the case will be closed at the expiration of the notice period.

BENDEX Change; SSI Match

For the above matches, information is considered verified upon receipt. A 10-day notice to verify is not necessary; however, the worker will send a 10-day notice of adverse action to the household, if appropriate.

4400 TEA Payment Actions

4410 Cancel and Reissue of Warrants

Warrants for incorrect amounts may, at the request of the participant, be canceled and reissued in the correct amount.

The new warrant will be issued on the next available supplement.

When a participant has received a warrant for an insufficient amount, the County Office may advise the participant to cash the insufficient warrant, and process the deficiency in payment as a retroactive payment rather than authorizing a cancel and reissue.

4420 Procedure for Replacing Missing TEA Warrants

A missing TEA warrant is defined as one that the participant has not received within three working days from the first of the month, or one which was received but was lost or stolen prior to the participant cashing or depositing it in a bank account.

The following procedures shall be used in replacing such warrants.

1. On or after the 3rd working day of the month, participants who have not received their TEA warrant for that month must report such fact to the County Office.
2. At the time of the report of the missing warrant, the County Office will inquire to the TEA Pay History Screen (WADC) to determine if the warrant has been returned to the Central Office. If the warrant has been returned, it may be released via the Check Action Screen (WACA). Any address correction must be entered to WACE before the check is released via WACA.
3. If the warrant has not been returned to the Central Office, the County Office will prepare Section A of Form DCO-80 and issue to the participant. The participant will be responsible for completion of Section B and C. Section B will be

completed by a member of an appropriate local law enforcement agency. A local law enforcement agency is defined as a local municipal police department or a county sheriff's office in communities where there is no police department. The form will be returned to the county office.

4. Upon receipt of the completed DCO-80, forms AOS-2 (Notice of Lost Warrant) and AOS-3 (Bond for Reissuing Warrants) will be completed. Note that all forms must be notarized
5. Once all forms are completed, the County Office will again inquire the TEA Pay History Screen (WADC) to determine if the check has been returned. If the check has been returned, destroy all forms and release the check via the Check Action Screen (WACA). If the check is still outstanding, forward all forms to the Division of Administrative Services, Program Support, Slot # 3350.

Warrants reported missing on the 3rd working day of the month and determined un-cashed by the State Auditor's Office may be reissued beginning the 14th day of the month, but in any event such warrants must be reissued by the 21st day of the month.

Subsequent reported missing warrants determined un-cashed by the State Auditor's Office may be reissued 11 days after the initial report but must be reissued within 18 days after the initial report to the County Office.

Warrants reported missing on the 3rd working day of the month and determined cashed by the State Auditor's Office shall be reissued by the 21st day of the month. Warrants reported missing subsequent to the 3rd working day of the month and determined cashed by the State Auditor's Office shall be reissued within 18 days from the date such fact was reported to the County Office. The participant shall be instructed that if the original TEA warrant is received, the participant must immediately notify the County Office. If the DCO-80 has not been forwarded to DAS, Program Support, it should be voided and placed in the case record with a notation that the warrant was subsequently received. This form should be retained for one year. If the DCO-80 has been forwarded to DAS Program, Support then the warrant will be forwarded to this section, and a duplicate warrant issued.

4421 Lost, Stolen, and/or Forged Checks (Reimbursement, Diversion, Relocation)

If a payee notifies the County Office that a reimbursement, diversion, or relocation check has not been received, the worker will determine:

1. if a check has been issued and mailed.
2. if it has been at least 10 days since the check was issued, mailed, and
3. the current status of the check.

These determinations will be made utilizing the Check Register (RSCR) screen or by contacting the Division of Administrative Services (DAS) Program Support Unit.

4421.1 Procedure for Replacing a Missing TEA Check

1. If a TEA check has not been returned to DAS within ten days of the check issue date, and the payee states he or she has not received the check, the County Office will complete section A of Form DHS-80, Claim of Lost, Stolen and/or Forged Assistance Warrant/Check and issue to the payee at the time the report is received. The County Office will fully explain the purpose and assure completion of all sections of the form. The payee will be responsible for completion of sections B and C. Section B will be completed by a member of an appropriate local law enforcement agency. Section C will be completed by the payee in the presence of a Notary Public.

Form DCO-1461, Surety Bond for Reissuing Checks, will also be issued to the payee to be returned to the County Office with the DHS-80.

Note: If there is a Notary Public in the County Office, all sections of the forms relative to Notary Public may be completed while the payee is in the office (the payee will still be required to have section B of form DHS-80 completed as stated on the form). For completion of Form DCO-1461, the payee must have the individual who will act as Surety present during the visit.

2. Forms DHS-80 and DCO-1461 along with a cover memo will be forwarded to DAS- Program Support Unit, Slot 3350, no later than the next working day following submission from the payee.

If the payee cannot secure a Surety, no replacement will be made. Representatives of DHS will not act as a Surety for a payee.

3. Upon receipt of the DHS-80 and DCO-1461, DAS will determine if all necessary information has been submitted. If the forms are not completed correctly or are incomplete, DAS will return the forms to the County Office for necessary action.
4. Upon receipt of the original completed Lost, Stolen, and/or Forged Check forms from the County Office (by mail only), DAS will verify the status of the check. If the check has not been returned or cashed, Program Support will initiate a stop payment if the check is \$15 or over. A stop payment action will not be made for checks which are less than \$15, but such checks will be canceled on the system by DAS. Canceled checks (issued through the WISE system of less than \$15) will be reissued by the County Office once the Check Register screen shows that the status code has been changed to "X" indicating the check has been canceled on the system by DAS. The County Office will inform the payee to return the original check if it is received. (Note: DAS will reissue checks of \$15 or more. See Step #6.)
5. If DAS verifies the check has already been cashed and cleared the bank, a copy of the canceled check will be sent to the County Office with a cover memo requesting the worker to contact the payee to determine the status of the check.

If the payee reports not receiving the check or states that the signature does not belong to him or her, the County Office will notify DAS to continue processing the replacement check.

6. DAS will reissue a replacement check to the payee within seven working days from the date the completed forms are received.

If the original check is later found or returned to the payee, he or she is required to return the check immediately to the County Office. The County will accept the check from the payee (write "void" across the check) forward it to DAS, Program Support Unit, slot 3350, along with a cover memo explaining the circumstances. All identifying information (e.g. payee, casehead if different, check number etc.,) will be included in the memo. A copy of both the memo and the voided check will be retained in the County Office.

4421.2 Checks Returned to the Division of Administrative Services

If a check has been returned by the Post Office to DAS, the following procedures will be followed:

1. Upon receipt of a returned check issued through the WISE System, DAS will access the Check Register (RSCR) screen and key "U" indicating the check was returned by the Post Office as undeliverable. This means that the check can only be mailed at the County's request.

A system generated report showing such returned checks will be forwarded to the County Office the following day.

2. The County Office will be notified either by phone call or memorandum if a diversion or relocation check is returned to DAS.
3. Upon receipt of the notice of a returned check (or in situations where the payee contacts the County Office regarding the check), the County Office will inquire to the Check Register (RSCR) screen to determine the reason for the return.
4. If the check was returned due to an incorrect address, the County Office will contact DAS by mail or fax with the correct mailing information no later than the following work day and request that the check be re-mailed to the correct address. For checks issued through the WISE system, the County Office will also update ACES to reflect the correct address.

Mutilated Checks

A check that has been damaged or marred to the point that it cannot be cashed is considered to be mutilated. If a mutilated check is brought to the County Office by the payee, the following procedures will be followed:

1. The mutilated check will be mailed to DAS - Program Support Unit, Slot 3350, along with a cover memo explaining the circumstances surrounding the check and authorizing reissuance.

2. DAS will complete the necessary steps to reissue the check to the payee.

4430 Holding the Warrant

A warrant will be held when:

1. The participant's whereabouts are unknown and Agency mail directed to him has been returned by the Post Office indicating no know forwarding address
2. The participant requests in writing that his warrant be held.
3. At the discretion of the worker, if the participant has not provided verification of a work participation requirement.

Warrants will be held by updating the Check Action Screen (WACA) via Form DCO-61. Advance Notice (DCO-1) will be given as required. When a warrant is held, the case will be coded for appropriate follow-up action (e.g. release, closure, etc.)

No more than two warrants will be held except under unusual circumstances.

4440 Release the Warrant

When a participant, whose warrant is held, provides all information necessary to reestablish his eligibility, his warrant will be released the Check Action Screen (WACA).

6000 MARKETING

Marketing activities for TEA are intended to make the community and the employment sector aware of program services, activities, and goals. Marketing has two elements:

1. Marketing the purpose, service, strengths, and record of TEA; and
2. Marketing participant's talents, skills, and ability to meet identified employer needs.

Marketing can be done directly or indirectly. Marketing includes, but is not limited to:

1. face-to-face contacts with employers;
2. mailouts (introductory letters, notes of appreciation, newsletters);
3. involvement with the Chamber of Commerce;
4. press releases;
5. networking with other employment agencies; and
6. speaking to civic organizations.

Although marketing may be the primary responsibility of the marketing specialist or other local office staff member, all staff involved with TEA should market the program.

All local office staff can assist in job development by sharing potential job leads with the TEA supervisor and/or the marketing specialist.

6010 Marketing/Sales Approaches

Many approaches can be taken to persuade someone to accept an idea or product. Marketing involves a degree of trial and error to find which approach will work with a certain employer. Local office staff responsible for marketing should familiarize themselves with various marketing/sales techniques by researching the volume of current information available in magazines, books, newspapers, and libraries. Information about the local labor market and the economy to understand the needs of employers in a particular area should also be researched.

This research should then be used to select or prioritize employers to contact. Small businesses should not necessarily be overlooked for larger companies. It is important that contact with all or as many employers as possible in the area eventually be made. Staff should not be disappointed if every marketing contact does not yield a job order. Local office staff should develop name recognition for TEA and should develop a long-term relationship with the employer.

6035 Work Opportunity Tax Credit

On August 19, 1996, the President signed into law the Work Opportunity Tax Credit (WOTC) program. The Tax Relief and Health Care Act of 2005 (P.L. 109-432) eliminated the Welfare-to-Work Tax Credit (WtWTC) by merging it into the WOTC and making the *long-term TANF participant* another WOTC target group. On May 25, 2007, the President signed into law the Small Business and Work Opportunity Tax Act of 2007 (P.L. 110-28). The legislation extended the WOTC program and introduced new provisions to expand and streamline the WOTC Program. The reauthorization applies to

new hires that began work for an employer after December 31, 2007 and before September 1, 2011.

WOTC is federal tax credit that encourages employers to hire targeted groups of jobs seekers by reducing the employer's federal income tax liability. The WOTC is 40% of the first year qualified wages (up to \$6,000) paid to eligible workers who are employed 400 or more hours and 25% for those employed at least 120 hours, but less than 400.

The Welfare to Work Tax Credit is federal tax credit that encourages employers to hire long-term family assistance participants. The WtWTC is 35% of the first year qualified wages (up to \$10,000) paid to eligible workers and 50% for the second year (up to \$10,000).

The current Work Opportunity Tax Credit program will run through August 31, 2011.

Individuals who qualify for the Work Opportunity Tax Credits (WOTC) benefits are:

1. A member of a family that is receiving or has received TEA for any 9 month period during the 18 months before the date of hire.
2. A member of a family that received TEA/AFDC for at least 18 consecutive months before the date of the hire or whose family's eligibility expired under federal or state law after August 5, 1997; or whose family received TANF benefits for at least 18 months after August 5, 1997.
3. An individual who received supplemental security benefits (SSI) for any month during the 60-day period before the date of hire.
4. A Veteran who is:
 - i. In a family receiving assistance under the SNAP program for at least a 3-month period during the 15 month period ending on the hiring date.
 - ii. Entitled to compensation for a service-connected disability and is hired not more than one year after being discharged or released from active duty in the U.S. Armed Forces.
 - iii. Entitled to compensation for a service-connected disability and was unemployed for a period or periods totaling at least 6 months (whether or not consecutive) in the one year period ending on the hiring date.
5. An Ex-felon whose hiring date is within one year after the conviction or release date.
6. Any 18-39 year old, on hiring date, who resides within an Empowerment Zone (or rural renewal community).
7. Any Vocational Rehabilitation Referrals including:
 - i. An individual having a mental or physical disability constituting a substantial handicap to employment, who was referred after completing or receiving rehabilitation services through a state plan, ticket to work program or veterans program of vocational rehabilitation services.
 - ii. referrals receiving services through a state plan qualify for up to two years after receipt of last services.

8. A Summer Youth - an individual who is 16 or 17 years of age on hiring date, resides within an Empowerment Zone, and who has not been an employee of the employer during any period prior to the 90-day between May 1 and September 15.9. An individual age 18 through 40 who is a member of a family who received food stamp benefits for a 6-month period before the date of hire; or who is no longer eligible for food stamps but received food stamps for at least 3 months of the 5 months period before the date of hire.

Individuals who qualify for the Welfare to Work Tax Credits are:

1. Member of a family that received TEA for at least 18 consecutive months before the date of hire, or whose family's eligibility expired under federal or state law after August 5, 1997.
2. Members whose family received TANF benefits for any 18 month period and who are hired within 2 years after the end of the earliest 18 month period.

Other Requirements:

1. To qualify, an individual must either have been certified by the designated local agency as being WOTC eligible prior to the hire date, or on or before the day of the job offer. A pre-screening notice is completed by the employer for such individual.
2. In the case of the latter, employers have 21 days after the individual begins work to submit, to the designated local agency, the pre-screening form. Such request must indicate why the employer believes the individual is eligible for the program and must be signed, under penalty of perjury, by the employer and the employee.

Note: If the individual was previously hired by the employer, the individual is considered a non-qualifying rehire, therefore, the employer is not eligible for the WOTC for this rehired employee.

The employer then has six months to gather supporting documents from either the employee or government agency and submit the same to the state job service office.

The minimum work requirement is 180 days (20 days for qualified summer youth) or 400 hours (120 hours for summer youth) of work.

An agreement with the Arkansas Division of Workforce Services gives DCO the authority to provide WOTC certification to TEA participants.

Participants may be certified by the DWS Workforce Specialist. Certification should be done when the participant:

1. Enters an activity that may lead to employment; or
2. Notifies the DWS Workforce Specialist he/she has a job interview or has been hired, but has not started the job; or
3. Is referred to a job.

When discussing WOTC with employers, emphasis should be placed on the time frames for submitting the vouchers to insure the employer gets the tax credit and that the voucher is returned to the following address listed on the form, not to the TEA program: WOTC Unit, Division of Workforce Services, Post Office Box 2981, Little Rock, AR.

See Work Opportunity Tax Credit (WOTC) Employer Guide for clarification and additional information.

7000 FRAUD INVESTIGATIONS

7001 Purpose

The Fraud Investigations Unit identifies, investigates, and refers for prosecution any individual accused of committing theft of property or theft of public benefits as defined by state law. This includes agency staff, participants, providers, or other persons who deliberately violate the rules and regulations of DWS to defraud the state. Fraud Investigations prepares the administrative disqualification file on persons accused of committing an intentional program violation.

7002 Organization

The Fraud Investigations Unit is organizationally located within the Office of Chief Counsel, Program Services Section.

7003 Functions

The Fraud Investigations Unit has the following major functions:

1. Review the case record and independently verify information contained in the file to determine if a criminal investigation is warranted.
2. Investigate to gather evidence in cases where there is a probability that a fraudulent act was committed.
3. Refer to the prosecutor if facts are obtained which indicate that the accused person, by deception, received DWS monies/benefits to which he/she was not entitled.

7004 Referral Sources

Reports of suspected fraud may be received from any source within the Department of Human Services, the Division of Workforce Services, the general public, public officials, other public agencies, or by the Fraud Investigations Unit, itself.

7005 Reporting Suspected Fraud

Criteria for reporting suspected fraud:

1. the suspected fraudulent act(s) resulted in a cumulative overpayment of \$200 or more.
2. cases in which the participant is receiving assistance in two or more names, counties or states.

Referrals from DWS sources in which an overpayment has not been established are referred to the Fraud Investigations Unit via the DCO-1700, Suspected Fraud Report.

7006 Review of Case

When a referral is made to the Fraud Investigations Unit, the circumstances will be reviewed to determine if the case warrants investigation toward criminal prosecution.

If one or more of the following facts are present, the case will not be referred for prosecution:

1. total amount of the overpayment resulting from the alleged fraud is less than \$500;
2. age/education of the suspect is not conducive to proving criminal intent;
3. statute of limitations has run on all evidence referred;
4. participant is permanently residing out of state.

If one or more of the following facts are present, the decision to investigate lies with the director of Fraud Investigations:

5. fraud is not evident in referred material;
6. fraud resulted from failure to report child support payments;

Cases containing one or more of the above facts may be referred for an Administrative Disqualification Hearing. Decisions will be made on a case-by-case basis as the evidence supporting the case dictates.

7007 Case Accepted for Investigation

The following procedures will be completed for reports of suspected fraud that warrant criminal prosecution:

1. The case record and any other pertinent information concerning the suspected participant will be requested from the local office manager. DHS or DWS offices, sections, and units must release any requested information to the Fraud Investigations Unit.
2. The investigator assigned to the case will:
 - a) examine the case record and/or any other records on file within or outside DHS or DWS for suspected false statements of participants, providers, or other persons;
 - b) conduct a systematic inquiry to determine validity of allegations of criminal conduct and interview DWS Workforce Specialist with knowledge of the case, as well as providers, division staff, and the suspect for any accounts of alleged conduct;
 - c) determine the net amount of the overpayment within the criminal statute of limitations or within time frames set out in overpayment policy for cases referred for an Administrative Disqualification Hearing;

- d) examine the TEA profile of the participant to determine applicable overpayment;
- e) prepare a written, documented report at the completion of the investigation for referral to the prosecutor;
- f) complete the DHS-1208, Hearing Statement, for referral for an Administrative Disqualification hearing;
- g) administratively close the investigation if, at any stage of the inquiry, the investigative staff determines that the case is not suitable for prosecution or for referral for an Administrative Disqualification Hearing;
- h) notify the DHS or DWS referral source of the disposition of the investigation and return copies of the case record to the appropriate county or local office.

7008 Disposition of Investigations

The Fraud Investigations Unit will notify the local office manager of the initial disposition of each referral.

For cases referred for prosecution, the Fraud Investigations Unit will:

1. request the Prosecuting Attorney to file charges and send a copy of the request to the local office.
2. advise the Overpayment Unit of the factual basis for the overpayment as well as submit overpayment calculation documents.

For cases referred for an administrative disqualification hearing, the Fraud Investigations Unit will prepare a DHS-1208, Food Stamps Intentional Program Violation and send to the Overpayment Unit for determination of whether or not the cases should be referred to Appeals and Hearings for an administrative disqualification hearing.

For cases containing a signed DHS-267, Waiver of Hearing and Disqualification Agreement, the Fraud Investigations Unit will:

advise the local office and the Overpayment Unit of the facts of the case, send a copy of the DHS-267, and, if negotiated, a copy of the Repayment Agreement.

For cases administratively closed, the Fraud Investigations Unit will:

forward a memo to the local office and the Overpayment Unit explaining the reason for the closure. If an overpayment has been calculated, these documents will be forwarded to the Overpayment Unit.

The final disposition of cases adjudicated by the court will be furnished to the local office manager and the Overpayment Unit by the memorandum from the director of the Fraud Investigations Unit.

7009 Decision to Prosecute

The director of the Fraud Investigations Unit will present the original investigative report of any case deemed worthy of prosecution to the prosecuting attorney . The prosecutor has sole discretion to prosecute, accept repayment in lieu of prosecution, or decline to prosecute.

8000 ADMINISTRATIVE HEARINGS (TEA) Rev. 06/08/12

The purpose of the hearing process is to provide a mechanism by which an applicant may appeal the denial of Transitional Employment Assistance (TEA), the failure of the Division of County Operations to process the application within specified times frames, and by which a recipient may appeal any agency action resulting in the suspension, reduction, or discontinuance of assistance. A hearing will not be granted when a change in either State or Federal law requiring automatic grant adjustments occurs unless the participant is alleging incorrect grant computation. A request for a hearing must be received in the Office of Appeals and Hearings (OAH) no later than 30 days from the date on the notice of adverse action.

8001 Appeal Process Rev. 06/08/12

A petitioner or his/her designated representative may request a hearing by (1) completing the reverse side of the Notice of Action, (2) making the request by letter to OAH, or (3) completing, with assistance by DCO as needed, a DHS-1200, Appeal for a Hearing Form. The DCO office will assist the petitioner whenever necessary; however, the primary responsibility for providing all information relevant to the administrative appeal rests with the petitioner or his/her representative.

DCO will immediately forward requests for hearings to OAH.

Interpreters or special accommodations needed: If the applicant/recipient indicates that he or she needs an interpreter, material in a different format, or other special accommodations, DCO must immediately notify OAH.

When an appeal is received in OAH, DCO will be notified. A memorandum will be sent to the DCO office to:

1. Provide notification that the appeal has been received,
2. Require DCO to prepare and submit an administrative hearing file no later than seven (7) days after receiving the memorandum, if the appeal was timely filed. The hearing file must contain a County Statement (DHS1203).
3. Require that within three (3) business days of its receipt of the memorandum, DCO will return a copy of the Notice of Adverse Action with the memorandum signed by the responding caseworker if the appeal was not timely filed.

8002 DCO Administrative Hearing File Rev. 06/08/12

When OAH notifies DCO that a petitioner has filed a timely request for a hearing, the caseworker will prepare a county administrative hearing file which will be separate from the individual's case record. Each page in the hearing file shall be numbered. A copy of the DCO's administrative hearing file will be submitted to OAH within seven (7) days after receiving the memorandum from OAH.

The DCO administrative hearing file shall contain the part of the case record that constitutes documentary evidence supporting the notice of adverse action from which the petitioner is appealing. The following information must be included in the administrative hearing file:

1. Notice of Action – The file must include all notices sent to the petitioner regarding the action under appeal. The administrative hearing can include only the action specified on the notice of action. The subject of the administrative hearing shall be limited to the action specified in the notice of appeal on which the appeal is based.
2. Documentary Evidence – The file must contain the part of the case record that constitutes documentary evidence relevant to the notice of adverse action on which the individual appealed. Examples of documentary evidence include, but are not limited to: verification obtained which resulted in the adverse action; any relevant correspondence; a copy of the budget (if financial need is the issue); any information supplied by the petitioner; and any other pertinent information.
3. County Statement (DHS-1203) – The file must include a copy of the county statement. The county statement must state the issue and must contain a summary of all facts and evidence supporting the county office's position. All statements should be in simple language. Ambiguous and technical language must be avoided. DHS codes, abbreviations and acronyms should not be used. All information will be provided in an alternative format if requested.

The county statement will summarize the basis for DCO's action. However, the county statement is not evidence. Complete documentation is required in the DCO administrative hearing file to support the county statement.

Five (5) copies of the DHS-1203 will be prepared and distributed to the following within seven (7) days of DCO's receipt of the memorandum from OAH, if the appeal was timely filed:

- The original will be mailed to the petitioner prior to the date of the hearing
- A copy will be sent to the appropriate Program Eligibility Analyst
- A copy will be sent to OAH along with the DCO administrative hearing file
- A copy will be sent to the Office of Chief Counsel
- A copy will be retained in the file at the county office

The petitioner or his or her representative will be advised by OAH that the DCO administrative hearing file can be reviewed at the county office.

8003 Subpoenas Rev. 06/08/12

Subpoenas: OAH will provide notice to the parties of the process by which subpoenas may be issued. Each party must provide to OAH the correct name and contact information for any witness for which a subpoena is requested.

At the time the county's administrative hearing file is sent, DCO must advise OAH of any witnesses to be subpoenaed to testify on behalf of DCO. The reverse side of the County Statement provides space for the caseworker to request subpoenas for witnesses. Department employees will attend hearings without the requirement of a subpoena. The caseworker will be advised by OAH of any witnesses for which the

petitioner has requested subpoenas. DCO will have five (5) days from receipt of this notice to request subpoenas for rebuttal witnesses.

The Department of Human Services Office of Chief Counsel will issue the subpoenas, pursuant to the terms of agreement and authority of A.C.A §20-76-103. Each subpoena must be served by the party requesting the subpoena.

8004 Continuation of Assistance or Service During Appeal Process Rev. 06/08/12

If a petitioner files an appeal for a hearing within the 10 day advance notice period or five days in case of probable fraud, the case will remain open at the petitioner's request until the hearing case is closed by OAH.

At the conclusion of the hearing, the hearing official will decide whether the case should be closed or services reduced prior to the rendering of the hearing decision. The criteria for determining whether adverse action is taken prior to the rendering of the hearing decision will be based on whether or not a fact or judgment situation exists. If it is determined that the sole issue is one of state or federal law or policy, the proposed action will be taken.

Examples of issues of fact:

- Verified earned or unearned income which caused net income to be in excess of the maximum income limitations.
- Protest of agency policy – The recipient agrees that his income or resources exceed the limitation but feels that the policy imposing these limitations is unreasonable.

If the sole issue is one of judgment relating to a state or federal law or policy, no adverse action is taken prior to the hearing decision.

Examples of judgment are:

- Disability in MRT cases.
- Value of real or personal property

The petitioner will be advised at the beginning of the hearing that a decision will be made at the conclusion of the hearing regarding whether the benefits will be reduced or terminated prior to the rendering of the hearing decision. If the decision by the hearing official is to reduce or terminate benefits, a Notice of Action will be prepared by DCO and mailed for immediate action. This is not an additional ten (10) day notice.

If a subsequent change occurs that results in adverse action while the hearing decision is pending, and the petitioner does not appeal such action within the ten (10) day notice period, appropriate action will be taken.

8005 Scheduling the Hearing Rev. 06/08/12

OAH will schedule the hearing and send a letter to advise the petitioner of the time, date, and place of hearing, and the name of the hearing official who will conduct the hearing.

8006 Place of Hearing Rev. 06/08/12

The hearing will normally be held by telephone in the DCO County Office in the county in which the participant resides. The telephone hearing may be held in another location if, in advance of the hearing, the parties agree upon that location and notify OAH. Upon advance request, hearings may be held in the OAH office at 7th and Main Street in Little Rock, Arkansas, or by video conference where available.

8007 Assistance in Preparation of Appeal Rev. 06/08/12

DCO will provide reasonable assistance to the petitioner in preparing for a hearing, if requested.

8008 Abandonment of the Appeal Rev. 06/08/12

Regardless of whether the petitioner is represented, the petitioner must appear in person for all hearings regarding program eligibility or program services, or show good cause why he or she cannot be present. If any party fails to appear (either in person or by telephone) within fifteen (15) minutes after the hearing was scheduled to begin, OAH will confirm that the party had proper notice of the hearing and will attempt to contact the absent party. The hearing official may allow an additional fifteen minutes before beginning the hearing. When the hearing begins, the hearing official will identify for the record any party not present in person or by telephone. If the petitioner does not appear, the appeal shall be deemed abandoned, subject to reopening on a showing that the appellant exercised due diligence but was unable to appear due to circumstances beyond the petitioner's control. If DCO does not appear, the hearing official may proceed with the hearing and may consider any hearing statements or other documents submitted by the agency.

8009 Withdrawal of the Appeal Rev. 06/08/12

If a petitioner advises the county office that he/she wishes to withdraw the request for a hearing, he/she will be requested to sign a statement to this effect or to sign a DHS-1201, Withdrawal of Request for Fair Hearing. DCO will provide this documentation to OAH and to the Office of Chief Counsel (OCC).

8010 DCO Hearing Responsibilities Rev. 06/08/12

It is the responsibility of DCO to provide an office with privacy in which a hearing can be conducted as well as necessary telephone and/or computer equipment for hearings by telephone or by video conference.

It is also the responsibility of DCO to designate a county representative prior to the time of the hearing in all cases except those that involve a disability determination by the Medical Review Team. The representative will be familiar with the case and able to answer pertinent questions from the petitioner, the petitioner's representative and the hearing official. The county representative will be prepared to represent the county office at the scheduled time of the hearing to comply with all applicable time frames.

The county representative will ensure that all parties, representatives, and witnesses who have arrived at the DHS County Office or other designated hearing location are escorted to the designated hearings room by the hearing start time. When a hearing is held in the DHS County Office, the County Representative will ensure that the speaker telephone or video conferencing equipment is operational, and that the petitioner is comfortably seated in the room where the hearing will be held.

DCO may request legal assistance to prepare for the hearing and for representation at the hearing by contacting OCC.

8011 Conducting the Hearing Rev. 06/08/12

The hearing will be conducted by a hearing officer from OAH. No person having any part in making the decision being appealed may serve as the hearing official.

The petitioner may be accompanied by friends or other individuals and may be represented by a friend, attorney, or other designated representative. DCO will be represented by either the caseworker responsible for the case, the DCO Program Eligibility Coordinator, or OCC.

The hearing officer may not review the case record or other material either prior to or at the hearing unless such material is made available to both the participant or his representative and the agency representative.

The hearing will be conducted in an informal but orderly manner and is recorded. The hearing official will explain the hearing procedure to the parties. The County Statement will be read by the county representative.

The proponent of an adverse action shall have the burden of proof. The party with the burden of proof will present his/her case first.

When the petitioner presents his/her case, he/she may do so alone or with the aid of others. The petitioner or petitioner's representative will be given the opportunity to present witnesses, advance arguments, offer evidence, and question or refute any testimony or evidence. If the petitioner is unable to present evidence in an effective manner, the hearing official will assist as necessary to assure that the petitioner's evidence is communicated on the record.

When DCO presents its case, it will be given the opportunity to present witnesses, advance arguments, offer evidence, question or refute any testimony or evidence.

Each party will be allowed to cross examine the other party and any witnesses. Questioning of all parties will be confined to the issues involved. Other eligibility factors may be reviewed when appropriate. When all relevant information has been obtained, the hearing official will issue a Final Order which will include a Finding of Facts, Conclusions of Law, and a Decision. The Final Order will be mailed to the petitioner and a copy provided to DCO.

The parties will also be advised of their right to judicial review in the event of any adverse ruling.

8012 Additional Medical Assessment Rev. 06/08/12

If the hearing involves medical issues, such as those concerning a diagnosis, an examining physician's report, or a medical review team's decision, and if the hearing official considers it necessary to have a medical assessment other than that of the individual involved in making the original decision, such a medical assessment must be obtained at agency expense and made part of the record.

8013 Hearing Decision Rev. 06/08/12

The hearing official will prepare a Final Order based on the evidence accepted into the record and the sworn record of testimony of the proceedings. The format will include an Introduction, Findings of Fact, Conclusions of Law, and a Decision. The final decision will be made by the hearing official who will sign the Final Order. Final administrative action must be completed within 90 days from the date of receipt of the appeal.

8014 Judicial Review Rev. 06/08/12

When the hearing official has rendered a final agency action on a case and the petitioner or representative is not satisfied with the decision, he or she has the right to judicial review under Arkansas Administrative Procedure Act at A.C.A. §25-15-212.

8100 TEA Disqualifications - Intentional Program Violation

A determination of an intentional program violation (IPV) is made either through a court of law or by a hearing officer in an internal hearing process. The internal hearing is known as an Administrative Disqualification Hearing. Penalties in the form of disqualification sanctions are imposed against individuals found guilty of an IPV through a court of law or by a hearing officer in an Administrative Disqualification Hearing.

8101 Definition of Intentional Program Violation (IPV)

An intentional program violation of the TEA Program is defined as an action by an individual for the purpose of establishing or maintaining the family's eligibility for TEA or increasing or preventing a decrease in the amount of the grant which is intentionally:

1. A false or misleading statement, misrepresentation, concealment, or withholding of facts; or
2. Any act intended to mislead, misrepresent, conceal or withhold facts, or propound a falsity.

An IPV determination can be made only through the Administrative Disqualification Hearing process or by a court of law. County Office staff will not make IPV determinations.

8102 Disqualification Sanction - Intentional Program Violation (IPV)

The family of any individual who pleads guilty or nolo contendere to, or is found guilty of, an Intentional Program Violation in the Transitional Employment Assistance program will be ineligible for further participation in the program for the following minimum time periods:

1. For the first offense, one (1) year.
2. For the second offense, two (2) years.
3. For more than two, permanently.

In addition, the family will continue to be ineligible for TEA assistance until the resulting overpayment has been repaid to the State with interest.

Only IPV's committed against the Arkansas TEA program will be considered in determining the applicable disqualification period in Arkansas.

For cases in which the family is currently receiving assistance, the disqualification sanction period will begin no later than the second month following the month in which the County Office received the decision. For cases in which the family is not currently receiving assistance, the sanction period will begin with the first month following the month the County Office received the decision.

8103 Fraudulent Misrepresentation of Residence

The family of an individual who is convicted in a federal or state court of having made a fraudulent statement or misrepresentation of residence in order to receive assistance simultaneously from two (2) or more states will be ineligible to receive Transitional Employment Assistance for a minimum period of ten (10) years beginning with the date of such conviction.

In addition, the family will continue to be ineligible for TEA assistance until the resulting overpayment has been repaid to the State with interest.

8120 TEA Administrative Disqualification Hearings

The Appeals and Hearings Section of the Office of Chief Counsel (OCC) conducts TEA Administrative Disqualification Hearings and determines if intentional program violations have occurred.

Administrative Disqualification Hearings will be conducted by a hearing officer who has no involvement in the case.

8120.1 Criteria for Conducting an Administrative Disqualification Hearing

Administrative Disqualification Hearings are conducted when documentary evidence is available to substantiate one or more allegations that an individual has committed an intentional program violation(s) and, as a result of the alleged IPV, has erroneously obtained TEA payments.

A case will not be referred for a TEA Administrative Disqualification Hearing if the total TEA overpayment resulting from the alleged IPV is less than \$400 unless the case is also being referred for a Food Stamp Administrative Disqualification Hearing. If the case is referred for a Food Stamp Disqualification Hearing and there is also a TEA overpayment, then it will be referred for a TEA Disqualification as well, regardless of the amount of the TEA overpayment.

8120.2 Consolidation of Hearings

TEA Administrative Disqualification Hearings may be combined with other hearings, including Food Stamp Disqualification Hearings, if the factual issues arise out of the same or related circumstances, and the individual receives prior notice that the hearings will be combined. If hearings are combined, the time frames for conducting Administrative Disqualification Hearings will be followed unless the household waives the 30-day notice requirement for a disqualification hearing.

8120.3 Participation in the TEA Program During the Hearing Process

The County Office may not disqualify an individual until the Appeals and Hearings Section finds that the individual committed an intentional program violation. However, this does not preclude the County Office from taking adverse action for other reasons.

EXAMPLE: If a change in circumstances has occurred which will adversely affect a TEA grant and such change was not reported timely, benefits will be reduced based on the change even though a determination has not been made as to whether the failure to report resulted from an intentional program violation.

8121 Referral by the Overpayment Unit

A request for an Administrative Disqualification Hearing is initiated by the Overpayment Unit of its own volition, at the request of the County Office, or at the request of Fraud Investigations.

The County Office refers cases of suspected intentional program violations to the Overpayment Unit via an Overpayment Report form. The Overpayment Unit and Fraud Investigations will review the form and determine if the case is to be referred (a) for possible prosecution; (b) for an Administrative Disqualification Hearing; or (c) for non-fraud collection. If the Overpayment Unit refers the case for an Administrative Disqualification Hearing, a copy of the referral will be sent to the County Office by the Overpayment Unit.

8122 Preparation of the Administrative Hearing File

An Administrative Hearing File must be prepared on cases referred for an Administrative Disqualification Hearing. The Fraud Investigations Section will be responsible for preparing the Hearing File for cases it has developed with a possible intentional program violation (IPV). The County Office will be responsible for preparing the Hearing File for all other cases referred for a Disqualification Hearing.

The Administrative Hearing File will contain:

1. A completed DHS-1208 Food Stamp/TEA Intentional Program Violation Statement;
and
2. Any supporting documentary evidence upon which the suspected IPV was established. Examples of documentary evidence include applications, change report forms, collateral statements, copies of award letters and verification of resources.

County Office

Upon receipt of the notification from the Overpayment Unit that a case has been referred for an Administrative Disqualification Hearing, the County Office will prepare the Administrative Hearing File. A copy of the File must be submitted to the Appeals & Hearings Office within seven calendar days of receipt of the referral notification. The original will be retained in the County Office.

Fraud Investigations

Fraud Investigations will prepare the Administrative Hearing File for cases it has developed with a possible IPV. The hearing file will be forwarded to the Overpayment Unit who will send copies of the file, including documentation gathered by Fraud Investigations, to the County Office and to the Appeals and Hearings Section.

The case record and original applications will be returned to the County Office by Fraud Investigations. Neither the case record nor the applications should be destroyed as long as an Administrative Disqualification Hearing is pending.

It is the responsibility of the County Office to review this information prior to the hearing and to present the evidence at the hearing. If any questions arise after receipt of this documentation, the County Office should contact Fraud Investigations prior to the date of the hearing to resolve the issue. The DHS- 1208 will contain the name of the Fraud Investigator who prepared the case. If this individual is needed for inquiry or testimony at the hearing, the County Office should contact the Director, Fraud Investigations directly to request whatever assistance is needed.

8123 Waived Hearings

Individuals accused of committing an intentional program violation may waive their right to an Administrative Disqualification Hearing.

When a case is referred for an Administrative Disqualification Hearing, the Appeals and Hearings Section must advise the individual that he/she may waive his/her right to an Administrative Disqualification Hearing. The opportunity to sign a waiver in lieu of a hearing is given to the accused individual prior to the date the advance notice of a hearing is sent. If the individual does not sign a waiver by the date specified on the notice, a hearing is scheduled.

If the waiver is signed by the accused individual, the appropriate disqualification sanction will be imposed even if there is no admission to the charges.

The written waiver notification must contain the following information:

1. The date by which the signed waiver must be received by the Appeals and Hearings Section.
2. A signature blank for the accused individual and the caretaker relative.
3. A statement that the accused individual has the right to remain silent concerning the charges and that anything said or written by the individual concerning the charges may be used in a court of law.
4. The fact that the signed waiver will result in disqualification for the appropriate period of time even if the accused individual does not admit to the charges.
5. An opportunity for the accused person to admit the charges or to waive the hearing without admitting to the charges.
6. That the accused individual will be notified at least 30 days in advance of the date the hearing is scheduled if he/she chooses not to waive the hearing.

The Appeals and Hearings Section uses a form titled "Waiver of Right to an Administrative Disqualification Hearing" for this purpose. A copy of the signed waiver is sent to the County Office upon receipt by the Appeals and Hearings Section so that the appropriate disqualification sanction may be imposed (Refer to TEA 8402 & 8430).

Waivers Obtained by Fraud Investigations

The Fraud Investigations Section may also obtain a waiver to an Administrative Disqualification Hearing from the accused individual during the course of an investigation and prior to referral to the Appeals & Hearings Office. Form DHS-267, Waiver of Hearing and Disqualification is used for this purpose. Upon receipt of a signed DHS-267, Fraud Investigations will forward the form to the County Office so that the appropriate disqualification sanction may be imposed (Refer to TEA 8402 & 8430).

8124 Advance Notice & Scheduling of Hearing

The Appeals and Hearings Section must notify the accused individual at least 30 days in advance of the date the hearing is scheduled. The notice must include the following information:

1. The date, time and place of the hearing.
2. The charges against the household member who is believed to have committed the IPV.
3. A summary of the evidence (Administrative Hearing File) and that it may be examined at the County Office.
4. A warning that if the accused individual fails to appear for the hearing without good cause, the decision will be based solely on the evidence provided by the County Office at the hearing.
5. A statement that the accused individual may request a postponement of the hearing provided that the request is made to the Appeals and Hearings Section at least 10

days prior to the date of the scheduled hearing and provided that the request is for good cause.

6. If the accused individual fails to appear and later requests that the hearing be rescheduled, he/she must present good cause for failure to appear within 10 days of the date of the Hearing.
7. Establishment of good cause will be at the discretion of the Appeals and Hearings Section.
8. A warning that if the hearing decision determines that an intentional program violation has occurred, a disqualification period will be imposed according to the following schedule: one year for the first violation; two years for the second violation; and permanently for the third violation.
9. A statement that the state or federal government may still prosecute the household member in civil or criminal court action and collect the over issuances.
10. A statement that the accused individual may contact the County Office for the name and telephone number (if available) of a person who can give free legal advice. If free legal advice is not available, the County Office will provide the number of the lawyer referral service of the local bar association.
11. A statement that the accused individual has the right to remain silent concerning the charges and that anything said or signed by the individual concerning the charges may be used in a court of law.

A statement attached to the notice contains a space for the accused individual to name any persons he or she wishes to subpoena to present testimony on his/her behalf at the hearing. A waiver of the right to subpoena witnesses is also included.

The time and place of the hearing will be arranged so that it is accessible to the member of the household suspected of the intentional program violation.

The advance notice is sent by certified mail, return mail, return receipt requested. When the Appeals and Hearings Section has proof that the household member accused of committing the IPV has received the advance notice of the hearing or has refused such notice, then the notice requirements have been fulfilled and the hearing can proceed. When neither proof of receipt nor proof of refusal exists and the household member fails to appear, the Appeals and Hearings Section has not met its regulatory obligation and cannot proceed with the hearing.

Postponement of Hearing

An accused individual may request a postponement of the scheduled hearing if the request is made at least 10 days in advance of the scheduled hearing and he/she shows good cause for the request. If the accused individual fails to appear but advises the Appeals and Hearings Section not more than 10 days after the hearing date, he/she may be permitted to show good cause for the failure to appear. The Appeals and Hearings Section determines whether or not good cause exists. If good cause is

determined to exist, the hearing may be rescheduled within 30 days.

If the hearing is postponed, the time limits for processing will be extended for the number of days between initial scheduling and rescheduling not to exceed 120 days.

8125 Cancellation of a Hearing by the County Office

If, at any time prior to the date of an Administrative Disqualification Hearing, the County Office feels that there is insufficient evidence on which to conduct a hearing, the Appeals and Hearings Section should be contacted immediately so that the hearing can be canceled and the case administratively withdrawn. This does not apply to cases prepared for a hearing by Fraud Investigations. The County Office may not cancel a hearing for a case prepared by Fraud Investigations.

8126 Review of the Administrative Disqualification File

When the advance notice of the hearing is sent, the accused individual is advised that he/she has 10 calendar days from the date he/she signs the certified mail receipt to review the Administrative File and request subpoenas. This 10-day limit applies only to the request for subpoenas. The accused individual and/or caretaker relative may review the Administrative File any time prior to, or during, the Hearing. However, he/she may request subpoenas only during the 10 calendar days following the date the certified mail receipt is signed.

The County Office will provide free copies of the Administrative Hearing File if requested by the household or its representative.

8127 Requesting Subpoenas

The individual accused of the IPV, the County Office, or Fraud Investigations may request that witnesses be subpoenaed to appear at an Administrative Disqualification Hearing. The accused individual uses the attachment to the Advance Notice of Hearing to request that subpoenas be issued. The County Office will be advised by Appeals and Hearings of any witnesses the accused individual has requested and will have five days from receipt of this notice to request rebuttal witnesses.

The County Office and/or Fraud Investigations may use the reverse side of the County Statement (Form DHS-1208) to request subpoenas. If additional subpoenas are needed by the County Office on cases prepared by Fraud Investigations, these may be requested by contacting Appeals and Hearings.

The Office of Chief Counsel will issue the subpoenas pursuant to the terms of agreement and authority of Ark. Code Ann. §20-76-408.

8128 The Administrative Disqualification Hearing

8128.1 Attendance at Hearing

The hearing shall be attended by a representative of the County Office in the county of residence of the accused individual, or the county of residence of the individual's

representative. The hearing may also be attended by friends and relatives upon request of the accused individual. If space limitations exist, the Hearing Officer has the authority to limit the number of persons in attendance at the hearing.

8128.2 Rights of the Accused Individual During the Hearing

During the hearing, the accused individual has the right to:

1. Examine the contents of his/her hearing file which includes all documents and records to be used by the County Office at the hearing.
2. Bring witnesses to present testimony on his/her behalf during the hearing.
3. Present his/her case or have it presented by legal counsel or other person.
4. Advance arguments without undue interference.
5. Question or refute any testimony or evidence including the opportunity to confront and cross examine adverse witnesses.
6. Submit evidence to establish all relevant facts and evidence in the case.

8128.3 Accused Individual's Representative

The accused individual may designate in a signed statement the name of a representative to act in his behalf in viewing the Hearing File and/or representing him/her at the hearing. This statement must be contained in the Hearing File.

The designated representative will receive a copy of all correspondence regarding the hearing proceedings.

8128.4 Role of the Hearing Officer

The hearing officer will:

1. Administer the oath to all witnesses who will present testimony.
2. Request, receive, and make part of the record all relevant evidence.
3. Advise the accused individual of his/her right to refuse to answer questions during the hearing.
4. Regulate the conduct and course of the hearing consistent with due process to insure an orderly hearing.
5. Order medical assessments at Department expense if necessary to establish intent or lack of intent on the part of the accused individual.

8129 Hearing Decision

The hearing officer will prepare a decision based on the evidence presented. The format will consist of an Introduction, Findings of fact, Conclusions of Law and a Decision.

The final decision must be made within 90 days of the date of the advance notice scheduling the hearing unless the hearing has been rescheduled and the time frames

have been extended in accordance with the provisions specified under the Advance Notice provisions.

8129.1 Absence of Intentional Program Violation

If the decision is that an intentional program violation has not occurred, the accused individual will be so advised by the Appeals and Hearings Section in writing. A copy of the decision will be sent to the County Office, the Overpayment Unit, and Fraud Investigations (only if this unit prepared the case for an Administrative Disqualification Hearing).

8129.2 Finding of an Intentional Program Violation

If it is determined that an intentional program violation occurred, the accused individual will be advised of this finding by Appeals & Hearings. Two copies of the decision will be sent to the County Office, one copy to the Overpayment Unit and one copy to Fraud Investigations (only if this unit prepared the case for the Administrative Disqualification Hearing).

NOTE: The decision is being sent to the accused individual for information purposes only. The decision should also be attached to the notice of imposition of disqualification sanction sent by the County Office.

8130 Imposing the Disqualification Sanction

When the County Office receives a hearing decision finding that an intentional program violation has occurred, a period of disqualification from the TEA program, will be imposed against the family.

The disqualification periods are as follows:

- One (1) year for the first offense.
- Two (2) years for the second offense.
- For more than two, permanently.

In addition, the family will continue to be ineligible for TEA assistance until the resulting overpayment has been repaid to the State with interest.

Upon receipt of a hearing decision, the county office will take the following actions:

1. Establish a disqualification period that begins:
 - a. No later than the second month following the month the County Office received the decision if the family is currently receiving TEA; or
 - b. With the first month following the month the decision was received if the TEA case is closed.
2. Complete and route Form DCO-56.
3. Complete Form DCO-120, Notice of TEA Administrative Disqualification. (NOTE: A "timely" notice, i.e., 10 day advance, is not required in this situation.) This notice will be completed and routed to family even if the TEA case is already closed.

8140 Court Imposed Disqualifications

The County Office will disqualify a family if a member has been found to have committed an intentional program violation by a court of law in accordance with TEA 8102 & 8130.

When a court finds that an individual has committed an IPV, Fraud Investigations will inform the County Office by memo, with a copy to the Overpayment Unit. The procedures relative to imposition of the disqualification are described in TEA 8130.

9000 TANF Overpayments

9010 Definition of Overpayment

Any payment received by or for a participant, which is in excess of the amount that should have been paid, is an overpayment. However, only those overpayments described in the following sections will be reported and collection pursued.

An overpayment may result from the participant having given fraudulent information, having withheld information, having failed to report information, or having failed to report a change in circumstances. An overpayment may also occur from the agency having made an error or having failed to take action, or from a combination of participant and agency.

Note 1: By definition, no “overpayment” exists if the participant does not present the warrant or check for payment or does not access any portion of a month’s payment added to his or her EBT account; and

Note 2: Calculations to determine overpayments must be in accordance with eligibility requirements and budgetary procedures and allowances in effect at the time of such overpayment, not the time of discovery and computation.

9020 Definition of Fraud

Fraud consists of some deceitful practice or felonious device resorted to with the intent to receive an assistance grant to which an individual is not entitled under the rules and regulations of the Division.

9020.1 Fraud-Legal Provision

Arkansas Statute 41-2203 provides that a person commits theft of property if he/she knowingly obtains the property of another person, by deception or by threat, with the purpose of depriving the owner thereof.

Only the Courts can determine guilt under the statute and impose the legal penalty. The responsibility of the worker is to determine where there may be an “intent to defraud” on the part of the participant or other persons and report their findings to the Overpayments Unit.

9020.2 Guilty of Intentional Program Violations

If a family is found guilty of an Intentional Program Violation, the family will be ineligible for TEA cash assistance until the resulting overpayment has been repaid to the State with interest (Refer to TEA 8102).

9030 Types of Overpayments

The following types of overpayments will be reported:

- 1 TANF Cash Assistance (TEA and Work Pays)
- 2 Reimbursements for Work Related Activity Expenses
- 3 Relocation Assistance
- 4 Child Care (See Note Below)

Note: If a worker discovers a possible child care overpayment, the information will be provided via memo to the Child Care Eligibility/Family Support Unit, Division of Child Care and Early Childhood Education, Slot S140. The Child Care Eligibility/Family Support Unit will determine and process all Child Care overpayments.

9040 Determining the Overpayment Amount to be Reported

The policy, procedures, and income eligibility standards in effect at the time the participant was overpaid will be used to determine the overpayment amount. Form DCO-199 will be used to report overpayments in the TEA cash assistance and Work Pays programs.

9041 TANF Cash Assistance

When it is determined that a participant has received a TEA cash assistance or Work Pays payment to which he or she was not entitled, an overpayment report may be required.

An overpayment report will begin with the second month following the month in which the change causing the ineligible or reduced payment occurred. For situations in which the participant is ineligible at application, the overpayment will begin with the month of approval. If the change was reported and acted upon so that the correct assistance amount was issued in the second month following the change, then an overpayment report is not required.

9041.1 Income

The process for calculating a TEA and Work Pays overpayment due to income is described below.

TEA

To determine a TEA overpayment involving income, the caseworker will determine the monthly gross and net income as outlined in the TEA 2300 sections (Determining Income Eligibility). Unless a significant change occurred in the income during the overpayment period, the same monthly net income will be used to determine income eligibility for all overpaid months. In addition, the same gross monthly income will be used to determine if an eligible family was eligible for a full or reduced payment unless a significant change occurred during the overpayment period. (Refer to TEA 4120 for the definition of a significant change in income.) It is not necessary to verify the actual income in each month of the overpayment period.

If earned income is involved, both the 20% and the applicable Work incentive (50% or 60%) earned income deductions will be allowed when determining income eligibility for the overpayment period. The applicable Work incentive deduction will be the percentage that was in effect during the particular over paid month.

The following are examples of overpayment determinations when the income exceeds the Income Eligibility Standard and when the family is entitled to a reduced payment rather than full payment.

Example 1: Mr. Jackson was approved for TEA on May 10th. Two months later, the eligibility worker discovered that Mr. Jackson was already working when he applied for assistance. The income made the participant ineligible at approval. An overpayment will be processed beginning with the month of approval.

EXAMPLE 2: Ms. Jones started working in August. She reported the employment in November. When determining the monthly income, both the 20% and the Work incentive deduction were allowed and the family was no longer eligible for cash assistance. The overpayment will be completed beginning with the month of October. The income amount that determined ineligibility will be used for all overpaid months, unless there was a change in the Work incentive deduction in any of the months.

Example 3: Mrs. Davis and her two children are receiving TEA benefits in the amount of \$204. Mrs. Davis became employed in November. Her gross earnings are \$550 per month. She reported her employment in January of the following year. After allowing the participant earned income deductions, she is income eligible based on the \$223 income standard. However, when determining the payment amount, the gross earnings exceed \$446 (gross income trigger). Therefore, the family was only eligible for a reduced payment of \$102. The overpayment will be completed beginning with the month of January.

Work Pays

To determine a Work Pays overpayment involving income, the worker will determine the monthly gross income for each month in which an overpayment exists. An overpayment will exist for each month in which the gross income exceeds the Federal Poverty Level (FPL) for the household size and a Work Pays payment was received for that month. There are no allowable work deductions for Work Pays.

The following are examples of overpayment determinations when the income exceeds the FPL for the family size.

Example 1: Ms Brown was approved for Work Pays in October based on her declared income of \$950 monthly. However, when verification of earnings was received in November, the October payment had been made and Ms Brown's gross income was \$1775. This exceeded the 150% FPL for her

household size of 2 and therefore she was not eligible. An overpayment exists for the October payment.

Example 2: Ms Wilson was approved for Work Pays in October. At the time of approval Ms Wilson's gross monthly income was \$1900 which is below the 150% FPL for her household size. In December, Ms Wilson's income increased to \$2150 which is above the 150% FPL. The participant continued to receive a Work Pays payment for 3 additional months. An overpayment will be calculated beginning with the payment received for the month of February.

9041.2 Resources (TEA cash only)

When a case is found to be ineligible due to excess resources, the overpayment will begin with the second month following the month in which resources first exceeded the resource limit.

Example: Mr. Jones receives assistance for himself and three children. In February, he received a cash inheritance of \$4,000 which was deposited into a bank account. Mr. Jones reported having the bank account in May and the TEA case was closed in May for excess resources. The overpayment will be completed beginning with the month of April.

Note: There is no resource limit for Work Pays.

9041.3 Household Member

In cases in which a required member has been improperly excluded from the assistance unit, an overpayment will be determined only if inclusion of such person's needs, income, and resources would have rendered the unit ineligible, or eligible for a reduced payment when the full payment was received.

In cases in which a member has been improperly included in the assistance unit, an overpayment will be determined by excluding the person's needs. The income and resources will be determined in accordance with TEA and Work pays policy (See the examples below).

TEA

EXAMPLE 1: Mr. Thomas receives TEA cash assistance for himself and three children. He reported in December that his son, John, moved out of the household in October and is now living with an Aunt. This change caused a decrease in the assistance payment and an overpayment will be reported beginning with the month of December.

EXAMPLE 2: Through a review, conducted in December, it was determined that Mary's grandson, John was not attending school as required for TEA cash assistance. However, his needs continued to be included in the grant. John receives SSA benefits in the amount of \$45.00. In processing the overpayment, John's needs will be dropped. However, his income and resources will remain in the budget to determine his siblings' continued eligibility and payment amount. The last month John attended school was

September. The overpayment will be determined beginning with the month of November.

WORKPAYS

Example 1: Mr. Jackson was approved for Work Pays in July. He reported his household consisted of himself and his 3 minor children Linda, James and Janice. He verified monthly earned income of \$ 1500. During on-going case management, the DWS Workforce Specialist discovered that Linda never lived in the home with Mr. Jackson but actually lived with her mother in another city. When dropped from the unit, the household is actually over the 150% FPL for 3. An overpayment will be determined beginning with the month of approval.

Example 2: Ms Harris was approved for Work Pays in August. At the time of approval her household consisted of herself and her 16 year old son Mike. In September Mike moved out of the home. Ms Harris failed to report the change. In December the worker discovered the change. Since there is no longer an eligible child in the home, an overpayment will be calculated beginning with November.

9042 Reimbursements/Activity Related Expenses

When it is determined that a participant was reimbursed or received a payment for expenses related to work participation that he or she was not entitled to, an overpayment will be determined beginning with the month in which the reimbursement/payment was made. This also includes payments received in a month in which the individual was not eligible for TANF cash assistance.

EXAMPLE 1: William's Auto was paid \$500 to repair Ms. Smith's vehicle. She was employed at approval of her TEA application but it was later determined that she stopped working prior to receiving the supportive service and failed to report it. The \$500 paid for vehicle repairs will be reported as an overpayment.

Example 2: Ms. Burns, a Work Pays participant of 13 months, received supportive services in the amount of \$650 for tires. It was later discovered that she provided false information and had not worked in several months. The \$650 paid for the tires will be reported as an overpayment.

9043 Relocation

If it is determined that a relocation assistance payment was provided to a family and it was not used to relocate the family, an overpayment will be prepared for the overpaid amount.

EXAMPLE: Mr. Jones lives in Camden. He found a job in Texarkana and wanted to relocate. In May, he received a relocation check for \$2000 to move to Texarkana. It was determined in June that he was still living in Camden

and commuting to his job in Texarkana. He spent the \$2000 on repairs to his Camden home. Since he did not use the relocation payment to relocate, the \$2000 relocation payment must be reported as an overpayment.

9100 Procedure for Reporting and Collecting Overpayments

9101 Responsibility for Reporting the Overpayment

Overpayment reports will be submitted to the Central Office Overpayments Unit, Slot WG2.

DCO will complete and submit overpayments related to eligibility. Supportive services received during this period will also be determined by DCO and included in the overpayment report.

Overpayments related to Supportive Services only will be completed and submitted by DWS

9101.1 Recording Information in the Case Narrative

When an overpayment is discovered, the worker will document in the narrative section of ANSWER the amount of the overpayment, the date the overpayment began, the reason(s) why the overpayment occurred, and any other pertinent information. If the overpayment occurred because the participant provided false or incomplete information or failed to report a change in circumstances within ten days, the participant will be advised of the possible consequences (request for repayment and/or prosecution for fraud) and asked to explain his/her action(s) or failure to act. His/her explanation will be recorded in the narrative section. When all information is recorded, the information will be referred to the appropriate supervisor or his or her designee for concurrence as to the correctness of the overpayment determination.

Field staff will refrain from making accusations of fraud to the participant.

9101.2 Referral to Division of Administrative Services Overpayment Unit

All cases involving incorrect payment as described in TEA 9030 will be referred to the Overpayment Unit, DHS Central Office. The referral form will be the original DCO-199. The appropriate sections must be completed.

If fraud is suspected, form DHS-1700 will be submitted to the Overpayment Unit. If the worker is unable to establish the full amount of the overpayment, Form DHS-1700 will be completed and forwarded to the Overpayment Unit. A memorandum will be attached to the DHS-1700 detailing the worker's efforts and explaining why they were unable to establish the overpayment.

The DHS Division of Administrative Services, Overpayment Processing Unit will register all overpayment referrals. All cases of suspected fraud will be immediately brought to the attention of the DHS Fraud Unit. The manager of the Fraud Unit, or his or her designee, will screen all overpayment referrals at least weekly and select the appropriate referrals for further investigation. After screening, rejected referrals will be noted as to reason for rejection, and returned to the Overpayment Unit.

If the case is selected for further fraud investigation, the Overpayment Unit will not pursue recovery until notification from the Fraud Unit that the case has been declined for prosecution, agreement reached with participant and case not going to court (signed agreement), or the case has been adjudicated. The stipulations of the court order will be given to the Overpayment Unit by memorandum from the Fraud Unit.

If it is found in the fraud investigation that the period of time and/or the amount of the overpayment or ineligible payment is different from the original amount submitted by the County Office on the DHS-199, the Overpayment Unit will make the necessary adjustments.

9102 Responsibility of the Division of Administrative Services Overpayment Unit

The DAS Overpayment Processing Unit, will make the decision concerning the feasibility of repayment for all overpayments, taking into consideration whether they resulted from:

1. Administrative error.
2. Misunderstanding of state policies or laws by the participant.
3. Willful withholding or incorrect statement of factual information by the participant.

A Review Official in the Overpayment Unit will:

1. Review information submitted by the local offices via DHS-199 and DHS-1700. Additional information from the local office may be requested when needed for a decision or further action.
2. Make a decision on the feasibility of seeking repayment relative to the disposition of the claim when collection and/or fraud referrals are indicated.

9103 Collections

The DAS Overpayment Processing Unit will make the determination relative to the disposition of the claim when collection and/or fraud referrals are indicated.

When an agreement is reached with the participant, either by the Fraud Unit or Legal Unit, the DAS Overpayment Processing Unit will be apprised of whether:

1. Participant has been sentenced;
2. Participant's sentence has been suspended contingent upon restitution by court order.
3. Voluntary agreement to repay has been reached;
4. Signed agreement to repay has been negotiated;
5. Civil court action initiated with results.

The Division of Administrative Services, Cash Receipts Unit, WG2, will be responsible for receiving and processing all monies collected.

9200 Recoupment and Recovery

9201 Definitions

Recovery - Regaining monies lost by the Arkansas TANF Program as a result of a participant receiving payments to which he or she was not entitled.

Recoupment - Withholding of a cash amount from the assistance payment when a participant has a pending claim due the state for some amount of prior ineligible or overpaid cash payment.

Restitution - Securing a direct payment from an individual in the form of a cashier's check or money order made payable to Arkansas Department of Human Services for overpayments received.

Hardship Situation - A situation in which the participant is in a state of being deprived of what is needed for basic subsistence, e.g., food, shelter, utilities.

9202 General Policy Statement

Overpayments and ineligible payments made to participants of TANF cash assistance are subject to recovery action.

The policy of this State is that recovery of overpayments will be pursued. An effort will be made to recover all reported overpayments. There will be no distinction between willful and non-willful withholding of information by the participant, i.e., reasonable and practical steps to correct and collect any overpayment that is known to the State will be made regardless of whether the reason for the erroneous payment was caused by the agency or the participant.

It is not the policy of this State to inflict hardship on individuals or their families by means of its recovery policies. Therefore, the following rules will be followed:

1. Recovery may be made from income, liquid resources, or a reduction in the current TEA or Work Pays assistance payment.
2. The amount to be recouped from the TEA or Work Pays payment will not exceed 10% of the family's full payment level.
3. Recovery will be made from the individual who caused the overpayment, or if the person responsible for the overpayment has left the household, recovery will be made from any other adult individual who was a member of the overpaid assistance unit.
4. Recovery of any reported overpayment will be made regardless of the cost effectiveness.

5. In all situations in which an overpayment has occurred and the participant is currently receiving TEA or Work Pays cash assistance, recoupment of the overpayment will be initiated unless the participant makes full restitution.
6. The amount of an outstanding overpayment will be used to offset an outstanding underpayment if the family has both.
7. When a former participant with an outstanding overpayment reapplies and is found eligible, recoupment will be reactivated based on the participant's current level of payment, income, and liquid resources.

9203 Recovery Procedure

All cases of ineligible payments and overpayments must be reported to the DAS Overpayment Processing Unit as outlined in TEA 9040.

The Overpayment Unit will decide whether payments to ineligibles and/or overpayments will be pursued for recovery and the method of recovery.

9204 Recoupment Restrictions

Overlapping or duplication of TEA by Supplemental Security Income (SSI) is not subject to recoupment or restitution. This will be handled by the Social Security Administration.

Restitution of some or all of an overpayment can be accepted before or at the time of initiation of recoupment, while recoupment is in process, or after closure.

If the monthly recoupment amount or maximum recoupment amount exceeds the current cash assistance payment amount, the monthly recoupment amount will be the payment amount less one dollar.

9205 DAS Overpayments Processing Unit Responsibility

If the decision is made by the Overpayment Processing Unit to recoup the overpayment by a deduction from the current assistance payment to the participant, the Overpayment Processing Unit will:

1. Send a 10 day advance notice to the participant direct from the Overpayment Unit, explaining the recoupment decision, and the amount that will be deducted from the payment so the participant will know the reason for the payment change.
2. Initiate recoupment by reducing the grant if the participant does not request an Administrative Hearing during the 10 day advance notice period.

3. Advise the appropriate office of:
 - (a) The total amount to be recouped;
 - (b) The amount of monthly deduction;
 - (c) The number of months deductions will be made; and
 - (d) The effective dates.

9206 Keeping DAS Processing Unit Informed

The appropriate office will promptly report, by memorandum to the Overpayment Processing Unit, any pertinent information (coming to its attention) which would have an effect on an established overpayments claim that has not been satisfied, such as, but not limited to :

1. Hardship situation;
2. Acquisition of resources or income that may increase the participant's ability to repay;
3. Death;
4. Change of address;
5. Recertification of case after closure.

9207 Contacts With Participants

If participants have questions concerning recovery letters received directly from the Overpayment Processing Unit, the County Office will refer them to the DAS Overpayment Processing Unit.

If participants wish to make arrangements for repayment, the County Office will explain that the final decision regarding recovery rests with the DAS Overpayment Processing Unit and give the mailing address:

Arkansas Department of Human Services
Overpayment Unit
P. O. Box 8181 Slot WG2
Little Rock, Arkansas 72203

9250 State Income Tax Refund Interception

Act 372 of 1983 as amended (Ark. Stats. Ann. 84-4918) and Act 987 of 1985 authorizes the collection of TANF overpayments through the interception of State Income Tax Refunds.

Act 987 requires prenotification to debtors of intent to set off debts listed, prior to the annual debt loading with the Revenue Division of the Department of Finance and Administration. A computer generated notice (SS-XA) of our intention to intercept refunds will be mailed prior to the annual loading date (Dec. 1). The SS-XA is sent on cases that have Overpayment Processing Unit debts listed.

The taxpayer has 30 days from the date the notice was mailed to file a written request for a hearing (TEA policy 9253). If no hearing is requested within 30 days, Revenue Loading will be effected. Tax Refunds will be mailed to the Division of Administrative Services to be allocated within the Department of Human Services Division in order of priority.

9251 Cases Eligible for Intercept

In order for a case to be submitted for State Tax Refund Intercept, the following conditions must be met:

- 1 The amount owed the State must be approved by the Overpayment Processing Unit; and
- 2 The tax payer must have been notified of the Overpayment in at least one demand letter; and
- 3 The overpayment must be at least \$20.00.

If the State Tax Refund due a tax payer is less than \$20.00, the Revenue Department will not intercept the refund.

9252 Allocation of State Tax Refund

A State tax refund, intercepted to apply against debts to the State, will normally be allocated as follows:

- When only one overpayment claim exists, the refund will be applied against that claim. Should the refund be larger than the claim, the balance will be returned to the tax payer by the Revenue Department.
- When more than one claim exists with the Food Stamp, TANF and Medicaid Programs, the refund will be applied against the oldest claim first until the entire amount is used or all claims are paid. Any balance after these claims are satisfied will be allocated to other DHS Claims listed, if any. If there are no additional DHS claims, then the balance will be returned to the taxpayer.

9253 State Tax Refund Intercept (STRI) Hearing Procedures

9253.1 Requesting and Scheduling a Hearing

The taxpayer has thirty (30) days from the mailing date of the Intercept Notice to file a written request for a hearing. All hearing requests will be sent to the Overpayment Processing Unit (OPU). A chronological register of the hearing results will be maintained to ensure each request is acted upon in a timely manner. After the identifying information is placed on the register, a copy of the request will be sent to the County Office which originated the case and a copy sent to the Hearing Officer.

Exception: If the taxpayer has moved to a different county, the county copy along with any case records will be forwarded to the current county of residence. The appropriate office is required to complete Form DHS-1203, County Office Administrative Hearing

Statement, and forward it to the Hearing Officer for receipt at least two (2) days before the hearing.

If the taxpayer does not appear at the hearing or give notice of inability to appear at least 24 hours before the hearing, the request will be considered abandoned. In the event the taxpayer is unable to be present on the date the hearing is scheduled, the hearing may be rescheduled one time at the taxpayer's request. After that, the request for hearing will be considered abandoned if the taxpayer does not appear at the hearing. The rescheduled rehearing must also be held within the thirty (30) day period from the date of the rescheduled hearing request. All rescheduling will be recorded on the Chronological Register.

Accompanying the hearing request, in a pending file, will be a set of hearing forms. The hearing forms packet will contain an acknowledgment letter (Form SS-RR) and a hearing statement (Form SS-1612). These forms will be completed when the hearing is scheduled and conducted. When the acknowledgment letter is mailed to the taxpayer, a copy is held in the pending file, a copy is sent to the Hearing Officer, and a copy is sent to the appropriate office .

9253.2 Conducting a STRI Hearing

It is the responsibility of the Hearing Officer to attend the hearing. If this is not possible, the Hearing Officer will designate a representative to attend the hearing. The Hearing Officer (or representative) will review the case prior to the hearing.

The hearing will be held in accordance with procedures established under Arkansas Stat. Ann 5-701 et seq., the Administrative Procedures Act to determine the validity of the claim. It will be determined at the hearing whether the claimed sum asserted as due and owing is correct.

In conducting the hearing, a representative from the appropriate Office will explain the facts of the overpayment. The taxpayer will be given the opportunity to offer evidence, and/or refute information presented by the agency. In the event the taxpayer requires additional time to provide evidence that would affect the outcome of the hearing, the Hearing Officer will complete the hearing to the extent possible and allow the taxpayer ten (10) days to submit the information to the appropriate Office for final resolution of the case. The agency then has five (5) days to recalculate the claim and forward the results to the Hearing Officer.

Because of the limited time frame allowed by the Revenue Department, it may become necessary to conduct hearings by conference call between the DHS Central Office and the appropriate local Office. It will be the Hearing Officer's responsibility to ascertain that all relevant information is obtained and the hearing statement is completed. The Hearing Officer will prepare an original letter to the taxpayer summarizing the evidence presented at the hearing and advising the taxpayer of the decision.

10000 ARKANSAS WORK PAYS

Arkansas Act 1705 of 2005 established the Work Pays Program. Work Pays is an incentive program designed to encourage working TEA participants to remain employed after closure of the TEA case while increasing their hours of work and/or hourly wage. Provided they meet Work Pays eligibility requirements, families participating in Arkansas Work Pays will receive: a monthly cash assistance payment in the amount of two hundred and four dollars (\$204) for up to twelve (12) months, case management, supportive services, and job retention and advancement services. The twelve (12) months will count toward the federal sixty (60) month time limit but not the state's TEA 24-month limit. If the participant reaches sixty (60) months while participating in Work Pays, an automatic extension will be given to the sixty (60) month time limit. This work incentive program may be limited to three thousand (3,000) families.

The worker will explain the Work Pays program to the applicant and provide a Work Pays pamphlet during the initial interview for TEA cash assistance. The Program Eligibility Specialist will discuss the Work Pays program with the participant during ongoing case management activities. When the TEA case closes due to employment, the participant will receive additional information about Work Pays, including a Work Pays application.

10100 Work Pays Eligibility Requirements

A participant must meet the following requirements:

1. Be employed at least thirty (30) days prior to the date of the Work Pays application;
2. Have care and custody of a related minor child, including family cap child (TEA Policy 2150.1) and child receiving SSI;
3. Be a resident of the State of Arkansas;
4. Meet the citizenship or alienage requirement (Refer to TEA policy 2220);
5. Apply for Work Pays within six (6) months of TEA case closure;
6. Received TEA cash assistance for at least three (3) months, including months of deferral. (These months do not have to be consecutive. Months from other states do not count);
7. Have not received more than twelve (12) months of Arkansas Work Pays Program Benefits;
8. Meet Work Hours Requirement:
 - a) For initial eligibility - Was engaged in paid work activities for a minimum of twenty-four (24) hours per week and met the federal participation rate for the past month.
 - b) For on-going eligibility – must be in paid work activities for a minimum of twenty-four (24) hours per week and meet the federal participation requirement for one (1) of the past three (3) months and for at least three (3) of the past six (6) months;
9. Have income below 150% of the federal poverty level for the family size, including SSI and Family Cap Children (SSI and family cap children are counted in the household size **when determining FPL**, even if they are not part of the budget unit.)

Note: Stepparents with no child in common are NOT part of the Work Pay budget unit. Therefore, the income of the stepparent is disregarded.

10. Comply with the Work Pays Personal Responsibility Agreement;

11. Comply with Office of Child Support Enforcement (OCSE) requirements, including assignment of support and cooperation in establishing paternity and/or support unless good cause exists; and
12. Comply with drug screening and testing requirements.

Note: If a participant has reached or exceeded the sixty (60) month federal time limit when the participant applies (or reapplies) for Work Pays, the application will be denied.

10101 Work Pays Application Process

For participants interested in applying for Work Pays, the application must be completed and submitted via mail, email, or fax to DHS for initial eligibility determination. The Work Pays applicant must sign the application. If it is a two (2) parent household, both parents must sign the form.

In accordance with Arkansas Act 1205 of 2015, drug screenings of applicants and recipients will be conducted as a part of the application process – during initial eligibility determination and during reevaluation (redetermination).

10102 Determining Initial Eligibility

10102.1 Employed 30 Days Prior to Application Date

For initial eligibility, the Program Eligibility Specialist will review the application to determine if the participant was employed at least thirty (30) days **prior to** the application date. If the participant was not employed at least thirty (30) days prior to the application date, no initial interview will be scheduled. The application will be denied, and a TEA-1 will be sent as an adequate notice of the denial. No good cause will be given for not meeting initial eligibility. (See TEA policies 4050 and 4051 for more information on adequate notices).

Example: An applicant submitted an application dated October 15th. On the application, the applicant indicated employment began on September 16th. Because the applicant was only employed twenty-nine (29) days, the application is denied.

10102.2 Automated System Review

If the participant was employed thirty (30) days prior to the application date, the Program Eligibility Specialist will review the following information in the automated system to further determine if the participant meets initial eligibility. (Refer to Policy 10100).

The participant:

- Must have care and custody of a related minor child (including family cap child and child receiving SSI);
- Must meet the citizenship or alienage requirement;
- Must apply for Work Pays within six (6) months of TEA case closure (unless the previous Work Pays case closed due to insufficient hours);
- Must have received at least three (3) months of TEA cash assistance, including deferral and exemption months. (This includes TEA cases that close due to reaching the time limit or have been extended and earnings are included.); and

- Must not have received more than twelve (12) months of Work Pays.

If the participant fails to meet any of the initial eligibility requirements above at the time of application, the application will be denied. No initial interview will be scheduled. A DWS-ARK-TEA-1 will be sent as an adequate notice of the application's denial.

Example: Ms. Davis applied for Work Pays four months after her TEA case closed. She received TEA cash assistance for nine (9) months. After reviewing additional eligibility information in the automated system, it was determined that Ms. Davis met the requirements. An initial interview can be scheduled.

Example: Ms. Wilson applied for Work Pays after her TEA case closed. She received TEA cash assistance for a total of 2 months. Since she did not receive TEA for at least 3 months, her application is denied.

10102.3 Income and Work Hours

If the participant meets the initial eligibility requirements discussed in policies 10102.1 and 10102.2, the DWS Workforce Specialist will schedule an initial interview to review documentation of income and work hours for the 30-day period prior to the date of application. No documentation of resources will be required, as the household's resources are totally disregarded. (See Work Pays policy 10102.5).

Income

The parent's gross earnings along with other countable income must be below the 150% Federal Poverty Level for the family size. (The Federal Poverty Levels in Appendix B are updated annually). The following types of income are disregarded when determining initial (and ongoing) eligibility for Work Pays: income of the child(ren); income of the stepparent with no child in common; and child support. (Refer to TEA policies 2331 and 2341 for unearned and earned income to disregard.)

The DWS Workforce Specialist will deny the application if the participant fails to meet the income requirement upon receipt of initial work documentation. A DWS-ARK-TEA-1 will be sent as an adequate notice of the application denial. (See TEA policies 4050 and 4051 for more information on adequate notices).

To determine if the household meets the FPL requirement for initial eligibility, the DWS Workforce Specialist will use one of the appropriate calculations indicated below.

If the participant is paid weekly:

- Total the gross income actually received in the 30-day period;
- **Divide the total by 4 (See note below);
- Multiply by 4.334.

Note: If the participant is paid weekly but received 5 checks in the 30-day period, divide total gross income by 5 and multiply by 4.334.

If the participant is paid every two weeks (biweekly):

- Total the gross income actually received in the 30-day period;
- **Divide the total by 2 (See note below);
- Multiply by 2.167.

Note: If the participant is paid every two weeks (biweekly) but received 3 checks in the 30-day period, divide total gross income by 3 and multiply by 2.167.

If the participant is paid twice a month (semi-monthly):

- Total the gross income actually received in the 30-day period, with no conversion.

Example: A participant who meets all the eligibility requirements applies on April 7th. The DWS Workforce Specialist will verify the income for the period March 8th through April 6th, which is the 30-day period prior to the date of application.

Work Hours Requirement

For initial eligibility, the participant must provide verification of work hours for the 30-day period prior to the date of application. The verification can be provided by fax, mail, email, or in person. The agency will accept verification of earnings from the employer, check stubs, payroll printouts, etc. If the information received is not accurate and would affect the participant's eligibility status, the supervisor (or designee) will be notified immediately.

The participant must be in a **paid** work activity (i.e., employed) at least twenty-four (24) hours per week. The participant must also meet the weekly federal participation requirement for the past thirty (30) days. The participant may be engaged in another countable work activity that, when combined with the paid work hours, will meet the federal TANF work requirement for the family.

If the work hours requirement is met, the information will be documented in the automated system. If the work hours requirement is not met, the Work Pays application will be denied. A DWS-ARK-TEA-1 will be sent as an adequate notice of application denial. (See TEA policies 4050 and 4051 for information on adequate notices).

The federal participation requirement is as follows:

- 24 hours per week for a single-parent household with a child under the age of 6 (even if the child is not included in the budget unit);
All 24 hours must be in a paid work activity.
- 30 hours per week for a single parent with a child age 6 or older;
If the household can only participate in a paid work activity for 24 hours per week, all 6 of the remaining hours must be in a **core** activity. Noncore activities cannot be used for the remaining 6 hours.
- 35 hours per week for a two-parent household not receiving federally funded childcare;
If the household can only participate in a paid work activity for 24 hours per week, 6 of the remaining hours must be in a **core** activity. The last 5 hours may be core or noncore.
- and 55 hours per week for a two-parent household receiving federally funded childcare.
If the household can only participate in a paid work activity for 24 hours per week, 26 of the remaining hours must be in a **core** activity. The last 5 hours may be core or noncore.

Example 1: Ms. Adams is a single parent with a child over the age of 6. She applied for Work Pays on July 1. It has been verified that she has been employed since May. Check stubs submitted for the 30-day period before the application date show she worked 30 hours per week. Ms. Adams meets the requirement to be employed (in a paid work activity) for 24 hours per week. She also meets the federal participation requirement of 30 hours per week. If otherwise eligible, the application may be approved.

Example 2: Mr. Thomas is a single parent with teenaged children. He applied for Work Pays on July 7 after receiving TEA for 8 months. His TEA case closed in April. He has been employed since March. Check stubs indicate he works 24 hours per week. He also attends college at night and has only used 2 months of Career and Technical Education. He is taking a three (3) credit-hour course in management and will graduate in December.

Mr. Thomas meets the work requirements. He is employed for 24 hours per week. He is given 3 hours of actual class time per week. He will also be given 3 hours of homework/study time because he is taking 3 credit hours. This brings his total countable hours to 30 per week. If otherwise eligible, the application may be approved.

10102.4 Drug Screening Questionnaire Requirements

All applicants will be required to complete a completed Drug Assessment Questionnaire (DAQ) as part of the initial eligibility determination process. The DAQ is a part of the Work Pays application.

Once the DAQ has been completed, the following actions will be taken:

1. If the applicant answers “No” to all questions on the DAQ concerning illegal drug use, the application will be processed.
2. If the applicant answers “Yes” to any one of questions on the DAQ concerning illegal drug use, then the DWS Workforce Specialist must contact the ADWS TANF Family Support Unit for drug testing coordination.

Refusal and/or failure, without good cause, to complete or submit a Drug Screening Questionnaire during the initial eligibility process will result in denial of the application. Refer to TEA policies 10103 and 10104.5.

10102.5 Scheduling the Initial Interview

No later than 2 business days from the date the application was received, the DWS Workforce Specialist will send a DWS-ARK-TEA-1 (Notice of Action) to schedule the initial interview. The notice must indicate what documentation should be brought to the interview in order to establish initial eligibility.

During the initial interview, the DWS Workforce Specialist will present an overview of the program, gather information, and advise the participant of what and when information is needed.

If the participant misses the interview and does not contact the DWS Workforce Specialist to reschedule, the application will be denied. A DWS-ARK-TEA-1 will be sent as an adequate notice of the application denial.

10102.6 Rescheduling the Initial Interview

If the participant misses the initial interview, but it is rescheduled:

- The Workforce Specialist will send a 10-calendar day advance notice (DWS-ARK-TEA-1) to inform the participant of the new appointment AND the penalties that may occur if they fail to attend as rescheduled (i.e., application denial).

If a participant does not bring the requested documentation to the initial appointment:

- The Workforce Specialist will provide the participant with a 10-calendar day advance notice (DWS-ARK-TEA-1) requesting the exact documents needed to determine eligibility by the close of business on the 10th day.
- If the documents are not provided, the application will be denied after the notice expires.

10103 Application Disposal

The DWS worker will dispose of the application for Work Pays by either approval or denial within 30 days from the date of application. If the application is denied for failure to meet any of the initial eligibility requirements (including failure to complete or submit a Drug Assessment Questionnaire), a DWS-ARK-TEA-1 must be sent as an adequate notice. (See TEA policies 4050 and 4051).

10104 Drug Screenings

In accordance with Arkansas Act 1205 of 2015, drug screenings of Work Pays applicants and participants will be conducted during initial eligibility determination and continued eligibility redetermination/reevaluation. The drug screenings will be used to determine whether there is a reasonable cause to believe the applicant or recipient engages in illegal drug use. Drug testing results and information will be kept confidential.

Note: Employer-required drug screening and/or testing is separate from the TEA and Work Pays drug screening and testing program. An employer's drug screening, testing, and/or test results cannot be used in place of this Work Pays program requirement.

10104.1 Exemptions from Drug Screening and Testing

The following individuals are exempt from drug screening and testing requirements:

1. A dependent child under the age of eighteen (18).
2. A non-head-of-household minor parent who lives in the home of his/her parent, legal guardian, or other adult relative
3. An individual who is a participant in Career Pathways Program or a Community Investment Initiative under the Work Pays program.

Exception: A head-of-household minor parent who applies for Work Pays and does not live with a parent, legal guardian, or other adult caretaker relative is **not exempt** from the drug-screening requirement.

10104.2 Cooperation with Drug Testing

If the Drug Assessment Questionnaire (DAQ) indicates a reasonable suspicion that an applicant/participant has engaged in illegal use of drugs, that person will be required to take a drug test. The DWS Workforce Specialist will email ADWS TANF Family Support regarding the DAQ's indicated use of illegal drugs. The ADWS TANF Family Support Unit will coordinate with the individual for drug testing and/or treatment. ADWS TANF Family Support will notify the DWS Workforce Specialist regarding participation status.

If the otherwise eligible applicant or participant refuses and/or fails to cooperate with the drug testing process, the Work Pays case will be closed. If the individual reapplies for Work pays, and is otherwise eligible, he/she must submit to a drug test.

If the result of the drug test is negative:

- the case will be approved/remain open.

If the result of the drug test is positive:

- A plan of action will be developed in coordination with the individual. The plan of action will include a substance abuse evaluation to determine the appropriate drug treatment plan and/or recovery support group or resource.

Failure to cooperate with the plan of action will result in case closure.

- If an applicant/participant that is otherwise eligible fails a drug test but has a valid prescription for the drug in question, the Work Pays application/case will not be denied/closed pending additional testing. The same urine sample from the first positive test will be used to conduct a drug confirmation test.

The results of the confirmation will be used to determine final eligibility for Work Pays benefits.

10104.3 Referral for Substance Abuse Evaluation and Drug Abuse Treatment

If the results of the drug confirmation test indicate usage of drugs, the Workforce Specialist will refer the applicant or participant who is otherwise eligible for a substance abuse evaluation. An appropriate drug treatment plan and/or recovery support group or resource will then be determined. The treatment period should not exceed six (6) months.

If the substance abuse evaluation indicates that the applicant or participant who is otherwise eligible does NOT need drug abuse treatment and/or drug recovery support:

- No drug treatment will be required.
- The applicant or participant will continue to be eligible and DWS will move forward with eligibility determination/reevaluation based on Work Pays program requirements.

If the substance abuse evaluation indicates that the applicant or participant who is otherwise eligible DOES need drug abuse treatment and/or drug recovery support:

- The DWS Workforce Specialist will coordinate with ADWS TANF Family Support to make sure the applicant/participant is referred to an appropriate drug treatment facility and/or recovery support group or resource.
- After the referral has been made, the applicant or participant that is otherwise eligible has ten (10) business days to provide the following information to the DWS Workforce Specialist, as required under the drug treatment plan:
 - Verification of enrollment in an approved drug treatment program;
 - Verification of placement on a waiting list for an approved drug treatment program; or
 - Verification of attendance at an approved drug recovery support group/resource meeting.

10104.4 Compliance with Drug Abuse Treatment Plan of Action

The approved drug treatment plan and/or drug recovery support should not exceed a period of six (6) months. The 6-month period will begin with the date of the first treatment session in the drug abuse treatment program or the first date of attendance at a drug recovery support group/resource meeting.

In order for an applicant or participant who is otherwise eligible to receive a full Work Pays payment during this 6-month treatment period, he/she must:

- Comply with the drug abuse treatment/drug recovery plan of action; and
- Submit bi-weekly documentation of attendance and participation.

If the drug treatment plan requires more than six (6) months of care, the applicant or participant who is otherwise eligible must submit to a drug test after 6 months of treatment in order to determine continued Work Pays eligibility.

- If the result of the drug test is negative, the case will be approved/remain open.
- If the result of the drug test is positive, a drug confirmation test will be conducted in accordance with Policy 10104.2. The results of the confirmation will be used to determine final eligibility.

If the applicant or participant who is otherwise eligible is placed on a waiting list for an approved drug treatment program and no other comparable program is available, he/she will receive full Work Pays payments until an approved treatment program becomes available.

Failure to comply (without good cause) with the treatment plan will result in case closure. Refer to Policy 10760.

10104.5 Good Cause for Non-Compliance with Drug Treatment/Recovery Support

The DWS Workforce Specialist will determine whether an applicant or otherwise eligible participant has good cause for failure to begin, participate in, and/or complete the drug treatment/recovery support resource program. The DWS Workforce Specialist must consider the circumstances of each case as well as the specific requirements of a drug treatment/recovery support program.

If it is determined that good cause exists, the DWS Workforce Specialist and immediate Supervisor will work together with the TANF Family Support Unit and/or drug

treatment/recovery support program to amend the plan so it allows the applicant or participant to complete the requirements in a manner consistent with his/her abilities.

10105 Career Advancement Plan

Participants may need assistance increasing incomes while on a job. The participant may also need assistance learning the skills and behaviors to be a valued worker. The DWS Workforce Specialist will work with the participant to create a Career Advancement Plan. The plan will concentrate on: retaining a job, getting promoted, earning a pay raise, increasing hours, and acquisition of benefits. The plan will be used and modified during the entire time the participant receives Work Pays benefits.

No later than two (2) business days after the application is approved, the DWS Workforce Specialist will contact the participant to schedule an in-person Career Advancement Plan meeting to occur at a later date. The Career Advancement Plan interview should occur at a time and location agreed upon by both the participant and the DWS Workforce Specialist. (See Policy 10102.4).

The DWS Workforce Specialist must have bi-weekly contact with the participant.

10106 Reevaluation

All Work Pays cases will be re-evaluated by the DWS processing unit every 6 months to determine continued eligibility. The following criteria must be met:

- There must be an eligible child in the home.
- The participant's gross earned income plus other countable income must be below the 150% Federal Poverty Level for the family size.

The processing unit will also conduct yearly drug assessment reevaluations on all Work Pays cases. Each non-exempt adult included in the Work Pays budget unit must complete and return a separate Drug Assessment Questionnaire (DAQ). Refer to Policy 10104.1 for a list of individuals who are exempt from drug screening and testing requirements.

The DWS processing unit will mail a 10-day notice with a questionnaire to each non-exempt adult in the budget unit. The notice must indicate that:

- (1) The questionnaire must be completed and returned in order to determine continued eligibility for Work Pays; and
- (2) The case will be closed if each questionnaire received in the household is not returned before the 10-day notice expires. This action is based on Policy 10104 (Drug Screenings).

Once the DAQ has been completed and returned, the following actions will be taken:

1. If all non-exempt participants in the budget unit answer "No" to all questions on the DAQ concerning illegal drug use, continued eligibility based on this requirement has been established.

2. If any non-exempt participant in the budget unit answers “Yes” to any of questions on the DAQ concerning illegal drug use, then the DWS Workforce Specialist must contact the ADWS TANF Family Support Unit for drug testing coordination.

Note: Refusal by either non-exempt adult on the case to complete the DAQ will result in case closure. The case will also be closed if either non-exempt adult on the case fails to return an individual DAQ before the 10-day notice expires.

Example: In a 2-parent/adult Work Pays case, one parent is completing all of the hours for the household. However, both parents/adults are included in the Work Pays budget unit. A total of two (2) advance notices (DWS-ARK-TEA-1) and two (2) DAQs must be sent to the household for the purpose of establishing the household’s continued eligibility. **Both** DAQs must be completed and returned before the 10-day notices expire in order for the case to remain open. The case will be closed in 10 days if one adult or both adults fail to comply.

Any case closure as a result of drug screening or drug testing may be appealed in accordance with the appeal procedures in Policy 8000.

10200 Work Pays On-Going Case Management

Case management is the process of coordinating and brokering the multiple services needed to achieve progress toward self-sufficiency. Case management will provide the participant with sufficient information on what to expect regarding changes and challenges in the world of work. The DWS Workforce Specialist will serve as a point of contact for participants and a point of accountability for the agency. The DWS Workforce Specialist has the overall responsibility for working with the participant from initial interview until case closure.

The Work Pays program focuses on post-employment services that are designed to provide job retention and advancement for employed post-Transitional Employment Assistance (TEA) participants. Post-Employment services are an essential tool in preventing participants from returning to TEA by helping them keep their current jobs, gain skills for a career, move toward better jobs, and become self-sufficient. The intent is to provide services that will help participants increase their earnings and retain their jobs so they can advance.

DWS Workforce Specialists will build relationships with participants and assist them by guiding, supporting, and encouraging them to be accountable, set goals, and make good decisions. The DWS Workforce Specialist will also provide participants with the following resources, as appropriate, to aid them in achieving their goals:

1. developing a career advancement plan;
2. identifying career ladders, either with the participant’s current employer or with another employer or industry;
3. referral to Career Pathways Training Initiative;

4. referral to other TANF Initiative Providers;
5. job search assistance through the Arkansas Job Link system;
6. career counseling;
7. working with employers to develop advancement strategies;
8. removing specific barriers;
9. coordinating work supports (e.g., childcare, Medicaid, employment expenses, supportive services); and
10. pursuing educational and/or training activities that develop or expand a participant's job expertise; and
11. referral to other appropriate service providers in the workforce development system available through the Arkansas Workforce Centers.

Case management services will be provided as long as the participant is Work Pays eligible, and up to 12 months after the Work Pays case has been terminated due to earnings in excess of the federal poverty level.

Note: Staffings are not required on Work Pays cases. However, cases will be reviewed/reevaluated every six (6) months to determine continued eligibility.

Every six months, the following criteria must be met:

- There must be an eligible child in the home.
- The participant's gross earned income plus other countable income must be below the 150% Federal Poverty Level for the family size. (See FPL calculations in Work Pays policy 10300, Work Verification).

Every year (based on the anniversary date of the case), the following criteria must be met:

- All adults who are not exempt from drug screening and testing requirements must submit a completed Drug Assessment Questionnaire. (Refer to Policy 10106).

The DWS Workforce Specialist will also review the work documentation each month to determine if there is a need to update the budget.

An update to the budget is only necessary if there has been a significant change in income. A significant change is one in which the new wage is equal to or exceeds 150% of the current Federal Poverty Level for the family size, and is not based on a temporary fluctuation such as overtime, seasonal bonus, etc. (See TEA policy 4120 for more information about significant changes).

10300 Work Verification

The participant must provide biweekly verification of work hours or pay stubs for each week of every month. The verification can be provided by fax, mail, scan & email, or in person. The agency will accept verification of earnings from the employer, check stubs,

payroll printout, etc. The DWS Workforce Specialist must enter actual work activity hours for each week into the automated system. If the participant fails to follow through on a required activity, then immediate contact is required.

The participant must be in a paid work activity at least 24 hours per week and meet the weekly federal participation requirement in one of the past three months and three of the past six months. (See Work Pays policy 10102.3 for the federal work participation requirements).

The DWS Workforce Specialist will encourage the participant to engage in a paid work activity equal to the federal work activity requirement, if possible. If the participant is only capable of engaging in a paid work activity for 24 hours a week, the DWS Workforce Specialist will determine what work activities are allowable in the Work Pays case and the number of hours the participant can participate. (This evaluation is necessary due to federal limitations on certain work activities).

The DWS Workforce Specialist will discuss allowable work activities with the participant and assign the participant to additional work activities needed to meet the weekly federal work participation requirement. (See Work Pays policies 10320.1 and 10320.2 for allowable work activities).

Example 1: Mr. Parent works 15 hours a week, and Mrs. Parent works 20 hours per week. They do not receive federally funded childcare. They meet the work participation requirement for a two-parent household not receiving federally funded childcare.

Example 2: Mr. and Mrs. Worker receive federally funded childcare. Mr. Worker is employed for 25 hours per week and takes a 3-credit hour class at the local college. Mrs. Worker is assigned to Work Experience for 20 hours per week, and GED for 4 hours per week.

The Worker family has 25 paid hours, 26 core hours, and 4 noncore hours. (The core hours include 20 hours WEX, 3 hours of actual class time, 3 hours of study/homework time based on credit hours). They meet the federal participant requirement.

The parent's gross earnings along with other countable income must be below the 150% Federal Poverty Level for the family size (See Appendix B). The income of the child(ren) is disregarded. Unemployment Insurance and child support are also disregarded when determining initial (and ongoing) eligibility for Work Pays. (Refer to TEA policy 2331 for unearned income to disregard.)

FPL Calculation (Ongoing Eligibility)

If the participant is paid weekly:

- Total the gross income actually received in the month.
- **Divide the total by 4 (See note below).
- Multiply by 4.334.

Note: If the participant is paid weekly but received 5 checks in the month, divide total gross income by 5 and multiply by 4.334.

If the participant is paid every two weeks (biweekly):

- Total the gross income actually received in the month.
- **Divide the total by 2 (See note below).
- Multiply by 2.167.

Note: If the participant is paid every two weeks (biweekly) but received 3 checks in the month, divide total gross income by 3 and multiply by 2.167.

If the participant is paid twice a month (semi-monthly):

- Total the gross income actually received in the month with no conversion.

Note: The DWS Workforce Specialist will review the work documentation each month to determine if there is a need to update the budget.

An update to the budget is only necessary if there has been a significant change in income. A significant change is one in which the new wage is equal to or exceeds 150% of the current Federal Poverty Level for the family size, and is not based on a temporary fluctuation such as overtime, seasonal bonus, etc. (See TEA policy 4120 for more information on significant changes).

If the participant becomes unemployed while in the Work Pays program, the Work Pays DWS Workforce Specialist should assist the participant to expeditiously find a new job. The participant should be referred to all available resources in the workforce development system that will assist them in becoming employed.

10320 Allowable Work Activities

For a description and additional information about the allowable work activities, refer to TEA policies 3410 through 3470.

10320.1 Paid Work Activities:

Unsubsidized Employment (Core)
On-the-Job Training (Core)

Note: In Work Pays, subsidized employment and On-the-Job Training are not allowable work activities if subsidized with TEA funds.

10320.2 Unpaid Work Activities:

Job Search and Job Readiness Assistance (Core)
Work Experience Training (Core)
Community Service (Core)
Career and Technical Education (Core)
Providing Child Care Services for Participant in Community Service (Core)
Education Directly Related to Employment (Non-core)
Job Skills Training (Non-core)
Attendance at Secondary School (Non-core)

10430 Supportive Services

All Work Pays participants may be eligible for extended supportive services such as: childcare, Transitional Medicaid or ARKids First, mentoring, financial credit counseling, individual development accounts, and any job retention services offered by the department.

Work Pays participants whose TEA cases **closed due to employment** may be eligible for the following supportive services within 12 months of TEA closure:

1. Vehicle Down Payment Assistance (See TEA policy 3610).
2. Vehicle Repair (See TEA policy 3630).
3. Vehicle Insurance (See TEA policy 3625).
4. Vehicle Sales Tax (See TEA policy 3615).
5. Vehicle Tags (See TEA policy 3620).
6. ESS Job Retention (See TEA policy 3680).

Note: ESS Job Retention Supportive Services are the same Activity Related Expenses listed in TEA policy 3635. In Work Pays, these services are used to help participants retain their **current** jobs.

10500 Payment

10501 Payment Amount

The Work Pays payment amount is \$204 monthly unless the participant is under a sanction.

Work Pays income will be countable in the same capacity as TEA Cash in SNAP (Food Stamps) and Medicaid cases. All changes reported to the DWS Workforce Specialist will be entered in the automated system.

10502 Payment Authorization

The DWS Workforce Specialist will authorize the payment when verification of participation is received. The participant must provide verification of work hours such as payroll printouts, employer documents, or pay stubs for each week of the month. The verification may be submitted by fax, mail, email, or in person.

If the participant was in a paid work activity for at least 24 hours per week AND met the federal participation rate, FULL payment will be authorized. (Refer to Work Pays policy 10504).

If the participant does not meet the federal participation rate and good cause for non-compliance is established, a GOOD CAUSE payment will be authorized. (Refer to Work Pays policies 10504 and 10720). If the participant does not meet the federal participation rate and good cause is not established, a SANCTION payment may be

authorized – except for the 3rd consecutive sanction or 3rd sanction out of the past 6 months.

No payment will be authorized for the 3rd consecutive month of noncompliance or for the 3rd month out of the past 6 months.

10504 Payment Process

Families participating in the Work Pays Program will receive a monthly cash assistance payment in the amount of \$204 (regardless of family size) for up to 24 months, provided they meet the Work Pays eligibility requirements. Work Pays payments are made once per month - in the month following the month in which the participant participates. Payment will be made via the participant's EBT card.

For TANF federal purposes, a Work Pays case is considered cash assistance.

Example: Ms. Harris applies for Work Pays in July. In August, she provides verification of hours worked in July. The DWS Workforce Specialist determined that the participant met the work requirement and authorizes payment for July (to be paid in August) by placing a check in the payment box on the Work Pays payment screen in the automated system.

By the 5th workday of each month, the Work Pays participant should provide documentation to the DWS Workforce Specialist regarding work activity hours for each week of the preceding month. If the participant provides documentation by the 5th workday of the month the DWS Workforce Specialist will key the work hours into the automated system and select the full payment indicator.

The DWS Workforce Specialist can average the weekly hours worked for the participation requirement if the participant worked over or under the required weekly participation hours during that month. However, the DWS Workforce Specialist must key actual weekly hours into the automated system.

By the 5th workday of the month, participants must submit sufficient documentation showing they met the 24 paid hours/week work requirement and/or the federal work participation requirement.

If no documentation or insufficient documentation is received by the 5th workday of the month, the DWS Workforce Specialist will send a 10 calendar-day advance notice (DWS-ARK-TEA-1) on the next business day. The notice will:

- Request proper documentation showing that participants met work requirements;
- Request that participants show good cause for not meeting work participation, if appropriate;
- Indicate that a home visit is required each month of noncompliance; and
- Indicate whether the cash assistance payment will be sanctioned by 50% or the case will be closed if information is not received or good cause is not established within 10 calendar days. (See Work Pays Policy 10740).

If the requested information is submitted within ten (10) calendar days, the Program Eligibility Specialist will key the actual hours into the automated system and select the full payment indicator.

If the requested information is not submitted within ten (10) calendar days, the Program Eligibility Specialist will key the actual hours into the automated system and select the sanctioned payment indicator. (Refer to Work Pays policy 10700 for non-compliance requirements).

10600 Work Pays Bonus

As an incentive to participants to retain their jobs, each Work Pays participant may receive pre-set bonus payments after meeting certain job retention targets. To be eligible for the bonuses, the participant must have met the federal work participation rate requirement in each of the preceding months according to the bonus schedule below. All bonus payments will be made through the participants' EBT card but not counted as cash assistance. Bonuses will be keyed after the monthly cash assistance payment has been released.

The Program Eligibility Specialist will assess prior work participation and select the indicator in the automated system to trigger the appropriate bonus payment. The bonus payment indicator should be marked at the same time as the work participation is entered each month. (See Work Pays policy 10504 for information on keying work participation hours.)

Note: Good cause months are classified as non-compliance and must be considered when determining if a participant is eligible for a bonus.

If the Work Pays participant exits the program and re-enters the program, the participant will be eligible for bonuses not already received when their Work Pays eligibility has been re-established. (See Work Pays policy 10800 for the eligibility criteria for re-entry to the Work Pays program.)

10600.1 Bonus 1: Three (3) Months Job Retention Target

Participants that meet the work participation requirements for three (3) consecutive months will receive a bonus in the amount of four hundred dollars (\$400.00).

10600.2 Bonus 2: Additional Six (6) Months Job Retention Target

Participants that meet the work participation requirements for an additional six (6) consecutive months not including the initial three (3) months in bonus one (1) above will receive a job retention bonus in the amount of six hundred dollars (\$600).

10600.3 Bonus 3: Twelve (12) Months Job Retention Target

Upon closure of the Work Pays case due to time limits, participants that have met the work participation requirements for twelve (12) out of twelve (12) months will receive an exit bonus in the amount of eight hundred dollars (\$800).

10600.4 Earnings' Bonus: Case Closure Due to Earnings

The Work Pays participant may receive an earnings' bonus of \$1,200.00 anytime within the twelve (12) months case time limit if their income exceeds 150% of the Federal Poverty Level (FPL) for their family size. The Program Eligibility Specialist will notify the supervisor if it appears that earnings exceed FPL. The supervisor will review the documentation and determine eligibility for the bonus. If it is determined that earnings exceed FPL, the Program Eligibility Specialist will send a ten (10) calendar day advance notice of closure to the participant (DWS-ARK-TEA-1). Once the notice expires, the Program Eligibility Specialist will close the case. After case closure, the supervisor will authorize the bonus to be issued.

Note: Temporary fluctuations such as overtime, seasonal bonuses, etc. will not be considered when determining eligibility for the earnings bonus. (See Work Pays policy 10300 for more information on FPL calculations).

10700 Non-Compliance

Non-compliance occurs when a person who is required to participate in certain activities fails to do so. Below are two reasons that a Work Pays participant's case may be deemed in non-compliance. The participant:

1. fails to comply with the assigned work requirement; and/or
2. refuses to cooperate with the Child Support Enforcement

10710 Compliance with Child Support Enforcement

The participant will be required to comply with the Office of Child Support Enforcement. Failure to comply without good cause will result in a 25% sanction being imposed. This sanction is an automatic system generated sanction and requires no action on the part of the Program Eligibility Specialist.

10720 Good Cause for Work Non-Compliance

The sanction process will not be applied if the person demonstrates that he or she had good cause for not complying. The determination of good cause is a decision made by each local office. For acceptable good cause reasons, refer to TEA policy 3800.2.

Note: Good cause months are classified as non-compliance and could result in case closure when determining if a participant has failed to comply for three (3) consecutive months or failed to comply for at least three (3) months out of the past six (6) months.

10730 Determining Good Cause for Work Non-Compliance

Once failure to comply with Work Pays requirements has been established, the following procedures will be followed:

1. Contact the participant to give him/her the opportunity to explain why he or she failed to comply and make a determination of good cause, if appropriate. This contact will be in writing. If the initial contact is made by phone or face-to-face, the TEA-1 must be mailed as a ten (10) calendar day advance notice, and the case record

must be documented accordingly. The Program Eligibility Specialist will provide the participant, at a minimum, the following information:

- a. The specific act of non-compliance;
 - b. A reasonable time to establish good cause prior to applying the sanction;
 - c. That if the sanction is imposed, it will result in the Work Pays payment being reduced;
 - d. That the sanction months in which benefits are received will continue to count toward the participant's twelve (12) month time limit; and
 - e. A specific date and time for a home visit – to be conducted before the notice expires.
2. If the participant contacts the local office and good cause is determined to exist, then a good cause payment will be authorized.
 3. In the event good cause is not established and the participant does not cooperate, the cash assistance payment will be reduced or cancelled, if appropriate.

10740 Non-Compliance Sanction

If on the 5th workday of the month, verification of hours has not been received, a ten (10) calendar day advance notice (TEA-1) will be sent on the 6th workday of the month requesting documentation. If the documentation is not received within the ten (10) calendar days provided in the sanction notice (and good cause is not established), either a 50% sanction (reduction in benefits) will be imposed on the Work Pays case or the case will be closed. (Refer to Work Pays policy 10504 for more information on applying the sanction.)

If a participant does not comply with both the work requirement and the Office of Child Support Enforcement, the sanction applied will not exceed 50%.

If the participant fails to meet the participation requirements, then the participant will be sanctioned. Either a 50% sanction (reduction in benefits) will be imposed on the Work Pays case or the case will be closed.

Home visits will be required on Work Pays cases when an act of non-compliance occurs (i.e., each month of non-compliance).

10750 Lifting the Sanction

If the participant fully participates in the next month following a sanctioned payment, the Program Eligibility Specialist will authorize a full payment.

If the payment was reduced due to an OCSE sanction, the participant must fully cooperate with OCSE before full payment can be authorized. The OCSE sanction will be lifted upon receipt of OCSE documentation verifying cooperation.

10760 Case Closure

A Work Pays case will be closed if the participant fails to meet the general eligibility requirements including, but not limited to, one of the reasons listed below.

1. Participant failed to meet the work requirement for three (3) continuous months;
2. Participant failed to meet the work participation hours for at least three (3) of the past six (6) months;
3. No eligible child in the home;

Note: A child is considered to be living with a parent or relative even though the child or adult is temporarily absent from the home not to exceed 45 consecutive days. This allows assistance to be continued during short periods of time in which the adult or child may not be in the usual family setting (e.g., a child may visit the non-custodial parent for up to 45 days). It is not intended to provide assistance to an adult on behalf of a child who, on a regular basis, lives in another adult's home the majority of the time (e.g., resides with another relative during the week to enable either the child or parent to attend school in another location).

4. Unable to locate;
5. No longer a resident of the state;
6. Income exceeds 150% Federal Poverty Level for family size;
7. Participant requested case closure.

Note: A 10-calendar day advance notice (DWS-ARK-TEA-1) must be sent if the participant **does not** submit a written closure statement waiving the right to a 10-day notice and indicating he/she understands the consequences of supplying such information. **After** the advance notice expires, the case may be closed.

A Work Pays case will also be closed due to noncompliance with drug screening and testing requirements. A Work Pays case will be closed if a participant, who is otherwise eligible, fails to:

- Submit a completed Drug Screening Questionnaire (DAQ) as part of the eligibility redetermination process, unless good cause has been established
- Cooperate with drug testing and/or the assigned drug treatment plan of action, unless good cause has been established.
- Pass a subsequent drug test after completing drug treatment, with the positive drug test results having been validated by a confirmation test.

Any denial of Work Pays eligibility as a result of drug screening or drug testing may be appealed in accordance with the appeal procedures in Policy 8000.

Refer to TEA policies 4050 and 4051 for information on sending advance or adequate notices in the above circumstances.

10800 Re-entry to Work Pays

Re-entry into the Work Pays Program is through the TEA Program. A participant can re-enter Work Pays if they are within six months of their last TEA case closure and all

Work Pays eligibility requirements are met. A participant who leaves the Work Pays Program due to insufficient work hours may re-enter the program once they establish that they are in a paid work activity with a minimum of twenty-four (24) hours per week and met the federal work participation requirement for the past month. This means the 6-month rule does not apply when Work Pays cases close due to insufficient hours. Otherwise, re-entry to Work Pays will occur through TEA eligibility and transition to Work Pays upon TEA case closure.

Note: In order to close a case due to insufficient hours, the **employer** must be the party who limits the number of hours available for the participant to work (e.g., layoff, reduction of hours in work schedule, etc.). A case may not close due to insufficient hours if the participant limits the hours of work (e.g. quits employment, refuses to work a certain schedule, is a no show, is currently searching for a job, etc.).

10900 Overpayment

Any payment received by or for a participant which is in excess of the amount that should have been paid is an overpayment. However, only those overpayments described in TEA policy 9000 will be reported and collection pursued.

Appendix B - Work Pays Income Limits

Work Pays Income Limits	Effective April 1, 2023	
	100%	150%
Household / Family Size		
1	\$ 1,215	\$ 1,823
2	\$ 1,643	\$ 2,465
3	\$ 2,072	\$ 3,108
4	\$ 2,500	\$ 3,750
5	\$ 2,928	\$ 4,393
6	\$ 3,357	\$ 5,035
7	\$ 3,785	\$ 5,678
8	\$ 4,213	\$ 6,320
9	\$ 4,642	\$ 6,963
For each additional member add:	\$ 428	\$ 643
